The Tenant will ensure that all work authorized by this Section shall be in compliance with all applicable laws, by-laws and codes.
- (e) The Tenant shall promptly pay all contractors, material suppliers and workmen so as to minimize the possibility of a lien attaching to the Premises and/or the Complex and should any claim of lien be made or filed the Tenant shall discharge the same in accordance with Section 15.03.

## 12.02 EFFECT OF ALTERATIONS

The Tenant acknowledges that the erection of partitions, modification of window and door areas or other major alterations or changes in the Premises may reduce those certain temperature specifications set forth in Section 8.02, in respect of which performance reduction the Tenant shall have no claim against the Landlord.

## 12.03 REMOVAL OF FIXTURES

(a) So long as the Tenant is not in default hereunder at the expiration of the Term, the Tenant shall then have the right to remove its trade fixtures but shall make good any damage caused to the Premises resulting from the installation or removal thereof; provided that on such expiration of the Term all alterations, additions, improvements and fixtures constructed and installed in the Premises and attached in any manner to the floors, walls or ceiling including any floor covering and light fixtures, are hereby deemed not to be trade fixtures and shall remain upon and be surrendered with the Premises and become the property of the Landlord absolutely, except to the extent the Landlord requires removal thereof pursuant to Section 12.03(d).

- (b) If the Tenant fails to remove its trade fixtures and restore the Premises as aforesaid, all such trade fixtures shall become the property of the Landlord except to the extent that the Landlord continues to require removal thereof pursuant to Section 12.03(d).
- (c) Should the Tenant abandon the Premises or should this Lease be terminated before the proper expiration of the Term due to a default on the part of the Tenant then, in such event, as of the moment of default by the Tenant, all trade fixtures and furnishings of the Tenant (whether or not attached in any manner to the Premises) shall, except to the extent the Landlord requires the removal thereof pursuant to Section 12.03(d), become and be deemed to be the property of the Landlord, without indemnity to the Tenant and as additional liquidated damages in respect of such default but without prejudice to any other right or remedy of the Landlord.
- (d) Notwithstanding that any trade fixtures, furnishings, alterations, additions, improvements or fixtures are or may become the property of the Landlord pursuant to the other provisions of Section 12.03, the Tenant shall forthwith remove the same and shall make good any damage caused to the Premises resulting from the installation or removal thereof, all at the Tenant's expense, should the Landlord so require by notice to the Tenant and whether or not the Term of this Lease has expired or otherwise been terminated.

- (b) The aforementioned rights may be exercised by the Landlord in its unfettered discretion and without any claim for damages or indemnification against the Landlord, its employees or agents and without diminution or abatement of rent except during any period of time during which the Tenant is unable to carry on business with the public because of the exercise of such rights by the Landlord. In the event that such exercise results in a change in the Floor Area or Gross Leaseable Area, the Semi-Gross Rent and Tenant's proportionate share of Additional Rent payable thereafter shall be recalculated in the manner set forth in Section 4.02, but without any adjustment with respect to any earlier payment of either Semi-Gross Rent or the Tenant's Proportionate Share of Additional Rent. If an excavation shall be made upon lands or premises adjacent to the Premises, the Tenant shall afford to the person causing or authorized to cause such excavation, licence to enter upon the Premises for the purpose of doing such work as the Landlord may deem necessary to preserve the building of which the Premises form a part from injury or damage and to support same by proper foundations

#### ARTICLE 13.0- SUBSTANTIAL DAMAGE AND DESTRUCTION, EXPROPRIATION

#### 13.01 NO ABATEMENT

If during the Term the building in which the Premises or any part thereof is situate shall be destroyed or damaged by any cause whatsoever such that the Premises are rendered unfit for occupancy by the Tenant, the rent hereby reserved shall not abate in whole or part except to the extent that such rental loss is recovered by the Landlord under any policies of insurance against such loss which the Landlord may have taken out

## 13.02 SUBSTANTIAL DESTRUCTION

In the event of damage or destruction of the Premises, or of any other portion of the Complex, whether or not the Premises be affected thereby, to the extent that, in the reasonable opinion of the Landlord:

- (a) the cost of repair, restoration or reconstruction exceeds fifty percent (50%) of the replacement cost (excluding foundation and excavation costs) of such damaged or destroyed portions of the Complex; and
- (b) the repair, restoration or reconstruction cannot, with the exercise of reasonable diligence, be accomplished to enable such portions of the Complex to reopen for business within six (6) months of the date of such damage or destruction;

then the Landlord may within sixty (60) days after such damage or destruction and on giving thirty (30) days written notice to the Tenant declare this Lease terminated forthwith and in such event, the Term shall be deemed to have expired and the Tenant shall deliver up possession of the Premises accordingly, rent shall be apportioned and shall be payable up to the date of termination stated in such notice and the Tenant shall be entitled to be repaid by the Landlord any rent paid in advance and unearned or an appropriate portion thereof.

## 13.03 <u>ARCHITECT'S CERTIFICATE</u>

The Landlord may make changes to the Complex in the event of the reconstruction.

# 13.05 EXPROPRIATION

(a) If during the Term, title is taken to the whole or any part of the Complex (whether or not such part includes the Premises) by any competent authority under the power of eminent domain or by expropriation, which taking, in the reasonable opinion of the Landlord, does not leave a sufficient remainder to constitute an economically viable Complex, the Landlord may at its option terminate this Lease on the date possession is taken by or on behalf of such authority. Upon such termination, the Tenant shall immediately deliver up possession of the Premises, rent shall be payable up to the date of such termination and the Tenant shall be entitled to be repaid by the Landlord any rent paid in advance and unearned or an appropriate portion thereof.

(b) In the event of any such taking, the Tenant shall have no claim upon the Landlord for the value of its property or the unexpired portion of the Term, but the parties shall each be entitled to separately advance their claims for compensation for the loss of their respective interests and to receive and retain such compensation as may be awarded to each respectively. If an award of compensation made to the Landlord specifically includes an award for the Tenant, the Landlord will account therefor to the Tenant.

## 13.06 TERMINATION ON DEMOLITION

If at any time the Landlord shall have decided to substantially re-develop or re-construct the Complex to the extent that vacant possession of the Premises is necessary or expedient, or to demolish the building of which the Premises are a part, the Landlord may terminate this Lease by giving six (6) months' notice in writing to the Tenant. Provided that if the Landlord is not ready to commence work as of the effective date of the termination the Tenant may stay, at the Landlord's option, on as a monthly tenant on the same lease terms until the earlier of thirty (30) days before the work is ready to be commenced or the end of the lease term as otherwise determined.

