8. (3.1) Application - 1150 Fanshawe Park Road East (OZ-9215) (Relates to Bill No.'s 344, 345 and 354)

Motion made by: M. Cassidy

That, on the recommendation of the Director, City Planning and City Planner, the following actions be taken with respect to the application by Stackhouse Developments Inc., relating to the property located at 1150 Fanshawe Park Road East:

a) the proposed by-law appended to the staff report dated November 2, 2020 as Appendix "A" BE INTRODUCED at the Municipal Council meeting to be held on November 10, 2020 to amend the Official Plan by ADDING a specific policy to Chapter 10 to permit an increased density of 133 units per hectare;

b) the proposed by-law appended to the staff report dated November 2, 2020 as Appendix "B" BE INTRODUCED at the Municipal Council meeting to be held on November 10, 2020 by ADDING a new policy to the Specific Policies for the Neighbourhoods Place Type AND AMENDING Map 7 – Specific Policy Areas – of The London Plan by adding the subject site to the list of Specific Policy Areas;

c) the attached, revised, by-law (Appendix "C") BE INTRODUCED at the Municipal Council meeting to be held on November 10, 2020 to amend Zoning By-law No. Z.-1, (in conformity with the Official Plan as amended in parts a) and b) above), to change the zoning of the subject property FROM a holding Restricted Office/Convenience Commercial Special Provision (h-27*RO2/CC5(1)) Zone TO a holding Restricted Office/Convenience Commercial Special Provision/Residential R8 Special Provision Bonus (h-5*h-18*RO2/CC5(1)/R8-4()*B()) Zone;

the Bonus Zone shall be implemented through one or more agreements to facilitate a high quality development comprised of stacked townhouses and an apartment building, with a maximum height of 6 storeys (21m), and a maximum density of 133 units per hectare, which substantively implements the Site Plan and Elevations appended to the staff report dated November 2, 2020 as Schedule "1" to the amending by-law in return for the following facilities, services and matters:

1) Exceptional Building Design

the buildings shown in Schedule "1" to the amending by-law are bonused for features which deliver a high standard of design including:

- i) an apartment building located and oriented along the street edge to provide for a continuous street wall along Stackhouse Avenue;
- ii) stacked townhouses located along and oriented towards the street edge to provide for a continuous street wall along Fanshawe Park Road East;
- iii) incorporating a minimum of 35% of the required parking spaces as underground parking;
- iv) provision of an enhanced landscape open space setback along the west property boundary to facilitate retention of the mature spruce trees;
- v) incorporate a variety of materials and textures to highlight different architectural elements;
- vi) provision of individual entrances to ground floor units with operable front doors on the east façade of the apartment building with direct walkways to the public sidewalk; and,
- vii) provision of the main building entrance at the northeast corner of the building;

2) Provision of Affordable Housing

The provision of affordable housing shall consist of:

- i) a total of six (6) stacked townhouse affordable rental units;
- ii) rents not exceeding 90% of the Average Market Rent (AMR) for the London Census Metropolitan Area as determined by the CMHC at the time of building occupancy; and,
- iii) the duration of affordability shall be set at 20 years from the point of initial occupancy of all affordable units.

it being noted that the following site plan matters were raised during the public participation process:

- i) garbage storage shall be located internally within the building;
- ii) fencing along the west property boundary shall be installed or enhanced to provide adequate screening, minimize the impact of headlights and enhance privacy;
- iii) enhanced provision of landscaping along the southwest property boundary to provide screening for the stacked townhouse dwellings; and,
- iv) minimal or no windows to habitable rooms for the west façade of the stacked townhouses;

it being pointed out that at the public participation meeting associated with these matters, the individuals indicated on the attached public participation meeting record made oral submissions regarding these matters;

it being further noted that the Municipal Council approves this application for the following reasons:

- the recommended amendment is consistent with, and will serve to implement the policies of the Provincial Policy Statement, 2020 which encourage infill and intensification, the provision of a range of housing types, and efficient use of existing or planned infrastructure;
- the recommended amendment generally conforms to the in-force policies of The London Plan including, but not limited to the policies of the Neighbourhoods Place Type which contemplate low-rise apartment buildings up to 6 storeys with frontage on an Urban Thoroughfare;
- the recommended amendment to The London Plan will allow for the existing commercial and office uses to be permitted to allow for a mix of uses;
- the recommended amendment generally conforms to the in-force policies of the 1989 Official Plan including, but not limited to the Policies for Specific Residential Areas which allow Council to address developments through specific policies that provide additional guidance to the general Multi-family, Medium Density Residential policies; and,
- the subject lands are of a suitable size and shape to accommodate the development proposed, which is a sensitive and compatible form within the existing and planned surrounding neighbourhood.

AGREEMENT OF PURCHASE AND SALE

AGREEMENT OF PURCHASE AND SALE
CORPORATION OF THE CITY OF LONDON

PAGE 1

CLASS 1 SALE

THIS INDENTURE dated the _____ day of _____, **2020**.

BETWEEN:

THE CORPORATION OF THE CITY OF LONDON

hereinafter called the **VENDOR**

- and -

1666042 ONTARIO INC.

Address: 2065 Piper Lane, London, Ontario, N5V 3S5

hereinafter called the **PURCHASER**

1. The Purchaser, having inspected the lands and premises hereinafter described, hereby offers to purchase from the Vendor the lands and premises situated in **Innovation Industrial Park Phase IV**, in the City of London, in the County of Middlesex, containing **3.0 acres**, more or less subject to survey, located on the north east corner of Boyd Court, and being composed of part of **Block 5, on Plan 33M-609, City of London**; and shown outlined in yellow and labelled Parcel A on the plan attached hereto as Schedule "C" to this Agreement, for the price of approximately

Two Hundred and Forty Thousand Dollars **(\$240,000.00)**
of lawful money of Canada calculated at the rate of

Eighty Thousand Dollars **(\$80,000.00)**
per acre, with all normal municipal services available in the road allowance.

The Purchaser submits

Twenty Four Thousand Dollars (10% of purchase price) **(\$24,000.00)**
cash (or bank draft or certified cheque) payable to the City Treasurer, City of London, as deposit to be held by the Vendor pending completion or other termination of the agreement arising from the acceptance of this Agreement and to be credited towards the purchase price on completion, and the balance of the purchase price to be paid on the date of completion.

2. Provided the title to the property is good and free from all encumbrances, except as otherwise expressly provided herein, and except as to any registered easements, restrictions or covenants that run with the land, or municipal by-laws, or other governmental enactments, providing that such are complied with.

3. The Purchaser shall not call for the production of any title deed, abstract, survey or other evidence of title except as may be in the possession or control of the Vendor, unless otherwise provided herein.

4. The Purchaser is to be allowed 90 days from the date of acceptance of this Agreement to examine the title at his own expense. If within that time any valid objection to title is made in writing to the Vendor which the Vendor is unable or unwilling to remove, remedy or satisfy and which the Purchaser will not waive, this Agreement, notwithstanding any intermediate acts or negotiations in respect of such objection shall be at an end, and all monies theretofore paid shall be returned to the Purchaser without interest or deduction, and the Vendor shall not be liable for any costs or damages. Except as to any valid objection so made within such time, and except for any objection going to the root of the title, the Purchaser shall be conclusively deemed to have accepted the Vendor's title to the property.

5. The Purchaser is to be allowed 90 days from the date of acceptance of this Agreement to carry out soil tests as it might reasonably require. Any such testing shall first be approved by the City Engineer and shall be at the sole risk and expense of the Purchaser. If such tests are carried out, the Purchaser agrees to restore the property to its original condition. If the property is not so restored, the vendor may carry out required restoration and without limiting the rights of the Vendor, the cost thereof may be recovered from the deposit. If, within that time, any valid objection to soil conditions is made in writing to the Vendor, which the Vendor is unable or unwilling to remove, remedy or satisfy, and which the Purchaser will not waive, this Agreement notwithstanding any intermediate acts or negotiations in respect of such objection, shall be at an end and all monies theretofore paid shall be repaid or returned to the Purchaser without interest or deduction and the Vendor shall not be liable for any costs or damages. Except as to any valid objection so made within such time, the Purchaser shall be conclusively deemed to have accepted the soil conditions on the property.

6. The transaction of purchase and sale to be completed within 120 days from the acceptance of this Agreement. Vacant possession of the property shall be given to the Purchaser on the date of completion, unless otherwise provided herein.

7. This Agreement, when accepted, shall constitute a binding contract of purchase and sale between the Purchaser and Vendor and time shall, in all respects, be of the essence thereof, provided that the time for the doing or completing of any matter provided for herein may be extended or abridged by an agreement in writing, signed by the Vendor and the Purchaser or by their respective solicitors who are hereby expressly appointed in this regard. It is agreed that there is no condition, expressed or implied, representation, warranty, or collateral agreement affecting this Agreement or the property or supported hereby, except as expressed herein in writing.

8. The Deed or transfer shall be prepared in registerable form at the expense of the Vendor by its solicitor. Each party shall pay the cost of registration and taxes on his own documents.

9. Planning Act: This Agreement shall be effective to create an interest in the property only if the subdivision control provisions of the Planning Act are complied with.

10. Time Limits: Time shall in all respects be of the essence hereof provided that the time for doing or completing of any matter provided for herein may be extended or abridged by an agreement in writing signed by Vendor and the Purchaser or their respective lawyers who are hereby specifically authorized in that regard.

11. Provided that, notwithstanding any terms or conditions outlined in the printed wording herein, any provisions written into the Agreement at the time of the signing of the Agreement by the Purchaser shall be the true terms and shall supersede the printed portion in respect of the parts affected thereby. This Agreement and its acceptance shall be read with all changes of gender or number required by the context and shall be binding upon the parties hereto, their respective heirs, executors, administrators, successors and assigns, as the case may be.

12. As a condition of this Agreement, the Purchaser hereby agrees to submit a declaration of intent which outlines the proposed uses of the property. This declaration is attached hereto as Schedule "A" and forms part of the Agreement.

13. As a condition of this Agreement, the Purchaser hereby agrees to be bound by the Policy of The Corporation of the City of London with respect to the sale and/or transfer of City-owned, serviced, industrial land, which Policy is attached hereto as Schedule "B" to this Agreement, it being the intent of the parties hereto that the provisions of the said "Policy" shall survive the closing of this transaction to such extent as may be required to give effect to the said Policy. As a further condition of this Agreement, the Purchaser agrees to accept a Deed with respect to the land herein described in a form sufficient to give effect to the said Policy.

14. Any tender of documents or money desired hereunder may be made upon the solicitor acting for the Vendor or Purchaser, and it shall be sufficient that a Bank Draft or Certified Cheque may be tendered instead of cash.

15. Schedules A, B, C and D attached hereto form part of this Agreement.

SCHEDULE "B"

Excerpt from By-law No. A.-6151-17, Schedule A, Attachment A entitled "Disposal of Industrial Land Procedures"

Disposal of Industrial Land Procedures

1. The purpose of this policy is to establish the terms upon which City-owned serviced industrial land is to be sold and transferred.
2. This policy is to be read and applied fairly and beneficially with such variations as circumstances or the nature of the subject matter require provided the general purpose, intent, meaning and spirit of the policy are maintained.
3. In this policy,
 - (a) Commencement of construction means the date upon which a building permit is issued by the City;
 - (b) Completion of construction is reached when the building or structure or a substantial part thereof is ready for use or is being used for the purpose intended, and;
 - (c) Coverage has the meaning ascribed to it under the applicable zoning by-law.

CLASS 1 SALE

4. A class 1 sale is a sale of a land for the purpose of the construction thereon of a building or structure for a detached industrial use.
5. A class 1 sale shall be subject to the following conditions:
 - (a) The purchaser shall commence construction within one year of the registration of the deed or transfer and shall diligently complete construction of the building or structure, in default of which the purchaser shall in the sole discretion of the City reconvey the land to the City in accordance with Section 18 of this policy and free and clear of all encumbrances, easements, restrictions or covenants except as to those originally assumed by the purchaser from the City.
 - (b) The minimum coverage of the building or structure shall be 15 per cent, provided however that, where the maximum coverage permitted under the applicable zoning by-law is 15 percent or less, the maximum coverage under the zoning by-law shall be deemed to be the minimum coverage required by this condition.
 - (c) The purchaser shall not within 10 years of the registration of the deed or transfer convey any vacant part of the land by deed, transfer, grant, assignment, appointment, mortgage, charge, lease or sub-lease (Planning Act, R.S.O. 1990, Chapter P .13), without first notifying the City and, where it has been so notified, the City may either grant its consent (which shall not be unreasonably withheld) to the conveyance or application or may in its sole discretion require the purchaser to reconvey the vacant part to the City in accordance with Section 18 of this policy and free and clear of all encumbrances, easements, restrictions or covenants except as to those originally assumed by the purchaser from the City.
 - (d) The purchaser shall pay local improvement charges and any other special levies assessed at any time against the land on and after completion of the purchase.
6. The Manager of Realty Services may grant one or more extensions (which in total shall not exceed two years) of the time set out in paragraph 5 (a) of Section 5 of this policy within which construction of a building or structure is to be commenced provided the purchaser has filed a written request with the Manager of Realty Services for the extension.
7. A purchaser wishing to notify the City under condition 5 (c) of this policy shall file a written request with the Manager of Realty Services who shall submit a recommendation thereon to Council through the Corporate Services Committee.

APPENDIX "C" Cont'd
AGREEMENT OF PURCHASE AND SALE

AGREEMENT OF PURCHASE AND SALE
CORPORATION OF THE CITY OF LONDON

PAGE 6

CLASS 2 SALE

8. A class 2 sale is a sale of a land for the purpose of the extension or enlargement of a building or structure erected or to be erected upon land of the purchaser abutting the land.
9. A class 2 sale shall be subject to conditions (c) and (d) of Section 5 of this policy and the further condition that the land shall not be used for any purpose other than the extension or enlargement of a building or structure erected or to be erected upon lands of the purchaser abutting the land.

