Report to Corporate Services Committee

To: Chair and Members
Corporate Services Committee

From: Anna Lisa Barbon, CPA, CGA, Deputy City Manager, Finance Supports

Subject: Authorization for Temporary Borrowing

Date: November 13, 2023

Recommendation

That, on the recommendation of the Deputy City Manager, Finance Supports, the attached proposed by-law (Appendix “A”) **BE INTRODUCED** at the Municipal Council meeting on November 28, 2023, to authorize the temporary borrowing of certain sums to meet current expenditures of The Corporation of the City of London for the year 2024.

Executive Summary

The purpose of the proposed by-law is to authorize the City Treasurer or Deputy Treasurer to temporarily borrow funds, not exceeding \$102 million, to meet current expenditures, if required for 2024. This by-law is brought forward on an annual basis and authorization is granted as a precautionary measure for the City’s temporary credit facility and for continued usage of corporate procurement cards.

Linkage to the Corporate Strategic Plan

Council’s 2023 to 2027 Strategic Plan for the City of London identifies ‘Londoners experience good stewardship, exceptional and valued service’ as an outcome of the strategic area of focus - “Well Run City”. Authorization for temporary borrowing supports this strategic area of focus by contributing to the strategy “Review, update and implement the City’s strategic financial principles, policies, and practices”. This strategy, among others, helps to ensure that the City’s finances are maintained in a transparent, sustainable, and well-planned manner incorporating intergenerational, equity and affordability considerations. This Authorization for Temporary Borrowing report ensures that the proper mechanisms are in place to manage cash flows and to help maintain the City’s stable operations.

Analysis

1.0 Background Information

1.1 Previous Reports Related to this Matter

Corporate Services Committee, November 28, 2022, Agenda Item 2.1, Authorization for Temporary Borrowing

<https://pub-london.escribemeetings.com/FileStream.ashx?DocumentId=95627>

2.0 Discussion and Considerations

Section 407 of the Municipal Act, 2001, S.O. 2001, c.25, as amended, allows a municipality to authorize temporary borrowing, at any time during the fiscal year, the amounts considered necessary to meet expenses of the municipality for the year until taxes are collected and other revenues are received.

The City’s best option for temporary borrowing is internally from the City’s Reserve Funds, rather than obtaining external financing. A fair rate of interest is earned by the Reserve Funds and charged to the General Fund during the borrowing period. If cash from Reserve Funds is not available for temporary borrowing, the City will seek external options, such as

drawing on an operating line of credit held at the City's bank. The City has never drawn on its line of credit but has borrowed from Reserve Funds in the past, which was last done in January 2012.

Civic Administration actively monitors liquidity in order to ensure an adequate cash position is maintained to meet obligations as they come due throughout the year.

It is not anticipated that the City's line of credit will need to be utilized in 2024. However, the proposed temporary borrowing by-law is being brought forward at this time as a precautionary measure in the event of any unanticipated near-term cash requirements or interruptions in operating cash flows and to ensure this by-law is in effect on the first day of 2024.

Furthermore, the temporary borrowing by-law supports the continued use of the City of London's procurement card program. Procurement cards are considered a borrowing facility and require approval annually under this by-law.

3.0 Financial Impact/Considerations

The temporary borrowing of funds through the line of credit, if required, would result in additional interest charges in the 2024 budget. Procurement cards assist and support the purchase of allowable goods and services and approved balances are paid regularly, not resulting in interest charges.

Conclusion

The authorization for temporary borrowing ensures that the proper mechanisms are in place to manage cash flows and promotes stable operations, even during any unanticipated or unforeseen events. The need for temporary borrowing through the City's line of credit is not currently anticipated to be required in 2024.

Report to Corporate Services Committee

To: Chair and Members
Corporate Services Committee
From: Anna Lisa Barbon, Deputy City Manager, Finance Supports
Subject: Data Sharing and Services Agreement with the Municipal Property Assessment Corporation
Date: November 13, 2023

Recommendation

That, on the recommendation of the Deputy City Manager, Finance Supports, the following actions **BE TAKEN** with respect to Data Sharing and Services Agreement:

- 1) The attached by-law (Appendix A) BE INTRODUCED at the Municipal Council meeting on November 28th, 2023, to:
 - a) AUTHORIZE and APPROVE a Data Sharing and Services Agreement between the Municipal Property Assessment Corporation and The Corporation of the City of London (the “Agreement”); and
 - b) AUTHORIZE the Mayor and Clerk to execute the Agreement.

Executive Summary

The purpose of this report is to seek approval from City Council, to sign the Data Sharing and Services Agreement (DSSA) between the Municipal Property Assessment Corporation (MPAC) and the City of London. The DSSA consolidates and replaces several dated agreements into a single document that modernizes the MPAC-municipal data sharing relationship and provides greater clarity concerning permitted uses of MPAC data by municipalities, protection of municipal data by MPAC, and Service Level Agreement performance obligations. Once signed, the DSSA will come into effect January 1, 2024, for a period of four years with an automatic renewal unless the Municipality provides written notice to not renew.

Linkage to the Corporate Strategic Plan

Council's 2023 to 2027 Strategic Plan for the City of London identifies a “Well-Run City” as a strategic area of focus. The information contained in this report would assist in improving governance processes by identifying municipal best practices in terms of data sharing and services with MPAC.

