## Strategic Priorities and Policy Committee

27th Meeting of the Strategic Priorities and Policy Committee

November 21, 2023

4:00 PM

Council Chambers - Please check the City website for additional meeting detail information. Meetings can be viewed via live-streaming on YouTube and the City Website.

The City of London is situated on the traditional lands of the Anishinaabek (AUh-nish-in-ah-bek), Haudenosaunee (Ho-den-no-show-nee), Lūnaapéewak (Len-ah-pay-wuk) and Attawandaron (Add-a-won-da-run).

We honour and respect the history, languages and culture of the diverse Indigenous people who call this territory home. The City of London is currently home to many First Nations, Métis and Inuit today.

As representatives of the people of the City of London, we are grateful to have the opportunity to work and live in this territory.

### Members

Mayor J. Morgan (Chair), Councillors H. McAlister, S. Lewis, P. Cuddy, S. Stevenson, J. Pribil, S. Trosow, C. Rahman, S. Lehman, A. Hopkins, P. Van Meerbergen, S. Franke, E. Pelosa, D. Ferreira, S. Hillier

The City of London is committed to making every effort to provide alternate formats and communication supports for meetings upon request. To make a request specific to this meeting, please contact [SPPC@london.ca](mailto:SPPC@london.ca) or 519-661-2489 ext. 2425.

6.3 Personal Matter/Identifiable Individual

A personal matter pertaining to identifiable individuals, including municipal employees, with respect to the 2024 Mayor's New Year's Honour List.

6.4 Personal Matter/Identifiable Individual

A personal matter pertaining to identifiable individuals, including municipal employees, with respect to the 2024 Mayor's New Year's Honour List.

**7. Adjournment**

## Report to Strategic Priorities and Policy Committee

**To:** Chair and Members  
Strategic Priorities and Policy Committee

**From:** Scott Mathers, MPA, P.Eng  
Deputy City Manager, Planning and Economic Development

John Paradis, MBA  
Deputy City Manager, Enterprise Supports

Anna Lisa Barbon, CPA, CGA  
Deputy City Manager, Finance Supports

**Subject:** Recruitment, Retention, and Accommodation of Planning & Development and Building Staff

**Date:** November 21, 2023

## Recommendation

That, on the recommendation of the Deputy City Manager, Planning and Economic Development, Deputy City Manager, Enterprise Supports, and Deputy City Manager, Finance Supports, the following actions be taken:

- a) the Planning & Development and Building Services area **BE PRIORITIZED** for workplace modernization subject to multi-year budget deliberation and approval of the Master Accommodation Plan,
- b) the source of financing for the additional staff accommodation costs **BE APPROVED** as set out in the Source of Financing Report (Appendix “A”), and
- c) the report entitled Recruitment, Retention, and Accommodation of Planning & Development and Building Staff **BE RECEIVED** for information.

## Linkage to the Corporate Strategic Plan

This recommendation supports the following 2023-2027 Strategic Plan areas of focus: Well-Run City - The City of London is a leader in public service.

- 3.1 The City of London is recognized as an employer of choice.

## Executive Summary

London City Council, at its meeting held on July 25, 2023, resolved:

That the following actions be taken with respect to the Master Accommodation Plan and Alternative Work Strategies:

- a) the Civic Administration **BE DIRECTED** to amend the current Alternative Work Strategies in the Planning and Development and Building service area(s), and develop a new model where employees are in the workplace 4 days a week and remote work one day a week no later than the end of Q1 2024;
- b) the implementation of other Corporate Alternative Work Strategies (AWS) in services areas other than those noted in part a), above, and as outlined in the staff report dated July 19, 2023, **BE CONTINUED**; and,

c) the Civic Administration return to a future meeting of the appropriate standing committee regarding possible recommendations for recruitment and retention of Planning and Development and Building staff.

The purpose of this Report is to provide information pertaining to the following actions that continue to remain the focus of efforts to address ongoing challenges related to the recruitment and retention of Planning and Development and Building staff:

- a) Competitive compensation and benefits review
- b) Flexible work arrangement and hybrid options
- c) Opportunities for career advancement and skill development
- d) Positive work culture and job satisfaction actions
- e) Work-life balance actions
- f) Marketing strategy to attract more candidates.

This report outlines the current state of recruitment and retention activities pertaining to Planning & Development and to Building staff. London is experiencing a shortage of experienced talent in both the Planning & Development and Building areas. Our situation is comparable to what other municipalities are experiencing across the province. People Services continues to effectively work with the management of Planning & Development and Building for successful recruitment of new employees and continue to improve workplace rewards and employee recognition programs, which increase employee engagement and retain talented employees.

The competition on talent in the government sector is quite real. Older and experienced employees have also accelerated retirement planning throughout a global pandemic and this trend continues today. The City of London has competitive pay with our normal comparators for many of our positions; however, pressure to consider, such actions as temporary market premiums, is increasing to remain competitive particularly when large municipalities, are implementing these programs, including the City of Toronto. In order to meet the housing targets provided by the Province, the City of London will need to become a regional employer of choice for Planning & Development and Building professionals.

## **Discussion**

### **1.0 Background**

#### **1.1 Previous Reports Related to this Matter**

Strategic Priorities and Policy Committee – July 19, 2023  
Master Accommodation Plan and Update for Alternative Work Strategies

#### **1.2 Current Planning and Development and Building Workforce Situation**

It continues to be a challenge to recruit and retain talent in Planning & Development and Building. Turnover from before the Pandemic has risen throughout the organization from 6% in 2019 to approximately 8.2% in 2022. In Planning and Building, among experienced planners and building inspectors, this turnover rate has been even higher, starting at 2% in 2020 and rising to 7% in 2022. As of writing of this report the vacancy rate for Planning and Development positions is 8% and for Building it is 16%.

On February 14, 2023, Council adopted the Province's pledge to accelerate the housing supply of 47,000 units by 2031. On October 23<sup>rd</sup>, London received a letter from the Province outlining London's annual targets for the years 2023-2025. In order to meet the Province's 2025 target for London of 4,700 units per year the number of permits processed by the City's Building area will need to increase the processing of permits by 50% over the average number of permits over the last three years. This will require the recruitment of additional staff to provide the capacity to meet the provincial targets. In order to recruit to the levels required to meet these targets the City of London must become the regional employer of choice for Planning & Development and Building professionals.

Increasingly when a posting is advertised, fewer qualified candidates have been attracted to the competitions. People Services has noted difficulty recruiting for the following specific positions within the broader Planning & Economic Development service area: Plan/Building Inspector, Senior Planner, Planner and Integrated Land Planning Technologist.

Some candidates, upon hearing that the hybrid work program is not permanent, have elected not to continue in the competition for these jobs. Currently, 15 building positions and 8 planning & development positions are vacant, with recruitment in process. These vacancies include 14 building positions recently added to complement to assist with the pledge to the provincial government to create 47,000 dwelling units.

As part of the multi-year budget deliberations, Council will have the opportunity to deliberate on a series of business cases to provide additional resources in Planning & Development and Building to meet the requirements of the new housing legislation. The business case will be presented to Council as part of the multi-year budget roll-out commencing in December 2023.

In support, People Services has dramatically increased promotion of these positions through social media, websites, job fairs and increasing partnerships with community agencies. Where it has been deemed appropriate, People Services has retained the support of third-party recruitment firms who can create a deeper reach with their connections and knowledge of the municipal space and both private and broader public sectors in Ontario and across Canada.

### The Evolving Employment Market

Two-fifths (41 per cent) of Canadian employees say they are either already looking or plan to look for a new job before the end of the year, according to a new survey by Robert Half Canada Inc.

The survey, which polled more than 1,100 workers, found generation Z (generally defined as people born between 1965 to 1980) employees (64 per cent) were most likely to make a career move in the remaining months of 2023, followed by employees who have been with their company for two to four years (56 per cent), marketing and creative professionals (51 per cent) and working parents (51 per cent).

Employees who reported exploring other opportunities said they are motivated by a higher salary (55 per cent), better benefits and rewards (28 per cent) and remote working options (26 per cent).

## **2.0 Workforce Recruitment and Retention**

### **2.1 Workforce Recruitment Strategies**

The ongoing recruitment and retention challenges within Planning and Development and Building continue to be monitored and the following are the main focus of Civic Administration:

- Currently People Services is working with Communications to develop a marketing strategy with the intent to attract more candidates to positions within the city. Marketing will also focus on highlighting the invaluable role building and planning staff play in shaping the quality of life for people in the community.
- People Services will continue to expand their presence on various social media platforms and increase their attendance at job fairs.
- People Services in conjunction with Planning and Building is partnering with several educational institutions and professional associations to attract candidates and increasing partnerships with community groups to promote visibility of the city and job opportunities.
- Offer competitive total compensation.

- Promote job security by highlighting the stability and long-term prospects of working in municipal government.
- Emphasize the opportunity to make a positive impact on the community and contribute to public service.
- Promote career development opportunities.
- Foster an inclusive and diverse workplace culture to appeal to a wide range of candidates.
- Established an email address [buildingcareers@london.ca](mailto:buildingcareers@london.ca) for inquiries related to the profession of a building official where potential candidates can ask specific questions about job opportunities.

## **2.2 Third Party Recruitment Firms**

Recruitment firms, we have partnered with, have noted the following areas are key items candidates are seeking from a potential new employer.

1. Fair and competitive compensation and benefits
2. Hybrid Work/Work Life balance
3. Career advancement opportunities
4. Positive organizational culture
5. Job stability

## **2.3 Workforce Retention Strategies**

- People Services and Planning and Building provide clear paths for career advancement and professional development.
- Continue to provide training opportunities and cover course fees to support staff in achieving provincial qualifications.
- Increase senior level positions to provide opportunity for current staff to be recognized for their knowledge and expertise that will enable them to enhance their career while working at the city and increase their compensation.
- Planning and Building continue to actively review and streamline work processes. This initiative is designed to alleviate workload stress, identify efficiencies, and ultimately elevate the experiences of our employees, the development industry, and our valued customers.
- Increase complement of staff to assist with workload.
- Provide flexible work arrangement options.
- People Services and Planning and Building review and enhance current recognition and rewards to motivate and acknowledge outstanding performance of staff.

## **Input From Planning and Building Employees**

Following an engagement session with Planning & Development and Building staff, a ranking survey was provided to staff, where they were asked to prioritize key items that will encourage them to continue to be engaged and remain with the City of London.

Below are the key items listed in order of priority:

1. Increased compensation
2. Hybrid work environment
3. Flexible/Condensed work week opportunities
4. Non-monetary compensation (ex. Wellness allowance, Parking and Transportation options)
5. Modernized Working Space

In addition to the above list, “stay interview” discussions are occurring with Planning & Development and Building Staff. Some current City employees in these workforces are contemplating leaving the city for other workplaces, including but not exclusively in other municipalities. Reasons vary from workload related stress, low levels of employee engagement, lack of hybrid work options that would compare to other employers, lack of

career advancement opportunities, to perceptions of better pay and benefits with other employers.

Another significant item raised by staff during the retention conversations was the importance to feeling supported by City Council in their work and the importance of their work. It was reinforced with staff that the current work to report back on recruitment and retention was a direction from Council and that Council supports our work to support building more housing in London.

### **3.0 Discussion of Key Retention Items**

The following sections provide details on the key items identified by Staff to promote retention and how they have been considered as part of Council's request.

#### **1. Increased Compensation**

Increased compensation was the highest ranked item by Planning & Development and Building staff. The majority of the staff in these areas are members of CUPE 101. Any changes would require negotiations and changes to the City of London - CUPE 101 collective bargaining agreement.

#### **2. Hybrid Work Environment**

A hybrid work environment was the second highest ranked item by Planning & Development and Building staff. Staff commented that they were highly productive working with the current 50% hybrid arrangement and valued the current balance of work from home and work from the office.

#### **3. Flexible/Condensed work week opportunities**

A flexible or condensed work week was the third highest ranked item by Planning & Development and Building staff. The CUPE Local 101 Collective Agreement includes a Letter of Understanding pertaining to Flexible Work Schedule Program and Compensatory Time Guidelines which enables staff to flex their hours of work.

Civic Administration will work within the parameters noted in the Letter of Understanding to create a pilot voluntary program to increase the daily hours of work to allow staff to take a work weekday off and provide a condensed work week. The priority will be to ensure that customer service is maintained on a full-time basis and may allow for extension of daily work hours and further opportunities to allow for overtime during peak times.

#### **4. Non-monetary compensation (ex. Wellness allowance, Parking and Transportation options)**

The importance of non-monetary compensation was the fifth ranked item by Planning & Development and Building staff. The majority of the staff in these areas are members of CUPE 101. Any changes would require changes to the CUPE 101 collective bargaining agreement.

#### **5. Modernized Working Space**

A modernized working space was the fifth highest ranked item by Planning & Development and Building staff. Staff commented that they were looking for improvements similar to those that are standard in the industry and have been incorporated into the recent Alternative Work Strategy design standards. Accommodations are further discussed in the next section.

## 4.0 Planning and Development and Building Accommodations

Directors from both Planning and Development and Building met with Facilities' staff on several occasions, to determine how over 200 staff could be best accommodated in a four day per week in-office hybrid model. The overall objective is to improve collaboration and customer service during the inter-connected planning and building approval processes.

Currently, Building staff have offices on the 7th floor at City Hall and Planning and Development staff are located on the 6th floor. These floors cannot house the entire staff complement for either service area on a four days per week in-office basis. An additional 54 work points, either a workstation or an office had to be created for all staff. Some minor renovations are also required, and IT equipment must be supplied for staff.

The second floor at 201 Queens Avenue is vacant and presents itself as the best option for staff from both Planning and Development and Building to be situated there. It should be noted that this floor space is also not large enough to accommodate either Division in their entirety. Some staff from each Division will remain at City Hall on the 6<sup>th</sup> and 7<sup>th</sup> floors. Customer service was the key determinant regarding which staff would be located at City Hall. Those staff that are 'front facing' and required to meet face to face with customers are remaining at City Hall. Some staff will also occupy the soon to be renovated 2<sup>nd</sup> floor at City Hall (hub) where customers will attend and seek in-person service.

A phased approach will be taken to relocating staff in the Planning & Development and Building service area. This work will commence in December and it is anticipated that all staff will be moved to their workspace by the end of Q1 2024. Once in their new workspaces staff will be able to begin working a four day in office hybrid work model on April 2<sup>nd</sup> as per Council's resolution. To meet this deadline, only available space owned or under lease by the City of London could be considered. The second floor at 210 Queens Ave. was formerly occupied by ITS staff, but vacant since that staff group have been accommodated on one floor through the Alternative Work Strategies (AWS) pilot project.

The spaces that Planning and Development and Building staff will occupy on the 6<sup>th</sup> and 7<sup>th</sup> floors of City Hall and at 201 Queens Ave. are not consistent with the standards developed during the AWS pilots. Wherever possible, existing furnishings were reused, and these are of varying sizes. In other cases, workstations smaller than the AWS standard had to be purchased to accommodate teams in the same location. These decisions were made in order to meet the timeline and minimize expenditures.

The need to accommodate a large staff group, essentially on a full-time basis, requires the majority of the space to be used as individually focused work points (offices or workstations). The above accommodations were deemed the most feasible to achieve the timeline, but provide limited collaborative spaces (meeting rooms, focus rooms etc.)

The proposed plan at 201 Queens Ave. and the 6<sup>th</sup> and 7<sup>th</sup> floors should be considered a temporary solution to implement Council's resolution until the corporate Master Accommodation Plan is determined. If AWS design standards could be applied to meet Planning and Building staff needs, internal collaboration and customer service could be further enhanced, by providing functional, purpose-built spaces. Implementing AWS design standards would provide a modernized collaborative workplace that prescribes a standard space allocation with a combination of individual areas, areas for focused work and a variety of settings for collaboration. Two successful pilots showcasing AWS standards have been completed on the 9th floor at City Hall and 201 Queens Avenue. A business case to support the implementation of Alternative Work Strategies and Interior Renewals has been put forward as part of the 2024-2027 Multi-Year Budget and would provide funding necessary to create a modernized workplace. Planning & Development and Building Division area could be prioritized for workplace modernization to AWS design standards if the business case is approved through the

budget process, noting that that the approval of the Master Accommodation Plan would determine how to support long term administrative space needs.

## 5.0 Financial Implications

The overall cost to provide the additional accommodations for Planning & Development and Building Division staff is estimated at a total one-time capital cost of \$1.1 Million. These costs include additional furnishings, IT equipment, and minor renovations. These costs would be split between the Building Division, Planning Services and Development Services budgets on a proportionate basis.

Potential sources of financing have been reviewed and it is recommended that these costs be funded through a transfer from existing Planning and Economic Development operating budgets. The 2023 Mid-Year Operating Budget Monitoring Report projected a combined approximate \$700k year-end deficit for Building Division, Planning Services & Development Services, meaning that these costs may require a draw from the Building Permit Stabilization Reserve Fund to mitigate any deficit in the Building Division. Any resulting deficit in Planning and Development Services or Development Services would be accommodated within the projected overall corporate surplus position.

Funding details for this work is outlined in the Source of Financing attached as Appendix A.

Any costs associated with future accommodation modernization work are dependent and subject to approval of the business case submitted through the 2024-2027 Multi-year Budget Process to support Alternative Work Strategies and Interior Renewals.

## 6.0 Next Steps

To implement recruitment strategies and retention incentives, our focus will be on attracting, engaging, enhancing careers and ensuring every staff member finds joy in their work. These strategies aim to create a workplace that not only attracts and retains employees but also elevates the overall experience for everyone.

## Conclusion

In the pursuit of meeting the provincial target of 47,000 dwelling units, this report underscores the pivotal role of our dedicated staff in Planning & Development and in Building. In order to meet the housing targets provided by the Province, the City of London will need to become a regional employer of choice for Planning & Development and Building professionals. We will continue to explore and implement key strategies to not only meet targets but also enhance service excellence, fostering attraction and retention for sustained city success in a challenging municipal market.

(Work Order 2598013)  
New Capital Project PD1012 - Planning & Development and Building Staff Accommodations

---

**Finance Supports Report on the Sources of Financing:**

Finance Supports confirms that the additional financing required can be accommodated with financing transferred from the Operating Budget and that, subject to the approval of the recommendation of the Deputy City Manager, Planning and Economic Development, Deputy City Manager, Enterprise Supports, and Deputy City Manager, Finance Supports, the detailed source of financing for this project is:

<b>Estimated Expenditures</b>	<b>Approved Budget</b>	<b>Additional Funding Requirement (Note 1)</b>	<b>Revised Budget</b>
City Related Expenses	0	1,100,000	1,100,000
<b>Total Expenditures</b>	<b>\$0</b>	<b>\$1,100,000</b>	<b>\$1,100,000</b>
<b>Sources of Financing</b>			
Transfer from Operating Budget	0	1,100,000	1,100,000
<b>Total Financing</b>	<b>\$0</b>	<b>\$1,100,000</b>	<b>\$1,100,000</b>

**Note 1:** The additional funding requirement for this project can be accommodated by transferring funding from the Building Approvals, Planning Services and Development Services Operating budgets. The transfers will be split proportionally based on number of FTEs in each area: Building Approvals, Planning Services, Development Services.

## Report to Strategic Priorities and Policy Committee

**To:** Chair and Members, Strategic Priorities and Policy Committee

**From:** Kevin Dickins, Deputy City Manager, Social and Health Development

**Subject:** Update to Request For Proposal (RFP) 2023-199 Hubs Implementation Plan

**Date:** November 21, 2023

## Recommendation

That, on the recommendation of the Deputy City Manager, Social and Health Development, the following actions **BE TAKEN** regarding Update to Request For Proposal (RFP) 2023-199 Hubs Implementation Plan report:

- (a) that, the portion of Request for Proposal 2023-199 awarded to Canadian Mental Health Association Thames Valley Addiction and Mental Health Services (CMHA) by Municipal Council at its meeting held October 5, 2023 **BE CANCELLED**, subject to the execution of a mutual release between the City and CMHA; and
- (b) that, Civic Administration **BE DIRECTED** to undertake all administrative acts necessary to facilitate the execution of a mutual release between the City and CMHA in relation to the Request For Proposal 2023-199, in a form satisfactory to the Deputy City Manager, Legal Services.

## Executive Summary

The purpose of this report is to inform Council and the public of the CMHA Thames Valley Addiction and Mental Health Services' requested withdrawal of their proposal for a Women's Hub as part of the Whole of Community System Response - Hubs Implementation Plan. As of result of the request, Civic Administration is recommending Council approval the release of CMHA from their proposal to RFP 2023-199.

## Linkage to the Corporate Strategic Plan

This report aligns with the strategic areas of focus in the 2023-2027 City of London Strategic Plan. The City of London Strategic Plan (2023-2027) identifies housing and homelessness as a key area of focus, and housing and homelessness work is identified throughout the Strategic Plan, impacting all areas of life for Londoners.

### Housing and Homelessness

- Increased access to a range of quality, affordable, and supportive housing options that meet the unique needs of Londoners.
- Decreased number of Londoners at risk of or experiencing homelessness
- Improved safety in London's shelters system

### Wellbeing and Safety

- Londoners have safe access to public spaces, services, and supports that increase wellbeing and quality of life
- Housing in London is affordable and attainable

### Links to Community Recovery

The City of London is committed to working in partnership with the community to identify solutions that will drive a strong, deep, and inclusive community recovery for London as we move out of and beyond the global COVID-19 pandemic. This report, and the items

within, are linked to supporting Londoners experiencing homelessness to attain and retain permanent housing. This work supports recovery efforts through a coordinated response that will support the transition of individuals and families experiencing or at risk of experiencing homelessness who have a variety of support needs into permanent housing. The City of London Strategic Plan (2023–2027) identifies Housing and Homelessness as a key strategic area of focus. In addition, housing and homelessness work is identified throughout the Strategic Plan, impacting all areas of life for Londoners.

## Analysis

### 1.0 Background Information

#### 1.1 Previous reports pertinent to this matter

- Health and Homelessness Whole of Community System Response RFP 2023-199 Hubs Implementation Plan Results (September 25, 2023)

#### 1.2 Background

At its meeting held on October 5, 2023, Municipal Council resolved:

*That, on the recommendation of the Deputy City Manager, Social and Health Development, the following actions be taken with respect to the award of the contracts for Request for Proposal (RFP) RFP-2023-199 Hubs Implementation Plan: Lead Agencies London's Health & Homelessness Whole of Community System Response as an irregular result, as per City of London Procurement Policy Section 12.2 (c) "Committee and City Council must approve an RFP award with an irregular result greater than \$15,000":*

*a) a portion of the Request for Proposal 2023-199 BE AWARDED to Atlohsa Family Healing Services Inc. to provide a Hub for an initial two-year commitment at a total estimated operating cost of \$2,118,146 per year and a one-time capital commitment at a total estimated cost of \$1,303,750; with an option to renew operating contracts for up to four (4) additional one-year terms at the City's sole discretion, based on satisfactory services, performance, and funding/budget availability:*

*i) that the Civic Administration BE DIRECTED to allocate up to \$4,236,292 for operating for 2024 and 2025 from the Provincial Homeless Prevention Program;*

*ii) that the Civic Administration BE DIRECTED to seek funding from the Fund for Change to fund the capital request received to support the Atlohsa Family Healing Services Inc hub in the total estimated amount of up to \$1,303,750 for the provision of the initial hubs implementation;*

*b) a portion of the Request for Proposal 2023-199 BE AWARDED to Youth Opportunities Unlimited to provide a Hub for an initial two-year commitment at a total estimated operating cost of \$1,317,500 for year 1 and \$1,983,800 for year 2 and a one-time capital commitment at a total estimated cost of \$3,123,550; with an option to renew operating contracts for up to four (4) additional one-year terms at the City's sole discretion, based on satisfactory services, performance, and funding/budget availability:*

*i) that the Civic Administration BE DIRECTED to allocate up to \$3,301,300 for operating for 2024 and 2025 from the Provincial Homeless Prevention Program;*

*ii) that the Civic Administration BE DIRECTED to seek funding from the Fund for Change to fund the capital request received to support the Youth Opportunities Unlimited hub in the total estimated amount of up to \$3,123,550 for the provision of the initial hubs implementation;*

*c) a portion of the Request for Proposal 2023-199 BE AWARDED to Canadian Mental Health Association Thames Valley Addiction and Mental Health Services to provide a hub for an initial two-year commitment at a total estimated operating cost of \$4,056,416 per year and a one-time capital commitment at a total estimated cost of \$538,300; with an option to renew operating contracts for up to four (4)*

*additional one-year terms at the City's sole discretion, based on satisfactory services, performance, and funding/budget availability;*

*i) that the Civic Administration BE DIRECTED to allocate up to \$2,851,124 for operating of the Canadian Mental Health Association Thames Valley Addiction and Mental Health Services respite beds for 2024 and 2025 from the Provincial Homeless Prevention Program;*

*ii) that the Civic Administration BE DIRECTED to seek funding from the Fund for Change to fund the estimated operating costs of the Canadian Mental Health Association Thames Valley Addiction and Mental Health Services transitional beds for the provision of the initial two (2) year contract term for hubs implementation at an approximate cost of \$5,261,708 pending necessary development and Planning Act approvals;*

*iii) that the Civic Administration BE DIRECTED to seek funding from the Fund for Change to fund the capital request received to support the Canadian Mental Health Association Thames Valley Addiction and Mental Health Services hub in the total estimated amount of up to \$538,300 for the provision of the initial hubs implementation;*

*it being noted that the proposals, outlined in parts a), b) and c) above, submitted by all proponents above, meet the City's requirements and are in compliance with the Procurement of Goods and Services Policy, in accordance with Schedule 1 attached hereto: for a total operating and capital investment of up to \$20,616,024;*

*d) a one-time funding allocation of up to \$1,500,000 from the Social Services Reserve Fund BE APPROVED, if required, should ineligible costs under existing provincial funding sources be identified while finalizing the agency purchase of service contracts and budgets;*

*e) that the Civic Administration BE AUTHORIZED to undertake all administrative acts, including review of sites and support for Planning Act applications to align current or future hub sites with criteria, and any activities associated with additionally requested funding necessary in relation to this project;*

*f) that the approval given herein BE CONDITIONAL upon the Corporation entering into a Purchase of Service Agreement with Youth Opportunities Unlimited, Canadian Mental Health Association Thames Valley Addiction and Mental Health Services and Atlohsa Family Healing Services Inc;*

*g) that the Civic Administration BE DIRECTED to continue to work with the community on the hubs implementation to establish additional opportunities for future procurement of additional spaces;*

*h) that the annual funding approval noted in a), b) and c) above is SUBJECT TO the availability of funding through the City of London, and/or other funding sources;*

*i) the ~~attached~~ proposed by-law (Schedule 2) BE INTRODUCED at the Municipal Council meeting to be held on October 5, 2023 to:*

*i) authorize the Deputy City Manager, Social and Health Development, or written designate, to approve the Municipal Purchase of Service Agreement between The Corporation of the City of London and each hub provider for the purchase of services to provide and operate three hubs; and,*

*ii) authorize the Deputy City Manager, Social and Health Development, or written designate, to execute the Municipal Purchase of Service Agreements with each hub provider;*

*it being further noted that the communications, included on the Added Council Agenda, were received. (2023-09-25)*

## 2.0 Discussion

### 2.1 Summary of the Canadian Mental Health Association Hub Proposal

The proposal from CMHA Thames Valley Addiction and Mental Health Services proposed a hub site in alignment with the Whole of Community Response as a multi-site model. The first site at 566 Dundas Street would provide 10 respite beds with the second site at 705 Fanshawe Park Road West requiring a rezoning to be able to provide 20 transitional beds. As part of the work undertaken by CMHA to prepare their submission for re-zoning and in light of new information provided to the proponent about the transitional bed site, the decision was made by the proponent to no longer pursue that location.

