Analysis

1.0 Background Information

1.1 Previous Reports Related to this Matter

No previous reports.

2.0 Discussion and Considerations

This report provides an update related to *Bill 27, Working for Workers Act, 2021* and *Bill 88, Working for Workers Act, 2022*. Those changes relevant to City operations are outlined below. Steps are currently underway by Civic Administration in response to these changes as appropriate. Additional changes outlined in Bill 27 and Bill 88 are noted in Appendix A.

2.1 Changes under Bill 27 to the *Employment Standards Act, 2000* ("ESA")

On December 2, 2021, Bill 27, *Working for Workers Act, 2021*, received Royal Assent and is now law. The main amendments impacting the City is the requirement for certain employers to have a written policy on disconnecting from work. This requirement works with existing ESA rules around working hours, break times and workplace safety.

The legislation required that effective **June 2, 2022**, an employer shall have their first written policy.

In compliance with this requirement, the City prepared a Disconnecting from Work administrative procedure (Appendix B) to circulate to stakeholders prior to June 2, 2022. The City values the health and well-being of our employees. Disconnecting from work helps us achieve a healthy and sustainable work-life balance. We want to create an inclusive

environment encouraging wellness, so employees feel supported, safe, engaged, motivated and respected. The procedure encourages employees to disconnect from work related activities while acknowledging the need for escalation from time to time during unforeseen events.

Distribution and Communication of Procedure

The Disconnecting from Work administrative procedure was communicated and distributed to employees via corporate email or mailing a hard copy document to employees who do not have computer access. Union and Association representatives were notified and provided a copy of the procedure by email before it was distributed to employees.

The procedure is posted and accessible on the City's internal website under Administrative Practices and Procedures as well as the Dearness Home connections site. People Services Employee Relations Advisors are available to assist employees and address any questions.

2.2 Changes under Bill 88 to the *Occupational Health and Safety Act ('OHSA')*

On April 11, 2022, Bill 88, *Working for Workers Act, 2022*, received Royal Assent and is now law.

On **July 1, 2022**, the following amendments to the *OHSA* will come into force:

- The fines for a contravention of the *OHSA* by a person are increased to a maximum of \$500,000. This has increased from the previous maximum of \$100,000.
- A new penalty is created for directors or officers of a corporation who do not take reasonable care to ensure that the corporation complies with the *OHSA* and related orders. On conviction, directors and officers are liable to a fine of not more than \$1,500,000 or to imprisonment for a term of not more than 12 months, or both.
- For determining the appropriate penalty under the *OHSA*, the Bill provides for aggravating factors that must now be considered. For example, it will be considered an aggravating factor if, in committing the offence, the defendant was motivated by a desire to increase revenue or decrease costs, or if the offence resulted in the death, serious injury or illness of one or more workers.
- The limitation period for instituting prosecutions under the *OHSA* is increased to two years (previously it was one year) from the later of the date of the occurrence and the day the inspector becomes aware of the alleged offence.
- The *OHSA* is also amended to require employers who become aware or ought reasonably to be aware that there may be a risk of a worker having an opioid overdose in the workplace to provide a naloxone kit in the workplace. The naloxone kit must be in the charge of a worker who has been trained on recognizing an opioid overdose and how to administer naloxone. This provision comes into force upon proclamation.

Bill 88 creates a higher consequence for non-compliance with the potential for greater penalties when violations of the *OHSA* are found. Further, the increase to the limitation period means a longer period of uncertainty for workplace parties regarding whether charges will be laid, and an even greater period before a possible trial or resolution.

Next Steps

Civic Administration is in the process of updating all training materials to ensure applicable stakeholders are aware of increase in fines and penalties. This will also be communicated to parties in other means including safety talks. Furthermore, in response to changes related to naloxone, Civic Administration is looking to identify positions where we are aware or ought reasonably to be aware that there may be a risk of workers having an opioid overdose,

identifying what training is currently provided to these positions to ensure the necessary requirements are implemented.