## ARTICLE 14.0 - ASSIGNMENT AND SUBLETTING

#### 14.01 ASSIGNING OR SUBLETTING

- (a) The Tenant shall not assign this Lease in whole or in part nor sublet all or any part of the Premises without the prior written consent of the Landlord in each instance, which consent shall not be unreasonably withheld so long as the proposed assignment or sublease complies with the provisions of this Section. The Tenant may not, under any circumstances, sublet only a portion of the Premises. If the proposed assignee or subtenant is not, in the Landlord's opinion, of equal or better credit worthiness as the Tenant, it shall not be deemed to be unreasonable for the Landlord to require such further covenants or a security deposit to be given as a condition of the consent.
- (b) Notwithstanding any assignment or sublease, the Tenant shall remain fully liable on this Lease and shall not be released from performing any of the terms, covenants and conditions of this Lease.
- (c) If the Lease is assigned or if the Premises are sublet or occupied by anybody other than the Tenant, the Landlord may collect rent directly from the assignee, subtenant or occupant, and apply the net amount collected, or the necessary portion thereof, to the rent herein reserved.
- (d) No assignment or sublease shall be made or proposed other than to responsible persons, firms, partnerships or bodies corporate who undertake to perform and observe the obligations of the Tenant hereunder by entering into an assumption agreement directly with the Landlord on a form to be prepared by the Landlord at the Tenant's expense.
- (e) the prohibition against assigning or subletting, without the consent required by this Section, shall be construed to include a prohibition against any assignment or sublease by operation of law.
- (f) The consent by the Landlord to any assignment or sublease shall not constitute a waiver of the necessity for such consent to any subsequent assignment or sublease.
- (g) Notwithstanding any assignment, sub-letting, transfer or other event referred to in this Article, the Tenant and any Indemnifier shall not be relieved of liability by any subsequent amendment of the terms hereof between the Landlord and the assignee or any other party or any granting of time, renewals, extensions, indulgences, releases, discharges or other arrangements with the assignee or any other party. Any assignment or other document effecting a transaction to which the Landlord's consent is required shall be in a form satisfactory to the Landlord. Any assignment or sublease shall at the Landlord's option be on the Landlord's form and shall in any event contain a covenant by the assignee or the sublessee with the Landlord that it will observe and perform all of the Tenant's obligations contained in this Lease. Any such document shall be reviewed by the Landlord and its solicitors or prepared by them all at the expense of the Tenant. The Landlord shall be entitled to the receipt of any rental in excess of that payable hereunder or consideration received by the Tenant from an assignee or subtenant as a result of such sublease or assignment which consideration is in excess of the fair market value of the Tenant's fixtures or business being sold to such permitted assignee or subtenant. The Tenant shall provide such information as is reasonably requested by the Landlord including a copy of the Agreement of Purchase and Sale, the proposed form of sublease

- or assignment and information concerning the proposed assignee as is necessary to evaluate the proposed subtenant.
- (h) If the Tenant shall request the Landlord's consent (except for mortgaging or similar purposes) under this Article to a party not continuing the business of the Tenant in the Premises, the Landlord shall have an option to terminate this Lease or in the event of a Sublease of part of the Premises with respect to that part being sublet. Such option shall be exercisable by notice delivered by the Landlord to the Tenant within fifteen (15) days of the request for consent. If the Landlord so exercises its option, the Tenant shall have the right within fifteen (15) days to withdraw its request for consent by notice in writing to the Landlord, and in that event, the exercise of the option by the Landlord and the request for consent shall have no further force and effect according to its terms (including this provision).

#### 14.02 BULK SALE

No bulk sale of the goods and assets of the Tenant may take place without first obtaining the written consent of the Landlord, which consent shall not be unreasonably withheld so long as the Tenant and the purchaser are able to provide the Landlord with assurances, in a form satisfactory to the Landlord, that the Tenant's obligations hereunder will continue to be performed and respected, in the manner satisfactory to the Landlord, after completion of the said bulk sale.

#### 14.03 ADVERTISING FOR SUBLEASE

For purposes of ensuring confidentiality of this Lease, the Tenant shall not print, publish, post, mail, display, broadcast or otherwise advertise or offer the whole or any part of the Premises for the purposes of assignment, sublease, transfer or encumbrance, and shall not permit any broker or other party to do any of the foregoing, unless the complete text and format of any such notice, advertisement or offer shall first have received the Landlord's written consent, which shall not be unreasonably withheld. In no event shall any such text or format contain any reference to the rent payable in respect of the Premises.

## 14.04 SUBORDINATION AND ATTORNMENT

- (a) This Lease is subordinate to any mortgage or mortgages, or lien resulting from any other method of financing or refinancing, now or hereafter in force against the Complex or any part thereof, as now or hereafter constituted, and to all advances made or hereafter to be made upon the security thereof. Upon the request of the Landlord and by way of such document as may be required by the Landlord, the Tenant shall evidence its subordination.
- (b) The Tenant shall, in the event any proceedings are brought, whether in foreclosure or by way of the exercise of the power of sale or otherwise, under any mortgage or other method of financing or refinancing made by the Landlord in respect of the Complex, attorn to the encumbrancer upon any such foreclosure or sale and recognize such encumbrancer as the Landlord under this Lease, should such encumbrancer so elect and require by notice in writing to the Tenant. The Tenant acknowledges that upon receipt of notice requiring it to attorn in accordance herewith, it shall be deemed to attorn without the necessity for any written acknowledgement.
- (c) No subordination or attornment as required by this Section shall have the effect of disturbing the Tenant's occupation and possession of the Premises, provided that the Tenant is not in default hereunder and complies with all of the covenants, terms and conditions hereof.

#### 14.05 ESTOPPEL CERTIFICATE, ACKNOWLEDGEMENTS

- (a) Whenever requested by the Landlord or an encumbrance holder or other third party having an interest in the Complex, the Tenant shall promptly execute and deliver an estoppel certificate or other form of certified acknowledgement as to the status and validity or otherwise of this Lease, and the state of the rental account hereunder, and such other information as may reasonably be required, including a copy of the Tenant's most recent audited financial statements.
- (b) On request of the Landlord, the Tenant shall execute an acknowledgement of the commencement date, which acknowledgement shall be in such form as may be reasonably required by the Landlord, and the Tenant shall transmit such acknowledgement to the Landlord forthwith.

#### 14.06 SALE BY THE LANDLORD

The Landlord shall use reasonable efforts to obtain from any proposed purchaser or transferee of the Complex an agreement to the effect that the Tenant's occupancy of the Premises shall not be disturbed by such purchaser or transferee. The Landlord named herein shall be relieved of any obligation hereunder arising from and after the date of completion of such sale or transfer.

## ARTICLE 15.0 - INDEMNITY, LIENS

#### 15.02 PERSONAL INJURY AND PROPERTY DAMAGE

- (a) The Landlord shall not be liable or responsible in any way for any personal or consequential injury of any nature whatsoever that may be suffered or sustained by the Tenant or by any other person who may be upon the Premises, or for any loss or damage however caused to any property belonging to the Tenant or to its employees, agents, customers, licensees, invitees or any other person while such property is in or about the Premises save for any maliciously wrongful act of the Landlord.
- (b) Without limiting the generality of the foregoing, the Landlord shall not be liable for:
  - (i) any injury or damage of any nature whatsoever to any person or property caused by failure, by reason of breakdown or other cause, to supply adequate drainage, snow or ice removal, or by interruptions of any utility or elevator or escalator or other services, or by steam, water, rain, snow, or other substances leaking into, issuing or flowing into any part of the Premises or from the water, steam, sprinkler or drainage pipes or plumbing of the Complex or from any other place or quarter, or for any damage caused by anything done or omitted to be done by any other tenant:

#### ARTICLE 16.0 - DEFAULT, REMEDIES, TERMINATION

#### 16.01 DEFAULT

#### If and whenever:

- (a) the Tenant shall be in default in the payment of any rent, whether hereby expressly reserved or deemed as such, or any part thereof on the due date on which the Tenant is to make such payment or, in the absence of such specific due date, for the ten (10) days following written notice by the Landlord requiring the Tenant to rectify the same; or
- (b) the Tenant's leasehold interest hereunder, or any goods, chattels or equipment of the Tenant located in the Premises, shall be taken or seized in execution or attachment, or if any writ of execution shall issue against the Tenant, or the Tenant shall become insolvent or commit an act of bankruptcy or become bankrupt or take the benefit of any legislation that may be in force for bankrupt or insolvent debtors or become involved in voluntary or involuntary winding up, dissolution or liquidation proceedings, or if a receiver shall be appointed for the business, property, affairs or revenues of the Tenant; or

- (d) the Tenant shall not observe, perform and keep each and every of the covenants, agreement, stipulations, obligations, conditions and other provisions of this Lease to be observed, performed and kept by the Tenant and shall persist in such default, in the case of monetary payments, beyond the period stipulated in paragraph (a) aforesaid or, in the case of any other default, after fourteen (14) days following written notice from the Landlord requiring that the tenant remedy, correct or comply or, in the case of any such default which would reasonably require more than fourteen (14) days to rectify, unless the Tenant shall commence rectification within the said fourteen (14) day notice period and thereafter promptly and diligently and continuously proceed with the rectification of any such default;

then, and in each of such cases, and at the option of the Landlord, this Lease may be terminated and the Term shall then immediately become forfeited and void, and the Landlord may without notice or any form of legal process whatever forthwith re-enter the Premises or any part thereof and in the name of the whole repossess and enjoy the same as of its former estate, anything contained herein or in any Statute or law to the contrary notwithstanding. Notwithstanding any such termination, the provisions of this Lease relating to the consequences of termination shall survive. For the purposes of this Lease any of the events listed in Section 16.01 hereof may be referred to herein as an "Event of Default".

## 16.02 <u>LANDLORD'S RIGHTS</u>

On the occurrence of an Event of Default in addition to any rights of the Landlord at law or by Statute, the Landlord shall have the right to exercise on or more of the following remedies;

- (a) The Landlord may perform any obligations which the Tenant should have performed or cause the same to be performed and for such purpose may enter upon the Premises and do such things thereon as the Landlord may consider requisite without effecting a termination of this Lease;
- (b) The Landlord may enter the Premises by force or otherwise at any time of the day or night and distrain upon the goods and chattels of the Tenant, or may remove and sell the goods, chattels and equipment of the Tenant without any notice or form of legal process, any rule of law to the contrary notwithstanding, and the Landlord may seize and sell the goods and chattels and the equipment, whether they are within the Premises or at any place to which the Tenant or any other person may have removed them in the same manner as if they had remained and been distrained upon in the Premises and the Landlord may follow the goods and chattels for the maximum period permitted by law,

and any sale by the Landlord may, in its sole and absolute discretion be effected by public auction or private contract and either in bulk or by individual items, or partly by one means and partly by the other, and for such purpose the Landlord may at the Tenant's expense, employ such bailiffs or agents as it deems appropriate and the Landlord may distrain on the goods and chattels and remove them from the Premises, or if it sees fit leave them on the Premises, and to secure the goods and chattels it may change the locks or take other security measures on the Premises without effecting a termination of this Lease.

- (c) The Landlord may remove the goods, chattels, equipment and fixtures of the Tenant from the Premises and store them in a public warehouse or elsewhere at the cost of and for the account of the Tenant.
- (d) In order to re-let the Landlord may take possession of the Premises as agent of the Tenant and effect such alterations and repairs as it may deem necessary or advisable for the purpose of such re-letting, and it may re-let the Premises or any part thereof for such term or terms and such rental or rentals and upon such other terms and conditions as the Landlord, in its sole discretion, may deem advisable. Upon such re-letting, all rentals received by the Landlord from such re-letting shall be applied first to the payment of the Landlord's costs and expenses of such re-letting and costs of such alterations and repairs; second to the payment of any indebtedness other than Rent due from the Tenant to the Landlord; third to the payment of arrears of Rent; fourth to the payment of Rent as it falls due; and the residue, if any, shall be held by the Landlord for the account of the Tenant without interest until the end of the Term. No such re-letting nor the receipt of any such rentals from any new Tenant shall exonerate the Tenant from its obligations to pay Rent hereunder as it falls due, nor shall the creation of the relation of the Landlord and Tenant between the Landlord and any party to whom the Premises may have been re-let in any way terminate this Lease.
- (e) (i) The Landlord may terminate this Lease by commencing legal action or by notice to the Tenant. Such termination may be effected either at or after the time of the breach or at any later time and notwithstanding that the Landlord may have exercised any of its other remedies including that set out under subsection (d) hereof. In the event that the Landlord or anyone claiming under it or to whom it has rented the Premises is in possession under the provisions of subsection (d) hereof, the Landlord may at any time terminate this Lease by notice to the Tenant and thereafter any then existing or later Lease of the Premises shall be for the account of the Landlord notwithstanding that such Lease may originally have been entered into as agent for the Tenant. If the Landlord enters the Premises without notice to the Tenant as to whether it is terminating this Lease under subsection (e or proceeding under subsection (d) or any other provision of this Lease, the Landlord shall be deemed to be proceeding under subsection (d) and the Lease shall not be terminated, nor shall there be any surrender by operation of law, but the Lease shall remain in full force and effect until the Landlord notifies the Tenant that it has elected to terminate this Lease. No entry by the Landlord during the term shall have the effect of terminating this Lease without notice to that effect to the Tenant.
  - (ii) In the event of the occurrence of a default, the Landlord may at its option terminate the Lease which termination shall be deemed to have taken place the day prior to the event of default having occurred.
- (f) The Landlord shall be entitled to damages from the Tenant for breach of this Lease. If it should be necessary to determine the present value of any item of Rent, such present value shall be determined using a discount rate equal to the prime rate of The Toronto-Dominion Bank at the time less one (1%) percentage point.
- (g) At the option of the Landlord, the full amount of the current month's Rent and the next ensuing three (3) months' Rent shall accelerate and shall immediately become due and payable. For the purpose of this subsection, where any of the items of Rent are not known, definite or established at the time of the exercise of such option by the Landlord, the acceleration in respect of such items shall be equal to three (3) times the average monthly instalment during the full twelve (12) month period preceding such acceleration, or if there has not been a full twelve (12) month period it shall be equal to three (3) times the average monthly instalment since the beginning of the term.
- (h) On any termination for default, all fixtures, Tenant's improvements or other installations in the Premises, which in law are fixtures or a part of the realty or are attached, affixed to or incorporated into or with the immovable properties situated in or upon the Building

and which are not the property of the Landlord, shall at the Landlord's option forthwith become the property of the Landlord, and whether or not such fixtures are in the nature of Tenant's trade fixtures, and whether or not they would be removable by the Tenant at the expiry of the term if there had been no default.

(i) At the option of the Landlord, to take any action to which it would be entitled if it were a secured creditor of the Tenant pursuant to the Personal Property Security Act and for the purposes thereof this Lease shall be constituted a Security Agreement for Rent owed and owing pursuant to the said Act. The Tenant hereby grants to the Landlord a continuing security interest over all its property and undertaking as security for the Rents payable hereunder.

