Hi Jerri,

Thanks for the outline.

As for the Overnight Parking discussion:

I would like to discuss the utilization of parking in our suburbs/neighbourhoods (namely street parking/overnight parking) in respect to the TMP and encouraging the maximum utilization of the current resources we have while keeping in mind the goals outlined in the TMP on page 1-8. More specifically, I would like to discuss the possibilities and effects of increasing the timeframe of overnight street parking, street parking time limits (where applicable) and increasing overnight winter parking pass count. As well, I would like this discussion to involve the benefits and effects to would have in relation to the other goals and accomplishments of the TMP.

Thanks!

Brian Gibson