Conclusion

Civic Administration has or is currently undertaking the necessary steps in response to these changes as appropriate. As noted above, this includes developing applicable procedures, communications plans, and updating training as appropriate. These steps will ensure the City of London adheres to changes to the *Employment Standards Act, 2000*, the *Occupational Health and Safety Act* and other Acts under Bill 27 and Bill 88.

Appendix A: Disconnecting from Work Tips

Communications/Calls

- Use notifications or out of office replies to indicate a response time for returning messages if you are away or busy.
- If sending an email during off-hours, include wording in your email letting the recipient know a response can wait until their normal hours of work have resumed. For example, "I am sending this email to you during off-hours. I do not expect you to respond to it outside your normal hours of work."
- Place calls, send and check emails during normal hours of work
- If sending an email during off-hours, use the tags box in your drafted email to set a "Do not deliver before" date. This delays the delivery of your message to a date and hour you set, so it can be sent during normal hours of work.

Meetings

- Schedule during normal hours of work whenever possible
- Avoid scheduling during breaks or lunch periods
- Include only those who are needed, who play an active role, or are directly involved operationally
- Be prepared, have an agenda, use the meeting time effectively

Managing Workload

- Complete your work and respond to work-related communications during your normal hours of work.
- Block off time in your calendar to complete tasks or reply to communications
- Change your online status to "busy"
- Prioritize your work in order of importance
- Break work down into manageable pieces
- Aim for one workday without meetings
- Take allotted breaks and schedule them in your calendar

If you have tried the above suggestions and are unable to complete your work or work-related communications during your normal hours of work or have questions, we encourage you to reach out to your Manager, Supervisor or People Services.

Subject: Special Projects and New Initiatives Reserve Fund Rationalization Report

Date: June 20, 2022

Recommendation

That, on the recommendation of the Deputy City Manager, Finance Supports, the following actions be taken:

- a) the Special Projects and New Initiatives Reserve Fund Rationalization Report **BE RECEIVED** for information; noting that reserve fund targets established in accordance with the authority provided to the City Treasurer in the Council approved Reserve and Reserve Fund Policy are presented in Appendix B;
- b) the Special Projects and New Initiatives Reserve Funds to be maintained, listed in Appendix B, **BE APPROVED**;
- c) the Special Projects and New Initiatives Reserve Fund by-laws listed in Appendix C, Table 1 and Table 2, **BE REPEALED** at the Municipal Council meeting to be held on July 5, 2022;
- d) the Special Projects and New Initiatives Reserve Fund by-laws attached as Appendix D **BE INTRODUCED** at the Municipal Council meeting to be held on July 5, 2022;
- e) Civic Administration **BE AUTHORIZED** to take all actions necessary to implement the changes outlined in this report.

Executive Summary

This report, the third in a series of reports rationalizing the City's reserve and reserve fund holdings, addresses the Special Projects and New Initiatives (SPNI) category of reserve funds held by the City. Consistent with the first two reports, Civic Administration is seeking administrative efficiency by reviewing its SPNI holdings. In addition to addressing the number of funds held in the SPNI category, Civic Administration has established targets for each reserve fund retained per the authority provided to the City Treasurer in the Council approved Reserve and Reserve Fund Policy.

Linkage to the Corporate Strategic Plan

Council's 2019 to 2023 Strategic Plan for the City of London identifies "Leading in Public Service" as one of five strategic areas of focus. The Special Projects and New Initiatives (SPNI) Reserve Fund Rationalization Report supports this strategic area of focus via the strategic priority "The City of London is a leader in public service as an employer, a steward of public funds, and an innovator of service" which includes maintaining London's finances in a transparent and well-planned manner to balance equity and affordability over the long term.