CLASS 3 SALE

10. A class 3 sale is a sale that is not a class 1 or class 2 sale and that is a sale of a land for the purpose of a use ancillary to a building or structure erected or to be erected upon land of the purchaser abutting the parcel.
11. A class 3 sale shall be subject to conditions (c) and (d) of Section 5 of this policy and the further condition that the land shall not be used for any purpose other than a use ancillary to a building or structure erected or to be erected upon land of the purchaser abutting the parcel.

GENERAL

12. At least annually, the Manager of Realty Services shall review the pricing of industrial land and if a change in pricing is recommended, shall make a recommendation to Board of Control as to the price per acre at which land should be offered for sale during the ensuing year.
 13. Pending receipt of an offer to purchase from a prospective purchaser, land may be reserved for a period of 30 days, provided however that, if during the reserve period the City receives an offer to purchase the same land in accordance with this policy from another prospective purchaser, the first prospective purchaser shall be allowed 5 days after notification within which to submit an offer to purchase at the same price and on the same terms; otherwise the City shall be at liberty to accept the second offer to purchase.
 14. A prospective purchaser shall complete and execute an offer to purchase in the form provided by the City accompanied by a deposit payable to the City Treasurer by cash or certified cheque equal to 10 per cent of the total purchase price, and the balance shall be payable subject to usual adjustments upon completion of the transaction.
 15. The Manager of Realty Services may submit an offer to purchase for acceptance by the City.
 16. The transaction shall be completed within 90 days of the passing of the by-law accepting the offer to purchase or within such further period as may be agreed to between the City Solicitor and the purchaser's solicitor in the best interests of the City.
 17. Where, in the City's opinion, land is properly sold through a real estate agent, the City shall pay a fee to the agent not exceeding the scale established by the City upon completion of the transaction but no fee shall be payable if the purchaser is permitted to withdraw from the agreement of purchase and sale prior to the completion of the transaction.
 18. Where the whole or any part of land is reconveyed by the purchaser to the City pursuant to a condition of sale or otherwise, the amount payable upon the reconveyance shall be 90 per cent of either the original purchase price (exclusive of interest thereon), if the whole land is reconveyed, or the portion thereof that is in the same ratio as the area of the reconveyed part is to the whole land, subject to adjustments as of the date of reconveyance for taxes, local improvements and other rates and subject, where the City considers necessary, to the City's withholding until a new purchaser is found, an amount sufficient to compensate the City for the cost of restoring the land to its original condition if so required by the new purchaser.
 19. The development of the property will be subject to the requirements of the Architectural Control Guidelines as published by the City of London from time to time and the purchaser acknowledges the contents thereof and agrees to conform to those Guidelines.
 20. The cost of service connections from the main to the property line is the responsibility of the purchaser.
 21. The purchaser accepts the current condition of the site and the cost of removal of topsoil from the site if required is the responsibility of the purchaser.
 22. Planning Act: This Agreement shall be effective to create an interest in the property only if the subdivision control provisions of the Planning Act are complied with.

SCHEDULE "D"

ADDITIONAL TERMS AND CONDITIONS

Paramourncy of Schedule "D"

The provisions of this Schedule "D" are in addition to and not in substitution for the standard provisions contained in the body of the Agreement of Purchase and Sale and in Schedule "B" thereto, provided that if the provisions of this Schedule "D" conflict or are inconsistent in any respect with such standard provisions, By-Law No. A-6151-17 or any policy of The Corporation of the City of London, the provisions of this Schedule "D" shall prevail and the aforesaid By-Laws and Policies shall be read with the corresponding amendments. Unless the context otherwise requires, the term "this Agreement" as used in the Agreement of Purchase and Sale and Schedules thereto shall mean the said Agreement of Purchase and Sale and all Schedules thereto.

Assignment of Agreement

At any time prior to closing the Purchaser may assign this Agreement to an affiliated corporation of the Purchaser, as defined in the Ontario or Canada Business Corporations Act, and upon delivery to the Vendor of a notice of such assignment and a covenant by the assignee in favour of the Vendor pursuant to which the assignee agrees to assume all covenants and agreements to be kept, observed and performed by the Purchaser pursuant to this Agreement, the assignee shall be entitled to and bound by, and the Purchaser shall cease to be entitled to and shall be released from, all of the benefits and obligations of the Purchaser pursuant to this Agreement.

Sewage Sampling Manholes

The Purchaser is notified that inspection manholes, built to City of London standards, may be required to construct sewage sampling manholes, built to City standards in accordance with the City's Waste Discharge By-laws and standards, as amended, which regulates the discharge of sanitary and storm sewage into public sewage systems. If required, the storm and/or sanitary inspection manholes are to be located wholly on private property, as close as possible to the street line, or as approved otherwise by the City Engineer.

Municipal Services and Roadway Easements

Subject to the Purchaser's right of review of the Vendor's easement requirements during the 'due diligence' period, following the closing of this transaction, the Purchaser will grant to the Vendor, for nominal consideration, servicing easements as may be required, and will be mutually acceptable to both parties. This condition shall survive and not merge on the completion of this transaction.

Development Agreement

The Purchaser acknowledges that prior to the issuance of a Development Agreement, the Purchaser shall be subject to site plan and permitting process which may include but not be limited to an approval for the location of an entrance to the site, urban design, granting municipal easements and working easements, satisfying servicing requirements, obtaining approvals and satisfying requirements by Upper Thames Conservation Authority, (UTRCA), Ministry of Environment and Climate Change (MOECC), and any other approvals deemed necessary by the City.

Reference Plan

The Vendor agrees to prepare and deposit on title, on or before closing and at its expense, a reference plan describing the property.

Adjustments: The purchase price payable by the Purchaser to the Vendor for the Property is calculated at 3 acres multiplied by \$80,000 per acre. If the actual size of the Property is difference than set out above at time of closing, then the Purchase Price for the Property shall be adjusted to reflect a price equal to the area of the Property multiplied by \$80,000 per acre.

Purchaser Condition – Environmental

This offer is conditional upon the Buyer, at the Purchaser's expense, conducting environmental inspections and investigations of the property satisfactory to the Purchaser in the Purchaser's sole and absolute discretion. Unless the Purchaser gives notice in writing delivered to the Vendor personally or in accordance with any other provision for the delivery of notice in this Agreement of Purchase and Sale or any Schedule thereto no later than ninety (90) days from the date that this offer is accepted that this condition is fulfilled this offer shall be null and void and the deposit shall be returned to the Purchaser in full without deduction. This condition is included for the benefit of the Purchaser and may be waived at the Purchaser's sole option by notice in writing to the Vendor as aforesaid within the time period stated herein.

Purchaser Condition – Geotechnical Review

This offer is conditional upon the Purchaser, at the Purchaser's expense, conducting geotechnical inspections for the property satisfactory to the Purchaser in the Purchaser's sole and absolute discretion. Unless the Purchaser gives notice in writing delivered to the Vendor personally or in accordance with any other provision for the delivery of notice in this Agreement of Purchase and Sale or any Schedule thereto no later than ninety (90) days from the date that this offer is accepted that this condition is fulfilled this offer shall be null and void and the deposit shall be returned to the Purchaser in full without deduction. This condition is included for the benefit of the Purchaser and may be waived at the Purchaser's sole option by notice in writing to the City as aforesaid within the time period stated herein.

Testing After Acceptance

From and after the date of Vendor's Acceptance of this Agreement, and in accordance with Paragraph 5 of the Agreement of Purchase and Sale, the Vendor shall permit the Purchaser and its authorized representatives and consultants reasonable access to the property for the purpose of making soil, ground water, environmental or other tests, measurements or surveys in, on or below the property, provided that the Purchaser shall do so at its own expense and its own risk. No action taken by the Purchaser hereunder shall constitute a trespass or taking of possession.

Notwithstanding the above, the Purchaser and its authorized representatives and consultants agree to undertake best efforts to minimize crop damage resulting from accessing the lands to complete testing as it relates to paragraph 5 and Purchaser's conditions for Environmental and Geotechnical Review provided above.

Release of Information

The Vendor agrees to authorize all municipal, provincial and federal governments, boards, agencies or departments having jurisdiction to release, to the extent permitted by law, any and all information in their possession respecting the property to the Purchaser, and further agrees to authorize each of them to carry out inspections of the property upon the request of the Purchaser, at the Purchaser's expense. The Vendor agrees to execute any specific authorization pursuant to this paragraph within five (5) business days of being requested to do so by the Purchaser.

Vendor Pre-Closing Condition - Termination of Farm Lease

This Agreement is conditional upon the Vendor being able to terminate the existing Farm Lease on the Property. The Vendor shall have ninety (90) days from the date of acceptance of this Agreement to terminate the existing Farm Lease with the Farm Tenant. If, within that time, the Vendor has not given notice

in writing to the Purchaser that this condition has been satisfied or waived, then this condition shall be deemed not to have been satisfied or waived, in which event this Agreement shall be null and void and of no further force or effect whatsoever and each party shall be released from all of its liabilities and obligations under this Agreement and the deposit shall be returned to the Purchaser forthwith, without interest or deduction except as otherwise provided for herein. This condition is included for the benefit of the Vendor and may be waived at the Vendor's sole option by notice in writing to the Purchaser as aforesaid within the time period stated herein.

Survival of Conditions

The obligations of Purchaser contained in Schedule "D" shall survive and not merge on the completion of this transaction.

ADDITIONAL SCHEDULE WITH SPECIAL PROVISIONS AND URBAN DESIGN GUIDELINES

Special Provisions of Innovation Park Subdivision Agreement

1. The Municipality and the Purchaser acknowledge and agree that the Municipality shall not be deemed as making any representation or warranties to the Purchaser with respect to the site conditions of the Property.
2. The Purchaser shall be solely responsible for carrying out all appropriate site investigations and ensuring that the Property and the Development on the Property are in compliance with the City's Urban Design Guidelines, and all applicable building and environmental regulations including, without limitation, the following which are attached hereto and form part of this agreement:
 - a. the Purchaser acknowledges that the Property may have been rough-graded and filled by the Municipality;

- b. the Purchaser accepts that there may be significant variations in bearing capacity on and throughout the Property;
 - c. the Purchaser shall be solely responsible for carrying out any necessary soils investigations of the Property to determine its load-bearing capacity and suitability for any subsequent development on the Property;
 - d. the Purchaser shall be solely responsible for determining that the Property and any proposed subsequent development on the Property will comply with all applicable building and environmental regulations; and
 - e. that the foregoing representations, as to suitability and to possible variations in soil bearing capacity, shall not be modified or varied in any manner whatsoever as a result of any oral or written communication to the Purchaser by the Municipality, its contractors, consultants, or other servants and agents. The provision of any information to the Purchaser by the Municipality, its consultants or contractors, is as a courtesy alone and in no way relieves the Purchaser of its obligation to secure adequate soils testing for its proposed Development.
3. It is agreed by the Purchaser that the Purchaser's Development of the Property will be as specified in Schedule "A" to this Agreement of Purchase and Sale, and more particularly in the Site Development Proposal which forms part of the Agreement of Purchase and Sale. Any changes to the proposed development outside of Schedule "A" must first be approved by the Municipality acting reasonably.
4. The Purchaser must adhere to the recommendations of the geotechnical engineer, and shall deliver a certificate of a geotechnical engineer to the City's Director of Building Control upon completion of the foundation on the lot that the building construction was completed in accordance with the Owner's geotechnical engineer's recommendations.
5. The Purchaser acknowledges that it may be required to construct sewage sampling manholes, built to City standards in accordance with the City's Waste Discharge By-law No. WM-2, as amended, regulating the discharge of sewage into public sewage systems. If required, the sewage sampling manholes shall be installed on both storm and sanitary private drain connections, and shall be located wholly on private property, as close as possible to the street line, or as approved otherwise by the City Engineer.

Urban Design Guidelines for Innovation Park

A copy of "Airport Road South Business Park Urban Design Guidelines" dated June 2004, will be provided to the purchaser under separate cover.

Subject: Re: [EXTERNAL] Pre-registration for Public Participation Meeting File Z-9011 October 19, 2020

Heather Thank you for your response. While I appreciate there may be some IT security issues about handing out a password for a zoom meeting, it should be possible to run a safe encrypted zoom tie in for the public so they can comfortably participate. To have the zoom option only for the council and staff is hypocritical and shows complete ignorance of the growing second wave of Covid. I only hope that no one who attends the meeting in person contracts the disease, or that the meeting becomes a super spreader event.

With the actual tree by-law becoming publicly available only this past Wednesday, it seems that after so much time, somewhat puzzling why the City would only give 2 days to review and respond to a lengthy document.

That being said, I would like to have it recorded that I object to the proposed by-law. In particular the section that defines the tree geographic boundary makes no sense to me. Why would 3% of the land within the City boundaries, be excluded? The section reads:

(ii) Urban Growth Boundary Geographic Limitation Public comment was received at the Public Participation Meeting regarding the arbitrary protection of individual large trees as Distinctive Trees based on a geographic marker, the Urban Growth Boundary. Those large trees inside the Urban Growth Boundary are protected as Distinctive Trees, while those outside the Urban Growth Boundary are not. The Urban Growth Boundary is invisible on the ground, which makes it difficult for the public to know where the by-law applies. Often, when the public complain about cutting of large trees outside the Urban Growth Boundary, they are surprised to learn the trees are not protected and may express confusion or exasperation as to why those trees outside the Urban Growth Boundary were not protected. 70% 27% 3% 632 - Initial Call/Inquiry 242 - Approved Permits 28 - Denied Permits 58% 39% 3% 98 - Investigation Completed By-law Does Not Apply or Permit Already Issued 87 - Educational Conversation and/or Letter 5 - Fines and/or Orders It is not recommended to remove the geographic limit (the Urban Growth Boundary) within which large trees are protected as Distinctive Trees, although this invisible line does create confusion for the public - particularly those reporting tree removals in the rural area. To remove this limit may impact staff workloads, particularly for enforcement. There are other factors that affect rural tree management decisions including normal farming practices; municipal drain maintenance; resource extraction; many of those are exempted activities or mandated through other legislation, but if there is a complaint they still have to be investigated to discover the details. Recommendation: No change to the Distinctive Tree definition.