Analysis

1.0 Background Information

1.1 Background

MPAC's new Data Sharing and Services Agreement (DSSA) was developed in consultation with a municipal working group and will modernize MPAC's data sharing relationship to provide greater clarity with respect to:

- Permitted uses of MPAC data by municipalities
- Protection of municipal data by MPAC
- Service Level Performance obligations

The DSSA consolidates and updates the following agreements into one simplified document:

- Municipal License Agreement, 2007

- Municipal Connect Terms & Conditions of Use, 2007
- MPAC Terms and Conditions, 2007
- Product Use Sheets (relating to use at Kiosk/websites), 2007
- Ontario Parcel Master Agreement, 2007
- Service Level Agreement, 2018

The deadline for signing the DSSA is December 23, 2023. The agreement will come into effect on January 1, 2024.

The DSSA is standardized for all municipalities and cannot be customized for individual municipalities.

The term of the DSSA is four (4) years with auto-renewal each year thereafter. MPAC is requesting that all 444 Ontario Municipalities sign the DSSA before the deadline.

2.0 Discussion and Considerations

2.1 Areas of Focus

MPAC's Data Sharing and Services Agreement (DSSA) integrates and clarifies many existing MPAC-Municipal agreements including: the Service Level Agreement (SLA), the Municipal License Agreement (MLA) and Product Use Sheets, the Municipal Connect License, and the Ontario Parcel Master Agreement (OMPA).

The DSSA contains the following areas of focus:

- The **Service Level Agreement** establishes service levels for a comprehensive set of MPAC services and dependencies that the Municipality will make reasonable efforts to fulfill. These are the same service levels established by MPAC in 2018 with all municipalities. Dependencies include the Municipality's timely delivery of building permits and building plans to MPAC. Notification of missed service levels has been reduced to 10 days and escalation procedures have been clarified. Commitment to review Service Level commitments and dependencies every four years with Municipal Working Group.
- The **MPAC Permitted Uses of Municipality Documents** clarify how MPAC will use information supplied by the Municipality to fulfill its legislated mandate. In addition to meeting service levels, performing property assessment activities and fulfilling other statutory duties, MPAC will also use the Municipality's information to update its databases to provide assessment data to the Municipality, other municipalities, taxpayers, and stakeholders, and commercialize data and insights to offset the Municipality's levy payments. The Municipality's information will be protected from disclosure to, and unauthorized access by, third parties in accordance with Municipal Freedom of Information and Protection of Privacy Act (MFIPPA) and the Assessment Act.
- The **Municipality Permitted Uses of MPAC Data Products** provide the Municipality with expanded uses of MPAC data for internal planning, internal operational and external distribution uses. It also provides easier access to license custom products and for Municipality-owned and funded entities to access MPAC data.
- Finally, the **Data Terms and Conditions of Use** provide a reciprocal set of terms and conditions that govern all information licensed under this DSSA. The terms and conditions acknowledge the intellectual property rights of licensed information and require that both MPAC and the Municipality protect information (including third party information) in accordance with their respective obligations under the Municipal Freedom of Information and Protection of Privacy Act (MFIPPA), the Assessment Act and this DSSA. Remedies are provided in the event of unauthorized use or disclosure of the information.

2.2 Development of the DSSA

The DSSA was developed in consultation with a municipal working group of representatives from the MPAC Municipal Liaison Group (MLG). It is intended to be a framework for the continued evolution of the relationship between MPAC and the Municipality. The MLG is comprised of tax, assessment, legal and Geographic Information System (GIS) experts from Ottawa, Kingston, Mississauga, Greater Sudbury, Markham, and York Region. Assessment, taxation, and other municipal issues are discussed amongst the larger municipal community, including City of London representatives, through the Municipal Finance Officers Association (MFOA), the Ontario Municipal Tax and Revenue Association (OMTRA) and through direct correspondence.

To support continued collaboration between MPAC and municipalities, the DSSA may require updating in the future. Updates will be considered in consultation with MPAC's Municipal Liaison Group (MLG) before being brought forward to all municipalities as an amendment to the agreement. Changes to Service Levels or Dependencies will require MLG approval.

2.3 Associated Risk

The Agreement contains an indemnity provision in section 6.6.1, which exposes the City of London to liability; MPAC has also limited its maximum aggregate liability for the Licensed Data under the Agreement to \$5,000. This clause cannot be changed. In the opinion of Corporate Insurance/Risk Management, this should not stop the City of London from moving forward with final approval of this agreement as the benefits of this agreement outweigh the potential risks.

Failure to sign the DSSA could result in restrictions to Municipal Connect and other MPAC non-statutory products. However, the provision of MPAC's statutory services and products would not be affected. In addition, not signing the DSSA would not relieve a Municipality from complying with any of its legislative obligations.

3.0 Financial Impact

The contents of the proposed Data Sharing and Services Agreement with MPAC does not impact the amount paid to MPAC for their services and, thus there is no financial impact to signing the agreement.

Conclusion

The Data Sharing and Services Agreement, a standardized document for all municipalities, integrates and clarifies many existing MPAC-Municipal agreements. The agreement addresses concerns over data sharing, municipal document protection, and obligations; clarifies the use of MPAC data by municipalities and vice versa; and makes it easier for municipalities and municipal entities to access MPAC data and clarifies MPAC's use of municipal data. It is recommended that the DSSA is signed to improve governance processes and to avoid potential restrictions to Municipal Connect and other MPAC products.

G* (the “*MPAC Act*”) or the statutory duties of MPAC under the *Assessment Act* and/or *MPAC Act*. Where MPAC’s Service Levels under the DSSA differ from or conflict with such policies, procedures and standards, the requirement containing a more stringent, more timely or higher level of service by MPAC to the Municipality shall apply. The Municipality may request that the Minister issue an order under Section 10(3) of the *MPAC Act* to compel compliance by MPAC and/or may refer any non-compliance to the MPAC Quality Service Commissioner.
