August 16, 2020

To the members of Strategic Priorities and Planning Committee,

I wish to inform Council of my appointment to the Brescia University College Housing and Gender-Based Violence Project 2021.

Following the submission and presentation to SPPC regarding this project, the organizers reached out to me to have further dialogue. As an outcome of that meeting and furthering this important community conversation, the organizers and I wish to inform Council I am to be involved with the students in Family Studies and Human Development program with the Diversity and the Canadian Families program. A second report will be submitted to SPPC in early 2022.

Though not requiring Council approval, I wished to inform colleagues of the work being done in the community as Council directed that the recommendations forming part of the presentation BE FORWARDED to the Civic Administration, for consideration and potential implementation, including but not limited to participation in the knowledge-exchange activities related to the report.

It is a pleasure to be a part of a team committed to the creation of safety for women and girls in London.

Regards,

Elizabeth Pelozo
Councillor, Ward 12

Committee: **London Transit Commission**

Organization/Sector represented:

Name: **Ayman Abu Sharkh**

Occupation: **Senior Project Manager / Business Professor (Part-time)**

Work experience: **I am currently employed as a Senior Project Manager with London Life. I have been with London Life since Jun 2018. I also have been part-time professor of business with Fanshawe College since Jan 2018. I am also regularly invited to speak in technical, engineering, and technology conferences. In the past I have worked with the following organizations: • Manager, IT Infrastructure – London Hydro, Jun 2015 – Jun 2018 • Senior Project Manager – Bell Jul 2007 – Jun 2018 • Quality Assurance Analyst – IBM May 2005 – Sep 2006**

Education: **Education • Executive MBA – Ivey School of Business Jun 2018 • B.A. Economics – Western University Oct 2008 • B.Sc. Electrical Engineering – Western University Jun 2007 Professional Credentials • Licensed Professional Engineer of Ontario (P.Eng.) 2010 – Present • Professional Project Manager (PMP) 2010 – Present**

Skills: **I bring 10+ years of management experience where I supported, coached, and directed teams of more than 10 members with various backgrounds and skillsets. I have also worked with multifunctional teams and numerous technology vendors and professional services providers. I have years of experience in strategy development, capital and expense budget management, labour planning, and IT Operations. I teach Risk Assessment, Supply Chain Operations, and Quality Management and at the college level. I believe that my motivation and effective collaboration skills will help me in assisting this body toward working effectively. I bring subject matter expertise in technology and overall management and I have excellent listening and negotiation skills.**

Interest reason: **I firmly believe that well-qualified members of our society have a duty to contribute positively to the advancement of our society and community. My career path has focused on education, health, and technology and thus I am interested in giving back to the City of London in these areas. As I have completed my Executive MBA earlier this year, and my career has been progressing very well, I feel an obligation to give back to this city I have called home since I was 17 years old and I'd like for to continue to prosper and grow for my kids to live in.**

Contributions: **I believe that I bring a unique set of skills; I will bring diverse technical capability in a world that is increasingly looking to leverage technology to achieve business goals. I have the unique ability to understand board governance and best practices from working in public, private, and publicly- traded organizations, as well as from an educational background with my Executive MBA education. Finally, I will bring diversity by providing perspective that comes from a multi-cultured background.**

Past contributions: **I contributed as a committee member of The Ivey School of Business's Social Impact committee during the 2018 Executive MBA cohort where I played a role defining our cohort's social impact mission (which was focused on education) and where I helped in organizing fund raising events, donations, and food drives. If selected, this will be my first opportunity as a member of a public board.**

Interpersonal: **Respect is paramount – no question. As a leader in various professional areas any multiple organizations, my ability to work with a variety of personalities is proven. I have a track record of communicating and negotiating with colleagues, partners, and leaders in a cohesive and respectful matter that results in the betterment of the organization.**

Interview interest: **Yes**

Committee: **london transit commision**

Name: **william h. brock**

Occupation: **retired**

Work experience: **38 years LTC management; (1962- 2000) 20 years Public school trustee (1980-2000) 14 years children's safety village (1996- 2010) 4 years Block Parents Board (2005 - 2009) 4 years MCBN (Neuts) Children's Ass. Board (2006-2009)**