Despite numerous references about the confusion for the public, no change to the distinctive tree definition is suggested. Having lived beside the rampant tree destruction to create a subdivision near our home, I was shocked when, after the City tree by-law officer asked for the cutting be stopped, he was told by the solicitor of the developer they were outside of the by-

law zone (on the west side of Dingman Creek), and thus exempt. This summer we experienced flooding across our property from the adjacent property, and despite written requests and videos for the City to investigate, nothing was ever done. It seems ironic that the City on one hand talks about all the health benefits to the public provided by trees, but on the other hand apparently this does not apply to the rural areas.

Please extend the tree line to include all of London, including the rural areas. The impact of staff workloads would be minimal, as there would be no confusion in the eyes of the public, no change to existing farm practices who have already adjusted their fields, and there are no municipal drains out this way in any event. Please do the right thing.

Stay safe,

Subject: [EXTERNAL] Tree Preservation By-law Revision November 2020

To: the City of London Planning and Environment Committee

Due to health concerns, I will not be attending the PEC Public Participation meeting today. Instead, I am submitting my comments concerning the revision of the existing London Tree Provision By-law. There was not much time allowed to respond, so I am missing the suggested deadline for submission.

Before retiring, I was a private-land tree and forest manager for many years, in London and across Ontario. I was also a member of the first EEPAC and I have served on the TFAC. And, I have also been an opponent to the existing Tree Preservation By-law as it was unnecessary and disrespectful to our citizens. As an owner and operator of a tree service and tree consulting company for many years, I saw that people really did not want to remove their larger urban trees. Many people actually apologized to me when it came time to remove a tree, but they had come to either fear their tree for safety reasons or the tree had outgrown its location.

Even though I am retired, I still hear about this By-law. I would not be surprised if the existing Tree Preservation By-law is the most intimidating, and most unnecessary, By-law in the City. It certainly has angered many people. The proposed revisions will probably reduce complaints, but the underlying problems will still exist:

Do not forget that removing a tree can be expensive, so the decision to remove a tree is not made lightly. Having to pay an outsider - who does not live with the problem tree - to prepare a report only adds unnecessary costs to an already expensive undertaking. Having to be at the mercy of City staff who enforce a By-law that puts trees before people is intimidating and unconscionable. A tree keeps growing every year and it will drop more and more dead branches (without warning) as it gets older. Even the right tree in the right place can become dangerous and a nuisance as it outgrows its location. The persons living under or beside such a tree should not have to seek permission from outsiders to remove their problem tree.

Most so-called "Distinctive Trees" become dangerous with age. Instead of ignoring the fact that Distinctive Trees can be dangerous, "Hazard Tree" should be defined in the By-law as "A tree that a tree owner feels is a physical threat to life or property". The same By-law accepts the subjective definition of Good Forestry Practices. This Hazard Tree definition is no more subjective. Hazard Trees should be exempt from the By-law.

Staff is reporting to the PEC that, during the 11 month period from November 2019 and September 2020, there were 916 tree By-law inquiries. Only about 3 percent of the inquiries resulted in denied permits. In a City full of trees, is it really worth the cost of staffing and the angst to property owners across the City to deny the removal of so few trees?

For those complainers who want to get their neighbours in trouble, and for those who have coerced City staff into preparing these tree By-laws, they should be told to worry about their own properties.

Trust and respect our citizens to manage their own landscapes. The City of London was not denuded prior to urban private-tree By-laws.

Re: Removal of parcel 7006 Bradish Road from proposed Tree Protection Area (TPA) Map

Staff would like to amend the proposed Tree Protection By-law that was approved by the Planning and Environment Committee at its meeting held on November 16, 2020, by removing the property located at 7006 Bradish Road from Schedule B - Tree Protection Area Map B-20. All parcels of land with newly proposed tree protection area were notified via mailed letter. The owner of the subject property did not receive their notice until Monday, November 16, 2020 after all opportunities to provide comments had passed.

This parcel of land was identified as new Tree Protection Area from aerial imagery. It was viewed as over 1 hectare of continuous tree canopy cover. The landowner noted that this location was being used by the previous owners as a tree farm. Staff verified the information provided and confirmed that it is not a natural forest area.

The Staff supports the request to remove the subject property from the Schedule B Tree Protection Area B-20 portion of the Tree Protection By-law.

4. Items for Direction

4.1 7th Report of the London Advisory Committee on Heritage 183 and 197 Ann Street

Moved by: E. Holder

Seconded by: A. Kayabaga

That on the recommendation of the Director, Development Services, the following actions be taken with respect to the properties located at 183 Ann Street and 197 Ann Street:

a) pursuant to section 35.2 of the Council Procedure By-law, the resolution of the Municipal Council meeting held on October 27, 2020 regarding part a) of clause 4.1 of the 16th Report of the Planning and Environment Committee related to the 7th Report of the London Advisory Committee on Heritage regarding the properties known as 183 Ann Street and 197 Ann Street BE RECONSIDERED to change the date on which the Civic Administration is to report back on this matter from November 30, 2020 to a future meeting of the Planning and Environment Committee as the applicant is proposing to alter the building design resulting in the need for consideration by the Civic Administration in order to bring forward recommendations with respect to proposed amendments to the Official Plan and Zoning By-law. Part a) of clause 4.1 reads as follows:

“a) clause 4.1 c) and d) of the 7th Report of the LACH BE REFERRED to the Civic Administration to report to the November 30, 2020 Planning and Environment Committee meeting relating to the properties located at 197 Ann Street and 183 Ann Street; it being noted that clause 4.1 c) and d) read as follows:

c) the resource known as 197 Ann Street BE DESIGNATED, pursuant to Part IV of the Ontario Heritage Act, based on the ~~attached~~ evaluation of the property including the Statement of Cultural Heritage Value or Interest; it being noted that the properties located at 175, 179, 183, and 197 Ann Street and 84 and 86 St. George Street have merged;

d) the resource known as 183 Ann Street BE DESIGNATED, pursuant to Part IV of the Ontario Heritage Act, based on the ~~attached~~ evaluation of the property including the Statement of Cultural Heritage Value or Interest;

it being noted that the properties at 175, 179, 183, and 197 Ann Street and 84 and 86 St. George Street have merged;”

b) subject to the approval of a) above, the Civic Administration BE DIRECTED to report back on clause 4.1 c) and d) of the 7th Report of the London Advisory Committee on Heritage related to the properties located at 183 Ann Street and 197 Ann Street to a future meeting of the Planning and Environment Committee after the Civic Administration has had adequate time to review the submission of an altered building design by the applicant; it being noted that clause 4.1 c) and d) read as follows:

"c) the resource known as 197 Ann Street BE DESIGNATED, pursuant to Part IV of the Ontario Heritage Act, based on the ~~attached~~ evaluation of the property including the Statement of Cultural Heritage Value or Interest; it being noted that the properties located at 175, 179, 183, and 197 Ann Street and 84 and 86 St. George Street have merged;

d) the resource known as 183 Ann Street BE DESIGNATED, pursuant to Part IV of the Ontario Heritage Act, based on the ~~attached~~ evaluation of the property including the Statement of Cultural Heritage Value or Interest;

it being noted that the properties at 175, 179, 183, and 197 Ann Street and 84 and 88 St. George Street have merged;”

it being pointed out that the Planning and Environment Committee reviewed and received the following communications with respect to this matter:

- a communication from A.M. Valastro, 1 - 133 John Street; and,
- a petition dated November 12, 2020, from the North Talbot Community Association, signed by approximately 100 individuals.

PUBLIC PARTICIPATION MEETING COMMENTS

3.1 PUBLIC PARTICIPATION MEETING – Application – 16035 Robins Hill Road (Z-9225)

- Councillor Cassidy: Thank you Mr. Adema and thank you Ms. Lee for your report. Are there any technical questions? Councillor Turner.
- Councillor Turner: Thank you Madam Chair. This might be a little weird one but it references any impacts on the airport operation. Is there any concern about the airport operations impact on the site? And I ask this specifically, there is no mention of Federal regulations in this, it speaks to Provincial regulations. I recall, and I don't know how accurate this is, a while back that the Federal government had built a level four research facility for bio-hazardous materials in Mississauga, one that met that standard and it was underneath a flight path and the approaches to Pearson. This site is directly at the end of the runway for London Airport and has bio-hazardous wastes and others that will be stored there, is there any concerns about any impacts associated with, I don't know, an error in navigation perhaps, of aircraft through this flight path?
- Justin Adema, Manager, Planning Policy: Through the Chair and I'll responded and if Ms. Lee has any additional comments I'll let those come through the chat. We did circulate the application to the airport, they reviewed it and didn't identify any concerns with the use so long as those site specific regulations were put in place and their concerns were more with regard to potential impacts on, on the airport so a waste transfer station may produce odors, may attract birds, which obviously could be a concern for flight paths as you mentioned. I'm not aware of, of national restrictions on uses such as this in proximity to the airport. Again, the airport didn't provide any comments to that effect but and I'm also not sure if the applicant is on the, on the line who may consider those sorts of refinements.
- Councillor Turner: Through you Madam Chair, the question is specifically what if there is an accident at the airport and compromised the building itself? So recognizing this probably doesn't have any impact on the airport's operations but the airport's operations could pose a risk associated with this to the general public environment if there was an accident at the airport at the end of the runway especially if there was a fire at the end of the runway or if a plane continued off the runway into this building, that would be a bit of a mess I would think.
- Justin Adema, Manager, Planning Policy: Through the Chair, again, I haven't specifically considered that, that type of impact. I would, I would just say that through the, the environmental compliance approval process some of the specific operations may be considered and I don't know if they would look at area impacts such as the, the airport system. Again, through our review, that wasn't a specific item that we looked at.
- Councillor Cassidy: Councillor?
- Councillor Turner: I think I'll hold on there. That was my technical question. Thanks.
- Councillor Cassidy: Okay. Councillor Hopkins?
- Councillor Hopkins: Yes. So my technical question is regarding the shipment of the waste from the facility, I'm not sure if it would require a ministry approval but

nothing is really mentioned how the waste would be removed. Is that it a concern or a consideration through this zoning process?

- Councillor Cassidy: Mr. Adema?
- Justin Adema, Manager, Planning Policy: Through the Chair, my understanding is that's an issue that will be covered and addressed through the environmental compliance approval process. Our review of the of the site included impacts on adjacent sites so and, and the nature of the, of the facility is that materials will be delivered and secured in containers and moved, stored onsite to be moved elsewhere but there's no processing of, of any of the materials on site so they will stay in those secure containers the whole time on there at the facility.
- Councillor Cassidy: That's good. Councillor Hopkins you're all good? Great. Did you have your hand up Mr. Mayor?
- Mayor Holder: Yes. Physically and on the computer I think, Chair. I just want to come back to, excuse me, Councillor Turner's comment because I want to be sure we know we're dealing with here, he, and I have great confidence in his role with the Health Unit and when he makes reference to bio-hazard that, that kind of raises a question for me and then I see reference to, in the detailed description of the operation sharps disposal, pharmaceutical disposal and it says no processing of liquid or hazardous materials. So do you deem, I need this to be bio-hazard is my question through you to the staff?
- Councillor Cassidy: Mr. Adema.
- Justin Adema, Manager, Planning Policy: Through the Chair, I'm not sure if it would be considered bio-hazard or not with the specific materials that, that could be coming through this facility. My understanding and, and I was satisfied based on the description of their operation that materials would be delivered and installed in containers to be delivered and processed off site so that none of that processing would occur within this facility.
- Mayor Holder: So does that, so is the processing component, is that the point which there's some concern about this being bio-hazardous because I did note that you said no precedent, no processing would be unsafe.
- Justin Adema, Manager, Planning Policy: Through the Chair, if there were bio-hazardous materials it's my understanding that's the point at which they, they would be exposed and removed from those sealed secure containers.
- Councillor Cassidy: Mr. Mayor?
- Mayor Holder: Yeah. I'm just trying to understand, Chair, how sharps disposal should needles and the like and pharmaceutical disposal translate to bio-hazard and I'm respectful of what can be a needle and what can be in pharmaceutical stuff but I'm not sure that it rises to the level of bio-hazard, I'm just trying to understand that to help me along with this. I don't know if that's a rhetorical question?
- Councillor Cassidy: I'm going to go to Councillor Turner, he's got his hand up.
- Councillor Turner: Perhaps it's not for debate, just more, if I might add some clarity to it, any medical instruments that have been in contact with somebody else, with their blood or otherwise, are deemed bio-hazardous waste until they are properly disposed of and incinerated so anything that's, all the stuff that's identified here would be construed as bio-hazardous waste. It doesn't

necessarily mean that there's actually a virus or something that, that poses risk but it's not known until it's destroyed, so storage of it is bio-hazardous.

- Councillor Cassidy: Okay. Any other questions or technical questions about this? Okay. Seeing none. I wonder if the applicant is, is on, on the call, excuse me. I see the agent for the applicant in the committee room. If you would state your name, you have five minutes to address the Committee.
- Thank you Madam Chair Cassidy. My name is Laverne Kirkness of Kirkness Consulting and Strik Baldinelli Engineering and I am representing Dancor Construction Limited and Madam Chair and Committee Members, thanks very much. I have Sean Ford, President of Dancor Construction with me and he would like to address the two points from Councillor Turner and, at least that point about bio-waste. I, I should say though that having made the application, written the Planning Justification report, tracking this, I have to appreciate the planning staff for kind of looking critically at their policies, or constructively at their policies not just kind of throwing them at us but looking at what we're doing in terms of the small scale nature, the absence of processing and, and the small scale and the nature of the operation so that we can get through this process as well as respect the level of policy as well as the ECA which will, which will eventually come subject to the successful rezoning so we appreciate that. We agree with the report, we agree with the restrictions that are in place on the operation and would ask that Planning Committee look favorably upon this report and recommendation but before, before I can say that, and by the way, I think it was kind of covered in the Free Press fairly well by Norm DeBono, but in any case I'd like to bring Sean forward so he can address Councillor Turner's comment.
- Coucillor Cassidy: Okay.
- Thank you. Members of the Committee, good afternoon my name is Sean Ford with Dancor. Just to address really one question I believe Councillor Turner's addressed the issue of the bio-hazard, it is the contents of the needles. Once they're collected, even though they're in a container that deems them a bio-hazard, we're not going to have our tenant dealing with anything other than that. In terms of the airport and their view on us and us on them, the building is illuminated, it's got red lights on the roof, it is built at a certain level to avoid any flight path issues. The operation is using a small truck, thirty feet in length, to be able to pick up what most of you would know as the yellow needle containers as well as delivering new needles as they make their rounds. That thirty foot truck comes back to our building, if the contents are, are in a container, they are palletized, they are brought into the building, they are then put on a fifty-four foot trailer and that fifty-four foot trailer is taken away whenever it's full – twice a week, once a week, and it's brought to another location where everything inside is destroyed and it's, it's, it's near the City of Barrie where that destruction operation happens. So I hope I have addressed those two comments. If there's anything else I'm happy to address them now as well.
- Councillor Cassidy: Thank you Mr Ford. I'll open it up. I'll also check with Committee, did you have any, any additional technical questions before I move to the general public? Seeing none, I will invite any members of the public who would like to address the Committee on this application to come forward and I'm looking at committee rooms one and two and committee room five. No? Again, one more call. Any members of the public who would like to address the Committee about the application on Robins Hill Road? Seeing none, I'll look for a motion to close the public participation meeting.