Chair Anna Hopkins; Members of City of London Planning and Environment Committee City of London 300 Dufferin Avenue PO Box 5035 London, ON N6A 4L9

Dear Chair Hopkins and Committee Members:

Re:

Zoning By-law Amendment Application (Z-9521) 3700 Colonel Talbot Road and 3645 Bostwick Road W3 Lambeth Farms Inc (c/o York Developments)

City of London File: Z-9521

We have reviewed the Planning and Economic Development report ('Planning Staff report') regarding our planning application for 3700 Colonel Talbot Road and 3645 Bostwick Road, and prepared for the Committee's August 22, 2022 meeting. This report recommends approval of a revised zoning structure for these lands to clarify the front yard setback requirements for residential units integrating front porches and garages. We are satisfied with the proposed refinements as set out in the Executive Summary; however we also request that the Committee consider a minor revision to the proposed Zoning By-law Amendment set out in Appendix A of the Planning Staff report.

#### **Zoning By-law Amendment: Proposed Refinements**

In addition to the modified front yard setback provisions identified in Appendix A, we respectfully request that the following site-specific zoning provision relating to garage positioning be revised in all instances where it has been applied to our property. This includes the 'Residential R1 (R1-3(23))' Zone variation referenced in the Planning Staff report (with emphasis added):

R1-3(23) 3700 Colonel Talbot Road and 3645 Bostwick Road

- a) Regulations:
  - v) Garages shall not project beyond the façade of the dwelling <u>or</u> façade (front face) of any porch, and shall not occupy more than 50% of lot frontage."

In effect, this regulation implements Section 20.5.3.9 iii) e) of the City's Southwest Area Plan (SWAP), which includes policies intended to minimize the potential for garage-dominated designs ('snout houses'). The referenced SWAP policy is presented below:

## 20.5.3.9 Urban Design

- iii) Buildings and Site Design
  - e) In residential areas, garages shall be designed so that they are not the dominant feature in the streetscape. In particular, attached garages shall not:
    - project beyond the façade of the dwelling or the façade (front face) of any porch; or
    - contain garage doors that occupy more than 50% of the frontage of a lot unless the City is satisfied through the submission of detailed plans by the applicant that the garage doors can be appropriately integrated with the streetscape.

While we are supportive of this policy in principle, the ambiguous wording of the corresponding Zoning By-law regulation may result in a misinterpretation at the Building Permit stage. Specifically, we are concerned that City staff could interpret this regulation to require that the garage not project beyond the main building façade and the porch façade. Through this application review, we have received commentary from City staff indicating that this regulation is to read that the garage cannot be positioned in front of either the main building or the porch façade, whichever is closer.

Notwithstanding, as this application is required to address uncertainly regarding another site-specific Zoning By-law interpretation, we are seeking to have this related matter clarified as part of this application process.

From our perspective, minor revisions to the Zoning By-law would help ensure that the correct interpretation of Section 20.5.3.9 iii) e) of the SWAP is applied going forward. To this end, we propose the following modification to <u>all</u> corresponding site-specific setback regulations applied to 3700 Colonel Talbot Road and 3645 Bostwick Road:

Garages shall not project beyond the façade of the dwelling or façade (front face) of any porch, whichever is closer to the front lot line, and shall not occupy more than 50% of lot frontage.

## **Alternative Zoning By-law Amendment**

In light of these considerations, <u>we request that the Planning and Environment Committee endorse our application, including the enclosed modifications to the proposed Zoning By-law Amendment</u> (bolded and underlined). The requested modifications apply to all site-specific zone variations identified in the Planning Staff report.

Please note that David Ailles from our office intends to address this matter at the Committee's August 22<sup>nd</sup> public meeting. Our team is also available to assist in any way to address any questions you may have regarding the matters discussed. I may be contacted at 519-640-8968.

#### RE: 712 Base Line Road East - Proposed Mixed-Use 16 Storey Tower - Bonus Zone Review (City File # Z-9474)

The following memorandum pertains to the application for a proposed 16-storey, 150-unit residential and commercial tower development at 712 Base Line Road East. As was acknowledged in the August 22 Planning and Environment Committee (PEC) Meeting, the development:

- Is favourably and completely transit-oriented in planned land use and intensity, and will support bus rapid transit (BRT) development long-term;
- has a high-quality point tower design, and is part of a Master Plan for the redevelopment of the entire
  Westminster Centre shopping mall over the long-term that would provide more housing (particularly much
  needed one- and two-bedroom apartments), amenity areas and green spaces strategically around the Transit
  Village, London Health Sciences Centre (LHSC), and local community;
- provides affordable housing as a bonusable element of the proposed development which permits the
  development to go from 12 storeys in height to 16 storeys in height. London lags significantly behind in
  meeting housing demand relative to population growth at this time

The proposal is consistent with the terms of reference as outlined in the Pre-Consultation Record of Consultation provided by City staff which cited Bonusing under the London Plan. Outside of contributions to taxes and development charges, Westdell is making a significant investment in the redevelopment of a plaza that for many years sat largely vacant and underutilized. As has been demonstrated in the revitalization of numerous commercial plazas throughout the City by Westdell, Westdell arguably more than any other developer in the City has been successful at encouraging and contributing to neighbourhood renewal in areas long over-due for community improvement, redevelopment and intensification.

The willingness to take on such redevelopments over the long-term is not without its risks or costs. Westdell has consistently taken its direction from the City with respect to their redevelopment efforts and is doing transit-oriented development along the north, south, west and east legs of the planner BRT Corridors. At this time regular BRT ridership is the preferred form of transportation for less than 20% of the City of London residents. Notwithstanding that, Westdell followed City staff's direction in its planned efforts for the redevelopment of this plaza as well. Correspondingly, real estate finances are based on the respective growth and development parameters provided through the London Plan.

The divergence in opinion in what should be considered an appropriate number of affordable housing units for such a development is based on 1989 Official Plan policies which have been repealed and are no longer in effect. The 5 affordable housing units required under the London Plan are being provided in addition to 3 more affordable housing units which equates to an investment of approximately \$2.4 million dollars. The provision of these units at 80% average market rent (AMR) for a duration of 50 years is a noteworthy contribution to affordable housing in the City. Staff suggested 12 units, which is what was approved at PEC.

#### Closing

Westdell Development Corp. is committed to the revitalization and redevelopment of 712 Base Line Road. We humbly ask that Council members support the rezoning and associated bonusing for this site based on the multiple contributions noted above and ask that the earlier highlighted bonus zone be amended accordingly. The site will be developed in a comprehensive manner that is harmonious and responsive to future BRT and Transit Village. Please feel free to contact the undersigned should you have any questions or wish to discuss the proposed transit-oriented development. We thank you for your consideration.

#### RE: 712 Base Line Road East - Proposed Mixed-Use 16 Storey Tower - Bonus Zone Review (City File # Z-9474)

The following memorandum pertains to specific matters of the draft bonus zone for the proposed 16- storey, 150-unit residential and commercial tower at 712 Base Line Road East. It is requested that the Bonus Zone be amended to remove the selected urban design provisions, and amend the requested minimum number of affordable units.

The said bonus zone allows the proposed development to attain 16 storeys in height. Such a building would normally be permitted a maximum height of 12 storeys at the 712 Base Line Road East location in accordance with London Plan policies. The proposed development would replace an existing retail building that was until recently a Beer Store. More importantly, the proposed development is part of a larger Master Plan for the entire redevelopment of the Westminster Shopping Mall which encompasses 712 Base Line Road East.