2.0 Discussion and Considerations

2.1 Background

The use of reserves and reserve funds are an important tool that helps the City of London's (the "City") long-term financial planning. This is the third report submitted regarding rationalization of the City's reserve and reserve fund portfolio in accordance with the Reserve and Reserve Fund Policy (approved by Council in 2018). The initial report, Reserves Rationalization Report, implemented several changes to the City's contingency reserve holdings across all three budgets (Property Tax, Water Rate, and Wastewater & Treatment Rate) including revising names, creating new and terminating old reserves, consolidating funds, and setting target balances. The second report, Capital Asset Renewal and Replacement Reserve Fund Rationalization Report, resulted in similar changes to the City's lifecycle renewal funds and more significantly aligned the fund structure with the Corporate Asset Management Plan.

The purpose of this report is similar, to create administrative efficiencies in the management of the City's Special Projects and New Initiatives (SPNI) reserve funds and align the City's holdings with the approved Reserve and Reserve Fund Policy. These reserve funds support a wide range of initiatives across the City's Strategic Plan and help save for unanticipated projects or expenses that may arise; in some cases, this includes the creation of new assets to help improve service or create efficiencies. A list of the current SPNI reserve funds and their forecasted 2022 uncommitted balances is available in Appendix A.

To achieve these objectives, Civic Administration is seeking Council approval of the following matters pertaining to the City's SPNI reserve fund portfolio:

- a) Approval of the reserve funds to be maintained (Appendix B); noting the target balances for each fund are established by Civic Administration under the authority of the City Treasurer in accordance with the Council approved Reserve and Reserve Fund Policy.
- b) Approval of the actions required to implement the recommended changes in this report (Appendix C - Table 1, Table 2 and Table 3),
- c) Approval of the required SPNI Reserve Fund by-laws (Appendix D).

These reserve funds support three of the primary objectives of the City's Reserve and Reserve Fund Policy:

PROMOTION OF FINANCIAL STABILITY AND FLEXIBILITY

- i. It shall be the City's practice to maintain adequate reserves and reserve funds within the following categories to achieve long-term financial stability and flexibility (see definitions for detailed description of categories):
 - Obligatory,
 - Capital Asset Renewal and Replacement,
 - Capital Asset Growth,
 - **Special Projects and New Initiatives**, and
 - Contingencies/Stabilization and Risk Management.[...]

PROVISION FOR MAJOR CAPITAL EXPENDITURES

It shall be the City's goal to maintain adequate reserves and reserve funds to replace and rehabilitate major capital assets, as required, and to provide for new capital assets that have been identified in the long-term capital plan. To achieve this goal, the following budget practices will be applied where applicable:

- Reserve funds for the full cost of replacement or rehabilitation of major assets will be funded from ongoing operations at a rate which reflects the consumption of that asset by current ratepayers. Contributions to these funds will commence in the fiscal year that the asset is acquired or put into service and will be based on an estimate of the useful life of the asset.

REDUCE TAX/RATE SUPPORTED DEBT

- i. As per the principles of the Council approved Capital Budget and Financing Policy, the City shall use reserve and reserve fund balances as a source of financing for capital projects.
- ii. When appropriate, the City shall use reserve and reserve fund balances as a source of debt substitution for capital projects which were previously approved with debt financing.
- iii. If discretionary reserves and reserve funds are below established targets, all or a portion of the future debt servicing cost savings resulting from reserve and reserve fund balances applied towards debt substitution shall be considered for future contributions to discretionary reserves or reserve funds at the discretion of the City Treasurer, it being noted that such contributions are subject to Council approval through the City's budgetary process.

Currently the City maintains twenty-seven (27) SPNI reserve funds with forecasted 2022 uncommitted balances totalling approximately \$184.5 million; \$183.1 million (tax), \$711 thousand (water), and \$606 thousand (wastewater & treatment). These reserve funds have been an important element of the City's long-term strategic financial plan, helping address Council priorities and contributing to maintenance of the City's Aaa credit rating. As noted, the current SPNI reserve fund holdings are summarized in Appendix A.