PUBLIC PARTICIPATION MEETING COMMENTS

3.2 PUBLIC PARTICIPATION MEETING – New Proposed City of London Tree Protection By-law

- Councillor Cassidy: Thank you Ms. Spence. Any technical questions from Committee? Seeing none I'll open it up to the public, invite you to come to the microphone in whichever committee room you are in. I'll acknowledge because sometimes I see two committee rooms and two people at the same time so I'll acknowledge what room I'm looking at and then you'll be invited to state your name and you will have five minutes to address the Committee. So I am seeing activity in committee room one and two but then that activities stopped. There we go, sir, come to the microphone, state your name and you have five minutes.
- Okay my name is Paul Marsh. I own a small tree company called Woodland Services, it is an incorporated business. I operate it with my son, I really set it up for him, he's not part of the ownership because the incorporation moved back. That's another story but why I am here, first I want to wish everybody in the Committee you know a wonderful afternoon and day. I appreciate the time to speak. I also want to say thank you to Jill-Anne Spence and all the people in her department. My son and I have been working with them for four years and we strongly believe in increasing the tree canopy in London. In fact, to date, we started off as a part-time business, we've planted more trees than we've actually removed and that is our mandate as a company we'd rather plant and preserve then remove but we do do removals and distinctive trees are probably about ten to twenty percent of our target market and our revenue stream. My problem is this, I believe in this sincerely but I believe the Council also needs to represent small business. We're essentially a small company, we're growing, we're trying to employ a few other people. There's a lot of tree companies in this area, there's a lot of fly by night companies in this story which this actually does speak to but it's not part of this by-law. My personal opinion, a by-law about the fly by night businesses is probably more important than this next step. I wasn't able to attend the meeting last year, I didn't actually know about it but that's on, that's on me that's my problem so I wasn't there so I'm probably late to the game. My issue is this, my son is in my opinion and I've been told by others, a very good arborist to use the term. He is a great tree climber, he loves to protect and plant trees; however, he does have some college courses. He actually has a little bit of a learning anxiety when it comes to writing tests. So he's been in this business almost ten years and he was taken a little bit advantage of by another company which I won't go into detail so I said why don't we buy some equipment and we started a small business and I've invested a reasonable amount which will pass on to him. I'm not necessarily a tree guy but hey without trees and worms we're all dead so I am a tree guy. But having said that, my son is not a certified Arborist he, has some college, up to ten years' experience, we've worked to this by-law since 2016, we have turned down trees where homeowners wanted them removed and we knew they were distinctive. We walked away from those jobs. So basically my issue is this, there's a definition of a qualified Arborist. My son meets most of it but the minute you have to write the ISA exam which I suspect he's going to have a little trouble with. So it sounds like it's all about me but it's all about us. To me it's not, I've been in the business world for a long time, it's about small businesses and being successful and the ability to be successful. So we have abided by all the rules but this is going to take us out of about ten to twenty percent of our market unless he passes that exam or unless I hire a contractor, which I've done, but my point is this, is this, I'm fully in favor of increasing the tree canopy, I'm fully in favor of the by-law originally which allowed us to put in permits to the City and I have and I've actually been told some of our permits are well written. So, but having said that, that's all a matter of opinion but if we were able to do it for the last four years there should be some sort of a

grandfather clause in this so that we can proceed. Otherwise, you know it might sound like it's all about me but it's really not, it's about the trees but we follow the rules but it's my son and I that will lose if this goes through exactly the way it is. He needs to be grandfathered and you know what, he's going to study and he's going to try to write and write this test but it's not just about Woodland Services, there are a lot of tree companies in London and a lot of them are fly by night and they hurt the industry and they need to be taken out so that by-law needs to pass but we've done all the right things focusing on the by-law itself. We're incorporated, we're fully insured, I pay in the WSIB which its talked about in here and for the record what I was told by WSIB is we actually don't need to pay into it because it's a very dangerous job so that's something that needs to be looked into but we've done all of that.

- Councillor Cassidy: You have fifteen seconds sir.
- Paul Marsh: Good, because I'm done. We've done all of that. I just believe there, this by-law has to be able to grandfather certain companies in if we're a legitimate business we should be in. That's my point. Thank you very much for the time.
- Councillor Cassidy: Perfect. Bang on five minutes. Thank you sir. Are there any other members of the public who would like to address the Committee? Welcome. State your name and you have five minutes.
- Thank you Madam Chair. I'm Richard Zelinka and I actually spoke on a couple of occasions, once when the first Tree Protection By-law was, was coming to this Committee and again in September at the public meeting regarding the by-law review. First of all, I would like to commend Ms. Spence, Sarah Rowland and their team on the review process that they did conduct. I, I, in my opinion it was a very honest and objective review of the by-law with a professional focus on what the by-law is supposed to do. The by-law is not supposed to be an existing or future parks plan or a trails plan or an open space acquisition plan, it's not to be a future forestation plan and yet the, the current Tree Protection By-law tries to be all of these things and more and in doing so it abuses and confuses the intent and purpose of a Tree Protection By-law. So the recommendations that you see before you tonight I would, I would say seek to redirect the by-law to its intended purpose and, and for that I'm, I'm very pleased at this, at this report and recommendation. The review also takes a pragmatic approach to, towards making the by-law more workable and understandable and also fairer to the public, to the land owners who, who have trees or have been stewards of trees. For example, the proposed removing of the tree protection areas from manicured backyards of private homes in the reforming of the fee schedule, these proposed changes start to move away from the, the approach of penalizing landowners, property owners, homeowners, who plant trees, who care for their trees on their property, so this, these changes are helping to move away from that approach and, and providing a fairer approach to tree protection. On a specific matter, though, I did want to, to mention that I continue to be concerned about one aspect of the by-law in that it contains no provision for the City Engineer to deem existing succession plantings to meet the requirement for replacement trees when a distinctive tree is removed. So the example I gave the Committee in September is I, I have been planting successional plantings, trees under the canopy of a distinctive tree for years to, to have them ready to take over if in future the distinctive tree needs to be removed and yet under the by-law I would be required to, to either pay for replacement trees or to pay the City to have replacement trees put some place else even though I've spent thousands of dollars on, on these trees already. So I would ask that there be some ability for the, the City Engineer to deem our replacement trees to have been met by successional plants, existing successional plantings. The recommendations for

schedule B maps I think are one of the major improvements in the by-law, they bring logic and understandable purpose to the by-law and I, I commend those changes to the, to the maps. There is a recommendation in the text of the report that, that is for updating and revising the maps every four to five years. I would, I would suggest since, since that normally isn't a matter of public notice that there be something on the City's website to, where it would contain a statement to the effect of these maps are updated every four to five years please report any errors or inconsistencies to and leave a contact there so that so that the public can help to identify these things in the, in the period between updates to ensure that, that errors and inconsistencies are identified. I do want to overall state that the recommendations are positive, they are appropriate and, and they're welcome. I'm very pleased with the, with the work that the staff has done on that on this by-law.

- Councillor Cassidy: You are just past five minutes Mr. Zelinka.
- Richard Zelinka: Okay. I'll leave it there then. Thank you.
- Councillor Cassidy: Thank you so much. Any other are members of the public who would like to address the Committee? Welcome.
- Welcome. Thank you very much. Well if you didn't recognize me from my brief maskless stint, I'm Dean Sheppard, I'm Executive Director for ReForest London. ReForest London feels that the, the Tree Protection By-law should be making some incremental steps towards enhanced protection. There's a lot of positive changes in this by-law but it, what it's not doing is making some extra protective advances. It, in fact, you could argue that, that some of these changes are actually rolling back protections a little bit and we would like to see it go in the other direction. A fundamental plank of the City's Urban Forest Management Strategy is that larger trees provide more benefits and we should be striving to grow and protect those largest trees in our city. Leaving the threshold at only fifty centimeters protects only six percent of our existing trees. Think how precious the big trees in our city are if only six percent of them are bigger than fifty. ReForest London is asking that protection be expanded to include trees that are forty centimeters or more. I know this came up in a previous public meeting and I know that staff are not recommending this but this is a very reasonable step forward. It would offer protection to now eleven percent of our urban forest so it's not an aggressive protective measure by any means. Many Ontario municipalities already have by-laws to protect trees of forty centimeters including Brantford, Guelph, Kingston, Mississauga, Richmond Hill, Vaughan, Toronto, even Hamilton, seven out of eight of those places actually have thresholds less than forty. So London, the Forest City, is lagging all of these communities. Tree protection in these communities is stronger than it is in London, it's stronger than even what we're asking for tonight at forty. The rationale provided for not protecting more trees is not in, in the importance of the task but rather the demand on staff time and it's understandable that, that resources are constrained but here's the rub, moneys for additional tree protections need to be approved in the City budget process and I can't see a way personally that a business case is going to make it to Council's consideration for additional staff member to protect more trees without the by-law to justify that ask already being in place so with no by-law change because of no budget and no budget because no by-law change it's a catch twenty-two with no progress, we're stuck. We need to break the logjam and to me, in my opinion, the opportunity is in front of us tonight. It's, it's at the by-law stage where we can make that progress. So we're asking you to enhance tree protections in this by-law and task staff on how and to figure out how to deliver it. Even if the increase in protection is small, I'll hope that the Planning Committee will direct staff to take even tiny steps in the right direction. No amount of new planting is ever going to overcome if we're losing our very

biggest trees. You can imagine how many literally thousands of small trees it might take to produce the same ecological benefit and human benefit as big trees do. We know that trees help us in many other issue areas that are priorities for Council that includes climate change, healthy communities and quality of life, which we need to keep recognizing is also an economic driver. We have a long way to go to reach our canopy in health, healthy forest targets. No progress in tree protections should not be an option, sitting still should not be an option for us. Climate change and quality of life in the Forest City requires to take constant steps of improvement so ReForest London is asking the Committee tonight to endorse changing the level of protection for distinctive trees from fifty centimeters to forty centimeters. Thank you.

- Councillor Cassidy: Thank you Mr. Sheppard. Any other members of the public who would like to address the Committee? Welcome.
- Hi Everybody. My name is Skylar Franke and I am the Executive Director of the London Environmental Network and I just would like to make a few comments regarding the new proposed Tree Protection By-law. As you can assume I will probably echo some similar sentiments to what Dean just said but I do have two specific ones I want to cover. As Dean said, here is an opportunity for Council to take action on climate change tonight ahead of the finalization of the Climate Emergency Action Plan which will be done sometime next year. So by supporting and enforcing tree protection in London Council and Committee will be showing that they are moving forward on climate action efforts. Maintaining the Tree Protection By-law at fifty centimeters of breast height runs the risk of having anything lower than that unprotected and removed and we'd recommend moving the number down to forty centimeters and hiring the necessary staff in order to be able to monitor and enforce those protections. We do need climate action right now and staff are saying through this report that they would need more staff to adequately protect those trees. They put together a very nice chart that I quite like that showed, in fact, if we want to be able to monitor one hundred percent of the trees in London it would require an additional eighteen By-law Officers which is also curiously the same number as the ones that would be required to monitor all the parking spaces downtown that just recently got approved. So Council has demonstrated in the past that if there is a need to hire more By-law Officers there is a possibility of that happening so I'd love to see it moved down to forty centimeters and the additional By-law Officers be hired. That would also help with London's recovery process in that there would be more staff working in the green sector and new jobs being created. Also, as a separate aside, on Appendix A, page 98 of the amalgamated agenda regarding tree replacement it lists the quantity of replacement trees to be planted but no reference size. So for example, a mature Silver Maple could be replaced with like four very small seedlings under one foot tall and there's no mention of how, how large those trees have to be that would be replaced so it would be good if there is a minimum size not only a minimum number of trees to be replaced but also minimum size for those trees. Just because trees act as carbon sinks and as you know we need as many trees in the ground as possible soaking up all of our carbon. So thank you for your time and have a good night.
- Councillor Cassidy: Thank you Ms. Franke. The mic is open. Are there any other members of the public who would like to address the Committee? One more time. Any other members of the public who would like to speak to the Tree Preservation By-law. Okay. I'm not seeing any other interested parties come forward so I'll look for a motion to close the public participation meeting.

The Mayor and Members of Council:

Re: Proposed Changes to the *Conservation Authorities Act, 1990 and the Planning Act, 1990*

The Province of Ontario is seeking comments regarding proposed changes to the *Conservation Authorities Act, 1990*, and the *Planning Act, 1990* as outlined in Bill 229 – *Protect, Support and Recover from COVID-19 Act*, that if enacted would change the role of conservation authorities in land use planning matters. Concerns related to Bill 229, raised by the Upper Thames River Conservation Authority (UTRCA) and suggested draft resolution for municipalities' to consider in support of the position taken by the UTRCA is attached as Appendix "A" to this communication. It is my understanding that the window for providing comment is the end of November, with potential passage of the Bill occurring on December 10, 2020 which is the reason for the urgency of bringing this matter forward.