Education: **post secondary; Canadian Institute of Management (C.I.M.)**

Skills: **38 years in management including positions such as purchasing, treasury, operations, maintenance, marketing, negotiations, led team in purchase of low floor natural gas buses to meet our needs; led team that implemented new communications system in the 90's, created first business plan for LTC in 80's with Marg Gallagher.**

Interest reason: **My experience in the industry would serve the city well as transit looks to filling needs of citizens as an integral part of a transportation strategy in the future.**

Contributions: **Knowledge base and experience to move transit to an integral part of a master transportation plan which complements city transportation needs as a full partner. Change from a competing mode to one that builds on the mass transit benefit to city growth where appropriate.**

Past contributions: **My record with London Transit as an administrator speaks for itself; noting I did whatever was required as a team player, to ensure employees were part of a team and the best interests of transit users was front and centre.**

Interpersonal: **I was the manager at LTC who took a mechanic and a body shop employee to Toronto to make sure the staff in the trenches had a say in design of the equipment they had to service and repair. Twice Chair of London Public School Board; who as a politician (including heading negotiation team) ensured administration and politicians knew their roles. Took the Children's Safety Village from verge of disaster in 1996 to a success in 2001 raising over 2 million dollars. Now in 10th year!**

I would like to clarify as an update high lite some involvement noting much of what is indicated is on the public record whether as a brief or presentation. All of this as a citizen not part of any group!

The below is a partial reflection of involvement.

Starting with the Downtown Master Plan East London Community centre process.

Buses off of Dundas Street

Kiwanis Park Changes

Compensation Task Force (special involvement)

Poverty Panel Presentation (special involvement)

School Zone Speed limits

Glencoe overpass safety concerns if demolished

Ranked Balloting presentation

Briefs to implementation rapid transit working group

Priority of Transit

Governance working group

High Speed Rail

Protection of farm land

Ongoing dialogue about London Plan; Shift, Transportation changes, Developement Charges, Roles of Councillors and staff; greater accountability, High Speed Rail; Prioritizing need verses nice to have; data based rationale for various changes; taking issue with being told what to do as opposed to making a choice.

This is a quick scenario of some topics. Validation of data and reality of London Plan being a guide not a law!

All of this is supported by emails or briefs to all Councillors and senior staff; especially the last five years.

Currently City Council has a brief which was referred to Integrity Commissioner (?).

In examining previous application there is a theme that hasn't changed.

I look forward to an opportunity to address the group making the selection.

Also noting that theme of Council is to do what is best in the interests of all Londoners!

William H. Brock

Council – May 31, 2016

Committee: **London Transit Commission**

Organization/Sector represented:

Name: **Arzie Chant**

Occupation: **Graduate Affairs Coordinator**

Work experience: **I have been an employee of the University of Western Ontario for 19 years, providing support and academic advice to students at undergraduate and graduate programs. I began my career in a position working with students in Western's residence system, where much of my time was spent dealing with behavioural issues among students in their first year of post-secondary studies. After 6 years, I moved into an academic support role, where I also advised undergraduate students on program requirements, course options, accessing personal or medical support on campus. I currently work with graduate students (M.Sc. and Ph.D.) and senior undergraduate students to counsel on strategies for academic success, applying for graduate education, and adjusting to life in London. My role also sees me collect and analyze large amounts of current and historical data about our academic program to spot trends in enrollment, progression, and completion.**

Education: **My degree areas are predominantly in the sciences, with an additional focus on ethics. I hold an undergraduate degree from Western's Faculty of Science, and am presently completing concurrent B.Sc. degrees in areas of human health. I have also completed two college certificate programs in office administration and computer essentials.**

Skills: **I have extensive education in science, including courses in statistics, math, and computer science. While most of my focus has been in the area of the health sciences, I believe the skills developed during that time to critically examine data will be useful in contributing to a system as complex as London's transit system. Additionally, I possess excellent communication skills, and speak assertively but not aggressively. I am able to approach issues dispassionately, in a non-judgmental manner that focuses on finding solutions. In this opinion, these skills are critical for those engaged in public service, as personal feelings about controversial issues must be set aside in order to serve the public good.**

