Connected and Automated Vehicles

Preparing a Strategic Plan for London

CAVs in the Province of Ontario

- **Pilot Project – Automated Vehicles** ([Ontario Regulation 306/15](#))
 - Originally took effect January 1, 2016
 - Last consolidation January 1, 2019 (O.Reg. 517/18)
 - Pilot regulation is due to be revoked on January 1, 2026
- Ontario was **first province in Canada** to establish on-road pilot test program for CAVs.
- Ontario Pilot Project applies to **SAE Automation Levels 3, 4, and 5**.

Item 2.2

Other Key Initiatives and Resources

- [Autonomous Vehicle innovation Network \(AVIN\)](#) in Ontario
- City of Toronto [Automated Vehicle Tactical Plan](#)
- SAE International [J3016 Levels of Driving Automation](#)
- Transportation Association of Canada (TAC) [Lexicon of Terms for CAVs](#)

SAE INTERNATIONAL SAE J3016™ LEVELS OF DRIVING AUTOMATION

	SAE LEVEL 0	SAE LEVEL 1	SAE LEVEL 2	SAE LEVEL 3	SAE LEVEL 4	SAE LEVEL 5
What does the human in the driver's seat have to do?	You are driving whenever those driver support features are enabled – even if your feet are off the pedals and you are not sleeping.			You are not driving when those automated driving features are enabled – even if you are seated in the driver's seat.		
What do these features do?	These features are limited to providing warnings and monitoring assistance.			These features can drive the vehicle under limited conditions and may not operate unless all required conditions are met.		
Example features	<ul style="list-style-type: none"> • automatic emergency braking • blind spot warning • lane departure warning 	<ul style="list-style-type: none"> • lane centering OR • adaptive cruise control 	<ul style="list-style-type: none"> • lane centering AND • adaptive cruise control at the same time 	<ul style="list-style-type: none"> • traffic jam (stalled) toll 	<ul style="list-style-type: none"> • local driverless taxi • personal driverless taxi • fleet driverless taxi 	<ul style="list-style-type: none"> • same as level 4, but feature can drive in any circumstances in all conditions

City of London's CAV Progress

- Staff began **monitoring and researching CAV developments** in 2016 in response to the Ontario Pilot Project.
- Developed a **CAV Staff Report and Technical Background** (CWC, May 28, 2018)
- Received **Municipal Council resolutions and direction** on June 12, 2018
- RTIWG **CAV Expert Panel** on February 21, 2019

Item 2.2

Council's Strategic Plan 2019-2023

BUILDING a Sustainable City

Londoners can move around the city safely and easily in a manner that meets their needs.

EXPECTED RESULT

Increase access to transportation options.

STRATEGY

- Build more infrastructure for walking and bicycling.
- Continue to expand options and programs to increase mobility.
- **Develop a strategic plan for a future with connected and autonomous vehicles.**
- Support Londoners to access affordable public transit where they live and work.
- Implement the London Transit Commission (LTC) 5 Year Specialized Service Plan.
- Implement the LTC Ridership Growth Strategy.
- Implement a rapid transit system to improve the reliability and capacity of existing transit service and support London Plan city building.
- Implement the LTC 5 Year Conventional Service Plan.

Automated Vehicles

- Ideally, **Automated Vehicles (AVs)**:
 - Are capable of “**sensing**” the **surrounding environment**;
 - Use AI, sensors, and GPS to **successfully and safely navigate a transportation system**;
 - Provide **major improvements to road safety** by eliminating human driver error and distraction; and
 - Will likely be widely available and market-ready between **now and 2040 (i.e. 10-20 years)**.

Item 2.2

Automation Levels Defined

- The **Society of Automotive Engineers (SAE)** international standard that classifies vehicles automated driving systems from:
 - **Level 0 = No Automation** to **Level 5 = Full Automation**

Connected Vehicles

- Interrelated with AVs, **Connected Vehicle (CV)** technology provides up-to-date information to vehicles through a **variety of communications channels**.
- Types of CV technology include:
 - **Vehicle-to-Vehicle (V2V)**
 - **Vehicle-to-Infrastructure (V2I)**
 - **Vehicle-to-Everything (V2X)**

Item 2.2

New Mobility and Potential

- AVs have the potential to **benefit the environment, society, and safety**.
- Two primary **ownership models** are anticipated:
 - **Individual Ownership** of widespread vehicles, similar to today; or
 - **Shared Ownership** similar to car-sharing, ride-sharing, or Mobility-as-a-Service (MaaS).