Given the concern raised by UTRCA, I am seeking support of the following emergent motion:

Leave

That pursuant to section 20.2 of the Council Procedure By-law leave BE GIVEN to introduce the following emergent motion related to a request for support from Councillor Anna Hopkins of the November 17, 2020 resolution of the Upper Thames River Conservation Authority in response to proposed changes to the *Conservation Authorities Act, 1990* and the *Planning Act, 1990* as set out in *Bill 229 – Protect, Support and Recover from COVID-19 Act*.

Emergent Motion

WHEREAS the Province of Ontario (the "Province") has introduced Bill 229, *Protect, Support and Recover from COVID-19 Act – Schedule 6 – Conservation Authorities Act, 1990* (the "Legislation");

AND WHEREAS the Legislation introduces a number of changes and new sections that could remove and/or significantly hinder the conservation authorities' role in regulating development, permit appeal processes and engaging in review and appeal of planning applications;

AND WHEREAS the City of London relies on the watershed expertise provided by local conservation authorities to protect residents, property and local natural resources on a watershed basis by regulating development and engaging in reviews of application submitted under the *Planning Act, 1990*;

AND WHEREAS the proposed changes would allow the Minister to make decisions without conservation authorities' watershed data and expertise;

AND WHEREAS the Legislation suggests that the Minister will have the ability to establish standards and requirement for non-mandatory programs which are negotiated between the conservation authorities and municipalities to meet local watershed needs;

AND WHEREAS municipalities require a longer transition time to put in place agreements with conservation authorities for non-mandatory programs;

AND WHEREAS the City of London believes that the appointment of municipal representatives on conservation authorities Boards should be a municipal decision and the Chair and Vice-Chair of the Board should be duly elected;

AND WHEREAS the changes to the 'Duty of Member' contradicts the fiduciary duty of the conservation authorities' board members to represent the best interests of the conservation authorities and their responsibilities to the watersheds;

AND WHEREAS conservation authorities have already been working with the Province development sector and municipalities to streamline and speed up permitting and planning approvals through Conservation Ontario's Client Service and Streamlining Initiative;

AND WHEREAS changes to the legislation will create more red tape and costs for the conservation authorities and their municipal partners, and potentially result in delays in the development approval process; and

AND WHEREAS the City of London values and relies on the natural habitats and water resources for the health and well-being of our residents, including the conservation authorities' work to prevent and manage the impacts of flooding and other natural hazards and to ensure safe drinking water;

IT THEREFORE BE RESOLVED that the City of London request the following with respect to the Bill 229 – *Protect, Supper and Recover from COV-19 Act* as it relates to the *Conservation Authorities Act, 1990*:

- a) the Province of Ontario be requested to work with conservation authorities to address their concerns by amending the proposed changes to the *Conservation Authorities Act, 1990* and the *Planning Act, 1990*;
- b) the Province of Ontario be requested to delay enactment of proposed amendments affecting municipalities' concerns;
- c) the Province of Ontario be requested to provide a longer transition period, up to December 2022, for non-mandatory programs to enable coordination of conservation authorities' municipal budget processes; and
- d) the Province of Ontario be requested to respect the current conservation authorities'"/municipalities' relationships; and,
- e) the Province of Ontario be requested to embrace their long-standing partnership with the conservation authorities and provide them with the tools and financial resources they need to effectively implement their watershed role.

Respectfully submitted,

Anna Hopkins,
Councillor, Ward 9

Attention: UTRCA Member Municipalities- Mayors, Councils, CAOs, Clerks

Re: Action Request Regarding New Changes to Ontario's Conservation Authorities Act

On behalf of the Board of Directors of the Upper Thames River Conservation Authority (UTRCA), I am circulating this letter to all member municipalities to draw your attention to unexpected amendments to the Conservation Authorities Act. These amendments were introduced through Bill 229, Protect, Support and Recover from COVID-19 Act (Budget Measures), on November 5, 2020.

<https://budget.ontario.ca/2020/contents.html>

The UTRCA Board has concerns regarding several of the proposed amendments, including additional red tape, further delays for permit approvals, and increased costs, as well as several new municipal constraints regarding agreements with Conservation Authorities and control of Board appointments.

This letter is being shared with you to ensure you are aware of proposed changes, and to request your support in requesting that Minister Phillips, Minister Yurek, and Minister Yakabuski reconsider Section 6 of the legislation, pending further discussions with affected municipalities and conservation authorities. A draft resolution is attached for your consideration.

Discussion

Three documents prepared by Conservation Ontario are attached to this report:

- A Summary of Proposed Amendments to the *Conservation Authorities Act and Planning Act* through Bill 229 and Implications,
- Backgrounder: Concerns About Changes to the Conservation Authorities Act and Planning Act Which Affect Conservation Authorities, and
- A Proposed Resolution for Municipalities.

Our concerns regarding the legislative amendments generally fall within one of three broad categories:

1. Data and Science: Yet to be defined non-mandatory programs and new ministerial powers to deny or approve permits could preclude watershed science based decisions. Conservation Authorities currently deliver programs and make decisions based on watershed scale benefits and impacts. Clarity is needed regarding how legislative changes will continue to ensure improved watershed health and public safety from hazards through what could potentially be a new system of patch-work programs and services, with the possibility for Ministerial level permitting decisions that preclude watershed science.
2. Red Tape: While one intention of legislative change is a reduction in red tape and delays, there is concern that new requirements to negotiate 17 separate municipal service agreements for non-mandatory services will add greatly to administrative effort. In addition, staff effort dealing with new appeal processes before the Local Planning Appeal Tribunal (LPAT) and/or the minister suggests permit approval times could be longer and more expensive.

3. Governance and Local Control: There is significant concern with the proposed change in the “duty of a member” from serving the best interests of the Conservation Authority to serving municipal interests. This is contrary to fiduciary responsibilities required through governance best practices and confuses the purpose of a Conservation Authority. In addition, restricting the eligibility of Board representatives to councillors removes municipal control of appointments and adds to the workload of elected officials.

A Backgrounder further explaining these changes is attached for your information.

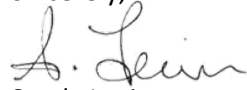

Bill 229 is expected to move quickly through second and third readings so there is an urgency to respond. I would urge you to become familiar with the changes proposed in Schedule 6 of Bill 229, and understand the potential impacts on our local environments as well as the inevitable changes in our municipal/conservation authority relationship. For more than 70 years, the UTRCA and the watershed’s 17 member municipalities have worked cooperatively and successfully to ensure the public is protected from hazards and that environmental improvements support local needs. Please consider expressing any concerns you and your council may have with these provincial changes directly to the following Ministers:

Minister Phillips
Minister of Finance

Minister Yurek
Minister of the Environment, Conservation and Parks

Minister Yakabuski
Minister of Natural Resources and Forestry

Sincerely,

Sandy Levin
Chair, Upper Thames River Conservation Authority

**Summary of Proposed Amendments to the *Conservation Authorities Act*
& *Planning Act* through Bill 229 and Implications**

Description of Proposed Amendments	Implications to Conservation Authorities
<p>Existing aboriginal or treaty rights</p> <p>Section 1 is amended to include a non-abrogation clause with respect to aboriginal and treaty rights.</p>	<p>No concern.</p>
<p>Members of authority</p> <p>Section 14 is amended to ensure that the members of a conservation authority that are appointed by participating municipalities are municipal councillors. The Minister is given the authority to appoint an additional member to a conservation authority to represent the agricultural sector. The powers to define in regulation the composition, appointment or minimum qualifications for a member of the Board have been repealed. The duties of a member are amended, every member is to act honestly and in good faith and shall generally act on behalf of their respective municipalities.</p>	<p>There may be a municipal concern. Municipalities will no longer be able to appoint a member of the public to the Board and the specification of ‘municipal councillor’ rather than “municipally elected official” may exclude Mayors.</p> <p>There may be a municipal concern. Should the Minister choose to appoint a member to represent the agricultural sector it is assumed that candidates would apply through the Public Appointments Secretariat. It is also assumed that these appointments would have the same voting privileges as all members and would be entitled to receive per diems and to be appointed as the chair or vice-chair.</p> <p>There may be a municipal concern. There is no opportunity to manage these legislative amendments through the regulations process as Bill 229 has removed the ability to prescribe by regulation, the composition, appointment, or qualifications of members of CAs.</p> <p>Significant concern. The amendment that would require members to act on behalf of their respective municipalities contradicts the fiduciary duty of a Board Member to represent the best interests of the corporation they are overseeing. It puts an individual municipal interest above the broader watershed interests further to the purpose of the Act.</p>

Description of Proposed Amendments	Implications to Conservation Authorities
<p>Meetings of authorities</p> <p>Section 15 is amended to require that meeting agendas be available to the public before a meeting takes place and that minutes of meetings be available to the public within 30 days after a meeting. They are to be made available to the public online.</p>	<p>No concern. CA Administrative By-Laws were completed by the December 2018 legislated deadline and, as a best practice, should already address making key documents publicly available; including meeting agendas and meeting minutes.</p>
<p>Chair/vice-chair</p> <p>Section 17 is amended to clarify that the term of appointment for a chair or vice-chair is one year and they cannot serve for more than two consecutive terms.</p>	<p>There may be a municipal concern. Municipal Councillor interest and availability regarding this requirement is to be determined.</p>
<p>Objects</p> <p>Section 20 objects of a conservation authority are to provide the mandatory, municipal or other programs and services required or permitted under the Act and regulations.</p>	<p>No concern. Previously the objects of an authority were to undertake programs and services designed to further the conservation, restoration, development and management of natural resources. This is still reflected in the Purpose of the Act. The objects now reference the mandatory and non-mandatory programs and services to be delivered. The “other programs and services” clause indicates that “an authority may provide within its area of jurisdiction such other programs and services as the authority determines are advisable to further the purposes of this Act”.</p>
<p>Powers of authorities</p> <p>Section 21 amendments to the powers of an Authority including altering the power to enter onto land without the permission of the owner and removing the power to expropriate land.</p>	<p>No concern</p>
<p>Programs and Services</p> <p>Section 21.1 requires an authority to provide mandatory programs and services that are prescribed by regulation and meet the requirements set out in that section. Section 21.1.1 allows authorities to enter into agreements with participating municipalities to provide programs and</p>	<p>Significant concern. The basic framework of mandatory, municipal and other program and services has not changed from the previously adopted but not yet proclaimed amendments to the legislation. What has now changed is that municipal programs and services and other programs and services are subject to such standards and requirements</p>

Description of Proposed Amendments	Implications to Conservation Authorities
<p>services on behalf of the municipalities, subject to the regulations. Section 21.1.2 would allow authorities to provide such other programs and services as it determines are advisable to further the purposes of the Act, subject to the regulations.</p>	<p>as may be prescribed by regulation. Potentially the regulations could restrict what the Authority is able to do for its member municipalities or to further the purpose of the Act.</p>
<p>Agreements for ‘other programs and services’</p> <p>An authority is required to enter into agreements with the participating municipalities in its jurisdiction if any municipal funding is needed to recover costs for the programs or services provided under section 21.1.2 (i.e. other program and services). A transition plan shall be developed by an authority to prepare for entering into agreements relating to the recovery of costs. *All programs and services must be provided in accordance with any prescribed standards and requirements.* <i>NOTE- this new addition is addressed as a significant concern under Programs and Services above.</i></p>	<p>Potential concern. This appears to be a continuation of an amendment previously adopted but not yet proclaimed. MECP staff indicate that the current expectation is that the plan in the roll-out of consultations on regulations is that the Mandatory programs and services regulation is to be posted in the next few weeks. It is noted that this will set the framework for what is then non-mandatory and requiring agreements and transition periods. MECP staff further indicated “changes would be implemented in the CA 2022 budgets” which is interpreted to mean that the Transition period is proposed to end December 2021. Subject to the availability of the prescribed regulations this date is anticipated to be challenging for coordination with CA and municipal budget processes.</p>
<p>Fees for programs and services</p> <p>Section 21.2 of the Act allows a person who is charged a fee for a program or service provided by an authority to apply to the authority to reconsider the fee. Section 21.2 is amended to require the authority to make a decision upon reconsideration of a fee within 30 days. Further, the amendments allow a person to appeal the decision to the Local Planning Appeal Tribunal or to bring the matter directly to the Tribunal if the authority fails to render a decision within 30 days.</p>	<p>Some concern. Multiple appeals of fees have the potential to undermine CA Board direction with regard to cost recovery and to divert both financial and staff resources away from the primary work of the conservation authority.</p>
<p>Provincial oversight</p> <p>New sections 23.2 and 23.3 of the Act would allow the Minister to take certain actions after reviewing a report on an investigation into an authority’s operations. The Minister may order the authority to do anything to prevent or remedy non-compliance with the Act. The Minister may also recommend that the Lieutenant Governor in Council</p>	<p>No concern. This appears to be an expansion of powers previously provided to the Minister.</p>

Description of Proposed Amendments	Implications to Conservation Authorities
<p>appoint an administrator to take over the control and operations of the authority.</p>	
<p>Ministerial Review of Permit Decisions</p> <p>Subsection 28.1 (8) of the Act currently allows a person who applied to a conservation authority for a permit under subsection 28.1 (1) to appeal that decision to the Minister if the authority has refused the permit or issued it subject to conditions. Subsection 28.1 (8) is repealed and replaced with provisions that allow the applicant to choose to seek a review of the authority’s decision by the Minister or, if the Minister does not conduct such a review, to appeal the decision to the Local Planning Appeal Tribunal within 90 days after the decision is made. Furthermore, if the authority fails to make a decision with respect to an application within 120 days after the application is submitted, the applicant may appeal the application directly to the Tribunal.</p>	<p>Significant concern. These amendments provide two pathways for an applicant to appeal a decision of an Authority to deny a permit or the conditions on a permit. One is to ask the Minister to review the decision; the other is to appeal directly to the Local Planning Appeal Tribunal. Appeals brought through these processes will create additional workload for the Authority and increase the amount of time that a permit appeal process takes.</p> <p>New guidelines will need to be created to support the Minister and the LPAT in their decision-making processes. There is no reference to a complete application being submitted prior to the 120 day “clock” being started.</p>
<p>Minister’s Order Re. S. 28 Permit</p> <p>New section 28.1.1 of the Act allows the Minister to order a conservation authority not to issue a permit to engage in an activity that, without the permit, would be prohibited under section 28 of the Act. After making such an order the Minister may issue the permit instead of the conservation authority.</p>	<p>Significant concern. These powers appear to be similar to a Minister Zoning Order provided for under the <i>Planning Act</i>. Should the Minister decide to use these powers it is appears that the CA may be required to ensure compliance with the Minister’s permit.</p>
<p>Cancellation of Permits</p> <p>Section 28.3 of the Act is amended to allow a decision of a conservation authority to cancel a permit or to make another decision under subsection 28.3 (5) to be appealed by the permit holder to the Local Planning Appeal Tribunal.</p>	<p>Some concern. Some conservation authorities use the cancellation of a permit as part of their compliance approach; the ability to appeal to the LPAT will add 90 days to the process prior to a LPAT hearing taking place. Renders the tool ineffective if the permit holder decides to appeal.</p>
<p>Entry Without Warrant, Permit Application</p> <p>Subsection 30.2 (permit application) of the Act sets out circumstances in</p>	<p>Some concern. The changes are to amendments previously adopted but not proclaimed. For considering a permit application, the officer is now</p>