Interest reason: **In my view, all citizens should become engaged with the goal of improving their community. I have pursued several such opportunities in the past, and I believe that my skill set is well suited for the Commission, both in terms of my data literacy and my competencies in addressing controversial or emotionally charged situations with tact, sensitivity, and aplomb.**

Contributions: **As a transit user during the entirety of my nearly 2 decades in London, I believe that I have a sense of the needs of riders and the challenges the LTC faces. London is also currently coming to terms with how to best plan for the transit needs of the future as the City continues to grow. This has been a challenging task fraught with emotion from various stakeholders. The Commission would benefit from members who approach current and future planning tasks with a focus on what the evidence suggests is best for the needs of Londoners, visitors to the City, business success, and environmental sustainability, rather than parochial concerns. At the same time, members of the Commission must be able to thoughtfully engage members of the community to hear their concerns and to share information, so as to both incorporate community feedback into planning and build community support. My career and previous volunteer experience have relied heavily on these same skills, while my educational experience has provided me with a strong understanding of analytical skills critical to this sort of high level decision making.**

Past contributions: **During my studies and career at Western, I have served in multiple roles and on several bodies to represent the interests of students, staff, or specific segments of the community (including marginalized groups). These have included: USC Equity Commissioner (2002-2003), USC Pride Resources Commissioner (2003-2004), USC Commissioner for First Nations Students (2005-2006), 5 terms on the UWO Senate 3 terms on the University Discipline Appeals Committee, 4 terms on Western's Graduate Education Council 2 term on the Grad. Education Council's policy sub-committee, 12 years as a UWO Staff Association steward.**

Interpersonal: **Several of the bodies that I have served on since moving to London in 2001 have been charged with the responsibility of addressing contentious issues. In so doing, my**

approach has been to attempt to identify the diversity of experience and concerns around the table to better understand the ultimate opinion that parties hold. This has been particularly true during my service on Western's Senate and Graduate Education Council, which are often charged with the responsibility of establishing policies which must effectively serve a large, diverse population. My own communication skills are rooted in dispassionate assertiveness without aggression, to ensure that my position is heard without risking making others uneasy in sharing their own views. I am also tactfully probing of others views, to ensure that stakeholders from distinct groups around the table are heard.

Interview interest: **Yes**

Committee: **London Transit Commission**

Organization/Sector represented: **Residents**

Name: **John Fyfe-Millar**

Occupation: **Business Owner, Printing Company**

Work experience: **Forty years business experience in the city of London. I have been a user of transit when I was younger, and as someone who could not drive due to an illness. I believe we need to do better.**

Education: **I have extensive continuing education, along with the following designation: Certified in Management (C.I.M.) Professional Manager (P.Mgr.) Chartered Manager (C.Mgr.)**

Skills: **Good understanding of the City of London. Good understanding of Transit, BRT, and other options for transit. Advocate for changes to improve London Transit. Consistent.**

Interest reason: **I feel that this is ground zero for changes to be made in how we move the people of our city around. This is a great opportunity to put together a balanced Commission to look at all options in the city.**

Contributions: **I believe I bring a balanced opinion of transit and where it fits into the grand scheme of how Londoners move about the city. We need a more balanced body to sit on this board and make wholesale changes to the benefit of everyone.**

Past contributions: **I have worked on the following committees and or boards: London Chamber of Commerce London Downtown Community Association London Downtown Business Association Regional HIV/AIDS Committee London Executive Association**

Interpersonal: **I feel that I have extremely strong skills in working with people towards a resolution that is meaningful and beneficial to all parties. More importantly, these decisions are never personal, and should be made with the utmost respect for all parties involved.**