Traditional Mobility

Ownership • Competitive • Hierarchical

1 person = 1 mode [either/or]

New Mobility

Sharing • Collaborative • Networked

1 person = many modes [all]

CAV Strategic Plan – Purpose

To better understand and prepare for the introduction of connected and automated vehicles in our community in order to improve the lives of our citizens and minimize the environmental impact of this impactful technology as it becomes more commonplace.

Item 2.2

CAV Strategic Plan – Vision

A sustainable community that integrates connected and automated vehicles into city-building and daily activities by pursuing improved safety, environmental stewardship, and travel mobility options.

CAV Strategic Plan – Mission

To engage internal and external stakeholders, identify potential implications of connected and automated vehicles, and provide a strategic plan and actions that will proactively prepare for the introduction of connected and automated vehicles.

Item 2.2

CAV Strategic Plan – Values

- Alignment with the London Plan
- Driven by community
- Environmental and climate sustainability
- Responsible governance
- Human health and community safety
- Information security and privacy
- Integrated mobility
- Supporting innovation
- Proactive leadership
- Stakeholder collaboration

Strategic Areas of Focus

1. Social Equity and Health
2. Environmental Sustainability
3. Economic Sustainability
4. Data Privacy, Security, and Governance
5. Urban Form
6. Road Safety and Security
7. Integrated Mobility
8. Transportation System Efficiency
9. City Fleet and Services

Item 2.2

Initial Engagement

Gather initial public feedback for development of the upcoming Connected and Automated Vehicles Strategic Plan for London until **February 21**.

<https://getinvolved.london.ca/automated-vehicles>

Advisory committee initial feedback/resolutions provide by **April 28**.

Requested Amendment to the Current Official Plan

The City has initiated an Official Plan Amendment to add a Specific Policy Area to permit the Personal Service Establishment use within the Low Density Residential designation. The intent is to align the 1989 Official Plan as it applies to these lands, with the policies of The London Plan, the new Official Plan for the City of London.

Requested Zoning By-law Amendment

To change the zoning from a Residential R3 Special Provision/Office Conversion (R3-2(6)/OC2) Zone to a Residential R3 Special Provision/Office Conversion Special Provision (R3-2(6)/OC2(_)) Zone to add a Personal Service Establishment together with at least one dwelling unit as a permitted use as well as a site specific regulation for a reduction in parking to permit five (5) on-site parking spaces and recognize existing site conditions. Changes to the currently permitted land uses and development regulations are summarized below. The complete Zoning By-law is available at london.ca/planapps.

Current Zoning

Zone: Residential R3 Special Provision/Office Conversion (R3-2(6)/OC2) Zone

Permitted Uses: The Residential R3 Special Provision (R3-2(6)) Zone permits single detached dwellings; semi-detached dwellings; duplex dwellings; triplex dwellings; converted dwellings; fourplex dwellings. The Office Conversion (OC2) Zone permits offices, professional in existing buildings together with at least one dwelling unit and offices, service in existing buildings together with at least one dwelling unit.

Special Provision(s): The Residential R3 Special Provision (R3-2(6)) Zone regulates the floor area ratio/maximum floor area gross residential based on lot sizes; a rear yard depth of thirty percent (30%) of the actual lot depth or as indicated on Table 7.3, whichever is greater; yards where parking where parking in rear yards is restricted to the required rear depth where access is obtained from a lane and where there is no garage or carport located in the rear or side yard; and a parking standard of one space per 100 sq. m. (1,076 sq. ft) of Floor Area, Gross Residential or as indicated in Section 4.19.10 of this by-law, whichever is greater.

Residential Density: The Residential R3 Special Provision (R3-2(6)) Zone, in no case shall a converted dwelling have a lot area of less than 180.0 sq. m. per unit in the R3-1 and R3-2 Zone. The Office Conversion (OC2) Zone requires at least one dwelling unit with the Permitted Uses mentioned above.

Requested Zoning

Zone: Residential R3 Special Provision/Office Conversion Special Provision (R3-2(6)/OC(_)) Zone

Permitted Uses: The Residential R3 Special Provision (R3-2(6)) Zone permitted uses are outlined above under Permitted Uses. The Office Conversion Special Provision (OC(_)) Zone permits offices, professional in existing buildings together with at least one dwelling unit; offices, service in existing buildings together with at least one dwelling unit.

