Executive Summary

This report recommends that The Corporation of the City of London enter into the Ontario Transfer Payment Agreement between Her Majesty the Queen in Right of Ontario as represented by the Minister of Municipal Affairs and Housing (the “Province”) and The Corporation of the City of London (the “Recipient”), attached as Schedule A to the proposed by-law, for funding through the Streamline Development Approval Fund.

Linkage to the Corporate Strategic Plan

Council’s 2019 to 2023 Strategic Plan for the City of London identifies “Leading in Public Service” as a strategic area of focus. This includes increasing the efficiency and effectiveness of service delivery by conducting targeted service reviews and promoting and strengthening continuous improvement practices.

Analysis

1.0 Discussion and Considerations

1.1 Previous Reports Related to this Matter

None.

1.2 Background and Purpose

In January 2022, the Province of Ontario held an Ontario Housing Affordability Summit. On January 19, 2022, the Province of Ontario announced an investment of \$45 million in a new *Streamline Development Approval Fund* to help Ontario's 39 largest municipalities implement actions to unlock housing supply by streamlining, digitizing, and modernizing their approach to managing and approving applications for residential developments. The fund can also be used to support diversity internship programs within planning and building departments.

The City of London is eligible to receive up to **\$1,750,000** through the Streamline Development Approval Fund to implement streamlining development approval initiatives such as e-permitting systems, temporary staff (including interns) to address backlogs, online application portals, and other projects aimed at unlocking housing supply.

On February 7, 2022, London received the Transfer Payment Agreement and high-level program guidelines for this program. The agreement must be executed and returned to the Province by March 1, 2022. Eligible expenses financed through this funding must be incurred between January 19, 2022, and February 28, 2023, the project completion date. Municipalities are required to provide details of their project(s) in an interim report due April 22, 2022. The final report on the use of this funding is due February 28, 2023, and must include a publicly posted staff report.

The purpose of this report is to present the Transfer Payment Agreement and introduce a by-law to seek approval for the Mayor and Clerk to execute the agreement with the Province.

2.0 Key Issues and Considerations

2.1 Eligible Projects Under the Streamline Development Approval Fund

Funding received through the Streamline Development Approval Fund can be applied to more than one project. There is no municipal cost sharing requirement for this program. The funding will cover 100% of the eligible costs up to the \$1.75 million approved for London. The Province has determined that the following are eligible projects under the Streamline Development Approval Fund.

- Consulting/fee-for-service resources to:
 - Identify or implement LEAN processes for development approvals.
 - Update zoning by-laws and explore opportunities to accommodate new housing development as-of-right.
 - Implement or enhance implementation of a Community Planning Permits System with a housing component.
 - Review council decision-making processes and streamline by delegating more planning decisions to staff where possible.
 - Develop Community Improvement Plans that include housing incentives.
 - Undertake studies to support new housing types (modular/tiny homes, 'missing middle,' etc.).
- E-permitting systems and online "Manage My Application" systems that provide for online status checking, interaction between the applicant and planners, fee payments, and ability to start additional permits and view agency comments.
- Online application forms, including the submission of supporting documents, drawings, and studies, and standardization of forms, drawings, studies, and data submissions.

- Online application guides to help applicants select a location, identify development type, and follow a step-by-step guide to determine application submission requirements.
- Online booking and web meetings systems for pre-consultation and planning meetings.
- Data/application management/workflow, digital drawing software, or 3D tools to assist with design and visualization of development applications.
- Efficiencies in handling of payments for development approvals – digital/credit card payments.
- Standardization of terminology, application process, data requirements and terms of reference to improve the customer experience and position partners for simpler data sharing.
- Temporary staff to deal with backlogs (i.e., inspectors, Committee of Adjustment clerks, interns).
- Diversity internship programs to support diversification of planning/building departments by offering internships to qualified students/new graduates with a focus on people with disabilities, Indigenous, Black, and racialized individuals, and people from diverse ethnic and cultural origins, sexual orientations, gender identities and expressions.
- Other projects subject to ministry's approval.

2.2 Overview of Planned Project

Planning and Development (P&D) have been on a continuous improvement (CI) journey for several years and have started developing scope for several of the projects eligible for the Provincial funding. Many of the initiatives have been side of the desk and are balanced against the day-to-day work on applications and issue resolution for new developments. With the ability to bring on third party resources or new staff, it is anticipated that the delivery of these CI projects can be expedited.

In response to the funding, P&D have begun to consider a series of LEAN improvements that can be undertaken to streamline the approach to electronic record keeping, filing, data consistency and naming conventions. In the short-term, this will improve customer service delivery times by creating consistent and standardized approaches that all staff use and understand. Over the longer term these initiatives align with the software implementation project (Strategic Business Case #11) intended to track all Planning Act applications from consultation through build-out.

Throughout the remote work period that started in March 2020, the volume of applications and complexity has increased. In addition to filling out existing vacancies, bringing on resources in focused areas will assist in addressing any backlog in applications. Although the transition to digital application submissions has been quite well received, update to policies, bylaws, operating procedures, and knowledge base articles that support the improved customer service can be looked at more holistically to find opportunities to optimize service delivery.

2.3 Transfer Payment Agreement

On February 7, 2022, Civic Administration received the transfer payment agreement from the Province (Schedule A to the by-law in Appendix A). Upon reviewing the agreement, Civic Administration raised concerns with the Province around the March 1, 2022 deadline to execute the agreement but was told this date was necessary to provide the initial funding for this project by March 31, 2022.

The Ontario Transfer Payment Agreement is the same as the agreements executed for the Audit and Accountability Fund, a similar funding program, other than the project specifics and the approved amount included in the Schedules to the agreement.

Risk Management has reviewed the Transfer Payment Agreement and offers the following comments.

There is some risk that the City will not be paid installments of funds if the Province is unsatisfied with the progress of the project or it decides to cancel the agreement on 30

days' notice, in which case the City would be responsible for the cost of the project. The Province could adjust the amount of funds it provides to the Recipient in any Funding Year based on the Province's assessment of the information the Recipient provides under the Agreement. This risk is considered minor.

Article 9.0 (Indemnity) of the Transfer Payment Agreement requires the City to indemnify and hold harmless the Province from and against any loss or proceeding, unless solely caused by the Province's negligence or willful misconduct. Although this clause exposes the City to risk, the benefits of the agreement outweigh the risks.

3.0 Financial Impact/Considerations

There is no financial impact to the City of London when entering into the Transfer Payment Agreement for this project. Receipt of provincial funding through the Streamline Development Approval Fund will finance the full cost of this project up to the approved amount.

Conclusion

This report introduces a by-law to seek approval of the Transfer Payment Agreement between the Her Majesty the Queen in Right of Ontario as represented by the Minister of Municipal Affairs and Housing for the Province of Ontario and The Corporation of the City of London with respect to the Streamline Development Approval Fund and authorizes the Mayor and the City Clerk to execute the agreement and any future amending agreements.