Experience and Qualifications

If you have experience on a London Board or Commission, please provide dates and details. (max. 3000 characters): **I am currently a director on the St. Joseph's Healthcare board and serve on the Resource, Planning and Audit committee as well as the People and Mission committee (essentially the human resources committee). I started volunteering for the People and Mission Committee in 2019 and was named a director in 2020. I served as a director for London Middlesex Community Housing from 2018 to 2019, as well as a director for the London Chamber of Commerce from 2017 to 2018. I had to resign from the Chamber of Commerce in order to run for city council in 2018. I have also served as a director for Red Shoe Society and the London Youth Orchestra.**

What do you hope to contribute or learn as part of a Board or Commission? (max. 3000 characters): **As my resume will reflect, I have considerable business, legal, community board and political experience. I think it is important for members of London's business community to volunteer their time and provide these skills to community organizations. I also think that our transit system is one of the most important parts of our municipal infrastructure. In the covid recovery, it will be more important than ever to support our transit system to help with the economic recovery. I would really like to volunteer my time and put these skills to work to support our transit system and help with the economic recovery as much as I can.**

How will you support the work of a Board or Commission? (max. 3000 characters): **I would support the work of the London Transit Commission in several ways. First, I have significant general board and committee experience so I am well-versed in Robert's rules and the expectations and responsibilities of directors on community boards. I believe this experience would allow me to quickly integrate myself into the position without a significant learning curve. Second, my present occupation is a commercial litigation lawyer and professor. I spend most of my professional time problem-solving, working cooperatively with others and engaging in dispute resolution. I also have excellent communication and presentation skills. I believe that these skills translate well to the role of a director on a community board such as the London Transit Commission because I am comfortable sharing my views, having my views critically assessed and working as a team. Third, my roles as a commercial litigator and a director for numerous community boards have provided me with significant experience concerning audits, business plans, effective corporate governance, construction and procurement matters, contracts and human resources issues. My substantive knowledge in these areas will allow me to make effective, informed decisions as a director on the key issues that the board will be asked to consider. I believe that my combined work and volunteering experience would allow**

me to support the board and collaborate with other directors and the commission's executive staff to provide effective leadership for the organization.

Please describe additional experience, training, or community involvement that will help you in your role as a Board or Commission Member. (max. 3000 characters): **Aside from my employment and volunteer activities, I have also been involved in all levels of politics. I worked for two federal cabinet ministers and have been involved in various municipal campaigns, including my own in 2018 in ward 5. As a result, I have in-depth knowledge of the various levels of funding that affect transit at the municipal level as well as the interaction between the various levels of government concerning what legislation governs municipal public transit. I believe that this experience will allow me to assist the board in navigating the political, legislative and funding considerations that may permeate the policies the board is asked to consider.**

What do you hope to contribute or learn as part of a Board or Commission? (max. 3000 characters): **I am on the Mental Health Addictions and Advisory Panel. On this Board I can contribute from a perspective of strategic/ cost need/benefit analyses and also learn. I have worked for large institutions and as an entrepreneur, developed corporate business plans for experienced professionals in the Financial Services industry and am a confident analyst, researcher and speaker.**

My family have run a successful large business in London, Ontario for decades. I was the Fundraising Chair for a Federal MP, for a Provincial Candidate and on the mayoral fundraising team for two of London's mayors.

I have Co-lead large Project Finance deals in NYC with Citi and CSFB at Scotia Capital in NYC In Power and Utilities and have worked on the trade floor at Scotia analyzing and creating policy and risk limits for traders and for desks, making presentations to the highest Committee in the Bank and have managed teams and relationships to build on and drive results but with direct decision makers.

Further, I have a strong comfort level persuading bankers, businesses, investors, board members and strategic partners. I generate new business, originate new leads and maintain relationships with various stakeholders in a professional manner.

In summary, in what I do for a living, I have to generate leads and close deals. I have to interact with several professionals with competing and conflicting interests to put together a package that would work for all.