On November 6, 2023, the Canadian Mental Health Association released a statement that indicated they would not be moving forward with their proposal for a Women's Homeless Hub. The release is attached as **Appendix 'A'** in which the proponent discusses the decision they made as a result of the new information not disclosed to them at the time of their initial Hubs proposal submission.

### 2.2 Evaluation of Bid

Both the 705 Fanshawe site and 556 Dundas site were submitted by CMHA and evaluated by the City as a single bid submission. A cancellation of Council's award of the CMHA bid deals with both sites together in the same manner they were submitted, reviewed and awarded under the RFP. Neither site was evaluated independently for compliance with the RFP terms and scope and, as a result, it would be problematic to deal with them separately.

### 2.3 Conditional Council Approval Granted in September

As part of the recommendations in the September 25, 2023, SPPC report, approval of the awards were contingent on the City entering into contract with the respective Lead Agencies as outlined below:

- g) that the approval given herein **BE CONDITIONAL** upon the Corporation entering into a Purchase of Service Agreement with Youth Opportunities Unlimited, Canadian Mental Health Association Thames Valley Addiction and Mental Health Services and Atlohsa Family Healing Services Inc.*

Based on Canadian Mental Health Association's request to withdraw, the City will work with CMHA in the execution of a mutual release from their proposal in response to RFP 2023-199.

## 3.0 Financial Implications

As outlined in the September 25<sup>th</sup> report to the Strategic Priorities and Policy Committee, the Canadian Mental Health Association's multi-site proposal had the following costs:

Address	Beds	Capital	Operating Year 1	Operating Year 2
556 Dundas St.	10 Respite	\$40,500	\$1,425,562	\$1,425,562
705 Fanshawe Park Road West	20 Transitional	\$497,800	\$2,630,854	\$2,630,854
<b>TOTAL:</b>		<b>\$538,300</b>	<b>\$4,056,416</b>	<b>\$4,056,416</b>

The funding source for the capital costs of both sites (\$538,300) as well as the operating costs of the 705 Fanshawe Park Road West transitional beds (\$2,630,854/year x 2 years) was the London Community Foundation Health and Homelessness Fund for Change. The funding source for the operating costs of the 556 Dundas Street respite beds (\$1,425,562/year x 2 years) was Provincial Homeless Prevention Program funding. The funds intended for these purposes will remain available in their respective funding sources to support future procurement of additional spaces, as per the direction outlined in the

September 25<sup>th</sup> report to continue to work with the community to pursue additional opportunities.

## **Conclusion**

The City will not enter into a contract associated with this portion of the Hubs Implementation Plan with the Canadian Mental Health Association following their withdrawal of their bid in response to RFP 2023-199 Hubs Implementation Plan: Lead Agencies London's Health & Homelessness Whole of Community System Response and will release CMHA from their proposal.

Attn: Lynne Livingston

Withdrawal of RFP for the Hub at 705 Fanshawe Park Road

Dear City of London,

At CMHA Thames Valley Addiction & Mental Health Services, our mission is rooted in our unwavering commitment to improving the lives of those in our community. Our vision is to create access to support and care for those in need. We endeavor to make a positive impact on the lives of the most marginalized individuals in London, and we take this mission to heart in all our work.

Our proposal for a Hub at 705 Fanshawe Park Road was driven by a sincere desire to assist the most vulnerable members of our community. We believed that this project would align with our core values, and we were fully committed to making it a reality.

However, new information came to light that was not disclosed to us when we initially submitted our proposal. This information revealed that the property at 705 Fanshawe Park Road was home to several individuals who were not short-term tenants. It would be morally and ethically wrong to displace one group of vulnerable people for another. This unanticipated recent development has frustrated or jeopardized the viability of this project and is likely to cause significant delay in completion.

It is with great disappointment that we announce our decision to withdraw our proposal for the Hub at 705 Fanshawe Park Road, including the respite beds at My Sisters' Place.

We wish to emphasize that our commitment to helping those in need remains steadfast; however, we are also committed to doing what is right. We wish to actively collaborate in any way we can to support the most vulnerable Londoners and look forward to future projects.

Thank you for your understanding and ongoing support as we continue to work towards a better future for the most marginalized individuals in London.

Sincerely,

Pam Tobin

CEO

CMHA Thames Valley Addiction & Mental Health Services

**Subject:** [EXTERNAL] Update on Request for proposal

Strategic Priorities and Policy Committee Meeting  
November 21, 2023

Re: Agenda item under 2.Consent #2.2 Update for Request for Proposal (RFP) 2023-1999 Hubs Implementation Plan

This email is asking for clarification on "HUBS" as outlined in People Centred and Housing Centric during this process.

Originally the direction was the first 3 hubs wouldn't be in core! Hubs would be full service from time person knocks on door until completing program ending up with job and housing! Staffing for such would be suited to needs without taking away from current staffing roles. Required staffing wouldn't come from other working people.

In looking at first starts they don't appear to follow your direction! Note Y.O.U. had one project 12 years in the works and Joan's place already received several million dollars for program. My sisters place already serves a certain group. Have nothing to do with full service high acuity!  
In the document referred to I don't recall seeing mixing and matching programs or sites to make the specified hub!

Letter to Editor raises issue of northwest site and should be clarified as part of discussion during this meeting..

William Brock

## Report to Strategic Priorities and Policy Committee

**To:** Chair and Members, Strategic Priorities and Policy Committee  
**From:** Kevin Dickins, Deputy City Manager, Social and Health Development  
**Subject:** November Progress Update – Health & Homelessness Whole of Community System Response  
**Date:** November 21, 2023

## Recommendation

That, on the recommendation of the Deputy City Manager, Social and Health Development, that the following Actions be taken regarding October Progress Update – Health & Homelessness Whole of Community System Response report;

- a) That, the November Progress Update – Health & Homelessness Whole of Community System Response Report **BE RECEIVED** for information; and
- b) That, a one-time allocation up to the amount of \$251,000 **BE APPROVED** for Ark Aid's meal Invoice program from July to March 31, 2024.

## Executive Summary

The purpose of this report is to provide an update on the progress made since the last report received at the October 31st, 2023, Special Strategic Priorities and Policy Committee (SPPC) and subsequently at the November 7th, 2023 Council meeting related to the endorsed Health and Homelessness Whole of Community System Response. Since the end of October, progress has been made on a number of items.

With respect to moving forward with key aspects of the Whole of Community System Response, Civic Administration continues to make progress on implementation aspects of the Hubs including setting up an Integrated Partners and Lead Agencies table as lead agencies prepare to open Hubs; preparing a training plan for Hubs to be endorsed at Strategy and Accountability, and setting up an interim One Number solution to support Hubs when they open while the Hubs Implementation Table works on the formal One Number.

Multiple tables met in October to continue advancing work related to the evaluation framework for Hubs and the Whole of Community System response, safety baselines for frontline staff in Hubs and the broader sector and working on the details of a highly supportive housing implementation plan. A housing plan and evaluation framework will be presented to Council in 2023.

## Linkage to the Corporate Strategic Plan

This report aligns with the strategic areas of focus in the 2023-2027 [City of London Strategic Plan](#). The City of London Strategic Plan (2023-2027) identifies housing and homelessness as a key area of focus, and housing and homelessness work is identified throughout the Strategic Plan, impacting all areas of life for Londoners.

### Housing and Homelessness

- Increased access to a range of quality, affordable, and supportive housing options that meet the unique needs of Londoners.
- Decreased number of Londoners at risk of or experiencing homelessness
- Improved safety in London's shelters system

### Wellbeing and Safety

- Londoners have safe access to public spaces, services, and supports that increase wellbeing and quality of life

- Housing in London is affordable and attainable

### Links to Community Recovery

The City of London is committed to working in partnership with the community to identify solutions that will drive a strong, deep, and inclusive community recovery for London as we move out of and beyond the global COVID-19 pandemic. This report, and the items within, are linked to supporting Londoners experiencing homelessness to attain and retain permanent housing. This work supports recovery efforts through a coordinated response that will support the transition of individuals and families experiencing or at risk of experiencing homelessness who have a variety of support needs into permanent housing.

## 2.0 Background Information

### 2.1 Implementation Tables' Progress Updates:

To date, the Business Reference Group, Developers Reference Group, Workforce Development, Encampment Implementation Table, Highly Supportive Housing, Hubs Implementation Table, System Foundations Tables, and most recently the Funders Table have all been meeting. The work of these tables has been guided by the Strategy and Accountability Table that continues to provide support and direction to the work of the various implementation tables.

Below in **Figure 1** is an overview of where the system development efforts currently are, in relation to where it started with the Health and Homelessness Summits.

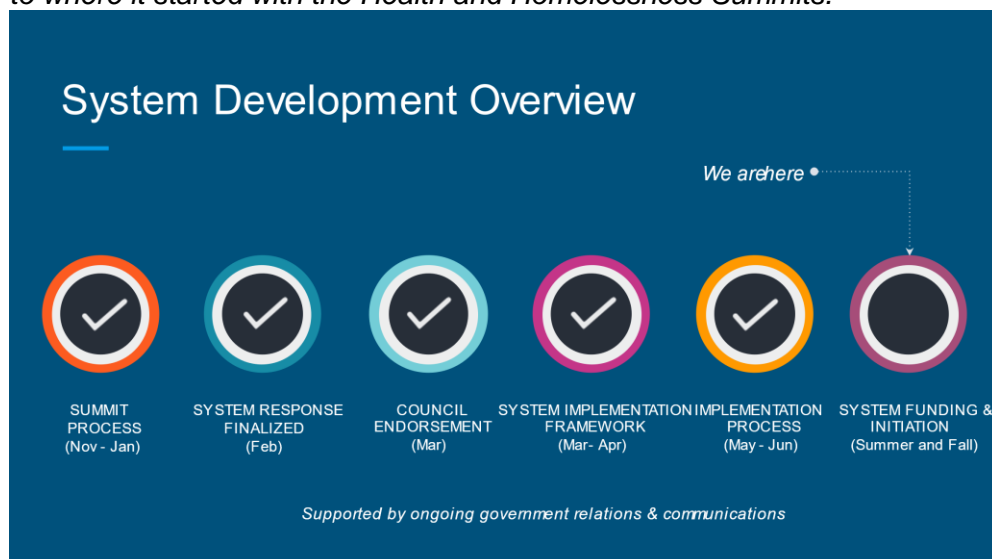

Figure 1 System Development Overview

The following details provide a monthly update on activities and recommendations that have moved forward between the Strategic Priorities and Policy Committee (SPPC) meeting held on October 31, 2023 and the time of submission of this report.

### **Strategy and Accountability Table:**

The Strategy and Accountability table has responsibility for guiding the overall implementation of the Whole of Community System Response and is populated by leaders from all organizations who are collaborating on system implementation. At the Municipal Council, meeting held on July 25<sup>th</sup>, 2023, it was resolved that the Mayor and the Budget Chair BE APPOINTED to represent the Municipal Council at the Strategy and Accountability table, for the Whole of Community System response, with the Deputy Mayor to serve as an alternate for either, if required.

Following the Council endorsement of the Hubs Implementation Plan in July 2023, the October 11<sup>th</sup> Strategy and Accountability meetings continued the critical conversation on how we are continuing to support the stability of the sector while the system begins to transition to the delivery of Hubs and Highly Supportive Housing. The November meetings will include review of the Hubs training plan, the progress update on the interim One Number Solution, the Integrated Lead Agencies and Partners Terms of Reference for Hubs Lead Agencies and service delivery partners providing services in the Hubs, and a progress update on housing projects, the evaluation framework, and additional backbone support services.

### ***Sustaining the Sector:***

Civic Administration is committed to supporting the existing sector of funded agencies in through the transition process as the new system is stood up. Funded agencies have been working to identify ways in which they need support while the system transitions. What was shared and endorsed at the Strategy and Accountability table included identifying short-term tasks that could support staffing impacts, the easing of funding and service pressures and ways in which organizations and their direct service delivery staff could be a support for each other in the sector.

While transition funding supports for up to a 24-month period were identified, the specifics of each City funded organization will continue to be finalized between the organizations and Civic Administration. These funds will be administered through existing contract and purchasing processes and will come to committee for approval at a future date. Additional sector wide matters were identified that range from how the current workforce can be coordinated and utilized more effectively, workplace wellness initiatives, and pathways for organizations to mutually support one another in a more seamless manner.

These discussions continue between the Strategy and Accountability, Workforce Development and System Foundations co-chairs around some of the proposed solutions, with recommendations being brought to Strategy and Accountability at the end of the month.

### **Hubs Implementation Table:**

Since the last update to Council, the Hubs RFP process closed on September 5<sup>th</sup>, 2023, and the recommendations went to SPPC on September 25 where the first three Hubs locations and lead agencies were endorsed. This report went to Council on October 5<sup>th</sup>, 2023, where it was also approved by Council.

The Integrated Lead Agencies and Partners Table continues to support lead agencies and service providers in preparing for a December 1 Hubs launch. This particular table will feed into and be informed by the broader Hubs Implementation Table. The Hubs Implementation Table meets again in November. Since the last monthly update, CMHA informed Civic Administration that they are unable to proceed with their Hub proposal. More details can be found in the RFP report on the change.

## **Highly Supportive Housing:**

The Housing Implementation Table has been meeting to focus on the goal of creating 100 highly supportive housing units in 2023 and plan for 600 units in the next three years. This table meets on November 13th to finalize the elements of highly supportive housing and to continue work on the Highly Supportive Housing Strategy going to committee and Council in December 2023. The strategy would outline what Highly Supportive Housing is defined as, the key elements that make up the services, the standards of care or the ways in which those services will operate and to identify what types of spaces are needed, the projected costs, and so on. The Housing Implementation Table continues to identify projects in the housing pipeline to find opportunities to meet the 100 units by the end of 2023.

Currently a number of projects have been identified and tabled as prospective projects, recognizing some are in differing stages of development and more costing and financing work needs to occur respectively for most of those identified.

The Housing Implementation Table has benefitted from input and participation from nearly 40 individuals representing multiple industries including the development community, healthcare, housing service providers, architects, frontline staff, mental health and addictions, youth services, developmental services sector, and Civic Administration.

## **Encampment Response:**

The Encampment Response table launched temporary measures on July 4<sup>th</sup>, 2023, to support individuals currently sleeping unsheltered in encampments in four (4) locations adjacent to where encampments already exist.

The Encampment Implementation Table continues to focus on the delivery of basic needs to vulnerable individuals experiencing unsheltered homelessness.

The encampment response group continues to focus on maintaining the existing services to support individuals experiencing unsheltered homelessness and winding down these services down as they stand up the Cold Weather Response alongside the initial Hubs. The Encampment Table's Cold Weather Response was approved by Council on November 7, 2023. Please see the subsequent report on Cold Weather Response overnight offerings.

Ark Aid Street Mission (The Ark) has been providing meals as part of the encampment response since July, 2023. Civic Administration is recommending approval to extend meal provision provided through The Ark to March 31, 2024 at an estimated total cost of \$251,000 for the August 2023 to March 31, 2024 time period.

Previously, Ark Aid Street Mission was funded through London Cares as part of the 2022-23 Winter Response. As the agreement between The Ark and London Cares has expired, and food services remain a priority for individuals and families experiencing homelessness, The Ark will continue to provide this service as part of the Encampment Response and invoice the City monthly. The initial approval for meals was provided for in the June 13, 2023 CPSC "Encampment Response Update" report to a total of \$42,000. As the need for meals increased to support the response, Council approval is being sought to ensure consistency, transparency and proper approvals are in place to support this need. The need for additional council approval was identified when Civic administration was processing the September invoice. Payment of this invoice is pending Committee and Council endorsement.

Meals provided by the ark cost \$3.00/meal with 3 meals provided per day per individual. The initial estimate was to provide meals for approximately 80 individuals to utilize the \$42,000 approved in the June report to the end of September. This quickly increased to 100 individuals a day as the depots were quite busy and also being frequented by housed individuals. The number of individuals was again increased to 120 meals per day in mid august and has maintained that level since.

### **Workforce Development Implementation Table:**

The Workforce Development Table is bringing various recommendations to the Strategy and Accountability Table in November for endorsement, including the Hubs training plan, recommendations around workforce wellness and an audit of the sector.

The Workforce Development table is a valuable resource to support the many aspects of curating a sustainable and highly functioning workforce at the Hubs and the rest of the system. Throughout the summit process frontline workers across sectors shared their lived experience of losing those they had been trying to support to this healthcare and housing crisis. The moral distress, burnout, and inequity in pay are focal points that the table continues to hold as matters to address.

### **System Foundation Table:**

The System Foundation Table is taking a three-pronged approach to the evaluation frameworks of the Whole of Community System Response using the following: (1) Quintuple Aim (population outcomes, population experience, provider experience, total cost of care, health equity); (2) Structure, Process, Outcomes: We will consider each of these domains in order to provide a comprehensive understanding of the system; (3) Now, Next, Later: evaluation will be considered within each of these three timelines. A mixed methods approach will be used to honor different forms of data collection and expression.

Working with academic research experts, staff from local organizations and system partners, the table is looking at various framework components such as outcomes and experiences of people with complex needs experiencing homelessness; outcomes and experiences of others experiencing housing precarity; experiences of those providing care to these groups; outcomes and experiences at the business and community levels; health equity considerations; costs, processes and structures of care; and an overall review of the Whole of Community System Response project. The Centre for Research on Health Equity and Social Inclusion (CRHESI) has agreed to play a primary coordination and facilitation role among the multiple community partners who are participating in evaluation/research development, implementation and knowledge mobilization.

### **Business Reference Table:**

Civic Administration brought forward the recommendation that Old East Village (OEV BIA) enter into a granting agreement for a period ending December 31, 2024, for an amount of \$500,000 and Downtown London BIA enter into a grant agreement for the same period in the amount of \$1.16M. The respective business association will administer and oversee the grants with their membership and report back to Civic Administration on the use of the funds on a schedule set out in the granting agreement. These supports for businesses are directly linked to the work of the Whole of Community System Response and have been developed through the Business Reference Table with support from Civic Administration and endorsed by the Strategy and Accountability Table. These requests are distinct and apart from any previous or future asks that may be linked to City of London funding requests or business cases being brought forward either by the associations themselves or Civic Administration. These recommendations were approved by

Committee and Council in November 2023. Additionally, the Hamilton Road BIA, Argyle BIA and Hyde Park BIA will be included within the existing Business Reference Table for future meetings.

### **Indigenous Led Response**

To ensure a culturally safe response that is appropriate for Indigenous community members, we will follow the lead of Indigenous colleagues and support an Indigenous-led system response, which is not designed in a colonial way and respects the deep knowledge and consultation already inherent in the Giwetashkad Strategy, and the intention to honour all relations in defining next steps.

There is a commitment to Indigenous representation in overall system governance and implementation co-design, and a commitment to recognizing that the definition of Indigenous homelessness is separate and distinct from the common colonialist definition of homelessness.

### **3.0 Funding Impacts**

The total amount of funding recommended for approval through this report is \$251,000. Ark Aid Street Mission (The Ark) has been providing meals as part of the encampment response since July, 2023. Civic Administration is recommending approval to extend meal provision provided through The Ark to March 31, 2024 at an estimated total cost of \$251,000 for the August 2023 to March 31, 2024 time period. Previously, Ark Aid Street Mission was funded through London Cares as part of the 2022-23 Winter Response. As the agreement between The Ark and London Cares has expired, and food services remain a priority for individuals and families experiencing homelessness, The Ark will continue to provide this service as part of the Encampment Response with the source of funding through the Housing Stability Services 2023-24 budget.

### **4.0 Conclusion**

The many aspects of the Whole of Community System Response continue to advance, which includes the continued development of the Evaluation and Measurement framework by the System Foundations Table in partnership with the Centre for Research on Health Equity and Inclusion (CRHESI) and post-secondary institutional partners.

The work to land a comprehensive Supportive Housing Plan is advancing at a rapid pace to be able to bring back a plan for Council review in December. Work to advance training components and solidifying Hubs operational plans also continue along with work to stand up an encampment strategy, cold weather response, and supporting the delivery of basic needs to vulnerable individuals that are experiencing unsheltered homelessness.

Further updates on housing projects and detailed plans that outline the pathway for the work still to come as part of the Whole of Community System Response will be provided to Council as they become available.

**Subject:** [EXTERNAL] Update on Request for proposal

Strategic Priorities and Policy Committee Meeting  
November 21, 2023

Re: Agenda item under 2.3 November Progress Update; also under consent.

During the original public meeting June 15, 2023 after "EXPERTS" determined hub model and sought public input which was restricted to 3 questions all about hubs I attended same. In discussion with Mr. Dickens I indicated this format excluded the problems with thousands of older people having trouble because of financial problems. Mr. Dickens has an email re this concern! Please note the issue appears in October Progress report as an issue to deal with.

You cannot exclude this reality just because they don't fit the already determined model!

The same night on the news as one bragged about how great this plan "Whole of Community System Response" was two women living in an apartment building (I named 4)

were interviewed living in a very serious environment under MIDDLESEX HOUSING with one person terrifying the whole building

Confirmed by head of housing authority at public meeting presented to Council!

How serious is this? According to MROO Municipal Retirees newsletter the following statistic is noted:

" Approximately 350,000 senior women live alone in Ontario: of these, over 140,000 live in poverty."

Note in 2016 CENSUS population over 60 was 78,000 out of population of 384,000. 48,600 were women!

How is this being addressed?

William Brock

## Report to Strategic Priorities and Policy Committee

**To:** Chair and Members  
Strategic Priorities and Policy Committee

**From:** Scott Mathers, MPA, P. Eng  
Deputy City Manager, Planning and Economic Development

**Subject:** 2023-2027 City of London Strategic Plan: Core Area

**Date:** November 21, 2023

## Recommendation

That, on the recommendation of the Deputy City Manager, Planning and Economic Development, the following report presenting the Core Area Strategic Plan actions **BE RECEIVED** for information.

**IT BEING NOTED** that the Strategic Plan Implementation Plan will reflect these actions and may be modified based on the final multi-year budget.

## Executive Summary

This report provides an overview of actions to support the Core Area to be submitted as part of the Council's 2023-2027 Strategic Plan: Implementation Plan. The Core Area Action Plan, due to end implementation in 2023, was oriented to provide specific, discrete, and relatively quickly implementable tactics in reaction to pre-pandemic Core Area issues. In contrast, the new Strategic Plan expands the focus on the Core Area and aims to be more proactive and oriented to the long term.

The focus of this report is on the actions developed to support the strategies provided in the Strategic Plan's Outcome 4 "London's Core Area (Downtown, Midtown, Old East Village) is a vibrant neighbourhood and attractive destination". These actions were developed in collaboration with the area BIAs and using feedback from public engagement efforts led by the City of London. These actions are included as "Appendix 'B' Strategic Plan Core Area Actions". Many actions submitted under other Strategic Plan outcomes will also benefit the Core Area. These other related outcomes are listed in "Appendix 'A' Strategic Plan Core Area Related Outcomes". The actions related to these outcomes will be provided to Council as part of the Implementation Plan to be submitted to the December meeting of the Strategic Priorities and Policy Committee.

Built on Council's strategic direction and informed by community engagement, these actions will focus on the economy, residential occupancy, commercial occupancy, vibrancy, and safety and security in the Core Area. The report also highlights a proposed next step in developing a vision and path for future initiatives in the core area. All the highlighted actions are subject to Council's approval of a business case for the Core Area submitted as part of Multi-Year Budget process.

## Linkage to the Corporate Strategic Plan

The 2023-2027 City of London Strategic Plan: Core Area is directly aligns with the following areas of focus included in the 2023-2027 City of London Strategic Plan:

### Economic Growth, Culture, and Prosperity

- Outcome 4: London's Core Area (Downtown, Midtown, Old East Village) is a vibrant neighbourhood and attractive destination.
  - 4.1 Increased and diversified economic activities from London's Core Area.
  - 4.2: Increased residential occupancy and liveability in the Core Area.
  - 4.3: Increased commercial occupancy in the Core Area.
  - 4.4: More activities and events in the Core Area, offering diverse and

- inclusive experiences.
- 4.5: Increased safety in the Core Area.

Alignment with additional areas of focus can be found in Appendix A.

#### 2.1 Origin of the 2023-2027 City of London Strategic Plan: Core Area

##### The Core Area Action Plan

In 2019, the health of the Core Area was recognized as vital to London’s prosperity as a whole and as such, the City set out to develop the Core Area Action Plan. The Core Area Action Plan outlines short-, medium-, and long-term actions the City has and continues to implement to improve the core, ranging from strategic to operational. Through the Core Area Action Plan, the City of London has invested in economic development and collaborated with community partners to address social and health issues, cleanliness, safety and security, and communication and coordination in our core.

The Core Area Action Plan did not exist independent of other programs and plans that have been created to foster success in the Core Area. Other City programs and plans, including the London Community Recovery Network, the Housing Stability Action Plan, the Core Area Community Improvement Plan incentive programs, Our Move Forward: London’s Downtown Plan, and others, are also focused on improving the Core Area.

The Core Area Action Plan is due to end implementation in 2023. The actions incorporated into the 2023-2027 City of London Strategic Plan will follow the Core Area Action Plan and will build on the learnings and successes of the Core Area Action Plan and previous City initiatives. It will continue to address social and health issues, homeless prevention and housing and safety and security, and continue the work required to create an environment where businesses can thrive and people are attracted to visit Downtown, Old East Village, and Midtown.

## The 2023-2027 City of London Strategic Plan

The 2023-2027 City of London Strategic Plan sets the course for City Council and Civic Administration as they work to deliver on the City's goals between 2023 and 2027. The Strategic Plan also drives the direction of the Multi-Year Budget, which lays out how resources will be allocated.