#### Master Plan

As was stated to City staff, the proposed 16 storey building initially appears in isolation, but it will be one of multiple components of the redevelopment of the existing commercial plaza as outlined in the submitted Master Plan. As the BRT system becomes better established, there is planned to be continued residential intensification of the site with greater conversion of surface parking area to more pedestrian and greener/amenity space. It

should be noted that the South Corridor of the BRT system will not start development till 2023, and is not scheduled to be completed till 2026

The redevelopment of the commercial plaza is planned in three phases over approximately twenty-five years, in anticipation of the continued increase of BRT infrastructure and ridership. The overall vision for the redevelopment of the plaza encompasses:

- two high-rise apartment towers of 16 storeys;
- medium density, medium rise multi-family buildings, of approximately 4 storeys maximum;
- commercial ground levels with small to medium sized stores from 50m<sup>2</sup> to 1000 m<sup>2</sup>, cafes, boutiques, restaurants;
- surface and underground parking, as well as upper-level structure parking in the apartment towers.
- an active transportation system that reinforces the Transit Village place type and focus on the Bus Rapid Transit System; and
- an appropriate mix of amenity areas including open space, parks, and parkettes.

#### **Bonusing Zone Concerns**

Westdell Development Corp. is appreciative of City of London Planning Staff's general support of the application, recognizing that it is a transit-oriented development that will strengthen public transit use, particularly in the initial phases of the south leg of London's planned Bus Rapid Transit (BRT). Further it will provide much needed housing, and affordable housing in a strategic area of the City, across from the London Health Sciences Centre and Victoria Hospital, northeast of Wellington Road and Base Line Road.

As alluded to above, the matters of concern related to the bonus zone fall in two categories:

- 1) The desired number of affordable housing units
- 2) Requested urban design elements that are physically impracticable for the proposed development

#### Affordable Housing Units

With regards to affordable housing units, Westdell Development Corp. supports the provision of affordable units as per the London Plan policies which are now fully in force and effect. In keeping with the London Plan policies, 5 affordable housing units are required as per London Plan policies.

This is consistent with the feedback provided during Pre-Consultation which is captured in the Record of Consultation. City Planning and Urban Design staff both make references specifically to the London Plan for bonusing and amendments to the Zoning By-law. The Record of Consultation states:

"The London Plan contemplates a maximum height of 16 storeys with Bonus in the Rapid Transit Corridor Place Type. As this proposal will require a Bonus Zone, the proposed building and site design should incorporate the following as part of the future Zoning By-law Application..."

That said, City Planning Staff are now utilizing the policies of the 1989 Official Plan to determine the appropriate number of affordable housing units. Under the 1989 Official Plan policies, which view 'housing lift' based on density rather than building height (as is the case in the London Plan) 12 affordable units would be required.

In good faith, Westdell Development Corp. is willing to go beyond the 5-unit affordable housing requirement of the London Plan and provide 8 affordable housing units. As would be expected in the case of 12 affordable housing units, Westdell Development Corp. would provide the 8 units in keeping with Planning staff and Housing Development Corporation staff's general expectations of:

- i. A minimum of 10% of the 'building lift' will be provided in the development, representative of the bedroom and unit mix of the overall building;
- ii. Rents not exceeding 80% of the Canada Mortgage and Housing Corporation (CMHC) Average Market Rent (AMR) for the London Census Metropolitan Area (CMA) at the time of building occupancy; where AMR is defined at the one-bedroom, two-bedroom and three-bedroom rate for the London CMA at the time of building occupancy;
- iii. The duration of affordability set at 50 years from the point of initial occupancy of the respective building;
- iv. The proponent enter into a Tenant Placement Agreement (TPA) with the City of London to align the affordable units with priority populations;
- v. These conditions to be secured through an agreement entered on title with associated compliance requirements and remedies.

The select adherence to only the 1989 Official Plan in this context is not in keeping with consistent and equitable planning policy implementation and administration. This investment contributes well over two million dollars in increasing the supply of affordable housing in a key area of the City, and will generates substantial funds to the City in on-going property taxes. Westdell Development Corp. has contributed immensely to the revitalization of numerous previously derelict commercial plazas throughout the City and their surrounding neighbourhoods.

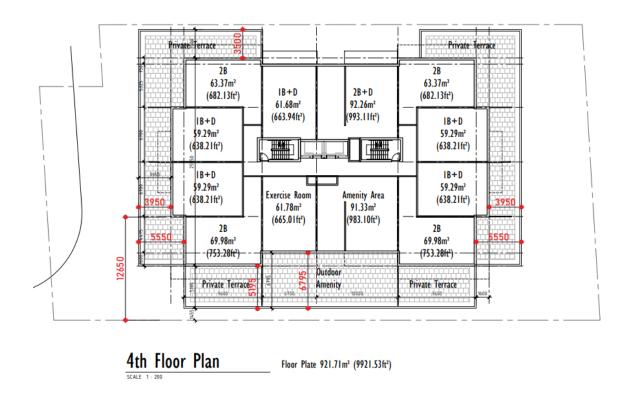

#### **Urban Design and Building Design**

With regards to urban design, the design of the building has followed London Plan urban design policies and guidelines. The building is of a high-quality design and meets the desired point-tower form with a podium base and clearly defined 'base, middle, and top' configuration espoused by City Urban Design staff. However, there are particular urban design elements requested by City staff, that are impracticable given the site context at present. Further the goals of the said urban design elements are addressed by other architectural and design means. The urban design elements which are not reasonably achievable include:

- The provision of a 'full forecourt'
- Providing for a front yard setback of 2-4m for more urban streetscape treatment
- Creating a minimum 5 metre step-back at the 4<sup>th</sup> floor

The provision of a full forecourt and creating a greater front yard setback are not possible given the need to maintain a certain level of parking for existing commercial tenants of the plaza and ensure the existing parking layout is functional. Nonetheless, the base of the proposed building is street-oriented and would create an attractive and animated street edge with the inclusion of commercial units on the ground floor.

A well-designed step-back at the 4<sup>th</sup> floor along Base Line Road is already planned to be provided. The planned step-back would achieve the same objective of creating desirable amenity space and enhancing the pedestrian realm. An image of the 4<sup>th</sup> floor plan showing the currently planned step-back is provided below

#### Closing

Westdell Development Corp. is committed to the revitalization and redevelopment of 712 Base Line Road. We humbly ask that PEC members support the rezoning and associated bonusing for this site based on the multiple contributions noted above and ask that the highlighted urban design and affordable housing provisions of the bonus zone be amended accordingly. The site will be developed in a comprehensive manner that is harmonious and responsive to the future bus rapid transit. Re: 1737 Richmond Street (Z-9470)

The following memorandum pertains to specific matters of the draft bonus zone for our proposed residential and commercial tower at 1737 Richmond Street, owned by Richmond Hyland Centre Inc., wholly owned by Westdell Development Corp. At its meeting on August 22, 2022, the Planning and Environment Committee (PEC) recommended approval of the draft zoning by-law attached to the staff report from the Director, Planning and Development. Although we appreciate the general support of the project, we continue to have concerns with some aspects of the draft zoning by-law.