How will you support the work of a Board or Commission? (max. 3000 characters): **I can do data analyses, research issues, deliberate on facts and opinions and perspectives of others and formulate meaningful responses adding to already outstanding teams.**

- ♣ **Energetic individual with strong analytic abilities, risk management, credit analysis training, efficient multitasking organizational ability and negotiation skills and can contribute to a dynamic and innovative environment;**
- ♣ **Passion for problem solving and the ability to solve complex problems strategically and practically with the ability to present this both verbally and written in a cohesive, comprehensive and concise manner;**
- ♣ **Have a passion for modern and ancient languages and communication as a whole;**
- ♣ **Goal-oriented perspective and have gained thorough practical experience and expertise in project objectives, project and time management as well as a hands-on approach in implementation;**
- ♣ **Possess excellent research, analytical and interpretive abilities acquired through work and graduate level investigations as well as solid leadership, managerial, interpersonal and change management skills;**
- ♣ **Continuous learner, entrepreneurial initiative and a quick and global thinker with a determined to win and strong work ethic.**
- ♣ **Effective strategist and has a solid ability to work both independently and as a team player;**
- ♣ **Have developed and executed business development plans in collaboration with key internal and external stakeholders**
- ♣ **Significant business development experience and ability to develop and maintain strategic relationships with key accounts, associations, and other key stakeholders;**
- ♣ **Communicate with stakeholders establishing goals and objectives maintaining a high level of customer satisfaction**
- ♣ **Have consistently worked with partners which have translated into growth opportunities for clients;**
- ♣ **Built strong sector relationships and establish effective communication strategies to maintain those relationships;**
- ♣ **Strong interest in historical, social, legislative and political issues balancing a strong academic knowledge base.**
- ♣ **Solid understanding of risks and exposures of lending facilities, and of finance and trading concepts;**
- ♣ **The ability to read, write and understand legal documentation;**
- ♣ **Previous institutional credit experience as well as business development in a large financial institution;**
- ♣ **People management and supervisory skills.**

Please describe additional experience, training, or community involvement that will help you in your role as a Board or Commission Member. (max. 3000 characters): **Strategic Thinking**

- ♣ **Ability to keep the big picture in mind and not allow self or others to be caught up in minutiae**
- ♣ **Ability to think independently, grow in knowledge, and rely on data rather than opinions**
- ♣ **Ability to be goal and future oriented**

- ♣ Ability to think critically, ask questions, and challenge unsubstantiated opinions
- ♣ Ability to understand issues from different perspectives
- ♣ Ability to understand and process large amounts of information (print, online, and oral) effectively and efficiently

Communication

- ♣ Ability to articulate ideas, opinions, rationales, and comments in a clear, concise, and logical manner to address the needs of the audience

SHANAZ JOAN PARSAN MBA

London Ontario, N6H 4Z5

Please find my CV attached for a Board member position at the City of London Ontario, Canada.

I am a highly energetic and intelligent individual with relevant experience, proven leadership skills, a solid education, an unbeatable work ethic and consistent 'Exceeds Expectations' ratings. I can make immediate and positive contributions and look forward to being a valued part of your team.

I have Co-lead large Project Finance (Power & Utilities) deals in NYC with Citi and CSFB at Scotia Capital in NYC and have worked on the trade floor at Scotiabank in Toronto analyzing and creating policy and billion dollar risk limits for traders and for desks, making presentations to the second highest Committee in the Bank (Risk) and have managed teams and relationships to build on and drive results. I have worked as an entrepreneur, developed educational material for experienced professionals in the Financial Services industry and to Grades 9-12 & undergraduate students in Ontario.

I am a confident analyst, researcher and speaker and was the Fundraising Chair to a Federal MP for six years.

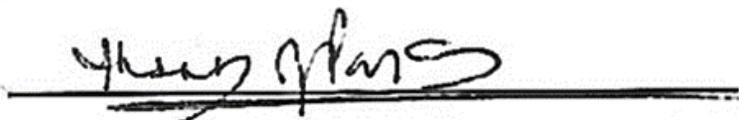

I also fundraise for our troops on a government level and chaired a Not For Profit organization to assist children of veterans with PTSD. I was chosen as Chair as a tactical executioner of operational plans alongside a dedicated team and as a skilled communicator and relationship builder with a high EQ. I enjoy working with, motivating and mentoring people and working with stakeholders to drive and deliver results. Teaching skills enhance my communication and presentation abilities.