The Strategic Plan includes as within the "Economic Growth, Culture, and Prosperity" Strategic Areas of Focus" the following outcome:

### **Outcome 4**

*London's Core Area (Downtown, Midtown, Old East Village) is a vibrant neighbourhood and attractive destination.*

This outcome includes five expected results with corresponding strategies related to the Core Area. This is the first time that the Core Area has been identified and elevated as an expected outcome in Council's strategic plan. Many actions submitted under other Strategic Plan Outcomes will also benefit the Core Area. These other related outcomes are listed in "Appendix 'A' Strategic Plan Core Area Related Outcomes". The actions related to these outcomes will be provided to Council as part of the Implementation Plan to be submitted to the December meeting of the Strategic Priorities and Policy Committee.

## **2.2 Development of the Core Area Strategic Plan Actions**

Three key phases resulted in the development of the 2023-2027 City of London Strategic Plan Outcome 4 actions:

- **Phase 1: Engage** – From October 2022 to November 2022, the City of London requested input on the opportunities and challenges experienced in London's Core Area. Input was received from Core Area visitors, business owners, residents, workers, and property owners. The input has been foundational to the 2023-2027 City of London Strategic Plan: Core Area.
- **Phase 2: Develop** – Between May 2023 and July 2023, Core Area focused actions and recommendations included in multiple City of London plans and documents, including the Core Area Action Plan, the Core Area Land and Building Vacancy Reduction Strategy, and the Community Improvement Plan (CIP) Review, were mapped to the expected results and strategies in Outcome 4 of the Economic Growth, Culture, and Prosperity area of focus in the 2023-2027 City of London Strategic Plan. Actions were then developed to support this collation and refined to reduce duplication.
- **Phase 3: Validate** – In August 2023, the Project Team met with the People, Places, and Economy Teams, the Core Area Strategy Team, the Core Area Steering Committee, and the Senior Leadership Team to receive feedback on the content of the Outcome 4 actions. Revisions were then made based on the feedback provided by each of the teams. In October, Civic Administration consulted with the two Core Area BIAs regarding proposed Actions to assess their alignment with Strategies and potential means of implementing them.

## 2.3 Summary of On-line Engagement Survey Results that Informed the Core Area Strategic Plan Actions

The expected results and corresponding strategies included in the 2023-2027 City of London Strategic Plan were informed by on-line engagement survey results with approximately 1,200 residents engaged.

When asked about their connection to the Core, 39% visited the Core Area, 26% worked in the Core Area, 18% lived in the Core Area, 5% were property owners, 4% were business owners, and 8% had 'other' connection to the Core Area.

The Core Area is made up of three unique and vibrant business districts and neighbourhoods, including Downtown, Old East Village, and Midtown. Each area plays an important role in the success of the Core Area and has different opportunities. Table 1 outlines the unique challenges identified by survey respondents in order of priority.

**Table 1 SURVEY RESULTS: Issues and Challenges in Downtown London, Old East Village, and Midtown**

	<b>Downtown London</b>	<b>Old East Village</b>	<b>Midtown</b>
<b>1</b>	Homelessness	Homelessness	Homelessness
<b>2</b>	Mental Health and Addictions	Mental Health and Addictions	Mental Health and Addictions
<b>3</b>	Safety and Security	Safety and Security	Safety and Security
<b>4</b>	Parking	Violence and Crime	Violence and Crime
<b>5</b>	Violence and Crime	Vacant Buildings	Lack of Destinations
<b>6</b>	Construction Projects	Parking	Parking
<b>7</b>	Garbage and Waste	Garbage and Waste	Construction Projects
<b>8</b>	Traffic	Police	Garbage and Waste
<b>9</b>	Vacant Buildings	Traffic	Traffic
<b>10</b>	Public Transit	Construction Projects	Lack of Affordable Housing

Further, survey respondents identified what draws them to the area in Table 2:

**Table 2 SURVEY RESULTS: Draws of Downtown London, Old East Village, and Midtown**

	<b>Downtown London</b>	<b>Old East Village</b>	<b>Midtown</b>
<b>1</b>	Restaurants and Bars	Western Fair Market	Restaurants
<b>2</b>	Events and Festivals	Small and Local Businesses	Shopping
<b>3</b>	Shopping	Shopping	Small and Local Businesses
<b>4</b>	A Place to Work	Unique Community	Walkability
<b>5</b>	Music, Concerts, and Entertainment	Palace Theatre and Aeolian Hall	Schools
<b>6</b>	Convent Garden Market	Restaurants and Bakeries	A Place to Live
<b>7</b>	Walkability	A Place to Live	Unique Community
<b>8</b>	Budweiser Gardens	The Factory and Kellogg's	Future Entertainment Opportunities
<b>9</b>	Major Parks and the River	Architecture and Heritage	
<b>10</b>	Central Library	Walkability	

## 2.4 Core Area Strategic Plan Actions

The Core Area Strategic Plan Actions will strengthen our investments in the core, direct our work to address challenges and problems, and engage the community in working toward solutions. The Strategic Plan's core area focused outcome "Outcome 4" has five expected results. For each expected result, there are a series of strategies and corresponding actions. A total of 20 strategies and 41 unique actions have been proposed. These strategies and actions are provided in detail in "Appendix 'B' Strategic Plan Core Area Actions" and summarized as follows:

### **Expected Result 4.1:**

Increased and diversified economic activities from London's Core Area.

- Four strategies with corresponding actions aimed at economy, including implementing financial support measures to encourage occupation of Core Area commercial space, promoting Core Area investments and new City supports, creating a team that serves as a single point of contact for businesses, and expanding financial incentives in Midtown.

### **Expected Result 4.2:** Increased residential occupancy and liveability in the Core Area.

- Three strategies with corresponding actions focused on residential occupancy, including supporting the conversion of vacant commercial space to residential through financial incentives, the use of planning policies and tools to assist in conversions, creating public spaces and amenities to encourage residential occupancy, and implementing CIPs and financial incentive programs to accelerate affordable housing options.

### **Expected Result 4.3:** Increased commercial occupancy in the Core Area.

- Five strategies with corresponding actions aimed at commercial occupancy, including facilitating the supply of occupancy-ready property, implementing tools to promote the current supply of commercial space, marketing available programs and incentives, leveraging municipal parking programs, and supporting building improvements to assist businesses remain in the Core Area.

### **Expected Result 4.4:** More activities and events in the Core Area, offering diverse and inclusive experiences.

- Three strategies with corresponding actions aimed at vibrancy, including maintaining high cleanliness standards on public and private property, creating anchor destinations for people to visit, investing in urban design, investing in navigation programs, creating diverse programming, reducing barriers to holding community events, and marketing the Core Area as a year-round destination.

### **Expected Result 4.5:** Increased safety in the Core Area.

- Five strategies with corresponding actions aimed at safety and security, including encouraging the presence of the London Police Service, investing in security and safety infrastructure, providing safety training, implementing the Core Area Safety Audit Program, aligning Core Area security-focused programs, implementing programs that keep sidewalks and walkways free of debris, and balancing the impact on commercial space when addressing social issues.

The actions included in Appendix 'B' generally align with the requests received from the Old East Village and Downtown BIA representatives and incorporate actions submitted by London's agencies, boards, and commissions. They encompass measures to address security and cleanliness, sustain social vibrancy, support business retention and growth, and projects that develop residential viability and promote visitation.

There are several actions that have been funded through other sources such as the Whole of Community System response. These supports for the Core Area should be considered as distinct and separate from this report. Additionally, multiple action items were highlighted by the Downtown London and Old East Village BIAs through this process that have not been recommended by Civic Administration for inclusion in Council's implementation plan and core area multi-year budget business case. These actions have been included for Council's reference below:

- Dedicated security resources that provide both proactive and reactive services to the Core Area.
- Develop a graffiti and vandalism storefront grant program to support business and property owners.
- Provide a high standard of cleanliness and beautification of the core area public space.<sup>(1)</sup>
- Incorporate direct business engagement in the Coordinated Informed Response Program with a focus on the core.

<sup>(1)</sup> The cleanliness standard in this action is over and above the already-enhanced standard that is currently in place for the Core and that is recommended to continue in the following action: i: "Continue to provide a Core Area Enhanced Maintenance Program to maintain high cleanliness and maintenance standards in public spaces."

## **2.6 Implementation Summary**

The Core Area Strategic Plan Actions will be implemented through a wide range of activities to be undertaken at the operational level, through work programs and tasks completed by a broad range of individuals, groups, agencies, and organizations – some of which are outside the Corporation of the City of London.

The actions come from multiple City of London plans and documents including the Core Area Action Plan, the Core Area Land and Building Vacancy Reduction Strategy, the Community Improvement Plan Review, and others.

Progress on the Core Area Strategic Plan Actions will be reported through the 2023-2027 City of London Strategic Plan reporting processes, using the 2023-2027 City of London Strategic Plan metrics approved by Council.

## **3.0 Core Area Next Steps**

One of the key core area actions moving forward is an action to develop an implementation plan that integrates the recommendations and strategies outlined in the foundational core area plans and studies. This action was initiated through discussions with the BIA representatives that requested further work in the core beyond that of Council's Strategic Plan strategies. It should be noted that moving this work forward would require approval of the Core Area multi-year budget business case.

### **3.1 Our Core Compass: London's Path to Prosperity**

Over the past decade, extensive work has been done to plan for the future of London's core area. These many strategies, roadmaps and action plans have all culminated in a comprehensive roster of actions and investments that will support the core's strategic renewal.

They include:

- The London Plan
- Our Move Forward
- Downtown London's Strategic Plan
- Rethink Zoning
- Community Improvement Plans
- Learnings from Core Area Action Plan

- Music, Entertainment & Culture Districts Strategy
- Health and Homelessness Community Response Plan
- Core Area Vacancy Reduction Strategy
- Infrastructure Servicing Plans
- Master Mobility Plan
- Parks & Recreation Master Plan

Each of these resulted from processes rich with community engagement and input, resulting in thousands of individual touchpoints and hundreds of unique ideas for core area improvements and investments.

This next step in our work is a move to prioritization and action, which is where *Our Core Compass* comes in.

*Our Core Compass* would be a process by which the implementation of London's new core area vision will be actioned, in partnership with BIAs, businesses and other core owners and audiences.

### **The Pathway to Achieving a Vision for the Core**

This work would include consultation and collaboration with partners, specifically on setting immediate, short to medium term, and long-term priorities. These priorities will be based on reconfirming or revising the recommendations underpinning the foundational plans and strategies completed for the core over the last decade. This work would build on many years of engagement associated with these foundational plans and the clear strategies detailed in Outcome 4 of Council's strategic plan.

This work will be firmly focused on implementation, including agreement on the specific priorities and action steps towards long term, sustainable Core Area renewal.

As the City begins to implement the new strategic plan this is the ideal time to cement a unified vision of the core for the long-term, and begin the process to make that a reality.

### **3.2 Our Core Compass: Draft Vision**

While the pandemic created more complex challenges and necessitated significant changes to core area strategies and approaches, the evolution of the roles that urban downtowns serve has been underway for more than a decade. Consumer and visitor expectations for core area experiences have evolved dramatically as the economy, culture and social trends change, just as the market demand for downtown commercial space has evolved.

To create thriving core destinations for the future, municipalities, BIAs and other partners must acknowledge and prepare for these realities. While London may not be unique in this challenge, it can be unique and proactive in its approach to implementing renewal.

First, core partners must secure the fundamentals – clean, safe and welcoming – upon which a new vision can be built.

All of this work will be done in the context of City Council's new Strategic Plan, specifically Outcome 4: *London's Core Area (Downtown, Midtown, Old East Village) is a vibrant neighbourhood and attractive destination*. The following draft vision would be a starting point for community engagement:

## A Vision for the Core

London's core area is comprised of three distinct neighbourhoods: Downtown, Midtown and Old East Village. Individually and together, they must respond to evolving business needs and conditions, and changing cultural, social, and economic trends for customers, visitors, developers, and investors.

This broad and deep spectrum of change should be managed with a cohesive vision of a renewed core – anchored by a mix of residential development, unique tourism and culture experiences, new dining destinations, a range of traditional and non-traditional retail, and a willingness to view commercial vacancies as flexible opportunities in new ways – for novel activations and programs, as accelerators for new artisans and entrepreneurs, and as prospects for residential adaptation.

Together, we envision vibrant core neighbourhoods that are:

- Rich with a growing residential population – active seniors, professional couples and families, post-secondary students and the owners and employees who work, create and innovate in the new businesses, retail shops and dining destinations – who all feel safe and supported to be there.
- Buzzing with energy on busy streets where students, creative professionals, shop and restaurant owners participate in festivals and activations side-by-side, and these events attract Londoners from every neighbourhood in the city.
- The heart of London's tourism and hospitality efforts, welcoming visitors for national and international events and winning them over as return guests to our city of music and culture.
- Connected to, and by, anchor destinations both established and new, including Budweiser Gardens, RBC Place London, The Grand Theatre, Covent Garden Market, Western Fair and The Factory.
- Truly open for business and for experiences – and they clearly look that way – with creative adaptations of every vacant space, from public art to small pop up shops or artisan markets.
- A favourite destination for diners looking for fine fare or cultural flair, or those looking to discover unique street food options.
- A place for families of all ages and stages, on foot, on bike or on rapid transit, visiting flexible streets with comfort and ease.
- A 24/7 experience that is inviting, clean, safe and exciting for everyone who chooses it.
- Valued for their economic potential and heritage legacy and a vital long-term investment in our City.

Because no matter where you're from, London's core area can be a place to come and stay with pocket parks, pubs and patios next to favourite stores, galleries and music venues.

And, the core can be a place that all Londoners are proud of.

Engagement on this vision statement would commence following approval of the Core Area Business Case. Our Core Compass: London's Path to Prosperity will prioritize the

roster of actions within the foundational work undertaken over the last decade and ground our next steps in the context of today.

#### **4.0 Financial Impact/Considerations**

The majority of the Core Area Strategic Plan actions will require approval of the Core Area multi-year budget business case to proceed. This business case will be considered by Council as part of the multi-year budget deliberation process.

### **Conclusion**

The 2023-2027 City of London Strategic Plan will guide the work of the City for the next four years. For the first time the prosperity of the Core Area has been singled out as an outcome in Council's strategic plan. The Core Area Strategic Plan actions highlighted in this report include measures to address security and cleanliness, sustain social vibrancy, support business retention and growth, and projects that develop residential viability and promote visitation. These actions will be included for Council's consideration as part of the Strategic Plan Implementation Plan that will be submitted to the December meeting of the Strategic Priorities and Policy Committee.

## **Appendix 'A'**

### **Strategic Plan Core Area Related Outcomes**

In addition to Outcome 4, Economic Growth, Culture, and Prosperity in the in the 2023-2027 City of London Strategic Plan, the 2023-2027 City of London Strategic Plan: Core Area aligns with the following areas of focus:

#### **Economic Growth, Culture, and Prosperity**

- Outcome 1: London encourages equitable economic growth and diversification.
  - 1.1 Small and growing businesses and entrepreneurs and non-profits are supported and successful.
  - 1.4 London is a regional centre that proactively attracts and retains talent, business, and investment.
- Outcome 2: London is a destination of choice.
  - 2.2 Enhanced and increased creation and distribution of arts and culture activities, goods, and services; notably the film and music industries.
- Outcome 3: London encourages the growth of local artistic and musical talent.
  - 3.2 Increased opportunities for performances or displays.
  - 3.3 Increased uses of municipal and cultural spaces for local talent.

#### **Housing and Homelessness**

- Outcome 1: The City of London demonstrates leadership and builds partners to increase quality, affordable, and supportive housing options.
  - 1.1 Increased access to a range of quality, affordable, and supportive housing options that meet the unique needs of Londoners.

#### **Wellbeing and Safety**

- Outcome 1: London has safe, vibrant, and healthy neighbourhoods and communities.
  - 1.1 Londoners feel safe across the city, in the core, and in their neighbourhoods and communities.
  - 1.3 Londoners have safe access to public spaces, services, and supports that increase wellbeing and quality of life.
- Outcome 3: A well-planned and growing community.
  - 3.1 London's growth and development is well-planned and considers use, intensity, and form.
  - 3.2 The City of London supports faster/streamlined approvals and increasing the supply of housing with a focus on achieving intensification targets.

## APPENDIX 'B'

### Strategic Plan Core Area Actions

#### Strategic Area of Focus: Economic Growth, Culture, and Prosperity

4.1 Expected Result: Increased and diversified economic activities from London's Core Area.	
Strategies	Actions
A. Decrease commercial vacancy through new programs and initiatives.	<p>Implement a Core Area Business Support Program that includes Core Area Vacancy Reduction strategies and related Community Improvement Plan 5-year review recommendations.</p> <p>Maintain a low vacancy rate at the Covent Garden Market by attracting the right tenants and helping them succeed. [Covent Garden Market]</p>
B. Implement a Core Area economic opportunity attraction strategy.	Develop a Core Area Business Growth and Attraction Program working with economic partners and the core area BIAs.
C. Create a single point of contact to better serve the business community.	Align City services to enhance support for the Core Area including a dedicated staff person accountable for overall service delivery.
D. Develop capacities in Midtown to increase economic and community wellbeing.	Expand existing business supporting Core Area Community Improvement Plans to the Midtown area to align with similar programs offered in the Downtown and OEV BIAs.

4.2 Expected Result: Increased residential occupancy and livability in the Core Area.	
Strategies	Actions
A. Develop programs to encourage commercial conversions and new housing development.	Develop a Commercial to Residential Conversion Community Improvement Program.
B. Invest in public spaces and amenities to attract residents.	<p>Enhance public spaces to provide a community amenity for residents and visitors to the core.</p> <p>Develop opportunities to improve the amount of tree cover and green space in the Core Area.</p> <p>Improve transportation infrastructure to support all modes of transportation and make it easy for people to visit, work, and live in the Core Area.</p> <p>Review additional park infrastructure needs to support Core Area intensification as part of the Parks and Recreation Master Plan update.</p>
C. Finalize a review of Core Area Improvement Plans and recommend enhancements to address key priorities.	<p>Update the Affordable Housing Community Improvement Program to align with the Roadmap to 3000 Affordable Unit initiative.</p> <p>Create a new Community Improvement program to support new housing units within primary transit areas.</p>

<b>4.3 Expected Result: Increased commercial occupancy in the Core Area.</b>	
<b>Strategies</b>	<b>Actions</b>
A. Finalize and implement Core Area Vacancy Reduction Strategy.	Implement a Core Area Business Support Program that includes Core Area Vacancy Reduction strategies and related Community Improvement Plan 5-year review recommendations.
B. Promote the current supply of available space in the Core Area to attract new businesses.	Implement a Core Area Business Support Program that includes Core Area Vacancy Reduction strategies and related Community Improvement Plan 5-year review recommendations.
C. Increase awareness of the City's Core Area Improvement Plan incentives.	Implement a Core Area Business Support Program that includes Core Area Vacancy Reduction strategies and related Community Improvement Plan 5-year review recommendations.
D. Update the Downtown Parking Strategy.	Initiate an update of the Downtown Parking Strategy.
E. Explore and implement strategies to support retention of existing businesses.	Develop a Core Area Business Growth and Attraction Program working with economic partners and the core area BIAs.

<b>4.4 Expected Result: More activities and events in the Core Area, offering diverse and inclusive experiences.</b>	
<b>Strategies</b>	<b>Actions</b>
A. Provide inviting and accessible spaces that support an exciting visitor experience.	<p>Continue to provide a Core Area Enhanced Maintenance Program to maintain high cleanliness and maintenance standards in public spaces.</p> <p>Develop an implementation plan that integrates the recommendations and strategies outlined in the foundational core area plans and studies.</p> <p>Implement a Core Area Activation Program to support events throughout the core area.</p> <p>Implement the Downtown Wayfinding Plan and improve wayfinding throughout the core.</p>
B. Provide arts, culture, music, sport, and recreation events and activations for residents and visitors year-round.	<p>Implement a Core Area Activation Program to support events throughout the core area.</p> <p>Increase number of London Arts Council's Live Performances and Activations in the Core Area.</p> <p>Host festivals, events, and activations at Covent Garden Market throughout the year to bring Londoners to the core. [Covent Garden Market]</p> <p>Identify opportunities to revitalize the Central Library to become an anchor of the core's destination plans. [LPL]</p> <p>Undertake tourism marketing initiatives connected to Core Area programming and experiences.</p>

<p>C. Support year-round arts, culture, and music events to encourage people to visit the Core Area.</p>	<p>Implement a Core Area Activation Program to support events throughout the core area.</p> <p>Assist and collaborate with partners to host special events in municipal spaces in the Core Area.</p> <p>Create programs and exhibitions that foster an appreciation of London history and heritage of Eldon House. [Eldon House]</p> <p>Support museums as existing creative assets that make London a destination of choice.</p>
--	---

<b>4.5 Expected Result: Increased safety in the Core Area.</b>	
<b>Strategies</b>	<b>Actions</b>
<p>A. Increase presence of London Police Service (LPS) officers and other community support services.</p>	<p>Encourage and support an enhanced presence of London Police Service in the Core Area.</p> <p>Expand the Coordinated Informed Response Program.</p> <p>Invest in security and safety infrastructure in the Core Area as supported by the Core Area Safety Audit</p> <p>Enhance foot and bicycle patrols. [London Police Service]</p> <p>Prioritize evidence-based deployment. [London Police Service]</p> <p>Staff, deploy, and manage resources effectively in performing the core functions of law enforcement, crime prevention, and assistance to victims of crime. [London Police Service]</p>
<p>B. Support improvements to the delivery of public safety education, programs, and services for residents, businesses, organizations, and property owners.</p>	<p>Hold seasonal collaboration sessions with core area community organization and community safety partners to address safety concerns in the Core.</p> <p>Continue to implement and support the Core Area Safety Audit Grant Program and future safety and security improvements.</p> <p>Work with community partners to expand training on, and use of, Safety Audit tools.</p> <p>Increase community awareness and use of the Alert London notification system.</p> <p>Support community-led crime initiatives to prevent property crime. [London Police Service]</p> <p>Implement next Generation 9-1-1. [London Police Service]</p> <p>Staff, deploy, and manage resources effectively in performing the core functions of law enforcement, crime prevention, and assistance to victims of crime. [London Police Service]</p>
<p>C. Strengthen collaboration and coordinated action among core area</p>	<p>Hold seasonal collaboration sessions with core area community organization and community safety partners to address safety concerns in the Core.</p>

<p>residents, businesses, organizations, and community safety partners.</p>	<p>Implement network of hubs and supportive housing units with community partners as part of the implementation of the Whole of Community System Response. Support community-led crime initiatives to prevent property crime. [London Police Service]</p> <p>Cultivate relationships that are inclusive, meaningful, and lasting. [London Police Service]</p> <p>Conduct frequent consultations with citizens, community groups, and partner organizations. [London Police Service]</p>
<p>D. Improve the accessibility, lighting, and cleanliness of sidewalks and walkways.</p>	<p>Continue to provide a Core Area Enhanced Maintenance Program to maintain high cleanliness and maintenance standards in public spaces.</p> <p>Continue to implement and support the Core Area Safety Audit Grant Program and future safety and security improvements.</p> <p>Implement the Downtown Wayfinding Plan and improve wayfinding throughout the core.</p>
<p>E. Identify balanced and compassionate solutions to social service delivery, balancing the needs of businesses, community, and service providers.</p>	<p>Implement network of hubs and supportive housing units with community partners as part of the implementation of the Whole of Community System Response.</p> <p>Hold seasonal collaboration sessions with core area community organization and community safety partners to address safety concerns in the Core.</p> <p>Expand the Coordinated Informed Response Program.</p>

City of London  
Strategic Priorities and Policy Committee  
300 Dufferin Ave, 2nd Floor  
London Ontario  
N6A 4L9

November 19, 2023

**Subject: 2023-2027 City of London Strategic Plan: Core Area**

Downtown London (DTL) was pleased to see City Council's endorsement to create an area of focus on London's downtown and core area in the City of London's 2023-2027 Strategic Plan which states that ***London's Core Area (Downtown, Midtown, Old East Village) is (will be) a vibrant neighbourhood and attractive destination***. We also thank City staff for including and inviting Downtown London staff to contribute our input into the November 21st SPPC report, which provides the tactical supports and high-level implementation goals that will cascade from this report, and the business case that will follow through the City's Multi-year Budget process.

Although it is not clearly stated in the staff report, we continue to recommend the first order of operations for City Staff is to lead and work with the community and Core Area partners to complete important foundational work before implementing the actions laid out in this report. This includes creating a parental and visionary strategy and plan which examines the current external and internal environment, social, economic and cultural conditions, the human geography of the core, as well as the present state of affairs of the Core Area, and establish the overarching endstate, goals and high-level metrics that we envision over the next 15-20 years. Additionally, each district that makes up the Core Area - Downtown, Midtown, and Old East Village, are very distinct, requiring separate but complementary sub-strategies to collectively contribute to the Core.

A long-term strategy for what the City now calls the Core Area does not exist, and downtown has not had an updated visionary plan since 1998's Downtown Millennium Plan. Creating a coherent strategic blueprint, informed by the syllabus of existing City and community plans, will ensure the City, businesses, residents, commercial stakeholders, development community, and other partners are collectively working towards common end goals. This strategic road map will also ensure we are not putting tactics ahead of strategy by developing ad hoc initiatives that only react or respond to the current state of affairs of the Core Area; or sets unrealistic expectations that transformational public realm projects or "build it and they will come" approaches will revitalize our downtown. These past approaches have not set the Core Area up for long-term success nor has it provided a longer term outlook that goes beyond a term of City Council.

Additionally, our downtown and core area challenges and opportunities are vastly different than they were before the COVID pandemic. That said, in the absence of a longer term strategy, short-term and tactical approaches will still be required in the Core for the interim, until the Core Area Strategy, Health & Homeless initiatives and other City and community plans and strategies begin to be implemented and results seen.

We also request with the forthcoming Multi-year Budget Business Case for the Core Area, that City Council endorse the investments needed to avert downtown commercial tax assessment melt. According to the City of London's Taxation Office, there is evidence that London's downtown tax assessment value may now be stalling. **For 2023, it is estimated that the City will incur over \$3.2 Million in tax reductions as commercial assessment values in downtown decrease. According to the City's Taxation Office, downtown tax assessment valuation is expected to continue to decrease into 2024.** This we believe is due to increasing commercial vacancies and an inability to attract and secure commercial and business investment largely due to the Core Area's current state and the impacts of health and homelessness, lack of foot traffic, and only a modest return of office workers.

We also ask that City Council endorse an investment to establish a dedicated and accountable Core Area Business Unit at City Hall that will be responsible for creating and implementing the important foundational work, highlighted above. This department should be championed by a Director level or higher to create and implement a Core Area long-term visionary plan (15+ years), as well as staff resources accountable for day to day core area service delivery. Again this request is not clearly laid out in the staff report, but we request that City Council and Administration prioritize this ask, as there currently is **no City department fully accountable to the Downtown and the Core Area like we see in Calgary, Kitchener, Brampton, Hamilton, and other Cities that are committed to investing into the long term revitalization of their downtowns and core areas.** These Cities have publicly stated and successfully leveraged their significant core area investments to attract as much as a twenty-fold increase in private sector investment.