2.2 SPNI Reserve Fund Rationalization

Similar to the 2018 Reserves Rationalization Report, Civic Administration is recommending that the benefits gained through changes to the structure of the SPNI reserve fund portfolio focus primarily on minimizing the number of funds held. This will improve administrative efficiency, simplify management and reporting, and improve the Corporation's financial flexibility.

The structure recommended in this report maintains twenty-two (22) SPNI reserve funds with some significant changes required to reach the optimum end state. Appendix B presents the recommended SPNI reserve fund portfolio, including a description of each reserve fund, and the 2022 forecasted uncommitted balance for each fund after implementing the changes.

Similar to the previous two rationalization reports, an external review of other municipalities was undertaken in the hope it would help guide the recommendations put forth in this report. During this review, no standardization of best practices for the structure or target balances of similar reserve funds was found. A few ad hoc comparable reserve funds from other municipalities offered minimal guidance and some common target language, which were utilized to the extent possible. The City's holdings in this category of reserve funds have generally evolved out of London specific situations over many years; as such they are a very diverse set of funds with wide ranging purposes.

Through internal review with stakeholders of each reserve fund it has been determined that some of these historic funds no longer serve a specific purpose or other solutions have evolved that offer administrative efficiencies. The changes recommended in this report will streamline administrative processes, simplify the monitoring and reporting of future reserve fund balances, and continue to support the City's long-term strategic financial plan through prudent fiscal planning. With the recommended changes, the

reserve funds in this category will be better aligned with the Corporation's needs while also providing improved consistency and continued flexibility in addressing any known or unknown future events.

The recommendations to rationalize the City's SPNI reserve fund portfolio align with the Corporation's strategic long-term financial plan and the Reserve and Reserve Fund Policy as they uphold the following principles:

- Reserves and reserve funds shall form an integral component of the City's budget and strategic financial plan;
- Adequate reserve and reserve fund balances shall be maintained to provide stability to tax/rate payers (liquidity);
- Reserve and reserve fund financial plans shall maintain intergenerational equity to the greatest extent possible;
- Reserve and reserve fund balances shall be maintained at a level that supports the City's maintenance of its Aaa credit rating; and
- The use of obligatory reserve funds shall be solely for the purpose prescribed for them by statute or agreement.

3.0 Financial Impact/Considerations

3.1 SPNI Reserve Fund Minimum Target Setting

The Reserve and Reserve Fund Policy delegates the authority of setting reserve and reserve fund targets to the City Treasurer or designate, with the requirement that targets must be reported to Council periodically.

Due to the unique nature and scope of this category of reserve funds the target setting exercise focused on the individual aspects of each fund on a case-by-case basis. Elements considered included the source of contributions to the fund, the nature of the programs each fund supports, discussion with internal stakeholders, etc. The target balances that were determined for each fund are summarized in Appendix B. Targets for reserve funds with no known deficit/shortfall are conservative in nature and only established for tax/rate supported reserves/reserve funds. Non-tax/rate supported reserve funds, e.g. Dearness Home Gift, Tourism Infrastructure, etc., due to the nature of their contributions, were determined not to require upper limits. Rather, lower limits for these funds were established to ensure the programs they are intended to support can continue as Council expects.

All reserve fund contributions and balances are subject to annual budget approval, it being noted that there are no adjustments to overall budgeted reserve fund contributions resulting from this report.

Conclusion

The City's SPNI reserve funds are an important element of the City's long-term strategic financial plan and financial stability. Civic Administration advises approval of the recommendations of this report to enhance the strength of the City's SPNI reserve funds, align the SPNI reserve funds portfolio with the Reserve and Reserve Fund Policy, and provide administrative efficiencies for Civic Administration in the management of the portfolio.