I have highlighted some pertinent skills summarized below:

- Dedicated team and results oriented individual with solid teaching experience (In House and eLearning);
- Lead and oversee strategic plans fostering cross-organizational collaboration with various departments;
- Developed business plans, implementation models and timelines, financial models and investor presentation decks;
- Develop sales and marketing plans for clients to cut costs, drive sales, maximize efficiencies and innovate;
- Sound analytic fluency, ability to synthesize complex information concisely, creative, energetic and superior communication skills;
- Can execute small and large projects from soup to nuts working with a variety of stakeholders;
- Strong analytic abilities, risk management, credit analysis training, efficient multitasking organizational ability and negotiation skills and can contribute to a dynamic and innovative environment;
- Passion for problem solving and the ability to perform detailed and complex calculations as well as the ability to present this both verbally and written in a cohesive, comprehensive and concise manner;
- Goal-oriented perspective and have gained thorough practical experience and expertise in project objectives, project and time management as well as a hands-on approach in implementation;
- Excellent research, analytical and interpretive abilities acquired through work experience as well as through graduate level investigations; Solid leadership, managerial, interpersonal and change management skills;
- Continuous learner with an entrepreneurial initiative and a quick and global thinker with a determined to win and strong work ethic;
- Effective strategist and has a solid ability to work both independently and as a team player;
- Strong interest in historical, social, legislative and political issues which brings a balance to a strong academic knowledge base;
- People management skills and team motivator; Natural leader with assertive but collaborative style.
- Hands on leader: inspiring, coordinating and assisting in doing whatever needs to be done to accomplish goals.
- Have a passion for modern and ancient languages and communication as a whole;

Please do not hesitate to contact me for more information. I look forward to speaking with you and your colleagues.

Sincerely,
Shanaz Joan Parsan

Committee: **London Transit Commission**

Organization/Sector represented:

Name: **Cedric Richards**

Occupation: **Grocery Clerk**

Work experience: **Since 2008, I have worked in the dairy department of Metro in Cherryhill Village Mall. For most of the last 6 years, alongside Metro, I have worked in the legal field. In law, I have worked as a court runner and a legal assistant.**

Education: **From 2010 to 2016, I attended Fanshawe College. I successfully completed the Accounting, Law Clerk, Entrepreneurship, and Paralegal Programs. I completed one semester of co-op during Law Clerk and a placement during Paralegal. After completion of the Paralegal program, I completed and passed the Paralegal Licensing Exam in October 2016. I obtained a Paralegal license but subsequently administratively surrendered it in February 2017.**

Skills: **I am a transit rider, often hitching my bike on the front rack. I have used transit for at least 20 years in this city as well as others. I have had a monthly pass for nearly every month since December 2016. Lived experience needs to be a priority when considering appointments to the Commission. I also read much of the reports, especially the planning ones, that are part of the monthly agendas. As our previous mayor, Joni Baechler, emphatically states, reading reports is essential before making a decision on an issue.**

Interest reason: **I am interested in serving the City of London on the London Transit Commission because community service is the price one pays to live somewhere. I believe that serving in "the system" is one of the best ways to effect change.**

Contributions: **While not speaking for everyone, I believe I can be some sort of a voice of the average transit rider. This could provide some balance alongside other roles that are filled in the discourse on transit.**

Past contributions: **I have served two terms as an elected member of the London Youth Advisory Council for 2014-2015 and 2015-2016. I was the point person for knowledge of transportation and municipal government. I also worked with YouthREX on an evaluation strategy for the council.**

Interpersonal: **During my time as a youth councillor, I made it a priority to listen to everyone else before forming an opinion and stating my own, because nobody (including me) has a monopoly on a good idea.**

Interview interest: **Yes**

Committee: **London Transit Commission**

Organization/Sector represented:

Name: **David Smith**

Occupation: **Director of Public Health Programs**

Work experience: **I have over ten years' experience as a senior leader in the public health care sector. Currently, I'm the Director of Public Health Programs with Southwestern Public Health. In addition, I have nearly a decade of Clinical Instructor experience in the Dental Sciences Division with Fanshawe College.**