<https://renx.ca/investment-innovation-renaissance-kitchener-development>

<https://calgaryherald.com/news/local-news/city-council-approves-downtown-plan-with-200m-investment>

<https://calgary.ctvnews.ca/calgary-s-ongoing-downtown-revitalization-efforts-to-receive-a-5m-funding-boost-from-the-province-1.6244515>

<https://www1.brampton.ca/EN/City-Hall/Downtown-Brampton/documents/downtown%20brampton%20investments.pdf>

<https://www.cbc.ca/news/canada/hamilton/entertainment-downtown-hamilton-winning-proposal-1.5653371>

**When a City's Downtown and Core Areas are operating at their fullest economic, cultural, environmental and social potential it has ripple effects across the rest of the city and proven capabilities to be the most fiscally productive area of a city, providing even greater returns on investment for City Hall.** This in turn creates more opportunities to fund many other municipal and public infrastructure and services across the entire city.

 [Urban3: The Value of Downtown](#)

Now more than ever we need City Council's strong and steadfast commitment to restore civic and business confidence, pride and hope in our Downtown. **Now is a critical time for City Council and City Hall Administration to do things differently for our Downtown and the Core Area than what has been done in recent years.** This is a time to regroup, refocus and develop a more-fulsome vision and plan and fully commit to its implementation for the next 15 years and more to reverse the downward spiral of the heart of our city.

Sincerely,

Barbara Maly  
Executive Director, Downtown London

Scott Andrew Collyer  
LDBA Board Chair

## Report to Strategic Priorities and Policy Committee

**To:** Chair and Members  
**Strategic Priorities and Policy Committee**  
**From:** Scott Mathers, MPA, P. Eng  
**Deputy City Manager, Planning and Economic Development**  
**Subject:** Creative Sector Incubation Hub - Update  
**Date:** November 21, 2023

### Recommendation

That, on the recommendation of the Deputy City Manager, Planning and Economic Development, the report dated November 21, 2023, with respect to Creative Sector Incubation Hub - Update;

- a) that the above noted report **BE RECEIVED**; and
- b) that Civic Administration **BE DIRECTED** to continue discussions with the Trinity Centre Foundation as the project proponents develop the Creative Sector Incubation Hub business case for Council consideration.

### Executive Summary

On April 4, 2023, Council directed Civic Administration to develop a Creative Sector Incubator proposal, and to continue discussions with provincial and federal decision-makers to explore investment opportunities. As a result, Administration, with support from Procurement & Supply Services, issued a Request for Expression of Interest (REOI) 2023-143 on June 23, 2023, which closed on July 14, 2023.

- The City issued REOI 2023-143 to seek a partner (Respondent) who is capable and interested in implementing a Creative Sector Incubation Hub.
- The REOI indicated that any costs associated with renovating, retrofitting, upgrading the building(s) for incubation purposes will be contingent upon a successful joint grant application.

Furthermore, Administration has been advancing discussions with the Province of Ontario to identify funding programs that can support the establishment of a Creative Sector Incubation Hub. The commitment to develop a proposal was warmly received by the Provincial Minister of Tourism, Culture and Sport in August 2023 as part of the City of London AMO delegations.

Additionally, in September 2023, the City in partnership with Fanshawe College issued 'London's Creative Sector Survey'. The survey had a business focus which looked at trends and employee skill sets, particularly to gather insights and to identify actions to help support and grow the sector. A significant majority of respondents, 74%, believe that incubation is crucial for the growth of the creative sector in London, particularly in terms of attracting and retaining talent.

### Linkage to the Corporate Strategic Plan

The idea noted above aligns with the following area of focus under the City of London's Strategic Plan 2023-2027:

#### **Economic Growth, Culture, and Prosperity**

- London encourages equitable economic growth and diversification.
- London is a destination of choice.
- London encourages the growth of local artistic and musical talent.
- London's Core Area (Downtown, Midtown, Old East Village) is a vibrant neighbourhood and attractive destination.

## 1.0 Background Information

### 1.1 Previous Reports Related to this Matter

- Music Incubation, March 28, 2023, SPPC
- Application to UNESCO for London to be designated a 'UNESCO City of Music,' March 30, 2021, CPSC
- London Music Strategy, August 27, 2014, IEPC (Investment and Economic Prosperity Committee)

## 2.0 Discussion and Considerations

### 2.1 Creative Sector Incubation Hub – Background

On November 8, 2021, the City of London was designated as a City of Music by the United Nations Educational, Scientific, and Cultural Organization (UNESCO), becoming the first UNESCO City of Music in Canada. Within the original UNESCO application, the City presented a medium-term (four-year) action plan describing the main initiatives that London plans to implement. Fulfilling the action plan is a requirement for maintaining London's UNESCO City of Music status.

One primary initiative highlighted in London's UNESCO application is to undertake 'Music Incubation.' In a 2019 music sector census, The London Music Office identified the need for support of emerging professionals as they enter the workforce. Outlined in the Council approved (September 3, 2014) London Music Strategy, priorities for the London Music Office included music business support and incubation.

A Creative Sector Incubation Hub would further London's UNESCO City of Music designation and aid in achieving the following four outcomes identified in the 'Economic Growth, Culture and Prosperity' area of focus of the Council Strategic Plan:

- London encourages equitable economic growth and diversification.
- London is a destination of choice.
- London encourages the growth of local artistic and musical talent.
- London's Core Area (Downtown, Midtown, Old East Village) is a vibrant neighbourhood and attractive destination.

Civic Administration will continue discussions with the Trinity Centre Foundation who will develop a Creative Sector Incubation Hub business case with a focus on supporting the 'Economic Growth, Culture and Prosperity' area of focus of the Council Strategic Plan as well as the requirement of the UNESCO designation.

The purpose of the Creative Sector Incubation Hub would be to:

- transition graduates from post-secondary schools into gainful employment;
- enhanced skill development and job creation;
- strengthen local business community;
- provide accessible and inclusive entry to workforce;
- create gender-equitable programming;
- encourage circulation of artistic expression, ideas, artists, and professionals;
- create a supportive climate for entrepreneurs;
- enable positive collisions among artists and businesses through a café and other social spaces;
- create decent work and economic growth within the music sector;
- provide entrepreneurs with greater access to hands-on education;
- create a collaborative and supportive network/hub built on relationships with music industry leaders from all areas of the sector;
- help creative sector businesses to thrive and grow;

- create conditions for the development of artists, industry and music sector through shared spaces and collaborative resources; and
- lead creatives into an age of industry innovation and infrastructure creation.

## 2.2 Issue

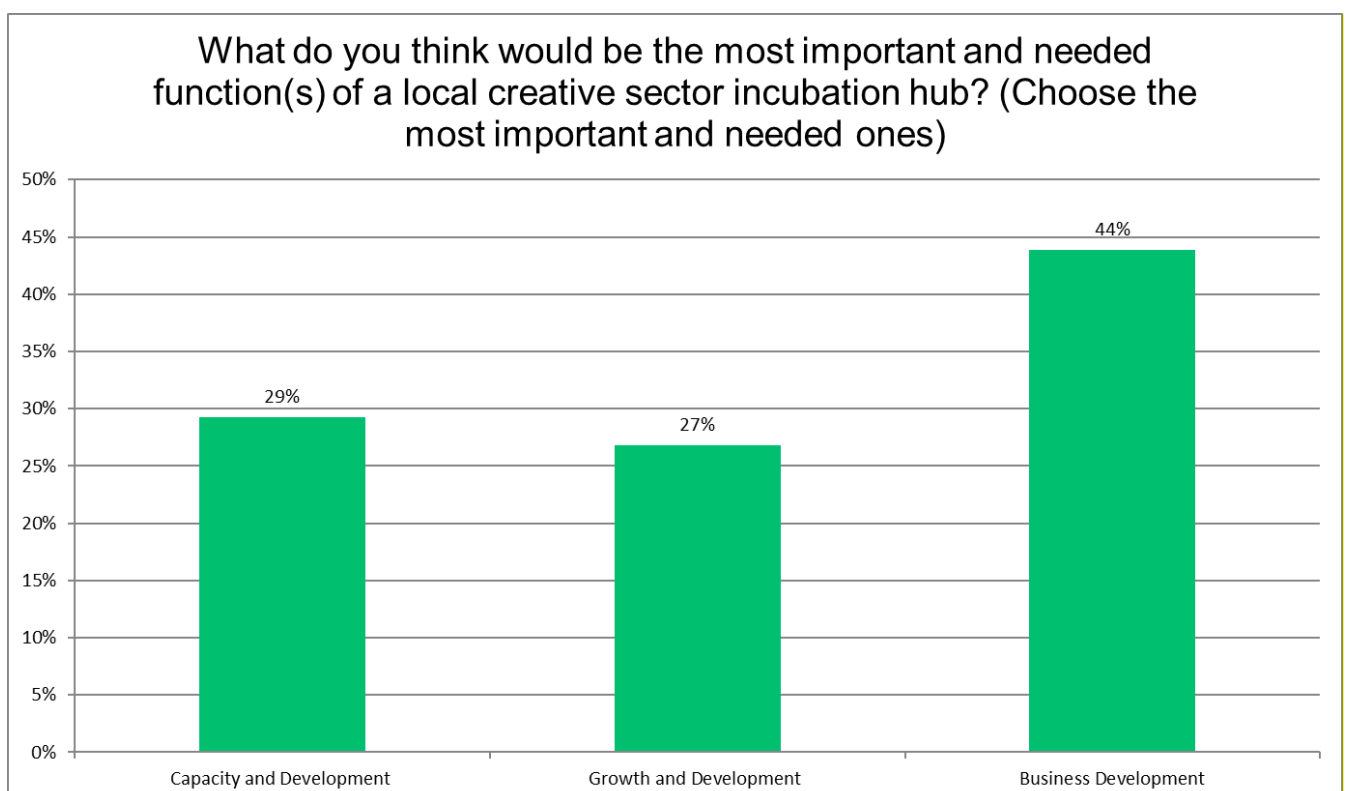

On April 4<sup>th</sup>, 2023, Council directed Civic Administration to develop a Creative Sector Incubator proposal and to continue discussions with provincial and federal decision-makers to explore investment opportunities. As a result, Administration, with support from Procurement & Supply Services, issued an REOI 2023-143 on June 23<sup>rd</sup>, 2023, which closed on July 14<sup>th</sup>, 2023.

- The City issued the REOI to seek a partner (Respondent) who is capable and interested in implementing a Creative Sector Incubation Hub.
- The REOI indicated that any costs associated with renovating, retrofitting, and upgrading the building(s) for incubation purposes will be contingent upon a successful joint grant application.

Furthermore, Administration has been advancing discussions with the Province of Ontario to identify funding programs that can support the establishment of a Creative Sector Incubation Hub. The commitment to develop a proposal was warmly received by the Provincial Minister of Tourism, Culture and Sport in August 2023 as part of the City of London AMO delegations.

Additionally, in September 2023, the City in partnership with Fanshawe College issued 'London's Creative Sector Survey'. The survey had a business focus which looked at trends and employee skill sets, particularly to gather insights and to identify actions to help support and grow the sector. A significant majority of respondents, 74%, believe that incubation is crucial for the growth of the creative sector in London, particularly in terms of attracting and retaining talent.

One of the survey questions asked respondents what they thought was the most important and needed function(s) of a local Creative Sector Incubation Hub. The survey findings revealed that 44% of respondents prioritize "Business development support through connections to opportunities (partnerships/capital) provided by experts, mentors, and alumni" as the most important and needed function of a local Creative Sector Incubation Hub.

*\*Note: 29% of respondents indicated that they view "Capacity and development support through a variety of engagement opportunities, including hands-on training and technical assistance" as the most important and needed function of a local creative sector incubation hub; whereas, 27% of respondents consider "Growth and development support through career mentorship, programming, coaching, and other development resources" as the most important and needed function of a local creative sector incubation hub.*

When asked, ‘What action does the London creative sector need to develop and grow?’ the majority of the respondents indicated that developing more accessible spaces for creatives to rehearse, perform, and host events is essential. Respondents believe that funding and opportunities should be inclusive and available to creative workers. Respondents believe that collaboration can help create a more vibrant and inclusive creative community. Respondents also articulated that there should be investment into creative hubs, cultural neighborhoods and districts, arts education, and training.

In summary, these findings highlight a strong consensus among the survey respondents that incubation with a focus on collaboration and business development is important to grow the creative sector locally.

**2.3 ‘Expression of Interest 2023-143’ Creative Sector Incubation Hub Results**

Three submissions were received from the following organizations:

1. London Public Library, London, Ontario
  - o London Public Library serves the community through our 16 neighbourhood library locations: [About the Library | London Public Library \(lpl.ca\)](http://lpl.ca)
2. Trinity Centres Foundation, in collaboration with the Anglican Diocese of Huron and St. Paul’s Cathedral, London Ontario
  - o The Trinity Centres Foundation (TCF) is a registered charity and non-religious intermediary, transforming faith spaces for community need: [About us — Trinity Centres Foundation.](#)
3. Night Time Economy Solutions LTD, United Kingdom and Ireland
  - o NTES is the Global Leader in Nighttime Economy Management: [About NTES | Night Time Economy Solutions](#)

**Snapshot of the REOI:**

<b>REOI Space Requirements</b> <b>The Creative Sector Incubation Hub should accommodate distinct creative areas</b>
• Primary and secondary performance facilities for live music programming
• Video production
• Podcasting
• Mixed studio space
• Photography
• Education-mentoring
• Conference meeting
• Coaching/consulting
• Computer lab
• Skills development meeting and boardroom
• Coffee shop and lounge
• Educational institutions shared space
• Start-up/ co-working area
• Creative industry flexible and leasable spaces
• Reception area

<b>Building Requirements</b>
<ul style="list-style-type: none"> <li>• The building(s) should be owned and operated by the respondent/partner</li> </ul>
<ul style="list-style-type: none"> <li>• If there are multiple buildings, they should be joined to provide continuous space</li> </ul>
<ul style="list-style-type: none"> <li>• The building(s) must conform to all applicable Building and Fire Codes</li> </ul>
<ul style="list-style-type: none"> <li>• The building(s) should be located within the Music, Entertainment and Culture district</li> </ul>
<ul style="list-style-type: none"> <li>• The building(s) should include between 20,000 - 40,000 sq feet for incubation needs</li> </ul>
<ul style="list-style-type: none"> <li>• The building(s) should have a primary performance space to accommodate live music and recording</li> </ul>
<ul style="list-style-type: none"> <li>• The building(s) should be able to provide options for 24-hour entry 7 days a week</li> </ul>
<b>Partner Requirements</b>
<ul style="list-style-type: none"> <li>• Owns/operates the facility(s)</li> </ul>
<ul style="list-style-type: none"> <li>• Majority of the operating expenses must be covered by the partner (respondent)</li> </ul>
<ul style="list-style-type: none"> <li>• Sustainability plan should articulate additional funding sources required to cover costs associated with the additional operating expenses of the Creative Sector Incubation Hub.</li> </ul>
<ul style="list-style-type: none"> <li>• Experience within the creative sector</li> </ul>
<ul style="list-style-type: none"> <li>• Able to explore, and where necessary, implement a public-private partnership that will enhance the incubator space</li> </ul>

**2.4 Next Steps:**

Based on the responses received to the REOI, the Trinity Centres Foundation (TCF) submission met and exceeded the REOI criteria, thus making it the preferred submission for this project. The funding and sustainability plan that was submitted was balanced with revenue from housing development, grants, leasing, partnerships and social innovation and entrepreneurship funds via Trinity Centres Foundation. The REOI submission was the only one received that did not need ongoing operating funding from the City but would require a one-time capital grant contribution.

Given that the municipal contribution being sought is a grant, as per Schedule B.19 of the Procurement Policy grant funding is not subject to the policy.

*“SCHEDULE “B” – Goods and/or Services NOT Subject to this Policy. Qualification for exemption shall be determined by the City Treasurer (or delegate). As per Section 2.11.19. Grant Funding, given to or paid out by the City as per current Council approved Policies for Grants and/or agreements entered into by Council, which provides the criteria for how City of London Grant funding is provided. Grants not covered by these Policies or agreements must be approved by Council. for exemption shall be determined by the City Treasurer (or delegate).*

Civic Administration will continue discussions with the Trinity Centres Foundation as the project proponents develop the Creative Sector Incubation Hub business case for Council consideration.

**2.5 Financial Impact/Considerations**

Based on discussions with the Province of Ontario with respect to potential funding programs, it is expected that these types of funding programs are contingent on a municipal contribution. Based on submissions, capital funding would be needed to create a Creative Sector Incubation Hub. As part of the multi-year budget, a budget request would be made to support this type of initiative. The exact funding allocations would need to be determined after further exploratory conversations. The provision of funding would be through a municipal grant.

Through continued advocacy efforts, Civic Administration would continue to explore capital fund resources and/or programs.

## **Conclusion**

Civic Administration is seeking Council endorsement to continue discussions with the Trinity Centres Foundation, in collaboration with the Anglican Diocese of Huron and St. Paul's Cathedral (London ON) who will develop a business case. The Trinity Centres Foundation will bring forward a business case for a Creative Sector Incubation Hub for Council consideration in 2024. Additionally, Administration will continue discussions with provincial and federal decision-makers for investment.

# Governance Working Group Report

7th Meeting of the Governance Working Group  
November 6, 2023

PRESENT: Councillors S. Lewis (Chair), H. McAlister, P. Cuddy, J. Pribil, S. Trosow, C. Rahman, A. Hopkins, S. Franke, D. Ferreira, S. Hillier

ABSENT: S. Stevenson

ALSO PRESENT: S. Corman, K. Huckabone

Remote Attendance: A. Barbon, A. Bush, I. Collins, M. McErlain, J. Raycroft, M. Schulthess, E. Skalski

The meeting is called to order at 1:02 PM; it being noted that Councillors S. Hillier, C. Rahman and S. Trosow were in remote attendance.

## 1. Call to Order

### 1.1 Disclosures of Pecuniary Interest

That is BE NOTED that no pecuniary interests were disclosed.

## 2. Consent Items

None.

## 3. Items for Discussion

### 3.1 Council Policy Amendments - Council Members' Expense Account Policy

Moved by: P. Cuddy

Seconded by: H. McAlister

That, on the recommendation of the Deputy City Manager, Finance Supports, the attached by-law BE INTRODUCED at the Municipal Council meeting to be held on November 28, 2023 to amend By-law No. CPOL.-228-480, as amended, being "Council Members' Expense Account" to update various provisions of the policy.

**Motion Passed**

### 3.2 Strong Mayor Legislation

Moved by: D. Ferreira

Seconded by: S. Franke

That, on the recommendation of the City Clerk, the report dated November 6, 2023, related to Strong Mayor legislation, BE RECEIVED for information.

**Motion Passed**

**4. Deferred Matters/Additional Business**

4.1 2023 GWG Deferred List

Moved by: P. Cuddy  
Seconded by: S. Franke

That the following actions be taken:

- a) the Deferred Matters List dated November 4, 2023, BE RECEIVED;
- b) the Civic Administration BE DIRECTED to bring forward the necessary revisions to Council Procedure By-law A-50 sections 9.8, 11.7, 11.10, 11.11, 15.10, 31.8, 33.5, 33.8, 33.9 and 38.9, to reflect no meeting of Council or Standing Committee shall extend beyond 6:00 PM, unless otherwise decided by a 2/3rds vote of eligible members; and
- c) the Civic Administration BE DIRECTED to schedule a time at a future meeting for general discussion regarding efficient meeting management.

**Motion Passed**

**5. Adjournment**

Moved by: D. Ferreira  
Seconded by: P. Cuddy

That the meeting BE ADJOURNED.

**Motion Passed**

The meeting adjourned at 2:06 PM.

**APPENDIX “A”**

Bill No. [to be completed by Clerks]  
2023

By-law No. CPOL.-[to be completed by Clerks]

A by-law to amend By-law No. CPOL.-228-480, as amended, being “Council Members’ Expense Account” to update various provisions of the policy.

WHEREAS section 5(3) of the *Municipal Act, 2001*, S.O. 2001, C.25, as amended, provides that a municipal power shall be exercised by by-law;

AND WHEREAS section 9 of the *Municipal Act, 2001*, S.O. 2001, C.25, as amended, provides a municipality with the capacity, rights, powers and privileges of a natural person for the purpose of exercising its authority;

AND WHEREAS the Municipal Council of The Corporation of the City of London wishes to amend By-law No. CPOL.-228-480, as amended, being “Council Members’ Expense Account”, to update various Policy provisions;

NOW THEREFORE the Municipal Council of The Corporation of the City of London enacts as follows:

1. Section 4.2, is amended in subsection c) “The allocated sum may be used by Members of Council for any of the following purposes:” by replacing item ix) A) with the following new item ix) A):

“A) a monthly transportation allowance in the amount of up to \$177.00 maximum; OR”

2. Section 4.2, is further amended by replacing subsection h) with the following new subsection h):

“ h) all eligible claim receipts shall be submitted for processing within 60 (sixty) days from the date the expense occurred, in order to be considered for reimbursement”

3. This by-law shall come into force and effect on November 28, 2023.

PASSED in Open Council on [to be completed by Clerks].

Third Reading – [to be completed by Clerks]

## Report to Strategic Priorities and Policy Committee

**To:** Chair and Members  
Strategic Priorities and Policy Committee  
**From:** Michael Schulthess, City Clerk  
**Subject:** 2024-2027 Consolidated Fees and Charges By-law  
**Meeting on:** November 21, 2023  
Public Participation Meeting

### Recommendation

That, on the recommendation of the City Clerk, with the concurrence of the Deputy City Manager, Finance Supports:

- (a) the attached proposed by-law (Appendix “B”) BE INTRODUCED at the Municipal Council meeting to be held on November 28, 2023, for the purpose of repealing By-law No. A-58, as amended, being “A by-law to provide for Various Fees and Charges”, and replacing it with a new 2024-2027 Consolidated Fees and Charges By-law that lists various fees and charges for services or activities provided by the City of London.

### Executive Summary

Each year, the Civic Administration reviews the Fees and Charges By-law to ensure that user fees reflect the costs of providing services to the public. This report introduces four years of proposed fees and charges to align with the Municipal Council’s upcoming 2024-2027 Multi-Year Budget. It details fees that are proposed to be changed compared to 2023 and year-to-year, whether discontinued, new, or increased, and provides rationales.

Appendix “A” to this report provides an overview of all four years of fees, including those fees which are unchanged, as well as percent increases over the prior year. Appendix “B” to this report comprises the by-law and schedules for the 2024-2027 fees and charges. Each schedule lists all fees for one year.

User fees materially reduce the overall tax burden, representing 5% of operating revenue in 2023. Depending on the service, user fees are intended to recover all or part of the costs associated with providing the services. A key consideration is whether the fees recover costs where possible and to the extent possible.

### Linkage to Corporate Strategic Plan

This report aligns with the strategic area of focus in the 2023-2027 [City of London Strategic Plan](#) that is identified as Well-Run City. Specifically, the 2024-2027 Consolidated User Fees and Charges By-law aligns with the expected result that Londoners have trust and confidence in their municipal government, by increasing transparency and accountability in decision-making, financial expenditures, and the delivery of municipal program and services.

### Analysis

#### 1.0 Background Information

##### 1.1 Previous Reports Related to this Matter

- Strategic Priorities and Policy Committee, October 28, 2019 – “Amendments to Consolidated Fees and Charges By-law”
- Strategic Priorities and Policy Committee, February 4, 2020 – “City of London Service Review: Review of Municipal User Fees”
- Strategic Priorities and Policy Committee, October 20, 2020 – “Amendments to Consolidated Fees and Charges By-Law”

- Strategic Priorities and Policy Committee, October 19, 2021 – “Amendments to Consolidated Fees and Charges By-Law
- Strategic Priorities and Policy Committee, October 11, 2022 – “Amendments to Consolidated Fees and Charges By-Law

## 1.2 Purpose of Report

With this report, the Civic Administration is bringing forward for the Municipal Council's consideration the attached proposed 2024 Consolidated Fees and Charges By-law (Appendix “B”) for 2024, 2025, 2026, and 2027. It will coincide with the term of the 2024-2027 Multi-Year Budget, which will factor in the operating revenue issuing from the approved fees and charges. User fees represented 5% of the operating revenue in the last, 2020-2023 Multi-Year Budget.

This annual report helps the City be accountable and transparent to the public, by listing all user fees in one by-law and by reviewing it in conjunction with the budget. The list is posted on the City website for public reference. The public participation meeting gives the public an opportunity to tell Council about the impact of fees and charges.

## 1.3 Purpose of User Fees and Charges

User fees and charges are collected from individuals by the Municipality when it delivers certain services. These service fees are used to recover some of the costs of delivering those services, thereby reducing the Municipality's overall expenses and, ultimately, the tax burden on property owners.

Any significant change to the proposed fees and charges which Council adopts as a result of this report, will be incorporated into the corresponding Multi-Year Budget.

A key consideration is whether the fees recover costs where possible and to the extent possible. When proposing updates to user fees and charges, service areas periodically survey users and best practices in other municipalities, in addition to reviewing the cost of services. The analysis results in a recommendation to discontinue, maintain, increase fees, or to introduce a new fee.

The *Municipal Act, 2001*, S.O. 2001, c.25, and associated regulations, sets out what charges and fees the City can and cannot impose. Section 391(1) authorizes a municipality to impose fees or charges,

- for services or activities provided or done by or on behalf of it;
- for costs payable by it for services or activities provided or done by or on behalf of any other municipality or any local board; and
- for the use of its property including property under its control.

This provision is broad and allows municipalities flexibility in imposing a wide variety of fees and charges. However, there are limits to this authority. The most important restriction on how municipalities can determine their fees and charges is that these fees and charges must not be a tax. The requirement to pay a municipality for use of its property and/or services is properly a fee and not a tax if:

- the fee or charge's amount is connected to the cost of the services provided;
- the fee or charge is reasonable; and
- the revenue gained from the fee or charge is used to pay for the costs of the service and does not become part of the municipality's general revenues.<sup>a</sup>

Under section 391(3), the costs included in the fees may include costs incurred by the municipality related to administration and enforcement.

On November 12, 2019, the Municipal Council enacted Fees and Charges By-law A-55, which represented the Municipality's second multi-year Fees and Charges By-law. A multi-year Fees and Charges By-law aligns with the Municipal Council's Multi-Year Budget, allowing the Municipality and the public to be aware of any potential future changes to fees and charges related to the provision of service. Each year, amendments to the fees and charges were enacted by Municipal Council, with the final Fees and Charges By-Law A-58 enacted on October 17, 2022.

---

<sup>a</sup> Stephen Auerback, *Annotated Municipal Act*, 2nd ed (Carswell) at 391:1.

**1.4 Structure of this Report**

This report introduces four years of proposed fees and charges to align with the Municipal Council’s upcoming 2024-2027 Multi-Year Budget, beginning January 1, 2024. It introduces the fees in each service group, and highlights fees that are proposed to be changed compared to 2023 and year-to-year, whether discontinued, new, or increased, and provides rationales for the changes.

