Re: Feb. 27th, Budget Meeting

Please add to City Council Agenda for 29th with my permission to do so!

I am doing this as I just heard must do before 9:00am Wednesday!

TO: MEMBERS OF CITY COUNCIL AND SENIOR STAFF

I have watched this meeting since it started and am amazed and shocked at the various content

coming at the 11th hour; noting Mayor and City Council had already implied a decision

Given the challenges to data and rationale for decisions Council needs to; in open session,

address / answer the conflicting opinions raised that challenges your decisions!

If you proceed to move ahead without such addressing either of Mayor power decision or each Councilor view of issues raised for their position on final vote (decision) it is wrong! If you go in-camera; noting votes on this to date it is also wrong!

I was so shocked by content and rationale provided including how role of Mayor and councilors on Board because the open and complete discussion on whole picture was never seen before . It is undebatable that you controlled the process! Councilor Trosow indicated decision was made before he knew or public made aware!

On the agenda today was bq. added communication W. Brock. As was stated at meeting the process undermined the integrity & importance to understand all sides of issues. When Councilor Peluza, Budget Chair indicated things were different this time; as noted in my brief, the process used confirms a serious matter!

Please pause and address the outcome of the last week or so! Appreciate your support to do so!