Education: **I am a graduate from the Master of Business Administration (MBA) program at the Ivey Business School at Western University. I also hold an undergraduate Bachelor of Sciences Degree from the University of British Columbia. Lastly, I am a Regulated Health Care Professional, belonging to the College of Dental Hygienists of Ontario.**

Skills: **My technical skills and credentials include: -Green Belt Six Sigma Certification - Certified Healthcare Executive (CHE) with the -Canadian College of Healthcare Leaders (CCHL) -Member of the Risk Management Society-(Certified Risk Management) Outside of my credentials, I am strong with communication, methodical with formulating decisions, an exceptional leader and have the interpersonal skills required to serve in a governance role for a public agency such as this. Over the years, I have built strong community relationships with key leaders in London (both political and CEOs of various organizations). Stakeholder relations and engagement is critical for public Boards in our community.**

Interest reason: **I'm extremely confident I have the required education, skills, knowledge and abilities that are imperative to effective governance. Beyond this, if chosen as a Board member, I feel I bring a diverse and inclusive voice to the Board. I self-identify as a member of the LGBTQ+ community. Having a voice, and experience in working with this community, it would be advantageous for this Board, but would also continue to build relationships with this community.**

Contributions: **I would bring strong governance and fiduciary knowledge (including risk management and financial controls experience) to this Board. This will enhance the strong financial position the agency currently operates. I have experience as a senior leader in non/unionized environments. This experience is easily transferable to any Board/Governance model. Lastly, I have the passion to serve my community as I'm a London native, born and raised.**

Past contributions: **At the moment, I'm currently: 1. Board President of the Regional HIV AIDS Connection (RHAC). I have served six years on this Board (last three years as President). This is my final year. I have been involved with the Finance, Nominations and Governance Committees. 2. Board of Director with the London Convention Centre -- City Council Appointment. I'm currently serving on this Board until my term ends (2021).**

Interpersonal: **I respect diversity and inclusiveness, thus am open to hearing and respecting others views. Individuals are unique and bring diverse skill sets to any situation. With a shared common goal and understanding, we can learn from each other. Learning can be found in any given situation if one is open appreciating differences of opinion.**

Deferral of incentive loan repayments and forgiving interest-free loan to London Community Players

Dear Colleagues,

The COVID-19 pandemic has been very difficult for many organizations. Bricks and mortar retail businesses that rely on foot traffic have been severely impacted. One of the measures we approved earlier in the pandemic, which was very helpful and much appreciated, was to defer the repayment of Community Improvement Plan incentive loans. This provided building owners who have improved their buildings through these programs with relief in terms of their cash flow at a time when they really needed it. Unfortunately, we are not through the pandemic yet, so a longer deferral is needed. I would suggest until at least March 2022.

As we know, arts and culture organizations, especially those that stage or host live performances and in-person events, have been particularly hard hit. One of those organizations, the Palace Theatre Arts Commons, has just re-opened with Fringe Binge (<http://www.palacetheatre.ca/london-fringe-festival>). As you will recall, several years ago the City of London made an interest-free loan to London Community Players (Palace Theatre) to allow the organization to make urgent repairs to the interior walls of the theatre, which were being damaged by water. We have deferred repayments of the remaining balance of this loan (\$78,749.83) along with the CIP loans. Volunteers have kept the Palace Theatre Arts Commons going during the pandemic and I believe forgiving the remaining balance of this loan would tremendously help the organization recover.

I am therefore seeking your support of the following motion:

- a) the Civic Administration BE AUTHORIZED to further extend the deferral period, on Community Improvement Plan loan repayments, on an interest-free basis for a further period of 180 days, being Oct 2021 to March 2022, where the applicant has requested a further deferral in writing; it being noted that the April 2022 loan repayments will be cashed as planned.
- b) the Civic Administration BE AUTHORIZED to forgive the remaining balance of the interest-free loan to the London Community Players, in the amount of \$78,749.83.

Sincerely,

Jesse Helmer
Councillor, Ward 4