It is important to note that the City’s Multi-Year Budget is presented in a service-based structure. This approach maximizes the understandability of the budget by providing Council and the community with a consistent presentation of the costs of providing the City’s various services. As such, this report narrative, as well as the Fees and Charges Schedules in Appendix “A” and Appendix “B” are presented in a service-based structure consistent with the upcoming 2024-2027 Multi-Year Budget.

Appendix “A” to this report provides an overview, by summarizing all four years of fees with the percent change from 2023 and year by year, and by flagging the discontinued and new fees.

Appendix “B” to this report comprises the proposed by-law and the four schedules for the 2024-2027 fees and charges. The four schedules set out the final list of proposed fees and charges for each year, including new fees. Discontinued fees are removed. Schedule 1 sets out all the fees and charges proposed for 2024, Schedule 2 sets out all the fees and charges proposed for 2025, Schedule 3 for 2026, and Schedule 4 for 2027.

The format of the Fees and Charges Schedules in Appendix “B” complies with the *Accessibility for Ontarians with Disabilities Act (AODA)* and works with a screen reader. Each fee name includes the heading, the category, and the specific fee. The effective date of each fee is listed on its own line. For example:

	<b>2024</b>	
<b>Service/Activity</b>	<b>Effective Date</b>	<b>2024 Fee</b>
Aquatics, South London: Corporate	Jan. 1/24	\$171.00
Aquatics, South London: Corporate	Sept. 1/24	\$174.40
Aquatics, South London: Affiliates	Jan. 1/24	\$153.00
Aquatics, South London: Affiliates	Sept. 1/24	\$156.10

These schedules are posted to the City website to ensure the current fee list is accessible and transparent for the public. Each year, Civic Administration will bring forward a report that recommends amendments to the bylaw and list of fees. In 2024, the report will have three schedules (for 2025, 2026 and 2027); in 2025, the report will have two schedules, and in the 2026 the report will cover amendments for 2027 only. Each year has its own schedule so that the public can quickly find the current fee, and so that schedules for prior years can be removed from the website.

**2.0 Discussion and Considerations**

**2.1 Summary of 2024-2027 Multi-Year Fees and Charges Report**

This report narrative reviews fees in each service area, highlighting those that are proposed to change from the fee list published in 2023 and/or during the 2024-2027 period, as well as a high-level rationale for each change. New fees and discontinued fees will be indicated as well. In summary:

- New fees are proposed in the service areas of: Garbage, Recycling and Composting; Neighbourhood and Recreation Services; Building Approvals (moved from By-law); Animal Services; By-law Enforcement and Property Standards; Fire Services; Parking Services; Roadways; Corporate Services; and Public Support.
- Increased fees are proposed in the service areas of: Climate Change and Environmental Stewardship; Garbage, Recycling and Composting; Neighbourhood and Recreation Services; Animal Services; By-law Enforcement and Property Standards; Fire Services; Long Term Care; Parking Services; Roadways; Corporate Services; and Public Support.
- Discontinued fees are proposed in the service areas of Economic Development; Garbage, Recycling and Composting; Neighbourhood and Recreation Services;

Parks and Urban Forestry; Building Approvals; Animal Services; By-law Enforcement and Property Standards; Parking Services; and Corporate Services.

Appendix “A” sets out every proposed fee and charge for 2024-2027. Fees that are discontinued in the four-year period are noted, and new fees are flagged. The reference pages for each service group are noted in the heading.

## **2.2 Details and Rationale for 2024-2027 Multi-Year Fees and Charges**

The details below provide narrative context for the fees listed in Appendix “A”, with references to the relevant page numbers included in the title.

### **2.2.1 Centennial Hall (Appendix “A” pages 1-3)**

Centennial Hall is operated as a multi-purpose public venue that is used for dances, banquets, meetings, conventions, exhibitions, trade shows, craft shows, fashion shows, travel shows, etc. Centennial Hall user fees reflect the charges for Hall Rentals. There are 26 fees in total.

No changes are proposed for fees for Centennial Hall, noting that non-profit organizations will receive a reduced rate when they book in advance at least six events per calendar year and when they require a limited amount of set-up and maintenance.

### **2.2.2 Economic Development (Appendix “A” page 4-5)**

The 17 fees in this service area are all associated with Dundas Place, with only one proposed to change. The Dundas Place Street Vendor Pilot Program expired on March 31, 2023. No vendors came forward to participate in the program and no fees were collected. This program is discontinued, and applicable fees removed from the schedule.

### **2.2.3 Climate Change and Environmental Stewardship (Appendix “A” page 6)**

The total number of fees in this area is four and changes are proposed to one of them.

A 15 cent per hour increase to the fee for Electric Vehicle Charging is proposed to increase the rate of cost recovery and help lower operating costs.

The fees for Bike Lockers received approval from Council on June 6, 2023, when the decision was made to transition from an extended pilot project to a permanent program. While no fee increases are proposed, staff are recommending the duration of the free rental period be reduced from 2 hours to 1 hour.

### **2.2.4 Garbage, Recycling and Composting (Appendix “A” pages 7-11)**

The cost of fleet, materials, labour, and contracted services for all aspects of waste management has been increasing in recent years and that trend is expected to continue over the next four years. There are 45 fees in total for this area. Forty of them will be maintained and five will be discontinued in 2026. Several fee increases are proposed during the four-year period.

#### General Recycling and Composting Fees

An increase from \$1.50 to \$2.00 per bag of grass clippings is being proposed because fees have not increased since 2012. The cost of transferring grass clippings to the private composting facility and the cost of composting operations have increased by more than inflation. Likewise, the fees for a bag of residential garbage have not been adjusted since 2012 and an increase from \$1.50 to \$2.00 per bag will help offset inflationary pressures, including the increased cost of transportation to the landfill.

Increased fees for Woodchips, Compost, Compost/Soil Mix are proposed to be phased in over three years starting in 2025 to cover the increased cost of creating the products and transporting them to EnviroDepots. These fees are established by the EnviroDepot contractor and approved by the City of London.

### Blue Box Recycling and Composting Fees

On July 1, 2023, London started transitioning its Blue Box program to extended producer responsibility (EPR) which will see the majority of recycling costs paid by industry under the *Resource Recovery and Circular Economy Act, 2016*. As a result, five fees in Recycling and Composting will no longer be required as funding responsibility will be fully transitioned to industry on January 1, 2026. The impacted fees are:

- Recycling and Composting: Blue Box
- Recycling and Composting: Blue Box Processing
- Recycling and Composting: Recycling Carts
- Recycling and Composting: Multi-Residential Buildings - Additional or Return pick-up service requested
- Recycling and Composting: Multi-Residential Buildings – Twice per Week Collection

Prior to their elimination in 2026, increases are required to two of these fees, Recycling Carts and Multi-Residential Buildings - Additional or Return pick-up service requested, to reflect the increased cost of delivering the service.

### Garbage Collection and Disposal Fees

Increases are proposed for the following fees to help offset service cost increases as rates have not been adjusted in several years:

- Garbage Collection and Disposal, Waste Collection Fees: Garbage Tag (last increased in 2020)
- Garbage Collection and Disposal, Waste Collection Fees: Multi-Residential Buildings - Additional or Return pickup service requested (last increased in 2020)
- Garbage Collection and Disposal, Waste Collection Fees: Waste Management By-law WM-12, Part 12 Owner has failed to comply with WM-12, Part 12 (last increased in 2011)
- Garbage Collection and Disposal, Solid Waste Disposal Fees: Municipally controlled waste from adjacent separated municipalities (last increased in 2016)

Fee increases for garbage collection and disposal for multi-residential buildings were approved for implementation over a three-year period in the 2020 - 2023 Multi-Year Budget but implementation was deferred due to the pandemic. The 2023 increase was made, and an additional increase is proposed in 2024 in accordance with the approved approach to cost recovery for several fees shown on pages 7 and 8 of Appendix “A”. A new fee is also proposed (Garbage Collection and Disposal, Waste Collection Fees: Multi-Residential Buildings – First collection per week) as per the approval to move towards higher levels of cost recovery for this sector.

The EnviroDepot contractor has also requested annual increases to fees for Garbage Collection and Disposal, Drop-off Depot Fees, Renovation Materials: Small Load, Car Load, and Truck, Van, Small Trailer Load. These fees were adjusted in 2022 and an additional increase is required to offset inflationary pressures and service cost increases for the contractor, who retains the fees.

Council can expect a future report after the Environmental Assessment for the expansion of the W12A Landfill site is approved regarding the fees for Garbage Collection and Disposal, Solid Waste Disposal Fees: Municipally controlled waste from adjacent separated municipalities and Garbage Collection and Disposal, Waste from Outside Service Area accepted under Ministerial Order.

### **2.2.5 Neighbourhood and Recreation Services** (Appendix “A” pages 12-49)

User Fees for Neighbourhood and Recreation Services include fees for Aquatics, Arenas, Recreation Programs, Golf, Storybook Gardens, Community Gardens Special Events, and Sport Services. These fees represent a non-property tax funded cost recovery mechanism and serve as one of the principal funding mechanisms for the range of services in this area.

There are a total of 420 fees reflected in the submission for the 2024-2027 MYB, with ten (10) additional fees being proposed, 74 being discontinued, and 326 being increased.

The reduction in the number of fees is in part to try and make the fees less complicated for residents wanting to use the services and to improve the consistency in fee application. In some cases, the new Recreation Management online System did not permit the same fee setup from the old online system. In other cases, fees are being removed because those specific services are no longer provided, or the fee has not been utilized throughout the current MYB.

For the remaining fees in Neighbourhood and Recreation Services we propose an average 2% increase in each year of the 2024-2027 MYB, as detailed in Appendix "A". There are some fees where increases range from 1.7% to 5.6%, which is driven generally by smaller fees, such as drop-in fees, where the amounts were rounded to the nearest 25 cents to make it easier for customers paying cash, and for staff at point of sale.

This level of increase will help cover cost increases due to minimum wage increases (which was a 6.8% increase effective October 1, 2023) and general inflation.

### **2.2.6 Parks and Urban Forestry (Appendix "A" pages 50-54)**

Parks and Forestry has 28 fees in total. A total of 20 fees associated with the Boulevard Tree By-law or subdivision tree planting are being retained. The Boulevard Tree By-law fees cannot be changed without an update of that By-law. A total of eight fees are being discontinued, all of which are associated with the Tree Protection By-law.

There are no fee changes proposed in this service area. However, application fees that were associated with an old by-law, C.P.-1515-228, have been removed because this by-law was repealed and replaced by C.P.-1555-252, which does not have any application fees associated with it. Fees UF001 – UF019 are directly tied to the Boulevard Tree Protection By-law and the values included in the Appendix "A" are the same as those that are listed in the By-law. These fees are applied to circumstances where a City-owned tree is removed at the request of an abutting landowner. The fees increase by the size of the tree removed and are to cover costs associated with the removal, replanting, and loss of the infrastructure value. These charges are nominal and do not reflect full cost recovery. They are not indexed each year as this provision is not built into the current By-law. Fees UF020 – UF027 are legacy fees from the former Tree Protection By-law. Currently these fees are not being charged in order to encourage the use of applications. Fee UF028 is cost recovery for trees planted in new subdivisions, which is charged to developers along with an administrative fee.

### **2.2.7 Building Approvals (Appendix "A" pages 55-60)**

All 35 fees are listed in Appendix "A". No changes are proposed in this service area with one exception: the fee for Building Approvals (Subscriptions and Publications) - Plan Reproductions has been discontinued, as the service is no longer used.

In addition, fees related to Public Property Compliance were moved to this service area from By-law Enforcement and Property Standards because the fees are related to Building and not By-law Enforcement, so only new to this service area.

### **2.2.8 Development Services (Appendix "A" pages 61-70)**

In anticipation of significant changes upon completion of a review by a third-party consultant (anticipated Q1, 2024), no changes are proposed at this time to the fees in Development Services. All 72 fees are listed in Appendix "A". These fees are charged to cover some of the costs associated with the review and processing of development applications, and with work performed to process administrative application/document review related to development applications. The services performed are cost shared by applicants and taxpayers. Fees pay for approximately 25 percent of service delivery costs, while tax sources pay for the remaining 75 percent.

Three duplicate fees were identified to be removed from the list: Site Plan: Official Plan Amendment, Zoning By-law Amendment, and Combined Official Plan/ Zoning By-law Amendments.

Note that fees marked with "+" will be indexed annually commencing January 1, 2024. As per Amendments to Consolidated Fees and Charges By-Law A-58, the index value for fee increases are to be taken from the same index as Development Charges. The Construction Cost Index uses the 3rd quarter publication from Statistics Canada, available in November of each year. After the indexed rate is applied, as per By-law A-58, all fees are then rounded to the next highest dollar amount.

The City has undertaken two fee review studies: Building Permit Fees Review, and Planning Application Fees (including, Engineering Review and Inspections) Review. The City is currently working with Watson & Associates Economists Ltd. to develop two costing models to assess the full costs of processing development applications and to make fee structure recommendations to provide for reasonable full cost recovery. Industry partners are being engaged throughout this process.

**Building Permit Fees Review:** The objective of the Building Permit Fee Review is to review the current fee structure and to develop a model to recover the reasonable full costs of development review and provide financial stability for the delivery of these services. This will be assessed through the review and development of a full cost model (i.e., including direct, indirect and capital costs) for the City's use, and a detailed assessment of the building permit application review and inspections processes and efforts expended in this regard. The project will involve producing fee structure options for the following fee types: all existing building permit fees, as well as any new fees. The final report is anticipated in Q4 of 2023 and will consist of a description of the methodologies and process of the study, a staff capacity utilization analysis, cost and current fee performance analysis, full cost fee recommendations, review of the Building Permit Stabilization Reserve Fund status, comparisons with other peer municipalities, and implementation and future update policies.

#### **Planning Application Fees (including Engineering Review and Inspections)**

**Review:** The objective of the Planning Application Fee Review is to review the current fee structure and to develop a model to recover the reasonable full costs of development review and provide financial stability for the delivery of these services. This will be assessed through the review and development of a full cost model (i.e., including direct, indirect and capital costs) for the City's use, and a detailed assessment of the development review processes and efforts expended in this regard. The project will involve producing fee structure options for the following fee types: Official Plan & Zoning Amendments; Site Plans; Subdivisions; Condominiums; Pre-Consultation Fees; Engineering Review and Inspections (i.e., design review fees, water permit fee, environmental compliance & inspections fee for subdivisions and site plans); Heritage Alteration Permits; Consents and Minor Variances; and Other Minor Planning Fees. The final report is anticipated in Q1 of 2024 and will consist of a description of the methodologies and process of the study, a staff capacity utilization analysis, cost and current fee performance analysis, full cost fee recommendations, comparisons with other peer municipalities, and implementation and future update policies.

#### **2.2.9 Animal Services (Appendix "A" pages 71-89)**

Fees in Animal Services recover the costs of products, medication, programs and services such as spay and neuter procedures, and low income subsidies. Of the 153 fees in Animals Services, 32 are being discontinued in Low Income Subsidized Spay/Neuter programs because they are now either captured in spay-neuter packages, or the services are no longer offered. There are 98 fees proposed for an increase to keep them in line with the consumer price index. Depending on the cost of the service or program, the percent increase ranges from 2.9% - 100%. User fees did not increase from 2022 to 2023, while product prices increased from 9-15% per annum—meaning that many current fees are below cost.

#### **2.2.10 By-law Enforcement & Property Standards (Appendix "A" pages 90-96)**

There are 24 fees associated with the enforcement of municipal by-laws. The fees related to Public Property Compliance were moved out of this service area into Building Services with no change to the fee itself, and these are marked on Appendix "A" as discontinued. Also discontinued as of January 1, 2024, are Tow Truck Business and Impound Yard Storage Business Fees, because the province will be taking over the licensing of the towing industry on January 1, 2024.

Two new fees are proposed for CP-24 Property Standards By-Law Work Order Issuance, and PW-9 Yard Maintenance By-law Work Order Issuance. The proposed fees cover the costs of Order issuance.

Increases are proposed for 22 fees to stay in line with the consumer price index and to support additional by-law staffing resources. Depending on cost of the service or program, the proposed increase ranges from 2% to 40% to stay in line with the consumer price index and to support additional by-law staffing resources.

### **2.2.11 Fire Services** (Appendix “A” pages 97-100)

User fees for the London Fire Department (LFD) are separated into Fire Suppression and Fire Prevention, and include a total of 23 proposed fees, with 19 being maintained, three (3) being increased, and one (1) new fee being introduced. These fees represent a non-property tax funded cost recovery mechanism.

The fees being maintained, outlined in Appendix “A”, are consistent with other fire departments and include fees that support frontline services such as Fire Safety Plan Review, Fire Fighting Recruit Applications, Fire Investigation Reports, Fireworks Display Permits, Open Air Burn Permits, and False Alarms to name a few.

The new fee is proposed to recover the Structural Engineer Fees. A specialized Structural Engineer is required to review structures compromised by fire or other means to ensure the safety of personnel who may be required to enter the structure. The review will also include the details of how to make a compromised structure safe.

Rates for Fire Fighting, Emergency Services on any Municipal and Provincial Roads-Waterways-Railways-Properties for non-residents of London, will be increased on January 1, 2024, following any increase in the authorized Ministry of Transportation rate for Highway responses for:

- First Hour (per Fire vehicle);
- Additional 1/2 hour or part thereof (per Fire vehicle); and,
- Flat fee for responding where services not required.

### **2.2.12 Long-Term Care** (Appendix “A” page 101)

All seven fees related to Dearness Home adult day programs and long-term care are retained and listed in Appendix “A”.

Adult Day Programs, Community Seniors Programs, Day Programs: Client Fees per day are set by Home and Community Care Support Services (HCCSS).

Adult Day Programs, Community Seniors Programs, Day Programs: Baths and Foot Care fees are set by the City to offset staffing costs for these discretionary services. Reasonable fees sustain the program while maintaining affordability for clients.

Long-Term Care - Dearness Home, Sundry: Staff Escort to Medical Clinics up to 3 hours and after 3 hours fees are rarely charged, due to limited staff availability, but are retained at an affordable level for use in occasional, extraordinary circumstances.

Long-Term Care - Dearness Home, Sundry: Set-up and cleaning fees for room rentals at an affordable level offset staff costs and support the social life of residents.

The only fee increase proposed is Long Term Care-Dearness Home, Sundry: Hair Salon Rental Fees per month. This fee is driven by the City’s contract with the renter, which has increased by \$5. The proposed increase is from \$350 in 2023 to \$355 in 2024, with no increase for 2025-2027. A reasonable rental fee helps hairdressing charges remain affordable to residents.

As a general note, the fees for the types of resident accommodation offered at Dearness Home – Basic and Private – are set as provided for in the *Fixing Long-Term Care Act* and regulation. These rates are set annually on July 1st by the Ministry of Long Term Care.

### **2.2.13 Parking** (Appendix “A” pages 102-112)

The 90 fees in this service area cover on and off-street parking meter fees, residential parking permit fees, and online transaction fees.

The proposed increases to 85 fees will help recover the increased cost of maintenance and services.

The four fees for Parking Lots Municipally Operated: Lot #10 - Mill Street-John Street-St. George hourly, daily, monthly, annually, are proposed to be removed from the fee list. The Municipal Parking Lot Agreement for the City to take over this private lot was not reached.

The new fee for the Residential Parking Pass Program: First Residential Parking Pass and Second Residential Parking Pass Fees covers the administration costs of issuing parking passes for on-street parking in specified residential areas. The fee is per vehicle as many households have multiple vehicles.

#### **2.2.14 Roadways** (Appendix “A” page 113-114)

The Roadways section includes 12 fees that are used to recover costs associated with:

- Requested infrastructure operations work and traffic control to support activity in the road right-of-way;
- Pavement degradation charges to fund the additional road maintenance and reduced life expectancy as a result of excavations through the road pavement;
- Winter maintenance of unassumed subdivision streets if requested by the developer owner; and,
- Acquisition and provision of requested data.

Incremental increases to these fees are proposed to account for inflation and construction cost escalation.

One new fee is also being proposed: \$100 charge for requested traffic data studies. These studies are most often intersection traffic counts for the planning of private infrastructure and development. The proposed rate is less than the actual average cost of \$276, in recognition that the data collected may also be of use to the City in the management of the transportation system.

#### **2.2.15 Corporate Services** (Appendix “A” page 115-116)

There are 18 fees in total for Corporate Services, representing facilities property rentals, human resources room rentals, purchasing bidding documents fees, Realty Services contracts including the Woodhull Cemetery, Risk management administration fees, and technology printing charges.

The fee for Realty Services: Skate Sharpening Property Revenue (#RS008), is being moved with no changes to Recreation Services.

The fee for technology printing (#IT001) is proposed to be removed from the user fee list because it is not a fee charged to the public.

Twelve fees are being maintained as they are primarily based on negotiated contracts, percentage of claim amount, or amount of insurance premium.

Three fees for the Woodhull Cemetery are recommended for a \$50 annual increase from 2025 through to 2027 as the total fee increases are being phased-in over the 4-year period of the Multi-year budget to adequately cover the costs incurred by the City through the external contractor. The increases in fees for interments reflect the phase-in to fully recover the external contractor costs for interments that have not been covered by the fees charged to provide this service. A new fee is proposed for Standard Full Burial (#RS013) as this fee was incorrectly omitted from the by-law in past years and reflects the costs charged by the contractor.

#### **2.2.16 Corporate Planning and Administration** (Appendix “A” page 117)

No changes are proposed for the two fees in this service area, which includes fees related to Information and Archive Management.

#### **2.2.17 Council Services** (Appendix “A” page 118)

No changes are proposed to the seven fees in this service area, which includes fees related to the Municipal Election.

### **2.2.18 Public Support Services** (Appendix “A” pages 119-122)

There are 42 fees in total for Public Support Services. This service grouping represents fees charged for Taxation Services including tax certificates, property title searches, statements and returned cheques facilities, licensing and certificates such as boulevard parking, oaths, street closing fees, raffle, lottery, bingo and wedding licenses, death registration, and street encroachment agreements.

Thirty-seven fees are being maintained as they accurately reflect the cost recovery for those services.

The proposed increase of approximately 1.6% each year for tax certificates (#TA001) reflects the annual inflationary increase to cover the cost of the service. Annual increases are recommended, as a result of the 2019 Service Review - Analysis of Taxation User Fees which confirms that the City of London remains below the comparator average for this fee and the actual cost of providing the service.

The proposed increases of 0.9% annually for Property Title Searches Prior to Registration of Tax Arrears Certificates (#TA005) result from the annual increase of Ontario Land Services Fees.

Two new fees are proposed for Taxation to improve cost recovery for requests for payment redistribution (#TA016) and refunds of overpayments (#TA017). These user fees are also charged by comparable municipalities and are proposed because of the annual increase to transactions required that result in direct and indirect costs that currently have no cost recovery.

The only change related to Licensing & Certificates is the Street Closing – Appraisal Fee (# LC007) which is proposed to increase \$50 each year to reflect the actual costs incurred of providing an appraisal.

### **2.2.19 Financial Management** (Appendix “A” page 123)

This service grouping represents 10 fees related to Finance Supports, including additions to the tax roll, statement summary of outstanding invoices, returned items such as cheques, etc., retrieval of cashed accounts payable cheques and recovery of collection agency fees.

No changes are proposed for financial fees as they adequately represent the costs incurred.

## **3.0 Financial Impact/Considerations**

### **3.1 Impact of the proposed amendments on the Multi-Year Budget**

User fees are an important way for municipalities in Ontario to offset the cost of the services provided to Londoners, representing 5% of the City’s operating revenue. Depending on the service, this revenue source is intended to recover all or part of the costs associated with providing the service.

The fees and charges proposed here have a material impact and have already been factored into the budget that will be brought forward for Council’s consideration as part of the 2024-2027 Multi-Year Budget process.

## **4.0 Key Issues and Considerations**

### **4.1 Goals for Cost Recovery**

User fees help to recover some of the costs of City services, thus reducing the overall tax burden. Moreover, the Consolidated Fees and Charges By-law increases the City’s accountability and transparency to the public by listing all user fees in one by-law and by reviewing it in conjunction with the budget.

The Public Participation Meeting for user fees and services invites feedback from the public about the fees’ impact in the community. Each year, the fee list is reviewed and amended and the results are posted on the City website to ensure continued transparency and accountability.

A key consideration is whether the fees recover costs where possible and to the extent possible. When proposing updates to user fees and charges, service areas periodically survey users and best practices in other municipalities, in addition to reviewing the cost of services.

## **5.0 Conclusion**

The Civic Administration is recommending:

- a) New fees in the service areas of: Garbage, Recycling and Composting; Neighbourhood and Recreation Services; Building Approvals (moved from By-law); Animal Services; By-law Enforcement and Property Standards; Fire Services; Parking Services; Roadways; Corporate Services; and Public Support.
- b) Increased fees in the service areas of: Climate Change and Environmental Stewardship; Garbage, Recycling and Composting; Neighbourhood and Recreation Services; Animal Services; By-law Enforcement and Property Standards; Fire Services; Long Term Care; Parking Services; Roadways; Corporate Services; and Public Support.
- c) Discontinued fees in the service areas of Economic Development; Garbage, Recycling and Composting; Neighbourhood and Recreation Services; Parks and Urban Forestry; Building Approvals; Animal Services; By-law Enforcement and Property Standards; Parking Services; and Corporate Services.

All these fees and the proposed changes are incorporated into the attached By-law and Schedules comprising Appendix "B". Civic Administration is recommending the adoption of this by-law, effective January 1, 2024.

**Prepared, submitted and recommended by:**

**Michael Schulthess, City Clerk**

**Concurred by:**

**Anna Lisa Barbon, Deputy City Manager, Finance Supports**

Note	Note 1) Fee names marked with "+" will be indexed annually commencing January 1, 2024. As per Amendments to Consolidated Fees and Charges By-Law A-58, the index value for fee increases are to be taken from the same index as Development Charges. The Construction Cost Index uses the 3rd quarter publication from Statistics Canada, available in November of each year.										
Note	Note that after the indexed rate is applied, as per By-law A-58, all fees are then rounded to the next highest dollar amount.

## Appendix 'B'

Bill No.  
2023

By-law No. A-

A by-law to provide for Various Fees and Charges and to repeal By-law A-58, as amended, being "A by-law to provide for Various Fees and Charges".