<p>which an officer may enter land within the area of jurisdictions of an authority. Those circumstances are revised.</p>	<p>required to give reasonable notice to the owner and to the occupier of the property, which may result in increased administrative burden for the CA. It also appears to remove the ability to bring experts onto the site.</p>
<p>Entry Without Warrant, Compliance</p> <p>Subsection 30.2 (compliance) of the Act sets out circumstances in which an officer may enter land within the area of jurisdictions of an authority. Those circumstances are revised.</p>	<p>Significant/Some concern. The revisions essentially undo any enhanced powers of entry found within the yet to be proclaimed enforcement and offences section of the Act. The result is that CAs essentially maintain their existing powers of entry, which are quite limited. Conservation authorities will likely have to rely on search warrants to gain entry to a property where compliance is a concern. Reasonable grounds for obtaining a search warrant cannot be obtained where the activity cannot be viewed without entry onto the property (i.e. from the road).</p>
<p>Stop (work) Order</p> <p>Section 30.4 of the Act is repealed. That section, which has not yet been proclaimed and which would have given officers the power to issue stop orders to persons carrying on activities that could contravene or are contravening the Act, is repealed.</p>	<p>Significant concern. This is an important enforcement tool that conservation authorities have been requesting for years. Without this tool, conservation authorities must obtain an injunction to stop unauthorized activities which represents a significant cost to the taxpayers.</p>
<p>Regulations Made By Minister and LGIC</p> <p>The regulation making authority in section 40 is re-enacted to reflect amendments in the Schedule.</p>	<p>No concern.</p>
<p>Throughout the legislation all references to the Mining and Lands Commissioner has been replaced with the Local Planning Appeal Tribunal</p>	<p>Some concern. The LPAT lacks the specialized knowledge that the MLT has with regard to S. 28 applications. There is also a significant backlog of cases at the LPAT.</p>
<p>Planning Act – Exclusion of CAs as Public Body</p> <p>Subsection 1(2) of the <i>Planning Act</i> is amended to remove Conservation Authorities as a public body under the legislation. Conservation authorities will not be able to independently appeal or become a party</p>	<p>Significant concern. There is lack of clarity on the implications of this amendment.</p> <p>The intent of the amendment is to remove from conservation authorities the ability to appeal to LPAT any <i>Planning Act</i> decisions as a</p>

to an appeal as a public body at the LPAT.	public body or to become a party to an appeal. Conservation authorities will instead be required to operate through the provincial one window approach, with comments and appeals coordinated through MMAH. Note that the one window planning system is typically enacted for the review of Official Plans and Official Plan Amendments. It is expected that conservation authorities will retain the ability to appeal a decision that adversely affects land that it owns however that has not been confirmed.

Concerns About Changes to the *Conservation Authorities Act* and *Planning Act* Which Affect Conservation Authorities

November 11, 2020

The Province has introduced a number of changes to the *Conservation Authorities Act* and the *Planning Act* that significantly either limit and completely change the role of conservation authorities to protect Ontario's environment and ensure people and property are safe from natural hazards. The changes risk watering down or limiting the conservation authorities' ability to ensure a watershed-based approach to development and to overall protection of Ontario's environment.

Highlights of Key Changes:

- remove and/or significantly hinder the conservation authorities' role in regulating development, permit and planning application appeal process and engaging in review and appeal of municipal planning applications
- allow the Minister make decisions on permit appeals and issue permits without watershed data and expertise from the conservation authorities
- redirect the fiduciary role (Duty of Members) for municipally appointed CA Board members. They are being told to make decisions in the best interest of the municipalities and not the conservation authority.

Conservation Authority Transparency and Accountability

There are a number of changes which appear administrative in nature which we acknowledge will address concerns around conservation authorities' transparency and accountability. CA Administrative By-Laws were completed by the December 2018 legislated deadline and should already address these concerns including making key documents publicly available; including meeting agendas, meeting minutes, and annual audits.

Conservation Ontario Concerns

Ontario's environment will be at risk.

Provincial changes to both the *Conservation Authorities Act* and the *Planning Act* risk watering down or losing the conservation authorities' science-based watershed approach which currently protects Ontario's environment.

- Conservation authorities are important agencies who help protect Ontario's environment. Their science-based watershed information helps to steer development to appropriate places where it will not harm the environment or create risks to people.
- CAs bring the watershed science and information to the various tables where development and growth are being reviewed and discussed.
- Provincial changes limit the conservation authorities' ability to provide input to municipal planning applications and to permit decisions and appeals.

- The conservation authority watershed model has served Ontario well and is relied upon by many levels of government, businesses and residents to protect the environment from upstream to downstream.
- Conservation authorities undertake watershed-scale monitoring, data collection management and modelling; watershed-scale studies, plans, assessments and strategies; and watershed-wide actions including stewardship, communication, outreach and education activities that protect our environment on a watershed basis.

Provincial changes will actually create more costs, delays and red tape around permit and planning applications and appeals.

- There are new appeal processes which will significantly slow down the permitting process creating delays and more red tape.
- If applicants are not satisfied with decisions made by the Hearing Boards (CA Board of Directors and/or Executive), then applicants can now appeal directly to the Minister who can make his or her own decision and even issue a permit.
- Alternatively, or in addition, the applicant can appeal a decision of the conservation authority to the Local Planning Appeal Tribunal (LPAT).
- These changes could add as many as almost 200 days to the application process.

Changes made by the Province to the conservation authorities' role in not being allowed to independently appeal decisions made around permits and municipal planning applications will put more people and infrastructure at risk of flooding and other natural hazards and add additional stressors to Ontario's biodiversity.

- Conservation authorities' regulatory role is not always a popular one but it is very important. Being able to participate in appeals processes ensures that the watershed lens is being applied to planning and land use decisions and that people and their property are protected from natural hazards such as flooding.
- Changes have been made to the conservation authorities' role in the permit appeal process. They are no longer allowed to appeal these decisions independently.
- Without our ability to look at development applications on a watershed basis, we run the risk of the plan review process being piecemealed and ultimately the potential to exasperate risks associated with natural hazards and for cumulative negative environmental impacts.

The Province has removed the responsibility for municipally appointed CA Board members to represent the interests of the Conservation Authority.

- The Province has changed the 'Duty to Members' section of the CAA to have municipal representatives on CA Boards actually act in the interests of their own municipality rather than the conservation authority's interests.
- It contradicts the fiduciary duty of board members of any organization to represent the best interests of the corporation they are overseeing. It puts an individual municipal interest above the conservation authority interests.

- This change undermines the ability of the CA Board to address the broader environmental/resource management issues facing our watersheds today. It limits discourse on these issues and consideration of programs and services that address watershed-wide issues that span municipal boundaries is paramount in a time of increasing climate change.

WHEREAS the changes allow the Minister to make decisions without CA watershed data and expertise

WHEREAS the Legislation suggests that the Minister will have the ability to establish standards and requirements for non-mandatory programs which are negotiated between the conservation authorities and municipalities to meet local watershed needs

WHEREAS municipalities require a longer transition time to put in place agreements with conservation authorities for non-mandatory programs

WHEREAS municipalities believe that the appointment of municipal representatives on CA Boards should be a municipal decision; and the Chair and Vice Chair of the CA Board should be duly elected

WHEREAS the changes to the 'Duty of Members' contradicts the fiduciary duty of a CA board member to represent the best interests of the conservation authority and its responsibility to the watershed

WHEREAS conservation authorities have already been working with the Province, development sector and municipalities to streamline and speed up permitting and planning approvals through Conservation Ontario's Client Service and Streamlining Initiative

WHEREAS changes to the legislation will create more red tape and costs for the conservation authorities, and their municipal partners, and potentially result in delays in the development approval process

AND WHEREAS municipalities value and rely on the natural habitats and water resources within our jurisdiction for the health and well-being of residents; municipalities value the conservation authorities' work to prevent and manage the impacts of flooding and other natural hazards; and municipalities value the conservation authority's work to ensure safe drinking water

THEREFORE BE IT RESOLVED

- THAT the Province of Ontario work with conservation authorities to address their concerns by repealing and/or amending changes to the *Conservation Authorities Act* and the *Planning Act*
- THAT the Province of Ontario delay enactment of clauses affecting municipal concerns
- THAT the Province of Ontario provide a longer transition period up to December 2022 for non-mandatory programs to enable coordination of CA-municipal budget processes
- THAT the Province respect the current conservation authority/municipal relationships
- AND THAT the Province embrace their long-standing partnership with the conservation authorities and provide them with the tools and financial resources they need to effectively implement their watershed management role.

Bill No. 361
2020

By-law No.

A by-law to regulate the Injuring and Destruction of Trees and to encourage preservation and planting of Trees throughout the City of London.

WHEREAS Municipal Council has determined that it is desirable to enact a By-law to generally prohibit the Injury and Destruction of Trees within the Urban Growth Boundary that have a diameter of at least 50 cm, and all trees located within Tree Protection Areas, and to allow for the Injury and Destruction of such Trees in limited circumstances with a Permit, and to encourage preservation and planting of Trees throughout the City of London;

AND WHEREAS subsection 5(3) of the *Municipal Act, 2001*, S.O. 2001, c.25, as amended ("*Municipal Act, 2001*") provides that a municipal power shall be exercised by by-law;

AND WHEREAS section 9 of the *Municipal Act, 2001* provides that a municipality has the capacity, rights, powers and privileges of a natural person for the purpose of exercising its authority under the *Municipal Act, 2001* or any other Act;

AND WHEREAS subsection 10(1) of the *Municipal Act, 2001* provides that a municipality may provide any service or thing that the municipality considers necessary or desirable for the public;

AND WHEREAS subsection 10(2) of the *Municipal Act, 2001* provides that a municipality may pass by-laws respecting: in paragraph 5, Economic, social and environmental well-being of the municipality, including respecting climate change; in paragraph 6, Health, safety and well-being of persons; in paragraph 7, Services and things that the municipality is authorized to provide under subsection (1); in paragraph 8, Protection of persons and property; in paragraph 9, Animals;

AND WHEREAS pursuant to subsection 135(1) of the *Municipal Act, 2001*, without limiting sections 9 and 10, a municipality may prohibit or regulate the destruction or injuring of trees;

AND WHEREAS pursuant to subsection 135(7) of the *Municipal Act, 2001*, without limiting sections 9 and 10, a municipality may require that a permit be obtained to injure or destroy trees, and impose conditions to a permit, including conditions relating to the manner in which destruction occurs and the qualifications of persons authorized to injure or destroy trees;

AND WHEREAS subsections 151(1) to (4) of the *Municipal Act, 2001* apply with necessary modifications to a system of licences with respect to any activity, matter or thing for which a by-law may be passed under sections 9 and 10 as if it were a system of licences with respect to a business;

AND WHEREAS subsection 1(1) of the *Municipal Act, 2001* defines "licence" to include a permit;

AND WHEREAS section 23.2 of the *Municipal Act, 2001* permits a municipality to delegate certain legislative and quasi-judicial powers;

AND WHEREAS the Municipal Council for The Corporation of the City of London is of the opinion that the delegation of legislative powers under this By-law to

the City Engineer and the Hearings Officer including without limitation the power to issue, revoke, suspend and impose conditions on the permit and prescribe operational standards such as the format and content of forms or documents, are powers of a minor nature having regard to the number of people, the size of geographic area and the time period affected by the exercise of the power in accordance with subsection 23.2(4) of the *Municipal Act, 2001*;

AND WHEREAS subsection 391(1) of the *Municipal Act, 2001* provides that a municipality may impose fees and charges on persons;

AND WHEREAS sections 429, 431, 444 and 445 of the *Municipal Act, 2001* provide for a system of fines and other enforcement orders;

NOW THEREFORE the Council of The Corporation of the City of London enacts as follows:

“Urban Growth Boundary” means the Urban Growth Boundary as defined in the City’s Official Plan.

2.2. In this by-law, words importing the singular number include the plural and vice versa, unless the context requires otherwise.

Part 3 SCOPE

- 3.1 This By-law applies to private property in the City of London:
- (a) to Trees having a trunk diameter of 50cm or greater measured 1.4m above Natural Ground Level, within the Urban Growth Boundary; and
 - (b) to Trees of any size within a Tree Protection Area.

Part 4 ADMINISTRATION

- 4.1 The administration of this By-law shall be performed by the City Engineer who shall generally perform all of the administrative functions conferred upon them by this By-law.