APPENDIX C - Actions to be taken with Respect to Existing SPNI Reserve Fund By-laws

Table 1 - By-laws to be Repealed and Reserve Funds Terminated

Reserve Fund	By-Law	Rationale	Funding Notes
Community Improvement Program – Grant	A.-6868-272	More efficient to fund programs under the CIP umbrella from one reserve fund. Management of the CIP programs does not change. Administration will continue to track the various programs and available funding within the singular reserve fund. Better reporting tools are now in place versus when separate funds were initially established – no longer need to use reserve funds to disaggregate spending activity of the programs.	Balance to be transferred to CIP-Loan (re-named to Community Improvement Program Reserve Fund). Council approved tax supported contributions will continue and now aggregate into one fund rather than two.
Creative City	A.-6328-88	Creative City Commission disbanded in 2012, falls under scope of London’s Cultural Prosperity Plan. Administrative efficiency to fund Culture initiatives from one SPNI reserve fund rather than two.	Balance to be transferred to the Public Art Acquisition Reserve Fund (re-named to Cultural Prosperity). Contributions to the singular fund remain unchanged from the parameters established under the Creative City and London Art programs / plans.
Official Plan	A.-8015-189	The purpose of this reserve fund is to smooth the operating impacts of cyclical Official Plan update expenses; this budget need can / should be accommodated via other means.	Balance and commitments to be transferred to the Efficiency, Effectiveness, and Economy Reserve (EEE) and a new annual capital project will be established using EEE as a source of financing and repurposing the tax supported contribution to capital levy supporting the new capital project.
Tree Bank	A.-8016-190	More efficient to fund the rehabilitation of the City’s tree canopy from one reserve fund rather than two. This reserve fund is a very narrow focus and, in some respects, duplicates the scope of the Urban Forestry Renewal Reserve Fund. In addition, it was identified by staff that the Tree Bank program expenditures to replace lost trees in the city is better served via the establishment of an annual capital project.	Balance, and annual tax supported contribution, to be transferred to the Urban Forestry Renewal Reserve Fund (UFRRF) and a new annual capital project will be established using the UFRRF as a source of financing.
Disconnection of Sewer Cross-Connection Loan Program	A.-6618-67	Program experiencing very limited activity. There is no longer a need to maintaining this reserve fund as the sporadic nature of these claims can be addressed via the Wastewater Efficiency, Effectiveness, and Economy (EEE) Reserve when / if they arise in the future.	Balance to be transferred to the Wastewater Efficiency, Effectiveness, and Economy Reserve. There is no rate supported contribution or commitments to be addressed.

Executive Summary

This report, the third in a series of reports rationalizing the City's reserve and reserve fund holdings, addresses the Special Projects and New Initiatives (SPNI) category of reserve funds held by the City. Consistent with the first two reports, Civic Administration is seeking administrative efficiency by reviewing its SPNI holdings. In addition to addressing the number of funds held in the SPNI category, Civic Administration has established targets for each reserve fund retained per the authority provided to the City Treasurer in the Council approved Reserve and Reserve Fund Policy.

Linkage to the Corporate Strategic Plan

Council's 2019 to 2023 Strategic Plan for the City of London identifies "Leading in Public Service" as one of five strategic areas of focus. The Special Projects and New Initiatives (SPNI) Reserve Fund Rationalization Report supports this strategic area of focus via the strategic priority "The City of London is a leader in public service as an employer, a steward of public funds, and an innovator of service" which includes maintaining London's finances in a transparent and well-planned manner to balance equity and affordability over the long term.

The proposed revised Council Policy is attached as Schedule “A” to the by-law appended to this report.

The changes within Schedule “A” include the removal of references to rapid antigen testing requirements and active screening throughout, including deletion of section 4.2(c) regarding development of a COVID-19 Plan and testing requirements which applied to members who had submitted an attestation. To whom it may concern,

Childhood Cancer Canada is asking cities all across Canada to make a Proclamation for Childhood Cancer Awareness Month this September.