WHEREAS subsection 5(3) of the *Municipal Act, 2001*, S.O. 2001, c. 25, as amended, provides that a municipal power shall be exercised by by-law;

AND WHEREAS section 9 of the *Municipal Act, 2001* provides that a municipality has the capacity, rights, powers and privileges of a natural person for the purpose of exercising its authority under this or any other Act;

AND WHEREAS section 10(1) of the *Municipal Act, 2001* provides that a municipality may provide any service or thing that the municipality considers necessary or desirable for the public;

AND WHEREAS section 10(2) of the *Municipal Act, 2001* provides that a municipality may pass by-laws respecting: in paragraph 7, Services and things that the municipality is authorized to provide under subsection (1);

AND WHEREAS section 391(1) of the *Municipal Act, 2001* provides that a municipality may impose fees or charges on persons:

- (a) for services and activities provided or done by or on behalf of it;
- (b) for costs payable by it for services and activities provided or done by or on behalf of any other municipality or any local board; and
- (c) for the use of its property including property under its control;

AND WHEREAS section 69 of the *Planning Act*, R.S.O. 1990, c.P.13, as amended, provides that council of a municipality may by by-law, establish a tariff of fees for the processing of applications made in respect of planning matters;

AND WHEREAS it is deemed expedient to pass this by-law;

NOW THEREFORE the Municipal Council of The Corporation of the City of London enacts as follows:

### **Part 1** **REPEAL OF BY-LAW A-58**

#### **1.1 Repeal of By-law A-58**

By-law A-58, as amended, being "A by-law to provide for Various Fees and Charges", passed in Open Council on October 17, 2022, is hereby repealed.

**Part 2**  
**APPROVAL OF FEES AND CHARGES**

**2.1 Fees and charges – approval**

The fees and charges listed in the column headed “Fee” on Schedules 1, 2, 3 and 4 of this by-law are approved and imposed for the associated “Service/Activity” commencing on the date set out in the column headed “Effective Date”.

**2.2 Fees and charges - taxes**

All fees and charges listed on Schedules 1, 2, 3 and 4 of this by-law are subject to applicable taxes.

**2.3 Fees and charges – administration and interest charges**

All fees and charges listed on Schedules 1, 2, 3 and 4 of this by-law may be subject to applicable administration charges and interest charges as set by The Corporation of the City of London.

**Part 3**  
**METHOD OF PAYMENT**

**3.1 Fees and charges - when payable**

The fees and charges, listed on Schedules 1, 2, 3 and 4 of this by-law, plus all applicable taxes, are due and payable:

- (a) at the time of the transaction for which the fee or charge is imposed; or
- (b) if subsection 3.1 (a) is not applicable, upon the due date specified in any invoice issued by The Corporation of the City of London to any person or party in connection with a fee or charge listed on Schedules 1, 2, 3 and 4 of this by-law.

**3.2 Fees, Charges and Penalties – how payable**

The fees and charges, listed on Schedules 1, 2, 3 and 4 of this by-law, can be paid by debit (where available), cash, certified cheque, credit card (where available) or by any other manner authorized by the respective City of London Service Area.

**3.3 Collection – unpaid invoices**

Fees and charges listed on Schedules 1, 2, 3 and 4 of this by-law and imposed on a person or party, constitute a debt of the person or the party to The Corporation of the City of London. Where there is statutory authority to do so, the City Treasurer may add fees and charges imposed by this by-law to the tax roll for the property in the same manner as municipal taxes.

**Part 4  
ENACTMENT**

**4.1           Effective date**

This by-law comes into force and effect on January 1, 2024, subject to the provisions of PART VI.1 of the *Municipal Act, 2001*.

PASSED in Open Council on November 28, 2023, subject to the provisions of PART VI.1 of the *Municipal Act, 2001*.

Josh Morgan  
Mayor

Michael Schulthess  
City Clerk

First Reading – November 28, 2023  
Second Reading – November 28, 2023  
Third Reading – November 28, 2023

Note 1) Fee names marked with "+" will be indexed annually commencing January 1, 2024. As per Amendments to Consolidated Fees and Charges By-Law A-58, the index value for fee increases are to be taken from the same index as Development Charges. The Construction Cost Index uses the 3rd quarter publication from Statistics Canada, available in November of each year.

Note that after the indexed rate is applied, as per By-law A-58, all fees are then rounded to the next highest dollar amount.

Note 1) Fee names marked with "+" will be indexed annually commencing January 1, 2024. As per Amendments to Consolidated Fees and Charges By-Law A-58, the index value for fee increases are to be taken from the same index as Development Charges. The Construction Cost Index uses the 3rd quarter publication from Statistics Canada, available in November of each year.

Note that after the indexed rate is applied, as per By-law A-58, all fees are then rounded to the next highest dollar amount.

Note 1) Fee names marked with "+" will be indexed annually commencing January 1, 2024. As per Amendments to Consolidated Fees and Charges By-Law A-58, the index value for fee increases are to be taken from the same index as Development Charges. The Construction Cost Index uses the 3rd quarter publication from Statistics Canada, available in November of each year.

Note that after the indexed rate is applied, as per By-law A-58, all fees are then rounded to the next highest dollar amount.

**To:** SPPC <sppc@london.ca>

**Cc:** Woolsey, Heather <hwoolsey@London.ca>

**Subject:** [EXTERNAL] SPPC Meeting - NOV 21 - Public MTG ITEM # 3.1 Fees & Charges - Added Agenda

Clerk's Office Team – Please post to public record & distribute to full SPPC ( Full Council ) as added agenda for Agenda Item # 3.1 - Fees & Charges with my full approval.

Mayor Morgan ( Chair ) – SPPC – Council Members . Please consider this added agenda as feedback and recommendation going forward on the % increases proposed for the “ Renewal - Residential Rental License “ contained in this 331 Pg . report.

- The proposed increase is \$15 over next 3 calendar years based on a base rate of \$ 55 in 2024 which I just paid. This starts with a \$5 increase for year 1 – a 9.1 % increase .
- Please respect that most existing ( renewal ) residential licenses ( not high rises ) have been under Provincial Rental Control umbrella for over 6 – 7 years with a range of approved increases from 1 % - 2.5 % increase max per year.
- No one is moving in this residential category except the annual migration of Fanshawe & UWO Students a 20 % slice of the market only. We can't pass this level of rental license increase on with rent increases .
- I know many at City Hall expect a large increase in the now annual 5500 Residential Apartment Licenses based on “ More Homes More Housing “ initiatives and same as the 1980's the massive increase in residential mortgage payments . Add a unit and save your house ! Please do not discourage this with increases here as the added volume of licenses will pave the way to more revenue.
- No disrespect to License Office Staff , but believe me the current “ License Renewal Business Process “ is snail mail paper only business process with all the hall marks of a 2001 not 2023 – 24. I have to WRITE MY CREDIT CARD ## on the Rental Renewal form to submit or dictate same on the phone to staff or burn carbon & come to pay @ debit card . I can book a round of golf with more “ variables “ in less than 1 minute with greater credit security. This is not becoming of “ Well Run City “ .

**RECOMMENDATION GOING FORWARD :**

- Approve not more than a 2.5 % increase annually going forward the high range of the Provincial Rental Increase band for years.
- I ask one Councillor to motion an action item for City of London staff to move the “ Residential Rental License Renewal “ process to the “ Citizens Portal “ just like our Building License Approval process and automate this simple process . The License Office has had the vendor software by their account for over 3 years just like other cities , but they can't get priority air time it appears @ the senior business / software staff to implement . THIS IS EXACTLY WHAT ASSESSMENT VALUE GROWTH should be used , improving our well run city & empower your people to improve customer service , quality & efficiency.

THXS for your consideration >. Chris Butler

## Report to Strategic Priorities and Policy Committee

**To:** Chair and Members  
Strategic Priorities and Policy Committee

**From:** Kelly Scherr, P.Eng., MBA, FEC  
Deputy City Manager, Environment & Infrastructure

Anna Lisa Barbon, CPA, CGA  
Deputy City Manager, Finance Supports

**Subject:** 2024 Water and Wastewater Rates

**Date:** November 21, 2023

### Recommendation

That, on the recommendation of the Deputy City Manager, Environment & Infrastructure and the Deputy City Manager, Finance Supports, the following actions be taken with respect to the 2024 Water and Wastewater rates and charges:

- a) the proposed attached by-law (Appendix “A”) to amend By-law WM-28 being “A by-law for regulation of wastewater and stormwater drainage systems in the City of London” **BE INTRODUCED** at the Municipal Council meeting to be held November 28, 2023 to effect rates and charges increases of 4.0 percent for wastewater and stormwater services effective January 1, 2024; and,
- b) the proposed attached by-law (Appendix “B”) to amend By-law W-8 being “A by-law to provide for the Regulation of Water Supply in the City of London” **BE INTRODUCED** at the Municipal Council meeting to be held November 28, 2023 to effect rates and charges increases of 2.5 percent for water services effective January 1, 2024.

### Executive Summary

2023 is the final year of the 2020-2023 Multi-Year Budget process with the new 2024-2027 Multi-Year Budget to be released in December 2023 and approved in March 2024. Consistent with the previous multi-year budget, water and wastewater rate changes are recommended in advance of approval of the 2024-2027 Water and Wastewater Budgets. The rate is approved in advance of the conclusion of the budget process to ensure the revenue related to the rate increase corresponds with the budget’s fiscal year. If Council chooses to make significant changes to the water or wastewater budgets during budget deliberations, the rate would be re-adjusted in spring 2024.

The most recent Water Financial Plan completed in 2020 included 2.5% annual rate increase projections moving forward and this continues to be supported for 2024 based on updated financial projections. For the wastewater rate, which includes wastewater collection and treatment and stormwater management, an increase of 4.0% is recommended for 2024. This is due to higher than anticipated inflation in recent years and projected reserve fund balances.

### Linkage to the Corporate Strategic Plan

This recommendation supports the following 2023-2027 Strategic Plan areas of focus:

- Climate Action and Sustainable Growth:
  - The infrastructure gap is managed for all assets
  - London’s infrastructure is built, maintained, and secured to support future growth and protect the environment;

- Well-Run City
  - London’s finances are maintained in a transparent, sustainable, and well-planned manner, incorporating intergenerational equity, affordability and environmental, social, and governance considerations.

## 1.0 Background Information

### 1.1 Previous Reports Related to this Matter

## 2.0 Discussion and Considerations

### 2.1 Discussion

London’s rates and forecasts for rates are based on expenditure projections outlined in the upcoming 2024-2027 Multi-Year Budget and the 20-year water and wastewater capital plans. Future rate increases are updated each budget cycle (and reviewed annually during each budget update) and are generally consistent with the approved Water Financial Plan that was updated and submitted to the Ministry of Environment and Climate Change in 2020.

The following tables outline prior year approved rate increases for the 2020-2023 Multi-Year Budget period, along with recommended rate increases for the upcoming 2024-2027 Multi-Year Budget cycle, noting that approval for 2024 rate increases only are the subject of this report. Rate increases for 2025 through 2027 will be brought forward in 2024 pending approval of the 2024-2027 Water and Wastewater Budgets.

#### Previously Approved Rate Increases

	2020	2021 <sup>1</sup>	2022	2023
Water	2.5%	2.5%	2.5%	2.5%
Wastewater	2.5%	5.2%	2.5%	2.5%

Note 1: The 2021 Wastewater and Treatment rate increase included a 2.5% increase effective January 1, 2021, with an additional 2.7% rate increase effective July 1, 2021 associated with the transfer of a portion of the Conservation Authorities’ costs from the property tax supported budget to the wastewater budget, as approved through the 2020-2023 Multi-Year Budget process.

#### Recommended Rate Increases

	2024	2025	2026	2027
Water	2.5%	2.5%	2.5%	2.5%
Wastewater	4.0%	4.0%	4.0%	4.0%

The following sections address several of the factors that influence water and wastewater rates.

## Water Consumption

Despite the implementation of a new water and wastewater rate structure in March 2013, which shifted a greater proportion of total revenues to fixed charges, revenues continue to be heavily influenced by water consumption volumes. Previously, the trend across Ontario has been an overall decrease in residential water consumption. This was attributed to new construction with more efficient water fixtures, retrofitting of inefficient fixtures, and conservation efforts. However, water consumption for London has been on an upward trend since 2015 due to growth in all sectors. This trend is expected to remain consistent over the next multi-year budget period.

Figure 1:

Although water conservation efforts across the City continue to reduce per capita water consumption, the growth in the number of customers appears to have overtaken the impacts of reduced consumption resulting in a net increase in consumption.

## Recent Rates of Inflation

As Canada's economy has emerged from the pandemic, inflationary pressures developed in 2021 and 2022 and have persisted through 2023. The Consumer Price Index (CPI) is one of the most watched and reported measures in Canada as it relates to inflation. While not necessarily indicative of the nature of goods and services purchased by a municipality (and specifically the Water and Wastewater & Treatment services), this index represents changes in prices as experienced by Canadian consumers and is a general barometer of inflationary pressures in the economy. The CPI target range for the Bank of Canada continues to be one to three percent. Levels of inflation have fallen from a peak of 8.1% in the summer of 2022 to 3.8% in September 2023, however inflation may be more persistent than originally predicted. The Bank of Canada is forecasting for CPI to increase at an annual average of 3.7% in 2023. In comparison, the average annual increase was 6.8% in 2022, 3.4% in 2021, and 0.7% in 2020.

Given the capital-intensive nature of the Water and Wastewater & Treatment services, construction prices are also informative to illustrate the inflationary pressures facing the utilities. Of particular importance to the City of London is the Non-Residential Building Construction Price Index, which is presented in Figure 2 for the Q1 2021 to Q2 2023 period.

Figure 2:

This graph represents a striking change in the construction environment since the approval of the 2020 to 2023 Multi-Year Budget. Capital projects in the City’s 10-year capital plan did account for inflation; however, the 2.4% factor used during 2020-2023 Multi-Year Budget development has been significantly outpaced. As a result, many projects in the 10-year capital plan for lifecycle renewal, growth, and service improvement do not fully reflect the funding requirements to complete the projects as originally planned. Rates increases for the 2024 to 2027 period will need to reflect the updated costing of the utilities’ capital plans and associated financing requirements.

While inflation may be showing signs of easing (albeit still at elevated levels), it should be noted that long term construction price deflation (i.e. falling construction prices) is very rare and typically only seen during significant economic downturns. Pausing or deferring capital projects in this environment may not reduce our future costs with respect to the City’s capital works and may in fact have detrimental effects on London’s economic recovery. Additionally, deferring a significant number of capital projects would likely cause operational issues as projects stack up in future years, calling into question the ability to execute many deferred projects in a compressed period.

**Purchase of Water Costs**

The cost of purchasing water from the Lake Huron and Elgin Area Primary Water Supply Systems is a significant component of the Water budget, comprising approximately 30% of the overall total Water budget. The water financial model includes the most up-to-date rate forecasts from the water boards, including the currently approved 5% and 3.5% rate increases for 2024 for the Huron and Elgin systems respectively.

**Energy Prices**

Although inflation is a significant factor in current and future rate forecasts, price increases in energy commodities – specifically electricity and natural gas – could have a significant impact on future rate forecasts as they are a relatively large component (approximately 10%) of Wastewater operating expenditures (excluding financial expenses) and have historically increased at rates higher than general inflation trends (6-10%). Energy conservation improvements have been made through energy efficiency work at major reservoirs and pumping stations and the installation of the Organic Rankine Cycle engine which recovers waste heat at the Greenway Pollution Control Plant. The energy price variability continues to pose a significant financial risk and will continue to be monitored over the next multi-year budget period.

**Infrastructure Gap**

The capital needs of the Water and Wastewater & Treatment systems continue to be significant drivers of current and future rate increases. The City of London’s 2023

Corporate Asset Management Plan identified that the value of the City’s water, wastewater, and stormwater systems is \$20.7 billion and represents 73% of the replacement value of the City’s assets. The Corporate Asset Management Plan identified the following infrastructure gaps (as of 2022) related to water, stormwater, and wastewater infrastructure:

	Infrastructure Gap to Maintain Current Levels of Service (\$000’s)	Infrastructure Gap to Achieve Proposed Levels of Service (\$000’s)
Water	None	None
Sanitary	\$57,685	\$58,185
Stormwater	\$9,158	\$11,358

The water, wastewater, and stormwater portion of the City’s overall infrastructure gap to maintain current levels of service is a relatively small proportion at 7% of the City’s total infrastructure gap to maintain current levels of service. A further discussion of the Corporate Asset Management Plan’s recommendations and the implications on the water and wastewater financial plans will be provided in the multi-year water and wastewater budget document.

**Maintaining Adequate Reserve Fund Balances**

It is critical that water and wastewater reserve fund balances are maintained at sufficient levels to support the renewal and enhancement needs of this significant asset base, smooth out capital budget pressures and provide a funding source for unforeseen expenditures. Maintaining adequate reserve fund balances is also important to ensuring the financial flexibility to manage future strategic investments as well. The target balances for the Water Works Renewal Reserve Fund and Sewage Works Renewal Reserve Fund (which are the two primary capital reserve funds) have been set at an amount equal to one year’s average annual lifecycle renewal capital budget based on the current ten-year capital plan, consistent with the City’s other capital asset renewal and replacement reserve funds. This would represent a target reserve fund balance of at least \$53 million for Water and \$71 million for Wastewater, noting that reserve fund balances fluctuate from year-to-year and these represent long-term targets to work toward over a period of time. These targets, and the progress towards achieving them, will be regularly reviewed alongside the Corporation’s full suite of capital asset renewal and replacement reserve funds.

**Water Financial Plan**

Ontario Regulation 453/07 *Financial Plans* under the *Safe Drinking Water Act, 2002* mandates the preparation of a Financial Plan as part of the Municipal Drinking Water License program. This regulation was designed by the Ministry of the Environment in response to Justice Dennis O’Connor’s Walkerton Inquiry recommendations. The intent is to ensure that municipalities plan for the long-term financial sustainability of their drinking water systems. The Financial Plan must be updated prior to the renewal of a municipal drinking water license every 5 years. London’s Water Financial Plan was last updated in April 2020. The Financial Plan will be updated to include the outcome of the Multi-Year Budget deliberations and will be brought forward to a future meeting of the Civic Works Committee.

**Customer Impact**

The impact to the average residential customer of a 2.5% increase in Water rates and 4.0% increase in Wastewater rates is summarized below. Note that the Storm and Sanitary rates are combined as the Wastewater rate.

	Budgeted Residential Cost at 2023 Rates <sup>(1)</sup>	2024 Increase	Forecast Residential Cost at 2024 Rates
Water	\$537	\$13	\$550
Sanitary	\$458	\$18	\$476
Storm	\$221	\$10	\$231
<b>Total</b>	<b>\$1,216</b>	<b>\$41</b>	<b>\$1,257</b>

Subject to rounding

Note 1: The budgeted residential cost is based on an average residential consumption of 200 m<sup>3</sup> (2022 BMA Municipal Study).

The following figures show the 2022 annual cost of water and sanitary services in other municipalities which can be compared to the recommended 2024 cost for London inclusive of the impacts of the recommended 2.5% increase in water rates and the 4% increase in wastewater rates. The estimated 2024 cost to the average user based on recommended 2024 rates remains below the average 2022 costs for other comparator municipalities. Note that the following graphs exclude stormwater costs, as some other municipalities recover these costs from property taxes rather than wastewater charges.

Figure 3: Comparison of Average Annual Residential Water and Wastewater Costs (excludes stormwater charges)

Source: 2022 BMA Study

Note: The “London - 2024” bar reflects the recommended 2024 rate increases of 2.5% and 4% for water and wastewater respectively. It also excludes the customer assistance charge of \$0.25 per month which is factored into the Customer Impact table above, as this charge is not included in other municipalities’ charges.

Figure 4: Comparison of Average Annual Industrial Water and Wastewater Costs (excludes stormwater charges)

Source: 2022 BMA Study

### 3.0 Next Steps

The 2024-2027 Multi-Year Budget will be released in December 2023 and approved in March 2024. The 2024 water and wastewater rates are approved in advance of the conclusion of the budget process to ensure the revenue related to the rate increase corresponds with the budget’s fiscal year. If Council chooses to make significant changes to the water or wastewater budget during budget deliberations the rate would be re-adjusted in spring 2024.

Rate increases for the remainder of the Multi-Year Budget period (2025 through 2027) will be brought forward in 2024 and will reflect any rate impacts of the decisions made during the budget process.

## Conclusion

The recommended 2024 rate increases are the result of a comprehensive re-evaluation of the 20-year water and wastewater plans including the review of servicing strategies and adjusting for recent higher rates of inflation. With the completion of the 2023 Corporate Asset Management Plan, the infrastructure gap remains manageable and is relatively low compared to other corporate asset classes. London’s water and wastewater rates remain extremely competitive with comparable municipalities. The recommended water and wastewater rates provide an excellent value to the citizens of London and a competitive advantage for the City’s industrial, commercial, and institutional customers.

By-Law

Appendix B: Water Rates and Charges Amendment By-Law

## Appendix A

Bill No.  
2023

By-law No. WM-28 - \_\_\_\_\_

A by-law to amend By-law WM-28 being “A by-law for regulation of wastewater and stormwater drainage systems in the City of London”, as amended, by providing for an increase in the rates and charges.

WHEREAS subsection 5(3) of the *Municipal Act, 2001*, S.O. 2001, c.25, as amended, provides that a municipal power shall be exercised by by-law;

AND WHEREAS section 11 of the *Municipal Act, 2001*, provides for a municipality to pass by-laws respecting matters within the sphere of jurisdiction, including Public Utilities, which includes systems to provide for services relating to sewage, which is defined to include wastewater and stormwater and other drainage from land and commercial wastes and industrial wastes that are disposed of in a sewage (wastewater or stormwater) system;

AND WHEREAS subsection 391(1) of the *Municipal Act, 2001* provides that a municipality may impose fees or charges on persons:

- (a) for services and activities provided or done by or on behalf of it;
- (b) for costs payable by it for services and activities provided or done by or on behalf of any other municipality or local board; and
- (c) for the use of its property including property under its control;

AND WHEREAS it is deemed expedient to pass this by-law;

NOW THEREFORE the Municipal Council of The Corporation of the City of London enacts as follows:

1. That By-law WM-28 being “A by-law for regulation of wastewater and stormwater drainage systems in the City of London”, as amended, be amended by deleting Schedule “A” – Wastewater and Stormwater Charges in its entirety and by replacing it with a new Schedule “A” – Wastewater and Stormwater Charges attached to this by-law as Schedule “A”.
2. This by-law comes into force and effect on January 1, 2024.

PASSED in Open Council on November 28, 2023.

Josh Morgan  
Mayor

Michael Schulthess  
City Clerk

First Reading – November 28, 2023  
Second Reading – November 28, 2023  
Third Reading – November 28, 2023

**SCHEDULE “A”  
WASTEWATER AND STORMWATER CHARGES**

This Schedule should be read in conjunction with Wastewater and Stormwater By-law, Drainage By-law and Waste Discharge By-law.

**1. Monthly Wastewater Usage Charges**

A Wastewater Usage Charge shall be based on the amount of Water consumption on a per cubic metre basis for each respective Water Meter at the rates as indicated in the table below. Where a Customer has an approved Flow Monitor, the monthly Wastewater Usage Charge will be based on that volume. The total monthly Wastewater Usage Charge is the sum of usage in all blocks at the rate for each block.

<b>Range within Block (m<sup>3</sup>)</b>	<b>Monthly Water Consumption (m<sup>3</sup>)</b>	<b>January 1, 2024 Rate (\$/m<sup>3</sup>)</b>
0 - 7	First 7	\$0
8 - 15	Next 8	\$2.3583
16 -25	Next 10	\$3.0321
26 - 35	Next 10	\$3.3690
36 - 250	Next 215	\$1.2799
251 - 7,000	Next 6,750	\$1.2129
7,001 - 50,000	Next 43,000	\$1.1050
50,001+	Over 50,000	\$0.9838

**2. Monthly Wastewater Fixed Charges**

Wastewater Fixed Charges shall be the infrastructure connection charge based on the Meter or Flow Monitor size as shown in the table below.

<b>Meter Size (mm)</b>	<b>January 1, 2024 Monthly Charge (\$)</b>
16	\$15.78
19	\$23.64
25	\$39.42
40	\$78.82
50	\$126.11
76	\$275.87
100	\$472.89
150	\$1,103.45
200	\$1,891.60
250	\$2,365.19

### 3. Monthly Stormwater Fixed Charges

Stormwater Fixed Charges shall be the infrastructure connection charge as shown in the table below.

<b>Property Type &amp; Size</b>	<b>January 1, 2024 Storm Drainage Charge</b>
Residential, Land area equal to or below 0.40 hectares without storm sewer within 90m of property	\$14.45 <b>(\$/Month)</b>
Land area equal to or below 0.40 hectares	\$19.22 <b>(\$/Month)</b>
Land area above 0.40 hectares	\$159.99 <b>(\$/hectare/Month)</b>

### 4. Miscellaneous Rates and Charges

#### 4.1 Frontage Charge

A Frontage Charge shall be levied as shown in the table below.

<b>Type of Sewer Connection</b>	<b>January 1, 2024 Frontage Charge (\$ per metre of calculated frontage)</b>
Sanitary Sewer	\$293.36
Storm Sewer – Residential	\$271.58
Storm Sewer – All Lands, excluding Residential	\$543.19

#### 4.2 Private Drain Connection (PDC) Charges

<b>Services provided by the Engineer – single detached residential, low density residential dwellings</b>	Each PDC <b>(\$)</b>
<u>Repair or replace existing PDC – no construction</u> the repair or replacement of an existing private drain connection	\$5,750.00

#### 4.3 Hauled Liquid Waste Disposal

The Hauled Liquid Waste Disposal charge shall be levied based on the volume of waste at the rate shown in the table below.

<b>Type of Waste</b>	<b>January 1, 2024 Rate (\$ per 1,000 litres)</b>
Hauled Liquid Waste, excluding Leachate	\$16.69
Leachate	\$30.76

#### 4.4 High Strength Sewage Service Charge

The High Strength Sewage Service charge shall be levied based on the volume of Wastewater measured by a Meter or Flow Monitor approved by the Engineer at the rate shown in the table below.

<b>Type of Service</b>	<b>January 1, 2024 Rate (\$ per m<sup>3</sup>)</b>
High Strength Sewage Service	\$0.774

## Appendix B

Bill No.  
2023

By-law No. W-8-\_\_\_\_\_

A by-law to amend By-law W-8 being “A by-law to provide for the Regulation of Water Supply in the City of London”, as amended, by providing for an increase in the rates and charges.

WHEREAS subsection 5(3) of the *Municipal Act, 2001*, S.O .2001, c.25, as amended, provides that a municipal power shall be exercised by by-law;

AND WHEREAS section 11 of the *Municipal Act, 2001*, provides for a municipality to pass by-laws respecting matters within the sphere of jurisdiction, including Public Utilities which incorporates a system that is used to provide water services for the public;

AND WHEREAS subsection 391(1) of the *Municipal Act, 2001* provides that a municipality may impose fees or charges on persons:

- (a) for services and activities provided or done by or on behalf of it;
- (b) for costs payable by it for services and activities provided or done by or on behalf of any other municipality or any local board; and
- (c) for the use of its property including property under its control;

AND WHEREAS it is deemed expedient to pass this by-law;

NOW THEREFORE the Municipal Council of The Corporation of the City of London enacts as follows:

1. That By-law W-8 being “A by-law to provide for the Regulation of Water Supply in the City of London”, as amended, be amended by deleting Schedule “A” – Water Rates and Charges in its entirety and by replacing it with a new Schedule “A” – Water Rates and Charges attached to this by-law as Schedule “A”.
2. This by-law comes into force and effect on January 1, 2024.