Special Provision(s): The Residential R3 Special Provision (R3-2(6)) Zone's special provisions will remain, as outlined above in Special Provision(s). The Office Conversion Special Provision (OC2(_)) Zone will permit a Personal Service Establishment together with at least one dwelling unit, five (5) on-site parking spaces, and to recognize existing site conditions with respect to setbacks, lot coverage and landscape open space.

Residential Density: No change requested.

The City may also consider additional special provisions to recognize existing site conditions.

Planning Policies

Any change to the Zoning By-law must conform to the policies of the Official Plan, London's long-range planning document. These lands are currently designated as Low Density Residential in the 1989 Official Plan, which permits single detached; semi-detached; and duplex dwellings as the main uses.

The subject lands are in the Neighbourhoods Place Type in *The London Plan*, permitting a range of housing types including mixed-use buildings at the intersection of two Neighbourhood Connectors.

How Can You Participate in the Planning Process?

You have received this Notice because someone has applied to change the Official Plan designation and the zoning of land located within 120 metres of a property you own, or your

landlord has posted the public meeting notice in your building. The City reviews and makes decisions on such planning applications in accordance with the requirements of the *Planning Act*. If you previously provided written or verbal comments about this application, we have considered your comments as part of our review of the application and in the preparation of the planning report and recommendation to the Planning and Environment Committee. The additional ways you can participate in the City's planning review and decision making process are summarized below. For more detailed information about the public process, go to the [Participating in the Planning Process](#) page at [london.ca](#).

See More Information

You can review additional information and material about this application by:

- visiting Development Services at 300 Dufferin Ave, 6th floor, Monday to Friday between 8:30am and 4:30pm;
- contacting the City's Planner listed on the first page of this Notice; or
- viewing the application-specific page at [london.ca/planapps](#).

Attend This Public Participation Meeting

The Planning and Environment Committee will consider the requested Official Plan and zoning changes at this meeting, which is required by the *Planning Act*. You will be invited to provide your comments at this public participation meeting. A neighbourhood or community association may exist in your area. If it reflects your views on this application, you may wish to select a representative of the association to speak on your behalf at the public participation meeting. The Planning and Environment Committee will make a recommendation to Council, which will make its decision at a future Council meeting.

What Are Your Legal Rights?

Notification of Council Decision

If you wish to be notified of the decision of the City of London on the proposed official plan amendment and zoning by-law amendment, you must make a written request to the City Clerk, 300 Dufferin Ave., P.O. Box 5035, London, ON, N6A 4L9, or at docservices@london.ca. You will also be notified if you speak to the Planning and Environment Committee at the public meeting about this application and leave your name and address with the Secretary of the Committee.

Right to Appeal to the Local Planning Appeal Tribunal

If a person or public body would otherwise have an ability to appeal the decision of the Council of the Corporation of the City of London to the Local Planning Appeal Tribunal but the person or public body does not make oral submissions at a public meeting or make written submissions to the City of London before the proposed official plan amendment is adopted, the person or public body is not entitled to appeal the decision.

If a person or public body does not make oral submissions at a public meeting or make written submissions to the City of London before the proposed official plan amendment is adopted, the person or public body may not be added as a party to the hearing of an appeal before the Local Planning Appeal Tribunal unless, in the opinion of the Tribunal, there are reasonable grounds to add the person or public body as a party.

If a person or public body would otherwise have an ability to appeal the decision of the Council of the Corporation of the City of London to the Local Planning Appeal Tribunal but the person or public body does not make oral submissions at a public meeting or make written submissions to the City of London before the by-law is passed, the person or public body is not entitled to appeal the decision.

If a person or public body does not make oral submissions at a public meeting or make written submissions to the City of London before the by-law is passed, the person or public body may not be added as a party to the hearing of an appeal before the Local Planning Appeal Tribunal unless, in the opinion of the Tribunal, there are reasonable grounds to do so.

For more information go to <http://elto.gov.on.ca/tribunals/lpat/about-lpat/>.