Please consider this an official request of the city of London to make a Proclamation on September 1st, 2022.

Cancer is the leading cause of death by disease of Canadian children and 1 in 5 children will not survive beyond 5 years after diagnosis. With approximately 1,500 children and youth diagnosed each year, it is a cause close to the hearts of many Canadian families.

Childhood Cancer Canada, supports children and their families through a variety of programs and support such as the Emergency Fund, Empower Packs, Survivorship Scholarships, the Benevolent Fund, and more.

Since 2004, the foundation has been the primary charitable funding partner of clinical trials and childhood cancer research for C17 Council (Children's Cancers & Blood Disorders), comprised of Canada's leading pediatric oncologists and hematologists. Childhood Cancer Canada also funds sequencing of hard-to-cure childhood cancers through the PROFYLE (PRecision Oncology For Young peoPLE) program to identify new therapies that are tailored to each patient and to improve the outcomes in hard-to-cure childhood cancers.

Please let us know if you are able to help facilitate a proclamation for Childhood Cancer Awareness Month, and if so, our next steps.

Subject: [EXTERNAL] Proclamation on the occasion of the 27th anniversary of the genocide in Srebrenica.

Subject: 27th anniversary of the genocide in the "UN protected area" of Srebrenica

June 03. 2022.

Dear Mayor Ed Holder,

The 11th of July marks a special day for the Bosnian people who live in Canada. It is the 27th anniversary of the genocide in the "UN protected area" of Srebrenica.

The Bosnian Canadian Community and especially the survivors of the Srebrenica genocide who reside in London would be thankful if you could:

- Issue a proclamation on the occasion of the 27th anniversary of the genocide in Srebrenica.

This year's commemoration begins on Friday, July 08th. So I kindly ask and would be thankful if it could be done by that date.

Explanation:

In 1995, more than 8,000 Bosnian Muslims were murdered in Srebrenica by the army, paramilitaries and police forces of the Republic of Srpska. The International Criminal Tribunal for the former Yugoslavia and the International Court of Justice have ruled that this massacre was an act of genocide and is highlighted at the Canadian Museum of Human Rights. In 2015, the House of Commons passed unanimously a historic motion to recognize the month of April as Genocide Remembrance, Condemnation and Prevention Month and named the ones recognized by Canada's House of Commons including the Srebrenica Genocide. In 2010, the House of Commons unanimously passed Brian Masse motion M-416, which recognized the genocide and established Srebrenica Genocide Remembrance Day in Canada. A monument recognizing the genocide has been dedicated in Jackson Park in Windsor, Ontario. In 2019, Brian Masse, MP, tabled Petition e-1837, calling upon the Canadian government to enact legislation that would prohibit Srebrenica Genocide denial in Canada. In some Canadian schools and colleges, students are studying the genocide in Srebrenica.

Sincerely yours,

On behalf of the Bosnian community in Canada

President

Professor Dr. Emir Ramic

Report to Corporate Services Committee

To: Chair and Members
Corporate Services Committee

From: Barry R. Card
Deputy City Manager, Legal Services

Subject: Restricted Acts of Council after Nomination Day and
Voting Day

Meeting on: June 20, 2022

Previous Reports Pertinent to this Matter

None

Recommendation

That, on the recommendation of the Deputy City Manager, Legal Services, the attached proposed by-law BE INTRODUCED at the Municipal Council meeting of July 5, 2022, to delegate certain authority, should the Municipal Council's actions be restricted after Nomination Day or Voting Day 2022.

Linkage to the Corporate Strategic Plan

Leading in Public Service.

Background

There are two primary events that give rise to restrictions on the actions of an outgoing council:

If, after Nomination Day, the Clerk can determine that the incoming council will include less than three quarters of the members of the outgoing council, certain acts of the outgoing council are restricted as of that date. This determination could occur after the close of nominations on August 19, 2022 at 2 p.m.