PASSED in Open Council on November 28, 2023.

Josh Morgan  
Mayor

Michael Schulthess  
City Clerk

First Reading – November 28, 2023  
Second Reading – November 28, 2023  
Third Reading – November 28, 2023

**SCHEDULE “A”  
WATER RATES AND CHARGES**

**1. Monthly Water Usage Charges - Water rates**

The Water consumed on all properties in the City shall be charged on a per cubic metre basis for each respective Meter at the rates as indicated in the table below. The total monthly Water Usage Charge is the sum of usage in all blocks at the rate for each block.

<b>Range within Block (m<sup>3</sup>)</b>	<b>Monthly Water Consumption (m<sup>3</sup>)</b>	<b>January 1, 2024 Rate (\$/m<sup>3</sup>)</b>
0 - 7	First 7	\$0
8 - 15	Next 8	\$2.5464
16 -25	Next 10	\$3.2739
26 - 35	Next 10	\$3.6377
36 - 250	Next 215	\$1.3824
251 - 7,000	Next 6,750	\$1.3095
7,001 - 50,000	Next 43,000	\$1.1933
50,001+	Over 50,000	\$1.0623

**2. Monthly Water Fixed Charges**

Water monthly fixed charges shall be the sum of infrastructure connection charge, fire protection charge and customer assistance charge (as applicable) as noted in the tables below.

**2.1 Infrastructure Connection charge**

All Customers shall be charged an infrastructure connection charge based on the Meter size as shown in the table below.

<b>Meter Size (mm)</b>	<b>January 1, 2024 Monthly Charge (\$)</b>
16	\$17.88
19	\$26.81
25	\$44.69
40	\$89.40
50	\$143.03
76	\$312.87
100	\$536.35
150	\$1,251.50
200	\$2,145.41
250	\$2,681.90

## 2.2 Fire Protection Charge

All Customers shall be charged a fire protection charge as shown in the table below.

Property Classification	January 1, 2024 Monthly Charge (\$)
Residential and Low-density Residential	\$1.83
Institutional, Commercial, Industrial, Medium-density Residential, High Rise under 5.0 hectares	\$12.26
Institutional, Commercial, Industrial, Medium-density Residential, High Rise 5.0 hectares and over	\$61.31

## 2.3 Customer Assistance Charge

All Residential individually metered Customers shall pay the charges as noted in the table below to provide funding for low income crisis support, low income crisis prevention and the customer assistance program.

Property Classification	Monthly Charge (\$)
Residential	\$0.25

## 3. Miscellaneous Water Rates and Charges

### 3.1 Temporary connection charges for construction

Temporary connection charges shall be charged as shown in the table below.

Building Type	January 1, 2024 Charge (\$)
Single Family	\$66.23
Duplex	\$66.23
Up to 4 Units	\$82.75
5 to 10 Units	\$124.05
11 to 15 Units	\$165.45
16 to 20 Units	\$206.88
21 to 25 Units	\$249.06
26 to 30 Units	\$289.52
31 to 35 Units	\$331.06
36 to 40 Units	\$372.43
41 to 50 Units	\$413.75
Over 50 Units	\$8.38 per unit
Other Buildings	\$16.84 per 93 m <sup>2</sup> of floor space (min charge \$42.08)

### 3.2 Main Tap charges

Main Tap charges shall be charged as shown in the table below.

Type of Main Tap	January 1, 2024 Charge (\$)
Tap size 50 mm or less	\$397.31
Tap size greater than 50 mm	\$794.64

Tapping concrete Mains or tap size of greater than 300 mm	\$2,383.91
---	------------

### 3.3 Miscellaneous Charges

Miscellaneous charges shall be as noted in the table below.

Service or Activity	January 1, 2024 Charge
Change of occupancy/ Account set-up/ Security deposit	As set by London Hydro
Late payment	As set by London Hydro
NSF cheques	As set by London Hydro
Collection charges	As set by London Hydro
Bulk Water User charges Cost of Water per 1,000 litres	\$4.25
Inspecting Waterworks installations/ disconnections	\$147.08 per hour
Disconnection of Water Service During regular hours After regular hours	\$35.88 \$189.63
Arrears Certificate charges (non-payment/arrears)	As set by and payable to London Hydro
Disconnect and Reconnect Meter at customer request 16 and 19 mm 25 mm and larger	\$139.99 \$279.99
Install Water Meter and Remote Read-Out Unit at customer request 16 and 19 mm 25 mm and larger	\$339.43 Time and material
Repair damaged Water Meter 16 and 19 mm 25 mm and larger	\$260.22 Time and Material
Meter checked for accuracy at customer's request and found to be accurate 16 and 19 mm 25 mm and larger	\$299.82 \$446.91
Builder and Developer Frontage Charges: (based on actual frontage which directly abuts City right-of-way) Residential (maximum 50 metres) Commercial, Institutional and Industrial	\$258.65 per metre \$275.11 per metre
Illegal Hydrant Connection	\$848.56/offence + water Consumption
Temporary Hydrant Connection Hydrant connection/disconnection Hydrant occupancy Water consumption	\$436.68 \$45.26/week

<b>Service or Activity</b>	<b>January 1, 2024 Charge</b>
Minimum charge (up to 300 m <sup>3</sup> )	\$1,243.82
All additional m <sup>3</sup>	\$4.15/m <sup>3</sup>
Water Meter Installation Options (by application):	
Radio Device Wired to Outside of House	No Charge
Touch Pad Wired Outside of House	Materials
Meter Pit Installation	Time and Material (\$2,500.00 deposit)
Valve Rod Extensions (by length):	
2 Foot	\$74.64
2 1/2 Foot	\$76.07
3 Foot	\$77.46
3 1/2 Foot	\$78.89
4 Foot	\$80.30
4 1/2 Foot	\$81.74
5 Foot	\$83.15
5 1/2 Foot	\$84.57
6 Foot	\$85.99
6 1/2 Foot	\$87.40
7 Foot	\$88.81
7 1/2 Foot	\$90.23
8 Foot	\$91.67
9 Foot	\$94.48
10 Foot	\$97.32

# Innovation in action.

Our experiences engaged more than **5,000** innovators, entrepreneurs, thought-leaders and industry experts in FY2023. Hosting bold initiatives, we empower them to connect, learn and grow.

## Venture Growth Advising

GROW Accelerator, i.d.e.a. Fund, London Innovation Challenge, Proteus Innovation Competition

---

## Industry

Masterclasses, Fireside Chats, Founders House, Micro-Placements in Tech, Circles

---

## Talent

Tech Talent Exchange, The Roster, Job Board, Tech Connect for Newcomers

---

## Community

Limitless, Smashing Barriers, Jingle & Mingle, Summer Shaker, Patio Lanterns

# Elevating experiences.

## Smashing Barriers

In the spirit of prioritizing diversity, addressing equity, committing to inclusion and recognizing that there are barriers still to remove, Women in Communications & Technology, BBB, LEDC, London Chamber of Commerce, and TechAlliance proudly presented an inspiring in-person evening with **Erin Bury**, CEO of Willful, calling more than **125** women and allies to action.

# Amplifying London.

## Limitless Awards

A celebration of regional innovation, Limitless put a spotlight on the forward-thinkers, progressive work environments, and breakthrough innovations, representing this year's triumphs including young emerging founders, and unicorn companies in the making. Award recipients included **Marlow, LBMX, Mobials, Tenomix, and Food Security Structures Canada.**

# Activating funding for prosperity.

## i.d.e.a. Fund

Creating an inclusive funding pipeline for businesses led by women, persons with disabilities, LGBTQ2S+, Black, Indigenous and People of Colour, funded by FedDev Ontario, in partnership with 6 innovation centres in Ontario, TechAlliance provided \$30,000 in matched funds plus venture advising to 20 regional tech companies with a green economy focus. Outcomes of the first cohort included **\$23M** total combined revenue and **\$1.8M** total combined capital raised.

# Stimulating economic returns.

## London Innovation Challenge

With a goal to address recovery and renewal areas of focus identified by the London Community Recovery Network Fund (LCRN) – Investing in People, Driving Prosperity, and Fostering Community, 2 recipients were awarded \$40,000 investment each to accelerate the growth of London's creative industries such as film, gaming, art, music and tourism, with London-developed solutions. Investment recipients were **Biosa Technologies** and **Exar Studios**.

# Enriching through education.

## Micro-Placements in Tech

Working together, TechAlliance, Western University, and Business + Higher Education Roundtable developed short-term micro-placements, across liberal arts and STEM courses in collaboration with tech industry partners engaging more than **1,200** students. Over two terms, students developed world-changing ideas and were able to implement their research to impact local employers day-to-day operations.

# Fostering entrepreneurial culture.

London is where innovation thrives

**8,900+** advisory and educational hours provided to early stage startups and scaled companies

**5,000+** connections facilitated for entrepreneurs and tech talent for strengthened network and best practice sharing

**45** educational, networking, and community experiences hosted

**10%** increase in brand exposure and media visibility for tech companies and City of London

**47** alliances intended to support founder navigation through ecosystem and private or public funding opportunities

# Putting businesses first.

Accelerated venture growth, empowering entrepreneurial prosperity

**\$106.2M** in capital raised by innovative companies

In collaboration with **166** regional partners, we connect entrepreneurs to vibrant experiences in the innovation economy

**11** capital investment readiness experiences

**30** different markets and industries

**10%** increase in number of new startups, exits, mergers or acquisitions in the tech sector

# Harnessing world-class talent.

Committed to a regional culture anchored in diversity and equity

**2,600+** jobs created, posted, and promoted for prospective or current talent pool

**126** industry experts, mentors and thought-leaders engaged through events

**440** employer and student participants through Tech Talent Exchange

**79** participants of inclusive experiences designed for newcomer or in-demand talent

**123%** increase in introductions and referrals made between talent, potential employers, and ecosystem partners

# Some of our companies.

Early stage startups through to made-in-London unicorns

# Appendix.

## Growing Our Economy

TechAlliance's measurable commitments  
to London's Strategic Plan

# Growing Our Economy.

London will develop a top-quality workforce.

Our measurable commitments to London's Strategic Plan

## **Increase access employers have to the talent they require.**

- Industry experts, mentors, and thought-leaders engaged through experiences
- Innovators, entrepreneurs, and industry engaged through experiences
- Roles created, posted, and promoted for prospective and current talent pool

## **Increase opportunities between potential employers, postsecondary institutions, and other employment and training agencies.**

- Employer and student participants through TTX Tech Talent Exchange series
- Participants of inclusive experiences designed for newcomer and/or in-demand talent
- Introductions or referrals made between talent and potential employers, and ecosystem partners

# Growing Our Economy.

London is a leader in Ontario for attracting new jobs and investments.

Our measurable commitments to London's Strategic Plan

## **Increase partnerships that promote collaboration, innovation, and investment.**

- Regional partners and connectivity for vibrant experiences in the innovation economy
- Advocacy with key stakeholders and political influencers

## **Maintain foreign investment attraction, local retention, and growth and entrepreneurship support programs.**

- Different markets or industries
- New startups, exits, mergers or acquisitions in the tech sector
- Capital investment readiness experiences
- Capital raised by innovative companies

# Growing Our Economy.

London creates a supportive environment where entrepreneurs, businesses, and talent can thrive.

Our measurable commitments to London's Strategic Plan

## **Increase access to supports for entrepreneurs and small businesses, and community economic development.**

- Educational, networking and community experiences hosted
- Positive brand exposure and media visibility for tech companies and London, ON
- Connections facilitated for entrepreneurs and tech talent to strengthen network and best practice sharing
- Advisory or educational hours provided to early-stage startups and scaling companies
- Regional alliances and industry collisions intended to support founder navigation through ecosystem and private or public funding opportunities

Presented by London Small Business Centre  
Steve Pellarin

# Our mission is Business!

**Stimulate, Promote and Support** the entrepreneurial spirit, start-up and early growth of **small business** to actively contribute to the economic development of **London**

# Our passion is People!

People pursue business ownership for many reasons; **Freedom, Opportunity, Necessity**. When we support a business, we are **Positively** impacting **Lives**.

# City of London – A Founding Partner

**1986** - City of London was one of 5 founding members of the incorporation, created in response to a provincial RFP for business incubators.

**1997** - Province contracted with City of London to deliver its Small Business Enterprise Centre (SBEC) initiative at the London SBC. Years later the province would contract directly with LSBC.

There are 54 SBECs across the province and London is one of only a few that operates independently of the municipality.

**2019** - The first multi (4) year agreement with the City of London.

# Behind every business there is a person

“I’ve never been through a business mentorship program before, so I really didn’t know what to expect. But I was blown away by the quality of the mentors, the involvement that the Foodpreneur Advantage program had in my own business, the support, and the connections. I highly recommend it to anyone getting started or is at that next level to scale up their food business. I’m extremely grateful for this opportunity.”

Jenna Goodhand - Cafézia

“The Small Business Centre advisor has been fantastic! He’s our go-to if anything comes up. He spoke to the City’s zoning office on our behalf, connected us with trades people when we were ready to renovate, and is a good person to bounce things off of.”

Leon Forest - Chez Leon Breads

“The Small Business Centre helped a lot. I learned about budgeting and setting up a schedule and priorities. I also learned how hard it is to make money, and that being an entrepreneur isn’t always the easiest because you have to rely on yourself to get things done.”

Brendan Talbot – Talbot Yard Works

**Small Business  
Centre** | London

**Proud Founding Member:**

# Thank you!

November 13, 2023

Dear Colleagues,

As referenced during a communication issued to members of Council on Nov.1st, I am now required – under new provincial legislation - to select Chairs and Vice-Chairs of Council's four standing Committees. As such, a slight change to our typical Committee process is required.

I thank each of you for submitting your Committee preferences to Clerks, and based on those preferences, I am appointing the following Council members as Standing Committee Chairs:

Civic Works Committee: Councillor Anna Hopkins  
Community and Protective Services Committee: Councillor Elizabeth Pelosa  
Corporate Services Committee: Councillor Hadleigh McAlister  
Planning and Environment Committee: Councillor Steve Lehman

During the November 21st meeting of SPPC, we will proceed as we have previously in voting for the remaining standing Committee appointments. After the Committees are constituted, as previously indicated, I will take advice from the Chairs on Vice-Chair appointments.

Those decisions will take effect in time for Dec. 1st.

Sincerely,

Josh Morgan  
Mayor, City of London

## Report to Strategic Priorities and Policy Committee

**To:** Chair and Members, Strategic Priorities and Policy Committee  
**From:** Kevin Dickins, Deputy City Manager, Social and Health Development  
**Subject:** Community Cold Weather Response Update  
**Date:** November 21, 2023

## Recommendation

That, on the recommendation of the Deputy City Manager, Social and Health Development, that the following Actions be taken regarding Community Cold Weather Response Update Report, that;

- a) Community Cold Weather Response Report Update **BE RECEIVED** for information;
- b) Civic Administration **BE PROVIDED DIRECTION** by Municipal Council on the preferred option(s) outlined in this report for overnight spaces to support the cold weather plan:
  - i. **DIRECT**, Civic Administration to enter into a contract with The Ark Aid Street Mission in the amount up to **\$826,686 (excluding HST)** for the provision of all services to operate 30 overnight spaces at 696 Dundas Street for the cold weather response overnight spaces from December 1, 2023, to May 31, 2024, as per the Corporation of the City of London Procurement Policy Section 14.2;
  - ii. **DIRECT**, Civic Administration to enter into a contract with The Ark Aid Street Mission in the amount up to **\$1,472,739 (excluding HST)** for the provision of all services to operate 65 spaces at 432 William Street for the cold weather response overnight spaces from January 8, 2023, to May 31, 2024, as per the Corporation of the City of London Procurement Policy Section 14.2;
  - iii. **DIRECT**, Civic Administration to enter into a contract with The Ark Aid Street Mission in the amount up to **\$404,323 (excluding HST)** for the provision of all services to operate 15 overnight spaces at CMHA Coffee House, 371 Hamilton Road for the cold weather response overnight spaces from December 11, 2023, to May 31, 2024, as per the Corporation of the City of London Procurement Policy Section 14.2;
  - iv. **DIRECT**, Civic Administration to enter into a contract with The Ark Aid Street Mission in the amount up to **\$335,216 (excluding HST)** for the provision of all services to operate 10 overnight spaces at CMHA My Sisters Place, 566 Dundas Street for the cold weather response overnight spaces from December 15, 2023, to May 31, 2024, as per the Corporation of the City of London Procurement Policy Section 14.2;
- c) Civic Administration **BE AUTHORIZED** to undertake all administrative acts which are necessary in connection with the contracts selected in b); and,
- d) The approval given herein **BE CONDITIONAL** upon the Corporation of the City of London amending/entering into all necessary agreements noting that Civic Administration will report back to Council on the outcome of the negotiated agreements and then further report back to Council on conclusion of the cold weather response.

## Executive Summary

The community Encampment Strategy Table as part of the Whole of Community System Response has been in the planning stages of a temporary Cold Weather Response since July, 2023. The table and the many organizations engaged in this work were actively exploring and running to ground viable options for indoor services including overnight space throughout August, September, October and into November. The Encampment table co-chairs held six (6) coalition meetings during the previous months, met with the Business, Developers, and Funders Reference Tables to discuss the Cold Weather strategy. The co-chairs also held 31 one-to-one meetings with local agency leaders and operators to explore and request additional services for the cold weather season.

The community table and partner organizations had looked at many options and while some materialized, others unfortunately did not. During the period of preparing this report, several different scenarios materialized and were pursued by city staff. Noting that the locations presented by community organizations prior to this report writing were in contrast to some of the desired criteria of the Hubs Plan site locations (specifically beds being proposed in Old East Village and a large number of beds being proposed in close proximity to other large-scale services) Civic Administration sought alternative locations than those proposed by some community organizations. Civic Administration reached out to and engaged a number of conventional and unconventional partners to seek space and resources to open overnight locations beyond those listed in this report. One such opportunity presented itself as Civic Administration was approached by the YMCA of Southwestern Ontario with an opportunity to use their recently closed Bob Hayward location. This very generous proposed partnership would allow for nearly one-hundred people to come indoors overnight at that location. As this opportunity was further explored, it became clear the desire to house that many individuals in one location would not be feasible, so a reduced occupancy number was focused on. Civic Administration approached the Ark Aid as they had been ramping up their staffing complement and had proposed to lead other spaces, with a request that they provide Lead Agency services to operationalize the YMCA location. Through discussions with their leadership and their board, the Ark indicated that they had several questions and concerns about being the Lead Agency in operating this site and could not provide that level of responsibility at this time.

To mitigate this and to address the questions and concerns, the City stepped up and offered to serve as the lead and oversee the initiative by taking on a number of the responsibilities including issues management, public engagement, administrative oversight and daytime/weekday staffing. Civic Administration, with the intent to act as the lead for the response- re-approached the Ark to seek the provision of staffing services to complement this response and operationalize the space for 65 individuals (a number the Ark had indicated they were comfortable with).

Despite this, the Board of the Ark again wrote to indicate that they would not be in a position to provide the necessary staffing services, and instead were going to focus on their preferred plans of opening thirty beds at their Dundas Street location and working to ramp up an opening of 60 beds at the Bishop Cronyn Memorial Church at William St and Queens Ave. In discussions to find an alternate staffing partner with other agencies, there were various reasons for a lack of interest in staffing the space, including the challenge that the YMCA response would end March 31, 2024, where other locations have been proposed to operate until the end of May. Civic Administration has explored numerous potential options for opening the YMCA site and have taken the necessary steps in tandem with the YMCA to be ready to action next steps, however, there remains no viable operating or staffing plan to effectively utilize this space.

This report provides an update of the actions taken to support the Cold Weather Response that included the identification of increased overnight spaces for those living unsheltered and to provide these temporary services for up to four to six months commencing on December 1, 2023. These additional plans include overnight spaces and staffing services to support up to 120 individuals to get in out of the cold this winter. These 120 spaces are in addition to spaces that have been identified in the previous report and recent housing programs, including:

- 41 beds at Salvation Army Centre of Hope
- 15 beds at Safe Space London
- 5 beds at London Cares Resting Space
- 16 respite beds to be provided through existing Hubs procurement
- 18 transitional beds to be provided through existing Hubs procurement
- 44 individuals housed this fall experiencing homelessness with Indwell
- 25 individuals housed this fall experiencing homelessness with London Cares/London Health Sciences Centre
- The HSS team has housed 252 people in 167 households so far in 2023 as well there have been 284 households housed through community housing.

Civic Administration is seeking council direction on Council's preferred option(s) to support overnight spaces for the cold weather response. The options presented in this report represent what the community organizations have identified they are able and willing to provide as far as overnight space goes. The extent of preparation from all organizations throughout the last few months and more recently as plans altered is greatly appreciated. Each option provides Council with a choice to make based on a number of factors, be it either cost, location, number of beds, or expected opening dates.

A procurement in emergency approval is being utilized in accordance with the City's Procurement Policy to procure temporary services to support the overnight spaces of the Cold Weather Response program providing lifesaving measures for individuals experiencing unsheltered homelessness this winter who cannot or are unable to access existing emergency shelters, resting spaces or other temporary shelter support services.

Existing programs are operating at capacity and services are unable to further expand to meet the anticipated demand during the winter months beyond what they have already. During the warmer months there has also been an increase in people residing in small encampments throughout more isolated areas of the community.

The proposed Cold Weather Response program will allow City teams to work collaboratively with community partners and direct service providing-organizations to create temporary overnight spaces for the winter months through a multi-agency approach to meet a variety of needs with a variety of interventions. Civic Administration has previously brought forward the first iteration of those community commitments in the October 31, 2023, SPPC report.

The advancement of the Whole of Community System Response remains a priority as new Supportive Housing and Hubs are opened. Temporary measures such as the steps taken to support vulnerable people during inclement weather are challenging to operationalize, sustain, and yet serve as a necessary increase in compassionate care during some of the harshest months of the year. Sustaining the existing system to operate and continuing to scale and open elements of the Whole of Community System Response provides the best opportunity to successfully reduce the number of Londoners experiencing homelessness.

## **Linkage to the Corporate Strategic Plan**

This report aligns with the strategic areas of focus in the 2023-2027 [City of London Strategic Plan](#). The City of London Strategic Plan (2023-2027) identifies housing and homelessness as a key area of focus, and housing and homelessness work is identified throughout the Strategic Plan, impacting all areas of life for Londoners.

### Housing and Homelessness

- Increased access to a range of quality, affordable, and supportive housing options that meet the unique needs of Londoners.
- Decreased number of Londoners at risk of or experiencing homelessness
- Improved safety in London's shelters system

## Wellbeing and Safety

- Londoners have safe access to public spaces, services, and supports that increase wellbeing and quality of life
- Housing in London is affordable and attainable

### *Links to Community Recovery*

The City of London is committed to working in partnership with the community to identify solutions that will drive a strong, deep, and inclusive community recovery for London as we move out of and beyond the global COVID-19 pandemic. This report, and the items within, are linked to supporting Londoners experiencing homelessness to attain and retain permanent housing. This work supports recovery efforts through a coordinated response that will support the transition of individuals and families experiencing or at risk of experiencing homelessness who have a variety of support needs into permanent housing.

## 2.0 Discussion and Considerations

### **2.1 Background**

The proposal submitted by the Encampment Strategy Table “London’s Health & Homelessness Response: Encampment Strategy table 2023/2024 Cold Weather Response Plan” has come after many sessions of direct engagement with various existing service providers and interested parties from across sectors. The options in this report identify all proposals that have come forward through this engagement process to support overnight spaces and are discussed further below.

#### About London’s System Response & the Cold Weather Response “CWR” Plan

London is facing a dire health and homelessness crisis. Too many Londoners are suffering and dying on our streets, and all Londoners are experiencing the whole of community impacts of this crisis.

Since 2020, nearly 200 individuals associated with homelessness-serving organizations have died in London. At present in London, approximately 2000 community members are living unhoused today.

This is a crisis that has been decades in the making. There are many complex factors that have led us to this point, not the least of which, a dramatic increase in the volume and complexity of health and housing needs and impacts. There is no mistaking that this

has far reaching impacts on individual lives and on the social, economic, and cultural health and wellbeing of our community.

Throughout 2022, Londoners from many sectors and backgrounds said, loud and clear, that something needed to change – to save lives, to better deliver healthcare and housing for the most marginalized community members in London, and to address the whole of community impacts of this crisis.

### Created by the Community, for the Community

The Health & Homelessness Whole of Community System Response is a uniquely-local system transformation designed in a collaborative process that included more than 200 individuals across 70 local organizations representing a diversity of sectors – community health and social services, institutional healthcare, education and academia, emergency services, business and economic development, land and housing development and multiple levels of government. It has been further shaped by a range of Londoners, through a series of in-person and virtual community engagement opportunities, which resulted in several thousand total inputs, and it will continue to be informed by those with lived and living experience.

### Strategic Roadmap for a Transformative System Response

The community response represents the culmination of nearly 9 months of intensive community-driven collaboration and something that has never been done before in London. What makes this plan and the process to design it truly different and unique is a commitment by a range of individuals and organizations to come together to work differently in a collaborative model that has broken down silos and brought together collective expertise and good practices to build a cohesive system.

The plan is a strategic implementation roadmap, taking into consideration a variety of community inputs and the insights of diverse subject matter experts. It has the confidence and endorsement of leaders across sectors.

It has also necessarily been developed quickly, in response to the dire health and homelessness crisis facing our community, and so it is intentionally designed to evolve in lockstep with community feedback, changing conditions and lessons learned as the system is established – including continuous feedback from those with lived and living experience. Therefore, it is not a detailed operational plan but represents a holistic implementation strategy to ensure that all Londoners, from elected officials, funders, and partners to individual community members, can understand and engage with this whole of community transformation.

### Foundational Anchors: Hubs & Housing

This community-informed response is a single, holistic “all doors lead here” system of care, anchored in two foundational elements - hubs and housing. It proposes multiple locations distributed throughout the community, built to serve the most marginalized community members with a range of care and service, from: 24/7 safe spaces and access to basic needs, to healthcare, harm reduction and addiction treatment services, and housing supports.

The system will support the highest acuity Londoners to move safely inside, help them get stabilized, wrap around them with supports, connect them to the right housing and help them stay housed. Because in London, Ontario, we believe that housing is healthcare and that it is a fundamental human right.

### Interim Measurers: Cold Weather Response Plan

There is a high degree of confidence in the system response including the Hubs implementation plan and the challenge being faced as a community is still incredibly complex.