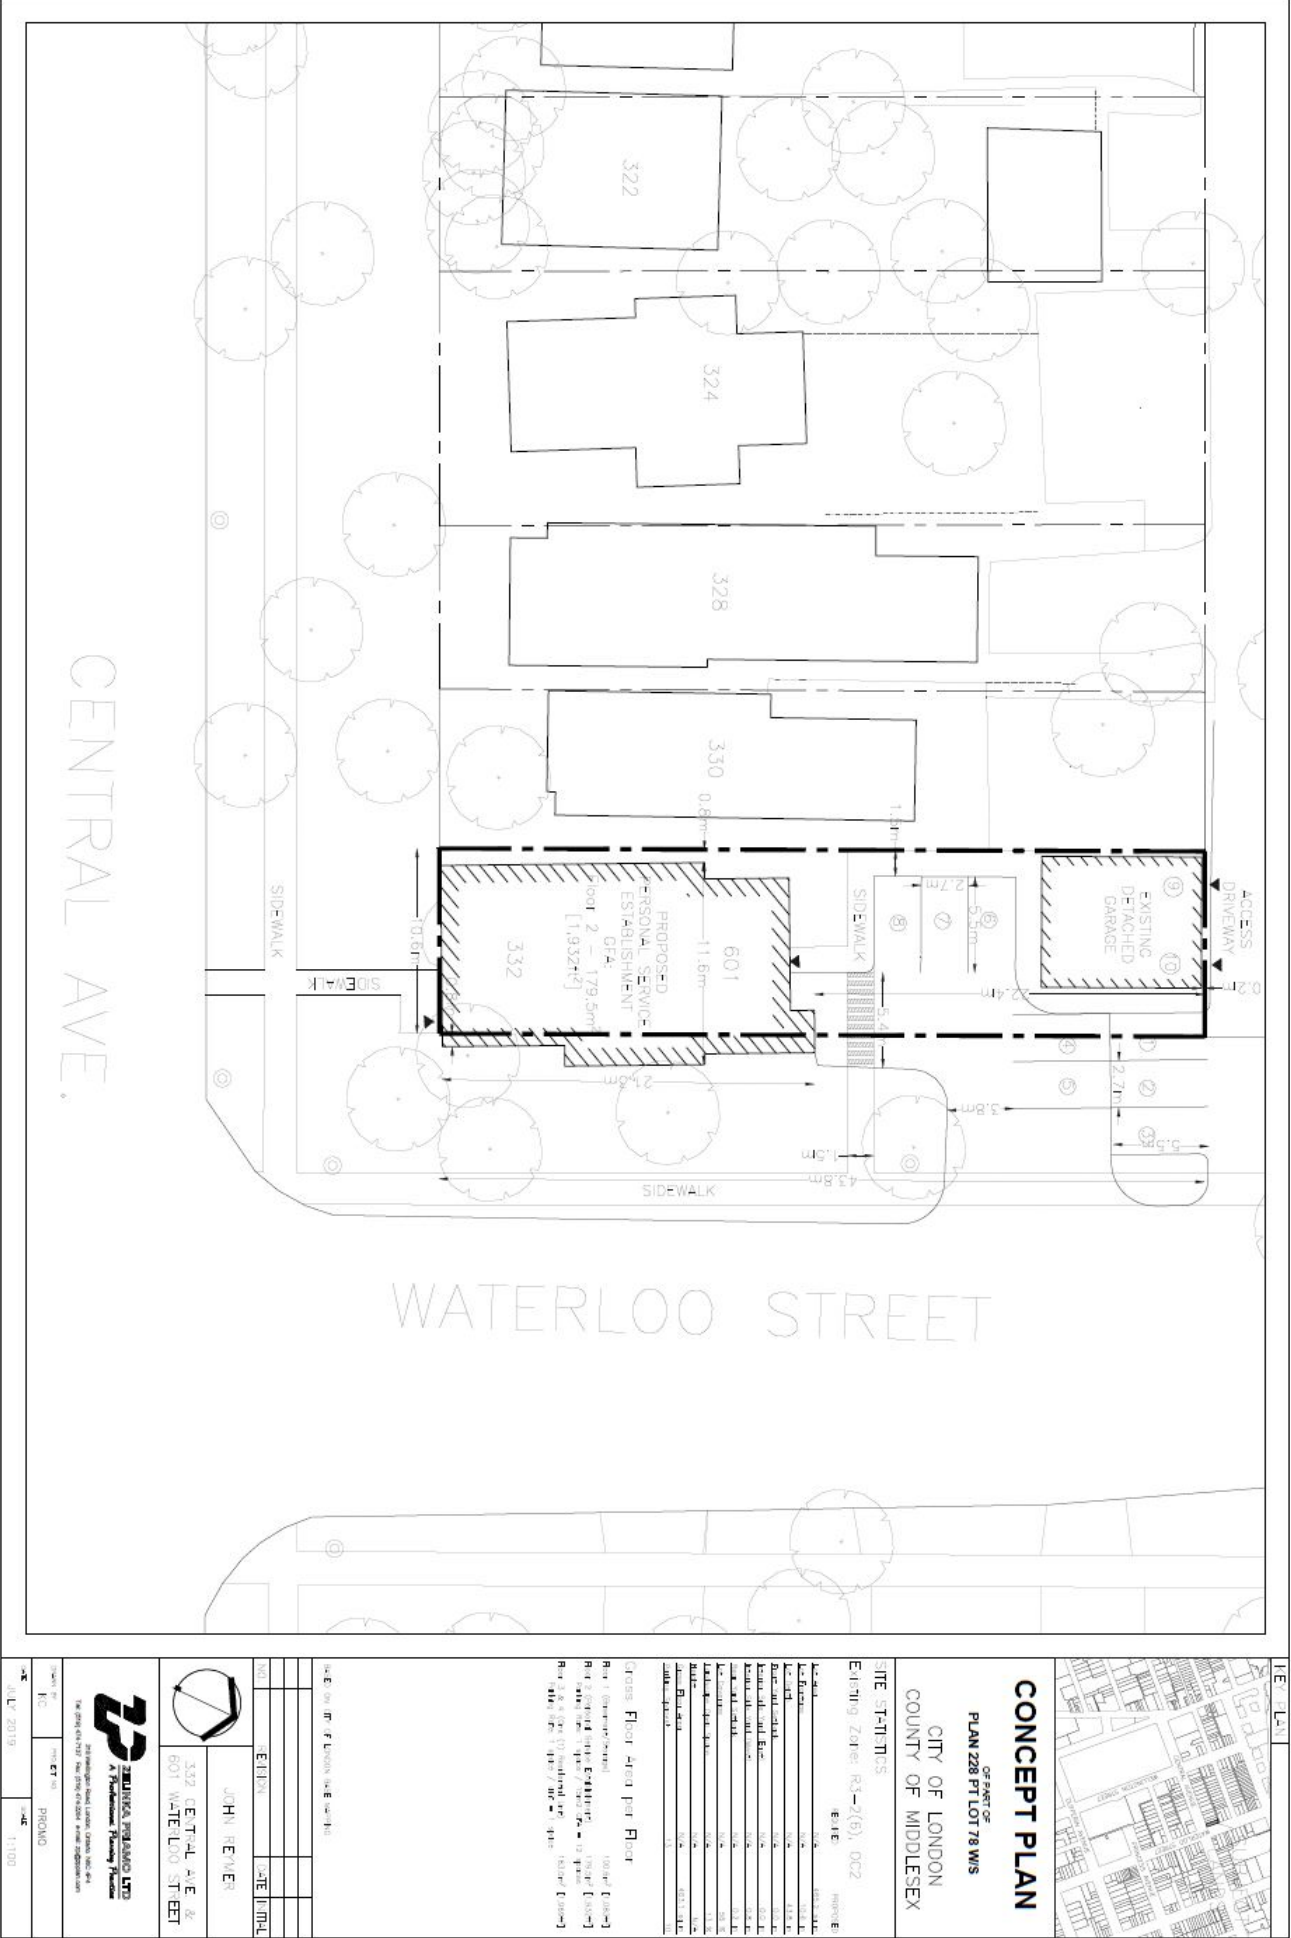

Notice of Collection of Personal Information

Personal information collected and recorded at the Public Participation Meeting, or through written submissions on this subject, is collected under the authority of the *Municipal Act*, 2001, as amended, and the *Planning Act*, 1990 R.S.O. 1990, c.P.13 and will be used by Members of Council and City of London staff in their consideration of this matter. The written submissions, including names and contact information and the associated reports arising from the public participation process, will be made available to the public, including publishing on the City's

website. Video recordings of the Public Participation Meeting may also be posted to the City of London's website. Questions about this collection should be referred to Cathy Saunders, City Clerk, 519-661-CITY(2489) ext. 4937.

Accessibility – Alternative accessible formats or communication supports are available upon request. Please contact accessibility@london.ca or 519-661-CITY(2489) extension 2425 for more information.