If restrictions are not applicable before the election, they may become applicable following Election Day (October 24, 2022), if the Clerk determines that the incoming council will include less than three quarters of the members of the outgoing council.

When applicable, subsection 275(3) of the *Municipal Act, 2001*, prevents the following council actions:

- (a) the appointment or removal from office of any officer of the municipality;
- (b) the hiring or dismissal of any employee of the municipality;
- (c) the disposition of any real or personal property of the municipality which has a value exceeding \$50,000 at the time of disposal; and
- (d) making any expenditures or incurring any other liability which exceeds \$50,000.

Section 275 provides some exceptions to the restrictions. For example, a council is not restricted in the event of an emergency, with respect to measures taken to address the emergency.

Subject to subsection 23.1(1) of the Act, councils are permitted to delegate powers to the administration before nomination day. This approach is recognized by subsection 275(6). In this context, and to ensure that the business of the Corporation can continue without interruption, it is

recommended that the Council enact a by-law that will temporarily delegate specific powers to the City Manager.

The Municipal Elections Modernization Act, 2016, amended the start date for a new term of a council to November 15, to shorten the period during which a council may have its powers restricted.

The limitations generally applicable to delegation are accessible at: <https://www.ontario.ca/laws/statute/01m25#BK346>

Discussion

A list of the specific matters which the Council may be unable to consider after Nomination Day has been prepared on the basis of current information and takes the form of schedules to the draft by-law. The proposed delegation by-law would be in effect during the period when the Council is unable to deal with the restricted matters.

Dismissal of Officers and Employees

With the exception of certain statutory and senior positions, the hiring and dismissal of officers and employees is currently conducted by the Civic Administration without Council involvement. Accordingly, the recommended by-law does not provide a general delegation with respect to the hiring or dismissal of officers or employees.

Property Disposition

The disposition of real and personal property of the municipality is currently governed by By-law A-1, being "A by-law for the Execution of Certain Documents", Schedule "A" to Council Policy By-law A.-6151-17 "Sale and Other Disposition of Land Policy," and Schedule "C" to Council Policy By-law A.-6151-17 "Procurement of Goods and Services Policy."

The proposed delegation by-law would permit the City Manager to approve the disposition of real or personal property of the City during the period when Council is prevented from taking such action. For dispositions governed by the Sale and Disposition of Land policy, the recommendation is to substitute the City Manager for City Council with respect to approval of those dispositions. Additionally, several projects have been identified as potentially requiring some form of "disposition" and as a result, are delegated to the City Manager. The anticipated dispositions are listed in Schedule 1 to the by-law.

The approval of the City Manager for each of these items would be done in consultation with the Deputy City Manager, Legal Services.

Expenditures

The \$50,000 expenditure restriction has the potential to affect every service area. The proposed by-law would allow the City Manager to approve a contract that has been awarded as a result of the process outlined in the Procurement of Goods and Services Policy. While budgeted items are exempt from the Section 275 restriction, the procurement process sometimes results in situations where bids exceed the budgeted amount. For this reason, a delegation to the City Manager is recommended.

The proposed by-law also provides the City Manager with the ability to enter into agreements (examples listed in Schedule 2 to the by-law), in consultation with the Deputy City Manager, Legal Services.

Any property acquisition that would currently require the approval of Council, is recommended to be delegated to the City Manager, as the statutory restrictions would prevent real estate purchases in excess of \$50,000.

Summary

Unless it can be determined as of Nomination Day, that at least twelve of the outgoing members may be re-elected, the statutory restrictions will come into immediate effect. The restrictions may also come into effect after the election, if it can be determined that fewer than twelve of the outgoing members will be returning.

The restrictions have the potential to disrupt the business of the City. To mitigate the potential impact of these restrictions, it is recommended that the proposed delegation by-law be enacted.