Part 5 EXEMPTIONS FROM BY-LAW

Exemptions from By-law

- 5.1 This By-law does not apply to:
- (a) activities or matters undertaken by a municipality or a local board of a municipality;
 - (b) activities or matters undertaken under a licence issued under the *Crown Forest Sustainability Act, 1994*;
 - (c) the Injuring or Destruction of Trees by a person licensed under the *Surveyors Act*, to engage in the practice of cadastral surveying or his or her agent, while making a survey;
 - (d) the Injuring or Destruction of Trees imposed after December 31, 2002, as a condition to the approval of a site plan, a plan of subdivision or a consent under section 41, 51 or 53, respectively, of the *Planning Act*, or as a requirement of a site plan agreement or subdivision agreement entered into under those sections;
 - (e) the Injuring or Destruction of Trees imposed after December 31, 2002, as a condition to a development permit or community planning permit authorized by regulation made under the *Planning Act* or as a requirement of an agreement entered into under the regulation;
 - (f) the Injuring or Destruction of Trees by a transmitter or distributor, as those terms are defined in section 2 of the *Electricity Act, 1998*, for the purpose

- of constructing and maintaining a transmission system or a distribution system, as those terms are defined in that section;
- (g) the Injuring or Destruction of Trees undertaken on land described in a licence for a pit or quarry or a permit for a wayside pit or wayside quarry issued under the *Aggregate Resources Act*;
- (h) the Injuring or Destruction of Trees undertaken on land in order to lawfully establish and operate or enlarge any pit or quarry on land,
 - (i) that has not been designated under the *Aggregate Resources Act* or a predecessor of that Act, and
 - (ii) on which a pit or quarry is a permitted land use under a By-law passed under section 34 of the *Planning Act*;
- (i) the Injuring or Destruction of Trees that are a noxious weed as defined in the *Weed Control Act*, R.S.O. 1990, c. W.5 if the Injury or Destruction is being controlled by an appropriate method under the oversight or direction of a Qualified Person and no Trees other than a noxious weed are being Injured or Destroyed;
- (j) the Injuring or Destruction of Trees undertaken by a Conservation Authority on its own lands or in response to a Declared Emergency;
- (k) the Injuring or Destruction of Trees at the direction of Emergency Services;
- (l) Pruning that is necessary to maintain the health and condition of the Tree and is carried out in accordance with Good Arboricultural Practices;
- (m) Injury or Destruction of a Tree that is not a Distinctive Tree and is not located within a Tree Protection Area;
- (n) Injury or Destruction of a Tree that is located within a building, a solarium, a rooftop garden or an interior courtyard;
- (o) Injury or Destruction of a Tree located within an actively managed cultivated orchard, tree farm or plant nursery;
- (p) Injury or Destruction of a Tree that is an immediate threat to health or safety;
- (q) Injury or Destruction of the Tree that is required by a Property Standards Order issued under the *Building Code Act*;
- (r) Injury or Destruction that is a Normal Farm Practice as defined in the *Farming and Food Production Protection Act, 1998*, S.O. 1998, c.1.;
- (s) Injury or Destruction of a Tree that is located within a cemetery; or
- (t) Injury or Destruction of a Tree that is located within an actively managed golf course.

Part 6 PROHIBITIONS

Injure or Destroy Tree – Tree Protection Area

6.1 Subject to section 5.1 and Part 8, and except under authority of a Permit, no person shall Injure or Destroy a Tree or cause or permit the Injury or Destruction of a Tree in a Tree Protection Area.

Injure or Destroy Tree – Distinctive Tree

6.2 Subject to section 5.1 and Part 8, and except under authority of a Permit, no person shall Injure or Destroy a Distinctive Tree or cause or permit the Injury or Destruction of a Distinctive Tree. This section 6.2 shall not apply to a Tree located in a Tree Protection Area and section 6.1 shall apply instead.

Injure or Destroy Tree – Not in Accordance with Permit Conditions

6.3 No Permit Holder or person acting under authority of a Permit shall Injure or Destroy a Tree or cause or permit the Injury or Destruction of a Tree unless the Injury or Destruction is carried out in accordance with all conditions of the Permit.

Fail to Protect Tree in Accordance with Permit Conditions

6.4 No Permit Holder or person acting under authority of a Permit shall fail to protect a Tree in accordance with all conditions of a Permit.

Fail to Comply with Conditions of Permit

6.5 No Permit Holder or person acting under authority of a Permit shall fail to comply with all conditions of a Permit.

Fail to Comply with Order to Discontinue Activity or Work Order

6.6 No person who has been issued an Order to Discontinue Activity or a Work Order shall fail to comply with the Order.

Part 7 APPLICATION FOR PERMITS

7.1 Applicants for a Permit should refer to Part 8 of this By-law, as Permits are only issued for the grounds set out in section 8.2 (and subject to all applicable requirements in this By-law including sufficient evidence of the grounds) for the Injury or Destruction of a Tree:

Application to City Engineer

7.2 (1) Every application for a Permit shall be made to the City Engineer in a format provided by the City Engineer.

Application – Requirements

- (2) Every application for a Permit shall include the following:
- (a) the name, municipal address, email address (if available) and telephone number (if available) of the Landowner, and if not the same, the Applicant;
 - (b) if the Applicant is not the Landowner, written confirmation that the Applicant is making the application as the Landowner's authorized agent;
 - (c) if the Applicant or the Landowner is a corporation, the address of its head office;
 - (d) the municipal address and legal description of the land, upon which the Tree or Trees are to be Injured or Destroyed;
 - (e) if known, the name, municipal address, email address, and phone number of any contractor anticipated to Injure or Destroy the Tree or Trees;
 - (f) for a Dead Distinctive Tree Permit, an Arborist Opinion;
 - (g) for a Distinctive Tree Permit or a Tree Protection Area Permit, an Arborist Report;
 - (h) for a Distinctive Tree Permit or a Tree Protection Area Permit, where any of the following grounds for the proposed Tree Injury or Destruction apply:
 - (i) an Arborist's written opinion that the Tree is unsafe;
 - (ii) an Arborist's, Professional Engineer's or Insurance Loss Adjuster's written opinion that the Tree is causing or is likely to cause structural damage to load-bearing structures or roof structures;
 - (iii) a "qualified person's" (as defined in the *Environmental Protection Act*, R.S.O. 1990, c. E.19) written opinion that Tree removal is required to remediate contaminated soil;
 - (iv) a Qualified Person's written opinion that the Tree Injury or Destruction is required to install, provide or maintain utilities, water or sanitary wastewater infrastructure required for the construction or use of a building or structure for which a Building Permit has been issued with no reasonable alternative to locating those utilities or infrastructure;
 - (v) an Arborist's written opinion that the Distinctive Tree Injury or Destruction represents Good Arboricultural Practices, or a Registered Professional Forester's written opinion that the Injury or Destruction of a Tree within a Tree Protection Area represents Good Forestry Practices;
 - (vi) a copy of the Building Permit if the Tree Injury or Destruction is required for purposes of a Building Permit;
 - (vii) a copy of the Swimming Pool Fence Permit, where one is required, or other evidence that is satisfactory to the City Engineer that a pool is to be installed, if the Tree Injury or Destruction is required for purposes of locating a swimming pool.

Application – Additional Information May be Required

- (3) In addition to the requirements in subsection (2), the City Engineer may require the Applicant to provide one or more of the following:
- (a) for a Tree Protection Area Permit, an inventory, tally or estimates from sample plots of the species and size classes of all Trees to be Injured or Destroyed, including a map of the location of sample plots, to the satisfaction of the City Engineer;
 - (b) for a Tree Protection Area Permit, a Silvicultural Prescription that complies with Good Forestry Practices and is prepared by a Registered Professional Forester;
 - (c) a drawing of the Site showing any proposed development, construction, works, excavation or site alteration that may require the Tree Injury or Destruction, and a schedule for this proposed activity, including start and end dates;
 - (d) confirmation of any other matters (past or present Planning applications or otherwise) affecting the land upon which the Tree or Trees are to be Injured or Destroyed;
 - (e) a Tree Management Plan, which may be for one or more Trees, prepared by a Qualified Person;
 - (f) affidavits in support of an application.

Application – Further Information – Supplied within 60 days

- (4) The Applicant must provide any further information requested by the City Engineer under subsection (3) to the City Engineer within 60 days of such request.

Application – Deemed Incomplete

7.3 An application that does not contain everything required in subsection 7.2(2) within 60 days of the receipt of the application by the City, or does not contain the information as further required under subsection 7.2 (3) within 60 days of the request, shall be deemed to be incomplete and will not be processed. The City Engineer shall notify the Applicant that the file has been closed for incompleteness.

Application – Permission for City to Inspect

7.4 By submitting an application, the Landowner shall be deemed to have granted permission for the City to enter on the Landowner's land for purposes of this By-law.

Boundary Tree

7.5 If the Tree to be Destroyed or Injured is a Boundary Tree, all owners of the Boundary Tree or their authorized agents would need to apply for a Permit, otherwise a Permit will not be issued. In the event that the City is an owner of a Boundary Tree (not on the City Boulevard) the written approval of the City Engineer would be required but such approval is entirely at the discretion of the City Engineer.

Boundary Tree - City Boulevard Tree

7.6 If one of the adjoining lands upon which the Boundary Tree is located is City-owned boulevard, then the City's Boulevard Tree By-law will apply and this By-law will not apply.

Part 8 POWERS OF THE CITY ENGINEER

8.1 The power and authority to issue a Permit, refuse to issue a Permit, to cancel, revoke or suspend a Permit, to impose terms and conditions on a Permit, including special conditions, are delegated to the City Engineer.

City Engineer – When Permit Shall Issue

8.2 The City Engineer shall issue a Permit where all of the following are satisfied:

- (1) the application is complete; and
- (2) the City Engineer is satisfied that there are no reasonable alternatives to the proposed Tree Injury or Destruction; and

- (3) the City Engineer has determined, in their discretion, that there are no grounds for refusing to issue a Permit under section 8.3; and
- (4) the City Engineer is satisfied that one or more of the following grounds for issuing a Permit apply:
 - (a) the Tree is a Dead Distinctive Tree;
 - (b) based on the opinion of an Arborist, it is necessary to remove unsafe Trees;
 - (c) based on the opinion of a Professional Engineer, the Tree or Trees are causing or are likely to cause structural damage to load-bearing structures or roof structures;
 - (d) based on the opinion of a 'qualified person' (as defined in the *Environmental Protection Act*), the Tree Injury or Destruction is required to remediate contaminated soil;
 - (e) based on the opinion of a Qualified Person, the Tree Injury or Destruction is required to install, provide or maintain utilities, water or sanitary wastewater infrastructure required for the construction or use of a building or structure for which a Building Permit has been issued with no reasonable alternative to locating those utilities or infrastructure;
 - (f) the Tree Injury or Destruction is required for purposes of a Building Permit;
 - (g) the Tree Injury or Destruction is required for purposes of locating a swimming pool;
 - (h) based on the opinion of an Arborist, the Distinctive Tree Injury or Destruction represents Good Arboricultural Practices, or based on the opinion of a Registered Professional Forester, the Injury or Destruction of a Tree within a Tree Protection Area represents Good Forestry Practices.
- (5) The City Engineer shall refuse to issue a Permit if (1), (2), (3) and (4) are not satisfied.

City Engineer – May Refuse to Issue Permit, Revoke Permit, Suspend Permit, Impose Conditions on Permit

- 8.3 The City Engineer at their discretion may refuse to issue, may revoke, or may suspend a Permit or impose a term or condition on a Permit on any one or more of the following grounds:
- (a) the species of Tree is an endangered species or threatened species as defined in the *Endangered Species Act, 2007*, S.O. 2007, c. 6, or the *Species at Risk Act*, S.C. 2002, c. 29;
 - (b) the Tree is designated under Part IV of the *Ontario Heritage Act*, R.S.O. 1990, c. O.18;
 - (c) migratory birds are making use of the Tree, or migratory bird nests are in the Tree, as contemplated in the *Migratory Birds Convention Act, 1994*, S.C. 1994, c. 22;
 - (d) the protection and preservation of ecological systems and their functions, including the protection and preservation of native flora and fauna;
 - (e) erosion, flood control and sedimentation of watercourses;
 - (f) any information contained in the original application form or any other information provided to the City Engineer has ceased to be accurate and the Applicant, Landowner or Permit Holder has not provided up-to-date accurate information to allow the City Engineer to conclude that the Permit should continue;
 - (g) an Applicant or Permit Holder does not meet one or more of the requirements of this By-law or a condition imposed on a Permit;
 - (h) the Applicant or Landowner is carrying on activities that are in contravention of this By-law;
 - (i) there are reasonable grounds to believe that an application or other documents provided to the City Engineer by or on behalf of the Applicant or Landowner contains a false statement.

City Engineer – Additional Reasons to Revoke

- 8.4 In addition to section 8.3 above, the City Engineer may revoke a Permit if:
- (a) the Permit was issued in error;
 - (b) the Landowner or Permit Holder requests, in writing, that it be revoked;
 - (c) the Landowner or Permit Holder fails to comply with any condition of the Permit or this By-law;
 - (d) the Permit Holder is no longer the owner of the land while the Permit is still valid or the owner on title to the lands has changed;
 - (e) the City Engineer is satisfied that there is a material change in circumstances in connection with or on the Site and the City Engineer is satisfied that the Permit needs to be revoked to avoid further Injury or Destruction of a Tree or Trees.

City Engineer – May Impose Conditions, Special Conditions

- 8.5 Notwithstanding any other provision of this By-law, the City Engineer may impose terms and conditions on any Permit at issuance or at any time during the term of the Permit, including special conditions, as are necessary in the opinion of the City Engineer to give effect to this By-law.

City Engineer – Permit Decisions – Refuse, Revoke, Suspend, Conditions

- 8.6 (1) Where the City Engineer is of the opinion that:
- (a) an application for a Permit should be refused;
 - (b) a Permit should be revoked;
 - (c) a Permit should be suspended for no more than 14 days; or
 - (d) a term or condition of a Permit should be imposed;
- the City Engineer shall make that decision.

City Engineer – Written Notice of Decision under ss. 8.6(1)

- (2) Where the City Engineer has made a decision under subsection 8.6(1) of this By-law, the City Engineer shall give written notice of that decision to the Applicant or Permit Holder by electronic mail or regular mail to the last known address of that person and shall be deemed to have been given on the third day after it is mailed. Written notice to a corporation may be given by registered mail to the address of the corporation's registered head office, or by electronic mail if requested by the corporation.

Contents of Written Decision – Can Appeal

- (3) The written notice to be given under subsection 8.6(1) shall:
- (a) set out the grounds for the decision;
 - (b) give reasonable particulars of the grounds;
 - (c) be signed by the City Engineer; and
 - (d) state that the Applicant or Permit Holder is entitled to a hearing by the Hearings Officer if the Applicant or Permit Holder delivers a notice of appeal to the City Clerk, within thirty (30) days after the notice in subsection 8.6(1) is given, and the appeal fee as set out in the Fees and Charges By-law, as amended, and any successor by-law.