As an interim measure while the Hubs and Highly Supportive Housing are built-out, those who are housing deprived need client-centred options to stay safe during the winter months. More than ever with the increased number of people who are unhoused, a range of self-directed, drop-in, and sheltering options need to be made available to get people out of the cold, especially during extreme cold weather events. The Cold Weather Response plan is intended to provide aid from the deprivation people who are experiencing homelessness face today, as an interim measure while Hubs and Highly Supportive Housing are developed.

It is anticipated that the CWR plan will create a future framework for an Inclement Weather Strategy designed to support those who are housing deprived during inclement weather conditions year-round. It is also anticipated that the CWR plan will right-size (scale down) as Hubs and Highly Supportive Housing are onboarded, becoming the foundation for an ongoing Outreach Strategy (formerly Encampment Strategy) supporting people who are housing deprived.

### Standards of Care: Cold Weather Sites

Cold weather sites standards have been developed as a values-based approach and are designed to support consistent care delivery across locations.

- Anti-Racism/Anti-Oppression Framework:
  - Cold weather sites will centre anti-racism and anti-oppression practices and recognize intersectionality. For our shared work, anti-racism is defined as the active process of identifying and eliminating racism by changing systems, organizational structures, policies and practices and attitudes, so that power is redistributed and shared equitably (NAC International Perspectives: Women and Global Solidarity); anti-oppression is defined as strategies and actions that actively challenge existing intersectional inequities and injustices towards equity-deserving groups (Canadian Race Relations Foundation); and intersectional refers to the recognition that membership in more than one group is a reality for many (City of London Anti-Racism and Anti-Oppression Framework).
- Communication:
  - Transparent communication is the act of both positive and challenging information being shared amongst all collaborators in a way that allows all to see the why behind the words. At cold weather sites, we are committed to decision-making and discussion processes that aim to bring people to the table, ensuring we're on the same page with open communication that has a core of kindness and respect.
- Community Engagement & Relationships:
  - To ensure the principle of whole-of-community is integrated within the work of cold weather sites, we will proactively engage with surrounding neighbourhoods, and neighbourhoods will have ongoing opportunities to positively engage, work to resolve conflict and provide feedback. This will include private community members, neighborhood groups, BIAs, businesses, and agencies.
- Culturally safe:
  - All cold weather sites are based on respectful engagement that recognizes and strives to address power imbalances inherent in the healthcare and social service systems. Our aim is to create an environment free of racism and all types of discrimination, where people feel safe and engaged. This involves ongoing assessment of social-location and dynamics between service providers, organizations, and the people we serve. It is a commitment to ongoing learning, education, and adaptation.
- Empowerment Model:
  - At cold weather response services, people are supported to exercise their independence and agency. We acknowledge that everyone has the right to

make choices about how they live and the supports they need. The dignity of individuals in their choices is a priority while maintaining orientation and work toward goals. In conversation, collaboration and decision-making around spaces, design, processes, and standards of care, we will keep an individual's ability to choose their experience and standard of care top-of-mind.

- Ensuring Choice in Care:
  - At cold weather sites, autonomy within services delivery is practiced through a participant-centered and participant-directed lens. Services work at cold weather sites is done in unison with the participant to identify their needs and strengths. Transparency is provided in available supports and options to promote agency in their engagement with services.
- Harm reduction approach:
  - Harm reduction is a continuum of supports that focuses on mitigating the potential harms of substance use, and the structures which create harm for people who use drugs. At cold weather sites, this is enacted through the substance use continuum of care from distribution of harm reduction equipment to referrals for evidence-based treatment and support programs. It emphasizes dignity of the individual, accepting them where they're at, avoiding judgment and working to challenge existing systems and policies that create more harm (e.g., criminalization of drug use).
- Informed by social determinants of health:
  - The social determinants of health (SDH) are non-medical factors that influence health outcomes. At cold weather sites, we recognize that SDH have an important influence on health inequities - the unfair and avoidable differences in health status seen among individuals and between communities.
- Low-Barrier:
  - Low-barrier service relies on well-articulated expectations of organizations, staff, and participants to maintain communication, collaboration, and safety. Low-barrier can often be misconstrued as a term for 'no-rules' when in reality it reflects a high standard of care, mutual respect and shared accountability. At cold weather sites, this is not simply about physical design. This is a foundational way in which all work is done, from facility design, to supporting staff, to ongoing assessment and adjustment of spaces. It ensures mechanisms that allow for participants and staff to assess and address barriers as they arise and acknowledges there are unforeseen circumstances and a fluid environment which necessitate adaptability and evolution, including responding to the changing circumstances and culture on the streets. We will meet people where they are: if challenges arise, the conversation begins with how the agency, space and staff can adjust to meet the individual.
- Trauma and violence informed:
  - At cold weather sites, we respect individual experience both known and unknown. The assumption that all individuals come with histories that may affect their interactions with people, services and systems is foundational to our trauma and violence informed care (TVIC). We acknowledge the responsibility lies with service providers and organizations to ensure their interpersonal interactions and spaces are informed by these assumptions with the goal of creating spaces and interactions which are safe and supportive. This includes the ongoing adjustment of services and reinterpretation of spaces to be ever improving through this lens.
- Shared accountability and engagement:
  - At cold weather sites, all participants share responsibility for outcomes and for engaging with available services. Responsibility does not sit on the shoulders of one individual, team or organization. Staff and organizations share accountability for upholding the values and standards of care which provide the foundations of support. Participants share accountability for working collaboratively toward their established and person-centered goals. Lead

organizations hold the primary responsibility for ensuring the values of accountability are upheld internally, with participants, partner organizations and community.

### Priority Populations: Serving High Acuity Individuals

It is widely acknowledged that there are folks from many different backgrounds, experiences and levels of acuity experiencing homelessness in London. This plan is focused, intentionally, on serving the high acuity populations because those are the populations that have historically been underserved and who suffer from a complexity of health issues and comorbidities. They are the most visible on our streets and amongst the most marginalized.

It is the expectation for all cold weather response programs to work together to ensure the maximum number of individuals can be served this winter. The inherent challenges in this new approach are recognized and will likely require adjustments to be made along the way by all services.

### Functions & Practices: Cold Weather Sites

The following details the common core functions of Cold Weather Sites and minimum practices that are expected in the implementation of these functions.

#### Minimum Practices: Managed Sites (indoor)

- Sites are set-up and staffed adequately to be welcoming and create a safe environment for all participants, visitors, and staff.
- Participants are met with the goal of addressing their basic needs, including but not limited to water, food, clothing, hygiene supplies and harm reduction practices.
- Sites are set-up to provide participants access to washrooms, shower (where possible) resting and/or sleeping accommodations.
- Participants have the opportunity to engage in social and community building activities.
- Sites have facility management plans that, including but not limited to, address neighbourhood relations, visitors, transportation services, security, staffing spaces, waste management, sharps disposal, etc.

#### Minimum Practices: Supporting Self-Sheltering (outdoor)

- Promote and support Encampment Safety Guidelines, including providing fire alternative supplies.
- Participants are met with the goal of addressing their basic needs, including but not limited to water, food, clothing, hygiene supplies and harm reduction practices.
- Types of sheltering options:
  - Crash beds (new & increased existing capacity during extreme weather)
  - Drop-In day spaces
  - Overnight spaces
  - Drop-In overnight spaces
  - Short term stays
  - Longer term stays
  - Increased capacity of shelter beds (existing & new)
  - Warming spaces (extreme weather events)

### Location Criteria: Cold Weather Sites

Choosing the right locations for a Cold Weather Site this year has been a challenge. As sites have been proposed or planned, some have fallen through and unable to come forward. This includes community agencies seeking spaces as well as the City. A wide variety of potential location criteria have been considered, based as closely as possible to the Hubs plan including arterial roads and not near childcare facilities, etc.

This feedback from a wide variety of collaborators is valued and respected and has been used to develop criteria for the initial Hubs and should be considered whenever possible in locating Cold Weather Sites.

- i. A client-centered and compassionate approach for those being served, which facilitates access and promotes dignity;
- ii. The whole of community impacts of this crisis, and those areas of London that may have been disproportionately affected by challenges related to this crisis;
- iii. The priority to create a feeling of safety and security within this new system for all Londoners, including individuals being served, business owners and customers, and community members in neighbourhoods;
- iv. The urgency of this crisis and a strong whole of community drive toward a new system approach, including ensuring net new spaces and facilitating implementation this year;
- v. A goal to meet agency and community criteria while not being overly rigid and restrictive, so as to eliminate more than gain options for locations across the community.

From public consultations, we heard and understood that Londoners share a spirit of compassion and a desire for new approaches to this crisis, and also some concern and worry about service operations and how locations may impact the places they live and work.

Cold Weather Sites should be located near:

- Arterial roads
- Transit routes

Cold Weather Sites should not be located in close proximity to:

- Elementary schools
- Not directly adjacent to licensed childcare centres
- Not in parks or directly park adjacent
- Not within residential neighbourhood interior

What this means specifically, for Cold Weather Sites:

- 
- Should ensure their properties are well kept and that cleanliness and safety are prioritized both inside and outside the space;
- Neighbourhood engagement should be a priority;
- Transportation to other external services and appointments should be considered.

#### Development Plan: Cold Weather Operators

##### Expression of Interest:

Based on the Cold Weather Response Plan, Health & Housing partners were invited to self-identify to be part of the development process.

##### Development Process:

With backbone support, partners who self-identified to be part of the development process worked collaboratively with other self-identified partners to build a client-centred approach with a continuum of Cold Weather Response support options with these initial options being presented and approved by Council in October.

##### Development Cycle:

A committee of the Encampment Table participated in and supported the development process. The Encampment Table reviewed and made recommendations, as well as endorsed the Plan. Health & Housing – Strategic & Accountability Table reviewed and supported the Plan as well as set fund development direction. London – City Council will review and approve the plan within bylaw requirements and potential funding.

Implementation Process:

Self-identified partners work collaboratively within and across sites to build approved managed and self-sheltering plans.

Implementation Cycle:

The Backbone Team with assistance from the Encampment Table support, monitor and evaluate Cold Weather Sites.

Qualify Improvement & Evaluation:

A third-party evaluator with direction, support and monitoring from the Encampment Table deploy data, assessment, and synthesis of implementation.

The elements of a Cold Weather Response have been sought since the planning process began in July. The additional proposed spaces and the ability of participating agencies that are enclosed in this report are a result of a multitude of conversations and actions taken over the course of several months as outlined below.

### Implementation Timeline: Cold Weather Response Plan

Activity & Who	Inputs & Outputs	Timing
Share CWR plan with Strategy & Accountability Table & seek interest from H&H partners	Template outlining operational elements: population served, housing model, scale of service, etc.	Aug. 4
Expressions of interest from H&H partners to participate in CWR plan	Completed template naming agency lead.	Aug. 16
Discovery Cycle: Meeting #1 Self-identified operators & support team	Match resources & potential sites, develop base plan.	Aug. 22
Met with Business Reference table to share CWR plan	CWR plan shared with table	Aug. 28
Development Cycle: Meeting #2 Self-identified operators & support team	Finalize individual site plans.	Aug. 31
Review & recommendations (CWR Plan) by Encampment Table	Review Encampment Strategy with CWR development plan.	Sept. 5
Review & recommendation (CWR Plan) by SAT co-chairs	Review Encampment Strategy with CWR development plan.	Sept. 12
Review & recommendation (CWR Plan) by Workforce co-chairs	Review Encampment Strategy with CWR development plan.	Sept. 14-22
CWR Planning: One-on-One Mtgs with Self-identified operators & support team	Support development individual agency plans & map-out CWR plan.	Sept. 5 - 22
Seek recommendations & support from Developer Reference Table	Review plan & seek direction & support to ensure appropriate spaces.	Sept. 14
Seek recommendations & support from Funder Reference Table	Review plan & seek direction & support to ensure appropriate funding.	Sept. 13
Review, modify & approve plans by H&H: Strategy & Accountability Table	Encampment Table co-chairs presents 2023 Cold Weather Response Plan.	Sept. 28
Submit 2023 Cold Weather Response Plan to City staff	Encampment Table co-chairs presents 2023 Cold Weather Response Plan.	Oct. 10
Seek recommendations & support from Strategy and Accountability Table	Review plan & seek direction & support to ensure appropriate spaces.	Oct. 11
Submit 2023 Cold Weather Response Plan to Strategic Priorities and Policy Committee "SPPC"	2023 Cold Weather Response Plan report submitted to Clerks.	Oct. 17
Implementation Phase: Cold Weather Response Operators & Stakeholders	Cold Weather Response Plan implementation discussions begin	Oct. 18
Special Priority and Policy Committee	City staff presents 2023 Cold Weather Response Plan.	Oct. 31
City Council	Approved plan adopted by SPPC	Nov. 7
Submit additional 2023 Cold Weather Response Plan for overnight beds to City Council	Additional overnight spaces for the 2023 Cold Weather Response Plan report submitted to Clerks.	Nov. 13
Special Priority and Policy Committee	City staff presents Additional overnight spaces for 2023 Cold Weather Response Plan.	Nov. 21

The planning process outlined above also included direct reach out to service providers, which resulted in an additional 31 one to one meetings to discuss the CWR plans and community initiatives to support CWR. Additionally, collective calls for assistance to organizations through multiple Strategy and Accountability Table meetings was requested.

Through all this, the need for increased basic needs for those living unsheltered was abundantly clear with initial options presented in October and approved by Council. The continued need for additional overnight spaces has been identified and the co-chairs of the encampment strategy table continued discussions with providers to a point where a number of options were considered at a stage for this report. Unfortunately, the spaces identified for these uses either fell through or were not appropriate given neighbourhood locations and proximity to other service providers who are actively providing services to address the immediate needs of those that may be encamping or self-sheltering this winter. Additionally, organizations have looked at how the health and human resources component of staffing a cold weather response could be aided or bolstered by the efforts of more recent Whole of Community System Response partners.

London currently funds approximately 300 beds within its existing emergency shelter system. These services are provided by Youth Opportunities Unlimited, Men's Mission including Rotholme Family Shelter, Centre of Hope and Unity Project. These spaces are consistently at or near capacity. The city also currently funds 10 resting space beds operated by London Cares which are also consistently at or near capacity.

As outlined above, significant background planning has taken place since July 2023 through the encampment strategy table including direct discussions with several community organizations that serve vulnerable individuals experiencing unsheltered homelessness and have been incorporated into the current 2023 cold weather response plan.

#### **Program locations and dates of operation:**

##### **Overnight Space**

- i) Ark Aid Mission – 696 Dundas Street location, December 1, 2023 to May 31, 2024. Open overnights from 9:00pm to 10:00am, 7 days a week including holidays. Services include overnight sleeping, showers, washrooms, basic needs provision and daytime services for up to 30 individuals.
- ii) Ark Aid Mission in partnership with CMHA Thames Valley at the London Coffee House – 371 Hamilton Road location, December 11, 2023 to May 31, 2024. Open overnights from 9:00pm to 9:00am, 7 days a week including holidays. Services include overnight sleeping, showers, washrooms, basic needs provision and daytime services for up to 30 individuals.
- iii) Ark Aid Mission in partnership with CMHA Thames Valley at My Sister's Place – 566 Dundas Street location, December 15, 2023 to May 31, 2024. Open overnights from 9:00pm to 9:00am, 7 days a week including holidays. Services include overnight sleeping, showers, washrooms, basic needs provision and daytime services for up to 30 individuals.
- iv) Ark Aid Mission – 442 William Street location, January 8, 2024 to May 31, 2024. Open 24 hours per day, 7 days a week, including holidays. Services include overnight sleeping, showers, washrooms, basic needs provision and daytime services for up to 30 individuals. There are a number of planning and possible code considerations that still need to be addressed as part of this proposal which may result in a delay opening. Preliminary discussions have occurred with the Planning and Economic Development

team, but additional information from the provider is required if this option is selected.

### 2.3 Procurement Process

To procure these services, Section 14.2 Procurement in Emergencies of the Procurement of Goods and Services Policy will need to be invoked. In this section, “emergency” means an event or occurrence that the City Manager or Deputy City Manager deem as an immediate threat to:

- Public health;
- The maintenance of essential City services; or
- The welfare and protection of persons, property, or the environment; and the event or occurrence necessitates the immediate need for goods or services to mitigate the emergency and time does not permit for a competitive procurement process.

The urgent nature of the procurement is a result of the continued reduction of capacity in emergency shelters and increasing unsheltered homeless numbers, the pending cold weather, and lack of other viable sheltering options.

In accordance with Section 14.2, the Deputy City Manager responsible for the area leading the emergency procurement, shall report out to Committee and City Council the aggregate costs for a single supplier where the amount exceeds \$50,000. Given that the operationalization of these overnight spaces commence December 1, 2023, and costs for service are expected to exceed \$100,000 as outlined on Schedule 1: “Cold Weather Response Overnight Expected Costs”, Section 14.2 of the Procurement of Goods and Services Policy would be the only viable mechanism to procure these services. Upon completion of this initiative, Civic Administration will be required to be report back out to Council the costs incurred to procure these winter response services.

### 3.0 Financial Impact/Considerations

The total amount of available funding is up to \$1,800,000. The source of funding will be through Housing Stability Service budgets including Provincial, Federal and Municipal sources. Funding for this response is available on a one-time basis.

**As attached as Schedule 1 “Cold Weather Response Overnight Expected Costs” provides a breakdown of service to be provided, cost estimate, and duration.**

**Recommended by:** Kevin Dickins, Deputy City Manager Social Health Development

**Cc:**  
**Lynne Livingstone, City Manager**  
**Scott Mathers, Deputy City Manager, Planning & Economic Development**  
**Kelly Scherr, Deputy City Manager, Environment, and Infrastructure**  
**Anna Lisa Barbon, Deputy City Manager, Finance Supports**  
**Barry Card, Deputy City Manager, Legal Services**  
**Cheryl Smith, Deputy City Manager, Neighbourhood and Community-Wide Services**  
**John Paradis, Deputy City Manager, Enterprise Supports**

**Schedule 1: Cold Weather Response Overnight Expected Costs**

<b>Program/Service</b>	<b>Duration Up To:</b>	<b>Agency</b>	<b>Cost Estimate</b>	
Overnight spaces 696 Dundas Street	183 Service Days (December 1, 2023 through May 31, 2024)	Ark Aid Street Mission	Staff Costs	Up to \$642,472

Subject: [EXTERNAL] Ark Aid Street Mission seeking delegation to speak to item 4.2  
Community Cold Weather Response Update

Hello,

Please add myself Sarah Campbell on behalf of Ark Aid Street Mission to speak to item 4.2. I appreciate your assistance in being added to the agenda.

Please confirm once we are added.

Much Thanks,  
Sarah Campbell,  
Executive Director  
Ark Aid Street Mission

November 12, 2023

Dear Colleagues,

Our work in understanding the complex issues in our city must be rooted in an understanding of the multitude of factors that are impacting our local shelters and those experiencing homelessness on our streets. Earlier this year, the Mayor, and myself, each had the opportunity to tour Mission Services and learn about the good work they are doing in our local community.

Like other cities across Ontario, our shelters in London are dealing with unprecedented challenges including an influx in Asylum claimants. These additional pressures on our shelters add to the beds' shortage they experience everyday. Asylum claimants have unique needs that the system must address. Through a partnership between Mission Services and London Cross Cultural Learning Centre (CCLC), they are working to address the needs. However, neither are really funded to do so. CCLC is funded to support Government Assisted Refugees and Mission services provides emergency shelter through the Men's Mission and Rotholme Women's and Family Shelter.

In order to meet the settlement needs of those staying in our shelters, they are seeking funding from the Province of Ontario, through the Ministry of Labour, Immigration, Training and Skills Development. They are looking to hire staff to provide settlement counselling, permanent housing, and job search support. Mission services is offering their resource room to deliver these supports.

It is important that the City of London and all levels of Government recognize how the influx of asylum seekers is hindering emergency shelters from serving their intended purpose. This is because these shelters lack sufficient programs to help asylum seekers transition out of overnight temporary housing, and newcomers don't have the same access to programs.

Therefore, we are seeking your support for the following motion:

That staff be required to report back to Council on the impacts of Asylum claimants on our local shelter system. Based on the findings from the staff report, that staff apply if appropriate for Interim Housing Assistance Program (IHAP) funding if necessary, to address the impacts on local shelters.

That the Mayor BE REQUESTED to a) undertake immediate advocacy efforts with the Association of Municipalities of Ontario, the Ontario Big City Mayors Caucus, and the Government of Canada and the Government of Ontario to advocate for resources for cities to address the influx in asylum claimants.

That the Mayor BE REQUESTED to b) write a letter on behalf of Council in support of the request by CCLC in collaboration with Mission Services for funding from the Province of Ontario to support the hiring of staff to provide additional supports for Asylum claimants.

Colleagues, we appreciate your willingness to address the pressing issues that are putting additional pressures on shelter beds in our community. We hope that you will support this motion.

Sincerely,

Councillor Corrine Rahman

Mayor Josh Morgan

Strategic Priorities and Policy Committee  
Via Email: [sppc@london.ca](mailto:sppc@london.ca)

Dear Strategic Priorities and Policy Committee Members,

**RE: Agenda Item 4.3 Asylum Claimants – November 21, 2023 Meeting**

Mission Services of London is a social service agency that provides emergency shelter for men and families, addiction treatment for men, community mental health (outreach) programs, and clothing and household items at no cost through the Mission Store’s Emergency Voucher Program. We also engage in shelter diversion, housing selection and housing stability work that helps families bypass the need for emergency shelter, or if that is not possible, to obtain and maintain housing after an emergency shelter stay.

Recently, we perceive an increase in demand for services for newcomer men and families, including individuals seeking asylum in Canada. Last night (November 15), for instance, over 40% of the men staying at the Men’s Mission were newcomers. Of these men, just over half were refugee claimants. Meanwhile, at Rotholme Family Shelter, eight out of 20 families in shelter were newcomers (including refugees).

As an emergency shelter provider, our mandate includes not only offering a place to rest and providing nutritious meals; it also includes helping neighbours find, attain and maintain stable housing – regardless of how they came to need such assistance.

Our staff expertly manage supporting program participants toward their housing goals. At the same time, we experience challenges when it comes to adequately serving asylum seekers because their eligibility for supports is limited, and because they have a need for certain services that we are not set up to offer to the required extent. We are looking for ways to collaborate with settlement service providers, like the London Cross Cultural Learner Centre (CCLC), in this regard.

Without access to robust housing and settlement supports among others, asylum seekers' stays in emergency shelter (designed to be a short-term solution), become lengthier. Language barriers, scarce housing options within their budget, and difficulty attaining first and last month's rent, are just some of the obstacles they may face in trying to achieve a fresh start. Their mental and emotional health may suffer from feeling left behind, and their journey could become a most discouraging one.

This is why we support CCLC in their effort to secure additional funding to hire more staff who could extend service to newcomers in shelter – and in the broader community. We have offered in-shelter space to CCLC, so it may deliver newcomer information sessions in different languages, workshops on settlement system navigation and documentation assistance on-site, or staff information sessions that help equip shelter staff who are supporting asylum seekers. These are just some possibilities that could open up if they succeed in their request for additional funding.

We thank you for your consideration of lending support to amplify the efforts of our colleagues at CCLC, whose expertise will be very welcome as we seek to serve new neighbours in our city.

With warm regards,

Ericka Ayala Ronson  
Executive Director  
Mission Services of London

**London**  
CANADA

Dear Colleagues,

Current advisory committee members were appointed May 2022 for the term ending in February 2024. All advisory committee compositions are up to 15 members with most currently at capacity except the Animal Welfare Community Advisory Committee which sits at 9 members (the Clerk's Office is conducting ongoing recruitment for this committee, as per the direction from the July 25, 2023 Council meeting).

Given the 4 year budget will be demanding the attention of council and community in January and February, we feel that it would be better to extend the current term for one additional year to allow full attention to repopulating the committees. This will also provide the Governance Working Group an opportunity to do a timely review of the structure of our advisory committees. The date of April 1<sup>st</sup> in the motion will allow advertising to be done after the holiday season next year.

Therefore, we are seeking your support for the following motion:

That, notwithstanding that the General Policy for Advisory Committees is currently under review (including collecting feedback from Community Advisory Committee members related to recruitment and term) the following actions be taken with respect to the City of London's Community Advisory Committees:

- a. the current membership BE EXTENDED to April 1, 2025 for the following Community Advisory Committees:
  - i. Accessibility Community Advisory Committee;
  - ii. Animal Welfare Community Advisory Committee;
  - iii. Community Advisory Committee on Planning;
  - iv. Diversity, Inclusion and Anti-Oppression Community Advisory Committee;
  - v. Ecological Community Advisory Committee;
  - vi. Environmental Stewardship and Action Community Advisory Committee; and
  - vii. Integrated Transportation Community Advisory Committee.
- b. the Civic Administration BE DIRECTED to postpone advertisements for Community Advisory Committee vacancies for citizen-at-large and sectoral Community Advisory Committee members until January, 2025 for the term beginning April 1, 2025, in accordance with the General Policy for Advisory Committees;
- c. auxiliary recruitments BE CONTINUED on an as-needed basis in response to any Community Advisory Committee resignations in accordance with the General Policy for Advisory Committees; and
- d. the Civic Administration BE DIRECTED to notify the aforementioned Community Advisory Committees of Council's decision.
- e. Advisory Committee structure be referred to Governance Working Group to review redundancies and to review opportunities to replace standing advisory committees with project based groups.

Thank you for your consideration.

Steve Lehman  
Councillor Ward 8

Shawn Lewis  
Deputy Mayor  
Councillor Ward 2

# **Diversity, Inclusion and Anti-Oppression Community Advisory Committee Report**

12th Special Meeting of the Diversity, Inclusion and Anti-Oppression Community  
Advisory Committee  
November 14, 2023

Attendance R. O'Hagan (Chair), K. Burke, P. Gill, R. Gill, B. Hill and L.  
Ochoa and H. Lysynski (Acting Committee Clerk)

ALSO PRESENT: E. Skalski

The meeting was called to order at 4:01 PM

## **1. Call to Order**

### **1.1 Disclosures of Pecuniary Interest**

That it BE NOTED that no pecuniary interests were disclosed.

## **2. Opening Ceremonies**

### **2.1 Acknowledgement of Indigenous Lands**

That it BE NOTED that the meeting was opened with an  
Acknowledgement of Indigenous Lands by R. O'Hagan.

### **2.2 Traditional Opening**

That it BE NOTED that no Traditional Opening was received.

## **3. Scheduled Items**

None.

## **4. Consent**

None.

## **5. Sub-Committees and Working Groups**

None.

## **6. Items for Discussion**

### **6.1 Budget Discussion - Diversity, Race Relations and Inclusivity Awards**

That the request from the Awards and Recognition Sub-Committee for  
budget allocation of up to \$2,500.00 for the 2023 Diversity, Race Relations  
and Inclusivity Award, BE APPROVED.

## **7. Adjournment**

The meeting adjourned at 4:11 PM.