#### **Background**

We are proposing a 22-storey mixed-use building at 1737 Richmond Street with 276 residential units, 2,107 m<sup>2</sup> of commercial/office space and 326 vehicle parking spaces (the "Proposal"). The purpose of this memo is to specifically address the draft amending Zoning By-law being recommended and attached to the staff report from the Director, Planning and Development. Although City of London Planning and Development Services staff advise they generally support the Proposal and are recommending approval, we (i.e., the Applicant and Agent) have concerns about some aspects of the City's proposed Amending Zoning By-law (the "City ZBA"). These concerns will be addressed below in order of appearance.

#### **City ZBA Preamble**

The City ZBA preamble correctly asserts that a bonus zone is being requested to implement the Proposal. Under the *Planning Act*, a municipality may pass a by-law, known as a bonus zone, to authorize increases in the height and density of development beyond what is otherwise permitted by the Zoning By-Law, in return for the provision of such facilities, services, or matters as outlined in the bonus zone. In accordance with provincial legislation, bonus zoning will be phased out as of September 18, 2022.

#### **Additional Building and Site Design Requirements**

This section of the City ZBA lists "outstanding" building and design requirements, as follows:

- 1) Additional Building and Site Design Requirements
  - i) Reduce the high-rise portion (above 8 stories) as a slender tower (maximum floor plate size of up to 1000 square meters within a 1.5:1 length: width ratio) in order to reduce any possible "slab-like" appearance, shadow impacts, obstruction of sky views and to be less imposing on neighbouring properties and public spaces.
  - ii) Articulate the podium facades particularly on the east and west facades with recesses, projections, balconies and terraces, alternating brick tones, fenestration to provide depth and variation in the built form and to enhance the pedestrian environment and break up the massing.
  - iii) Reduce the blank wall facades on the west elevation ground level facing North Centre Road. Increase visual interest through the use of increased glazing, public wall art, or additional door access. Provide windows for clear sight lines facing North Centre Road from the section of abutting parking garage where the accessibility parking space is located.
  - iv) Provide a separate key access door to the bike storage room facing North Centre Rd for improved bicycle accessibility in and out of the building and improved streetscape activity.
  - v) Connect this separate bike storage entrance to the public sidewalk.
  - vi) Utilize a decorative or public art wall feature and treatment to address the southwest corner and provide visual interest while breaking up the podium massing and establishing a sense of place through this unique feature.

The Proposal is a revision representing the architectural drawings submitted to the City as part of the second submission. In response to first submission comments received from Development Services staff, as well as from Urban Design Peer Review Panel members, we have made <u>substantial</u> changes and believe that we have proposed a project that is in alignment with the applicable policy framework, particularly *The London Plan* and the Transit Village Place Type policies.

The general purpose of an amending zoning-by-law is to clearly outline specific requirements for a development site that are legally enforceable. This is usually accomplished through numerical requirements that outline general and major aspects of a development such as building height and setbacks, not details such as the bike storage room entrance, as required by 1) iv) and v).

We believe that some of the comments, particularly 1), ii) and iii), are general design comments that have no objective or quantitative way of being satisfied or demonstrating compliance. In other words, under what circumstances would these comments be satisfied and who decides that? As such, they are not appropriate to be included in the City ZBA.

Although requirement 1) i) is quantitative, it is also problematic as it refers to policy 6.2 v) from the Masonville Secondary Plan, which is still under appeal and cannot be determinative and act as the authority for the City ZBA. Regardless, we acknowledge this policy is informative since it is included in a Council-approved document and believe the proposed building conforms to this policy even if it doesn't exactly comply. For example, the floor plates above the 8<sup>th</sup> storey between the 9<sup>th</sup> and 20<sup>th</sup> storey are approximately 1,044 m<sup>2</sup>. Policy conformance does not require compliance.

#### **Provision of Affordable Housing**

The City ZBA requires 22 affordable housing units, as outlined in the following extract:

#### 2) Provision of Affordable Housing

- i) A total of 22 units based on 10% of the "lift" of the number of units beyond 150 units per hectare (based on 297 total units) be dedicated to affordable rental housing in exchange for the granting of increased height and density. The mix of the dedicated affordable rental units should be reflective of the unit mix for the 22-storey apartment building.
- ii) The affordable housing units should be evenly distributed throughout the individual buildings to the greatest extent possible.
- iii) Rents not exceeding 80% of the Average Market Rent (AMR) for the London Census Metropolitan Area as determined by the CMHC at the time of building occupancy.
- The duration of affordability set at 50 years from the point of initial occupancy.
- v) The proponent enter into a Tenant Placement Agreement (TPA) with the City of London to align the affordable units with priority populations.

City staff used the 1989 Official Plan as the policy framework and completed the bonusing calculation as follows. The 0.52 hectares (i.e., development area) X 150 units per hectare (i.e., standard density for high rise as per Section 3.4.3. of the 1989 Official Plan) = 78 units permitted. Since we're proposing 297 total units (i.e., 276 residential units and 21 commercial/office units), the difference between the permitted and the proposed is 219 (i.e., 297-78=219). So the "lift" or the difference between the permitted and the proposed density is 219 units. Staff then apply 10% to the 219 units to arrive at 22 units.

Our initial submission was for a mixed-use 22-storey building with 226 residential units and 26 commercial units for a total of 252 units. Our submission was based on preliminary communication with City staff as part of the pre-application consultation process, where the requirement for bonus zoning was discussed. The proposed 22-storey height selected for the building is the maximum height permitted under *The London Plan* Transit Village Place Type 2 Bonus Zone.

As outlined in the Planning Justification Report submitted in support of the Zoning By-law Amendment application, our initial submission proposed 7 affordable rental units using *The London Plan* as the policy framework and was calculated as follows. The "lift" or bonusable intensity is based on the number of storeys between the proposed height of 22 storeys and the standard height of 15 storeys, which is 7 storeys. This works out to 66 units – these are the "bonus units". We also applied the 10% applied by staff to arrive at a rounded number of 7 affordable units, which was the basis of our first submission. Since we increased the total number of units as part of our second submission, we also decided to increase the total number of proposed affordable housing units to 10 units – these are proposed to be rental units.

Therefore, the difference in the number of affordable housing units proposed by us and recommended by staff results from the "lift" being calculated using two different policy frameworks. It is important to note that neither the 1989 Official Plan nor *The London Plan* clearly identify how to calculate the provision of affordable housing units. As a result, the affordable housing calculations described above are the result of a combination of policy interpretation, negotiation, and past practices.

Although *The London Plan* is now in full force and effect, City staff have justified their use of the 1989 Official Plan as the policy framework for the affordable housing calculation by saying that our planning application was submitted when the general policies of *The London Plan*, including the bonusing provisions, were still under appeal at the Ontario Land Tribunal. If this is a legally correct argument, City staff should have clearly advised all stakeholders, including the London Housing Development Corporation, at the beginning of the process (i.e., during the pre-application consultation meeting). They did not do this and only informed us about the policy framework they would be applying on July 6, 2022. Furthermore, the pre-application consultation comments provided by City staff outlined in a document dated July 13, 2021 refer to the bonusing provisions of *The London Plan* (e.g., Type 2 Bonus Zone).