No Appeal – Decision Deemed Final

- (4) Where no appeal is registered within the required time period, the decision of the City Engineer is deemed to be final. The provisions of the City's Hearings Officer By-law, as amended, and any successor by-law, apply to all hearings conducted by the Hearings Officer.

Permit Voluntarily Surrendered – Revoke – No Notice Required

- (5) Despite subsection 8.6(2), where a Permit is voluntarily surrendered by the Permit Holder for revocation, the City Engineer may revoke the Permit without notice to the Permit Holder.

City Engineer – May Make Regulations – Forms, Documents

- 8.7 In addition to any other power, duty or function prescribed in this By-law, the City Engineer may make regulations under this By-law including prescribing the format and content of any forms or other documents required under this By-law.

Copy of Regulations to City Clerk – Available for Public Inspection

8.8 The City Engineer shall provide the City Clerk with copies of any regulations made under this By-law. The City Clerk shall maintain a record of all such regulations. The record of all regulations shall be available for public inspection at the office of the City Engineer and the office of the City Clerk during normal business hours.

Part 9 ISSUANCE OF PERMITS

Information on Permits

9.1 Every Permit issued under this By-law shall be in the form and manner as provided by the City Engineer and shall include on its face the following information:

- (a) the Permit number;
- (b) the name of the Permit Holder;
- (c) the date the Permit was issued and the date it expires;
- (d) the municipal address of the premises on which the Tree or Trees to be Injured or Destroyed is located;
- (e) the Tree or Trees that are permitted to be Injured or Destroyed;
- (f) the nature of the Injury or Destruction.

Permit – Automatic Conditions

9.2 Every Permit that is issued is subject to the following conditions of obtaining and continuing to hold a Permit, all of which shall be performed and observed by the Permit Holder and Landowner:

- (a) the Permit Holder shall ensure that the number of living Replacement Trees as determined by the City Engineer, and the species, or choice of species, size and location of Replacement Trees as determined by the City Engineer, are planted on the same Site by the date specified on the Permit;
- (b) where there is insufficient space on the same Site to plant all the Replacement Trees, the Permit Holder shall plant as many Replacement Trees as the City Engineer determines the Site will allow and the Permit Holder shall forthwith pay the fee as determined by the City Engineer in Schedule A with respect to the number of Replacement Trees that could not be planted due to insufficient space (Fee for Off-Site Tree Planting);
- (c) the Permit Holder or Landowner shall pay all fees related to this By-law;
- (d) the Permit Holder or Landowner shall pay all other fees and fines owed by the Permit Holder or Landowner to the City;
- (e) the Permit Holder or Landowner shall allow, at any reasonable time, the City to inspect the Site;
- (f) the use of the Site is permitted or conforms with the uses permitted under the applicable zoning by-law or is a legal non-conforming use;
- (g) the Permit Holder or Landowner shall meet all of the requirements of this By-law;
- (h) the Permit Holder or Landowner shall ensure that it complies with applicable law including the *Migratory Birds Convention Act, 1994*, and the *Endangered Species Act, 2007*.

Permit – Additional Conditions That May be Imposed

9.3 The City Engineer may impose other conditions on a Permit, including but not limited to:

- (a) the Permit Holder shall ensure that the Injury or Destruction of the Tree is carried out in accordance with Good Arboricultural Practices or Good Forestry Practices;
- (b) the Permit Holder shall ensure that the Injury or Destruction of the Tree is carried out in a particular manner or at or during a particular time;
- (c) the Permit Holder shall ensure that the Permit is posted in a public location for a time period before, during and after the Injury or Destruction of the Tree or Trees;
- (d) the Permit Holder shall ensure that the Injury or Destruction of the Tree is to be carried out by or under the supervision of a Qualified Person;
- (e) the Permit Holder shall ensure that measures are to be implemented to

- (f) protect any retained Trees for the period the Permit remains valid; the Permit Holder shall ensure that the City Engineer is informed within 48 hours of a change of Landowner;
- (g) the Permit Holder shall ensure that a Tree Management Plan satisfactory to the City Engineer is implemented by a required date;
- (h) the Permit Holder shall ensure posting of Security that the City may draw upon in full if the By-law is contravened or if there is a failure in the proper and complete execution of a Permit and its conditions, such that restoration of all or part of the Site has to be done by the City;
- (i) the Permit Holder shall ensure it complies with any requirements to protect or relocate wildlife (including bees) as determined by the City Engineer;
- (j) the Permit Holder shall ensure it implements the Silvicultural Plan or Tree Management Plan submitted with the application to the satisfaction of the City Engineer within a period of time specified by the City Engineer;
- (k) a condition recommended by a Qualified Person that the City Engineer determines is appropriate.

Permit – Valid For Time Issued – 6 Month Maximum

9.4 A Permit issued under this By-law shall be valid only for the period of time for which it is issued. Unless expressly stated on the face of the Permit, all Permits issued under this By-law shall expire 6 months after issuance.

Permit Issuance – Not permission to Contravene Laws

9.5 The issuance of a Permit under this By-law is not intended and shall not be construed as permission or consent by the City for the Permit Holder or Landowner to contravene or fail to observe or comply with any law of Canada, Ontario or any By-law of the City.

Permit – Owned by City – Valid only to Person and Site Named On It

9.6 Every Permit, at all times, is owned by and is the property of the City and is valid only in respect of the person and the Site named on it.

Permit – Cannot be Sold, Transferred, etc.

9.7 No Permit issued under this By-law may be sold, purchased, leased, mortgaged, charged, assigned, pledged, transferred, seized, distrained or otherwise dealt with.

Permit – Notify City Engineer if Change of Information

9.8 The Permit Holder shall notify the City Engineer of any change in their name, business, home address, Site ownership, or any other information relating to the Permit within fifteen (15) days after such change and, if the City Engineer determines it necessary, shall immediately return their Permit to the City Engineer for amendment.

Requirement to obtain all other approvals required by any level of government

9.9 A Permit issued pursuant to this By-law does not preclude the responsibility of the Applicant or Landowner or Permit Holder to obtain all other approvals which may be required by any level of government and agencies.

Part 10 APPEALS – HEARINGS BEFORE THE HEARINGS OFFICER

- 10.1 The power and authority to conduct hearings of appeals under this By-law are delegated to the Hearings Officer.
- 10.2 The provisions of the City's Hearings Officer By-law A.-6653-121, as amended, and any successor by-law, apply to all hearings conducted by the Hearings Officer.
- 10.3 The Hearings Officer may uphold or vary the decision of the City Engineer or make any decision that the City Engineer was entitled to make in the first instance.
- 10.4 The decision of the Hearings Officer is final.

Part 11 ENFORCEMENT

Enforced By

11.1 This By-law may be enforced by a By-law Enforcement Officer.

Powers of Entry

11.2 The provisions of the City's Inspections By-law A-30, as amended, and any successor by-law, apply to Powers of Entry for the purpose of carrying out inspections.

Prohibition - Hinder or Obstruct By-law Enforcement Officer

11.3 No person shall hinder or obstruct or attempt to hinder or obstruct the By-law Enforcement Officer in the discharge of duties under this By-law.

Part 12 POWER TO MAKE ORDERS – REMEDIAL ACTION

Order to Discontinue Activity

- 12.1 (1) Where a By-law Enforcement Officer is satisfied that a contravention of this By-law has occurred, the By-law Enforcement Officer may make an Order to Discontinue Activity requiring the person who contravened the By-law or a person that caused or permitted a contravention of the By-law or the owner or occupier of the land on which the contravention occurred to discontinue the contravening activity.
- (2) The Order to Discontinue Activity shall set out reasonable particulars of the contravention adequate to identify the contravention, the location of the land on which the contravention occurred, and the date and time by which there must be compliance with the Order to Discontinue Activity.

Work Order

- 12.2 (1) Where a By-law Enforcement Officer is satisfied that a contravention of this By-law has occurred, the By-law Enforcement Officer may make a Work Order requiring the person who contravened the By-law or who caused or permitted the contravention or the owner or occupier of the land on which the contravention occurred to do work to correct the contravention.
- (2) A Work Order shall set out reasonable particulars of the contravention adequate to identify the contravention and the location of the land on which the contravention occurred, and the work to be done and the date by which the work must be done.

Service of Order to Discontinue Activity or Work Order

- 12.3 (1) An Order to Discontinue Activity or Work Order may be served personally by the By-law Enforcement Officer, may be sent by registered mail to the person contravening the By-law, or may be posted in a conspicuous place on the property where the contravention occurred.
- (2) Where an Order to Discontinue Activity or Work Order under this By-law is served personally by the By-law Enforcement Officer, it shall be deemed to have been served on the date of delivery to the person or persons named.
- (3) The posting of the Order to Discontinue Activity or Work Order at the Site shall be deemed to be sufficient service of the Order to Discontinue Activity on the person or corporation to whom the Order to Discontinue Activity is directed on the date it is posted.
- (4) Where an Order to Discontinue Activity or Work Order issued under the By-law is sent by registered mail, it shall be sent to the last known address of one or more of the following, as applicable:
- (a) the Applicant;
 - (b) the Permit Holder;
 - (c) the Landowner;
 - (d) the person contravening the By-law;
 - (e) the person or company undertaking the Injury or Destruction;

and shall be deemed to have been served on the fifth day after the Order to Discontinue Activity or Order is mailed.

12.4 Remedial Action

If a person is required, under a Work Order under this By-law, to do a matter or thing, then in default of it being done by the person so required to do it, the matter or thing may be done at the person's expense under the direction of a By-law Enforcement Officer.

12.5 The City may recover the costs of doing a matter or thing under section 12.4 from the person required to do it, by adding the costs to the tax roll for the subject land and collecting them in the same manner as property taxes.

12.6 The amount of the costs under section 12.4, including interest, constitutes a lien on the land upon the registration in the proper land registry office of a notice of lien.

Part 13 PESTS - INSPECTION – REMOVAL OF INFESTED TREES

Inspection for Presence of Asian Long-Horned Beetles and Other Serious Pests; Removal of Infested Trees

13.1 The City Engineer is authorized to inspect for the presence of Asian Long-Horned Beetles and other Pests that may create serious widespread economic or ecological harm, and to remove such infested trees, on all public and private property, with the consent of the property owner.

Inspection for Pests; Right to Enter Private Property – Consent Not Required

13.2 Where the City Engineer has been designated as an "inspector" by the President of the Canadian Food Inspection Agency under section 13 of the *Canadian Food Inspection Agency Act*, S.C. 1997, c.6 for the purposes of enforcing the *Plant Protection Act*, S.C. 1990, c.22, the City Engineer has the authority to inspect for the presence of Pests and to take action including the removal of trees on all public and private property, with or without the consent of the property owner, if it is in accordance with the *Plant Protection Act*.

Part 14 OFFENCES AND PENALTIES

Offences

14.1 Any person who contravenes any provision of this By-law, or an Order to Discontinue Activity, or a Work Order, is guilty of an offence.

14.2 A director or officer of a corporation who knowingly concurs in the contravention of any provision of this By-law is guilty of an offence.

Penalties – Minimum and Maximum

14.3 A person convicted under this By-law is liable to a minimum fine of \$500.00 and a maximum fine of \$100,000.00, where the fine is not a set fine.

Penalties – Continuing Offence

14.4 Contravention of an Order to Discontinue Activity or a Work Order is a continuing offence, and a person who is convicted of an offence under this By-law is liable, for each day or part of a day that the offence continues, to a minimum fine of \$500 and a maximum fine of \$10,000 and the total of all daily fines for the offence is not limited to \$100,000.

Penalties – Special Fines

14.5 A person convicted under this By-law is liable to a special fine of maximum \$200,000.00 which may be imposed in addition to the regular fine, to eliminate or reduce any economic advantage or gain from contravening the By-law.

Court Order - Additional Order to Discontinue or Remedy – s. 431 *Municipal Act, 2001*

14.6 Under section 431 of the *Municipal Act, 2001*, when this By-law is contravened and a conviction entered, in addition to any other remedy and to any penalty

imposed by the By-law, the court in which the conviction has been entered and any court of competent jurisdiction thereafter may make an order;

- (a) prohibiting the continuation or repetition of the offence by the person convicted; and
- (b) in the case of a by-law described in section 135 of *Municipal Act, 2001*, requiring the person convicted to correct the contravention in the manner and within the period that the court considers appropriate.

Part 15 MISCELLANEOUS

Transition

15.1 Any Permit issued under the provisions of By-law C.P.-1515-228 that has not expired or been revoked as of the date of this By-law coming into force shall be deemed to have been issued under this By-law and will be valid until such Permit is revoked, surrendered or expires.

Repeal

15.2 The Tree Protection By-law C.P.-1515-228 passed on August 30, 2016 is repealed.

Coming into force

15.3 This By-law shall come into force and effect on March 1, 2021.

Passed in Open Council on November 24, 2020.

Schedule A

Calculation of Number of Distinctive Tree Replacement Trees & Calculation of Fees for Off-Site Tree Planting (insufficient space on Site to plant Replacement Trees)

1. For the purposes of subsection 9.2(a) of this By-law with respect to a Distinctive Tree Permit, the City Engineer shall determine the number of living Replacement Trees that will be required based on the chart below. The diameter of the Tree to be Destroyed under a Distinctive Tree Permit, as set out in Column 1, shall correspond to the number of Replacement Trees required, as set out in Column 2.

2. For the purposes of subsection 9.2(b) of this By-law with respect to a Distinctive Tree Permit, where there is insufficient space on the same Site to plant all of the number of Replacement Trees as calculated for 9.2(a) of this By-law, the Permit Holder shall plant as many Replacement Trees as the site will allow as determined by the City Engineer, and with respect to the number of Replacement Trees that could not be planted due to insufficient space, the City Engineer shall calculate the amount of the fee by multiplying the number of Replacement Trees that could not be planted on site due to insufficient space by \$350 per tree. The diameter of the Tree to be Destroyed under a Distinctive Tree Permit, as set out in Column 1, shall correspond to the number of Replacement Trees, as set out in Column 2.