Although we believe *The London Plan* should be the applicable policy framework for calculating the number of appropriate affordable housing units, we also believe that the proposed 10 affordable housing units would conform to the bonus zoning provisions of the 1989 Official Plan (policy 19.4.4.), which state that "[t]he *facilities, services or matters that would be provided in consideration of a height or density bonus should be reasonable, in terms of their cost/benefit implications, for both the City and the developer and must result in a benefit to the general public.."* 

Finally, while deliberating the subject application at its meeting on September 6, 2022, we would also like Council to consider PEC's August 22, 2022 approval recommendation for item OZ-9263/Z-9264 (1067, 1069, and 1071 Wellington Road). This application for an Official Plan and Zoning By-law amendment was deliberated by PEC on July 25, 2022, and by Council on August 2, 2022. Council referred the item back to staff and requested that it be brought forward to the August 22, 2022 PEC meeting. The number of affordable housing units recommended by staff was significantly higher than the number of units proposed by the applicant. At its meeting, PEC recommended approval of 65 affordable housing units - with the concurrence of the applicant - whereas the staff report presented at the July 25, 2022 PEC meeting recommended approval of 93 affordable housing units.

#### **Prohibited Uses**

The City ZBA also lists certain prohibited uses, as follows:

- a) Prohibited Uses:
  - Commercial parking lots and structures and accessory parking lots;
  - Uses with drive-through facilities.

The parking associated with the Proposal is intended to be accessory and to support the principal commercial/office and residential uses. We are not proposing stand-alone parking lots or structures. Our concern with the proposed outright prohibition of "commercial parking structures" and "accessory parking lots" is that, based on the definition of these terms in the existing City of London Zoning By-law, it may prohibit any future monetization of vehicle parking spaces, such as charging customers and residents modest parking fees to offset operating costs.

In conclusion, we respectfully request that London Council members approve a revised version of the zoning by-law amendment that considers the above-noted concerns of the Applicant and Agent.

Respectfully submitted,

**Subject:** Re: heritage designation Kent Brewery

Dear Neighbour,

The Planning and Environment Committee narrowly approved heritage designation for the Kent Brewery at 197 Ann St. and the home of its brewmaster, John Hamilton at 183 Ann St. It is important to note that the heritage designation does not protect these buildings from demolition if a request to demolish was brought forward to Council. That's why the staff recommendation was adopted, because demolition is still on the table.

York development brought an objection forward against heritage designation because they likely know that they would not win if they appealed to the Ontario Land Tribunal. The Kent Brewery and the home of John Hamilton is so unique that an independent impartial govt. body would likely uphold its heritage designation.

Councillor Shawn Lewis and Steve Hillier opposed and it is anticipated the Ward 13 Councillor John Fyfe-Millar will also oppose heritage designation as he has acted shamelessly on behalf of York Development all along, and spoken condescendingly to residents expressing real concerns regarding heritage preservation, and massing of the proposed development.

The zoning amendment approved by Council which allows for two massive towers and a commercial zone to be build without any green space for the neighbourhood - no trees, no green space for residents - just a giant block of a building - has been appealed to the Ontario Land Tribunal.

Staff report: https://pub-london.escribemeetings.com/filestream.ashx?DocumentId=94249

Councillor John Fyfe-Millar receives donations from York Development and Mayor Ed Holder receives thousands of dollars from York Development. Election donations are on the public record and can be viewed by anyone.

But what is so important, is that while John Fyfe-Millar may have rich business friends, there are far more everyday people that feel they lack representation and resent being rolled over by big money.

Thank You for anyone that signed onto the community letter supporting heritage designation. We will be doing this again for Council.

The composition of the front façade is very successful at achieving this consider replicating this rhythm on the side facades);

- viii) shift the parking to ensure it is in line with or behind the proposed building. Use landscaping or low landscape walls to screen any parking that is visible from Colonel Talbot Road;
- ix) provide details and expected use of the proposed concrete pad located behind the stacked townhouses. All outdoor garbage storage should be fully enclosed;
- x) the applicant needs to be aware that The London Plan Policy 399 will be applied to the development. A tree preservation report will be required at Site Plan to determine the number of replacement trees; and,

- the recommended amendment facilitates the development of a site within the Southwest Area Secondary Plan, Schedule 6, Lambeth Residential Neighbourhood; and,
- the recommended holding provision will ensure that all issues regarding hydrogeology, erosion setback maintenance, erosion structural, geotechinical setbacks and all matters relating to slope stability will be dealt with through the site plan approval process to the satisfaction of the City of London and the Upper Thames Conservation Authority (UTRCA). ## 1) Design Standards

the building design and site plan will be bonused for features which serve to support the City's objectives of promoting a high standard of design, to be implemented through a development agreement:

# i) Site Layout

- a) provide for additional outdoor amenity areas within the west interior side yard and front yard, which includes transit-oriented amenities such as benches and bike racks close to the principal entrance;

- d) provide a functional forecourt leading to the main entrance of the proposed building; and,
- e) provide a functional drop off area;

# ii) Ground Floor Design and Uses

- a) active building façade should be directed to public streets as a priority. Additional active uses may line the internal streets / drive aisles and priority should be given to highly visible areas from key entry points;
- b) locate the principal residential building entrance (lobby) on the Baseline Road East-facing elevation;
- c) differentiate the residential lobby entrance from the commercial unit entrances with architectural features such as canopies, signage, lighting, increase in glazing, double doors, framing, materials, etc.; and,

## iii) Podium Design

- a) parking for high-rise development should be provided mainly underground, or where that is not possible, located in the podium and wrapped with active uses along street frontages. Minimize the exposure of the above ground structured parking along Baseline Road by providing residential units, amenity spaces, and/or providing a treatment which allows for windows and views into the building's interior areas disguising the parking garage;
- b) include a minimum 5 metre step-back at the 4th floor along Base Line Road to enhance the pedestrian-oriented street wall;

# iv) Tower Design

- a) design high-rise building (above 8 stories) as slender towers (seek to achieve a maximum floor plate size of up to 1000 square meters within a 1.5:1 length: width ratio) in order to reduce "slab-like" appearance of the tower, reduce shadow impacts, reduce obstruction of sky views and to be less imposing on neighbouring properties and public spaces;
- b) design the tower to include a high degree of fenestration in order to add interest and break-up the massing of the building;
- c) increase the size & scale of proposed windows and use material change, balconies and articulation to break up the facades;
- d) include a high proportion of glazing and modulation such as projections/recesses which use material differentiation in order to break up the consistent vertical plane and massing of the tower;
- e) design and distinguish the top of the buildings (i.e. top 4-5 floors) through an articulated roof form, step-backs, cornices, material change and/or other architectural details and screen/integrate the mechanical and elevator penthouses into an architecture of the building;

# 2) Provision of Affordable Housing

- i) a total of 10% of the lift (12 affordable housing units based on 156 total units) will be provided in the development, representative of the bedroom and unit mix of the overall building;
- ii) rents not exceeding 80% of the Canada Mortgage and Housing Corporation (CMHC) Average Market Rent (AMR) for the London Census Metropolitan Area (CMA) at the time of building occupancy; where AMR is defined at the one-bedroom, two-bedroom and three-bedroom rate for the London CMA at the time of building occupancy;
- iii) the duration of affordability set at 50 years from the point of initial occupancy of the respective building;
- iv) the proponent enter into a Tenant Placement Agreement (TPA) with the City of London to align the affordable units with priority populations;
- v) these conditions to be secured through an agreement entered on title with associated compliance requirements and remedies;

it being noted that the following site and building design criteria, not shown on the proposed renderings, will also be addressed as part of the site plan submission:

- i) consider the incorporation of patio or forecourt space that spills out into the front yard setback(s) to further activate the space and provide an amenity for tenant businesses;
- ii) explore additional roof top amenity areas at various levels in addition to the private rooftop amenity areas proposed;
- iii) provide grading plans and particularly explain/articulate the building interfaces at the West and North edges;
- iv) explore opportunities to increase the ground floor presence on the site to accommodate active uses along the North Façade of the building and explore opportunities to direct the principal residential building entrance (lobby) closer to Wellington Road for convenient access to the transit corridor;
- v) consider relocating the Central Alarm and Control Facilities (CACF) room to the adjacent internal service block on the ground floor such that the residential lobby appears open from the street;
- vi) consider locating all podium level parking behind active uses (such as residential units fronting Base Line Road), underground or elsewhere on the site:
- vii) consider an addition of a podium floor (4 storey podium) with enlarged podium area along the North edge to integrate parking and

provide active facades (residential units) along Baseline Road East; viii) consider moving some parking to another basement level or explore opportunities for access and parking agreements with the neighbouring property to reduce the number of parking spaces required onsite; and.

b) pursuant to Section 34(17) of the *Planning Act*, as determined by the Municipal Council, no further notice BE GIVEN in respect of the proposed by-law as the recommended zoning implements the site concept submitted with the application;

it being noted that the Planning and Environment Committee received the following communications with respect to these matters:

- the staff presentation; and,
- a communication dated August 18, 2022, from M. Poddar, Planner II, Strik, Baldinelli, Moniz Ltd.;

3.9 1737 Richmond Street (Z-9470)

Moved by: S. Turner Seconded by: A. Hopkins

That, on the recommendation of the Director, Planning and Development, the following actions be taken with respect to the application by Richmond Hyland Inc., c/o Westdell Development Corporation, relating to the property located at 1737 Richmond Street:

- a) the proposed by-law appended to the staff report dated August 22, 2022 as Appendix "A" BE INTRODUCED at the Municipal Council meeting to be held on September 6, 2022 to amend Zoning By-law No. Z.-1, (in conformity with the Official Plan), to change the zoning of the subject property FROM an Associated Shopping Area Commercial Special Provision (ASA1(5)/ASA2(3)/ASA3(1)) Zone, TO a Business District Commercial Special Provision Bonus (BDC1(\_)\*B-(\_)) Zone; the Bonus Zone shall be implemented through one or more agreements to facilitate a high-quality development comprised of a mixed-use apartment building with a maximum height of 22 storeys (80m), and a maximum density of 571 units per hectare, which generally implements the Site Plan, Renderings, Elevations and Views attached as Schedule "1" to the amending by-law, and will also implement the following outstanding design criteria:
- 1) Additional Building and Site Design Requirements
- i) reduce the high-rise portion (above 8 stories) as a slender tower (maximum floor plate size of up to 1000 square meters within a 1.5:1 length: width ratio) in order to reduce any possible "slab-like" appearance, shadow impacts, obstruction of sky views and to be less imposing on neighbouring properties and public spaces;
- ii) articulate the podium facades particularly on the east and west facades with recesses, projections, balconies and terraces, alternating brick tones, fenestration to provide depth and variation in the built form and to enhance the pedestrian environment and break up the massing;
- iii) reduce the blank wall facades on the west elevation ground level facing North Centre Road. Increase visual interest through the use of increased glazing, public wall art, or additional door access. Provide windows for clear sight lines facing North Centre Road from the section of abutting parking garage where the accessibility parking space is located;
- iv) provide a separate key access door to the bike storage room facing North Centre Rd for improved bicycle accessibility in and out of the building and improved streetscape activity;
- v) connect this separate bike storage entrance to the public sidewalk;
- vi) utilize a decorative or public art wall feature and treatment to

address the southwest corner and provide visual interest while breaking up the podium massing and establishing a sense of place through this unique feature;

- 2) Provision of Affordable Housing
- i) a total of 22 units based on 10% of the "lift" of the number of units beyond 150 units per hectare (based on 297 total units) be dedicated to affordable rental housing in exchange for the granting of increased height and density. The mix of the dedicated affordable rental units should be reflective of the unit mix for the 22-storey apartment building;
- ii) the affordable housing units should be evenly distributed throughout the individual buildings to the greatest extent possible;
- iii) rents not exceeding 80% of the Average Market Rent (AMR) for the London Census Metropolitan Area as determined by the CMHC at the time of building occupancy;
- iv) the duration of affordability set at 50 years from the point of initial occupancy;
- v) the proponent enter into a Tenant Placement Agreement (TPA) with the City of London to align the affordable units with priority populations; it being noted that the following site and building design criteria, will also be addressed as part of the site plan submission:
- i) explore ways to reduce the tower floor plate size that can further minimize the shadow impact on the 5th floor amenity space;
- ii) include active ground-floor uses such as the principal building entrance, lobbies, common amenity areas, and street oriented commercial/residential units, oriented towards the public streets with direct access to the sidewalk along Fanshawe Park Road and North Centre Road in order to activate the street edge;
- iii) the ground floor commercial units shall provide for a store-front design with primary entrances facing Fanshawe Park Road and the internal shopping centre. This should include a higher proportion of vision glass, signage, double doors, an increase in ground floor height, and the potential for canopies and lighting to frame the entrance include direct access from the commercial unit(s) fronting the street to the City sidewalk;
- iv) provide functional primary entrances (double doors) for the commercial units along both Fanshawe Park Road and North Centre Road with walkways connecting the entrances to the City Sidewalk;
- v) ensure common outdoor amenity space and landscaping at ground level will include additional elements such as benches and landscaping;
- vi) lay-by to be removed and the area restored with enhanced landscaping and pedestrian connections to North Centre Road provided;

it being noted that the Planning and Environment Committee received the following communications with respect to these matters;

- the staff presentation; and,
- a communication dated August 18, 2022 from S. Rasanu, Planner, SBM Ltd. and D. Traher, Westdell Development Corp;

it being pointed out that the following individual made a verbal presentation at the public participation meeting held in conjunction with this matter:

S. Rasanu, SBM Ltd., on behalf of Westdell Development Corp;

it being further noted that the Municipal Council approves this application for the following reasons:

• the recommended amendment is consistent with the Provincial Policy Statement, 2020, which encourages the regeneration of settlement areas and land use patterns within settlement areas that provide for a

range of uses and opportunities for intensification and redevelopment. The PPS directs municipalities to permit all forms of housing required to meet the needs of all residents, present and future;

- the recommended amendment conforms to the in-force policies of The London Plan including but not limited to, Our City, Key Directions, and City Building, and will facilitate a built form that contributes to achieving a compact, mixed-use City;
- the recommended amendment secures units for affordable housing through the bonus zone;

b) the proposed by-law appended to the staff report dated August 22, 2022 as Appendix "B" BE INTRODUCED at the Municipal Council meeting to be held on September 6, 2022 to amend Zoning By-law No. Z.-1, (in conformity with the Official Plan, as amended in part a) above), to change the zoning of the subject property FROM a Residential R1 (R1-6) Zone TO a Holding Residential R5 Special Provision Bonus (h-17. h-100. R5-7(\_)\*B-\_) Zone with holding provisions to address sanitary, storm and water servicing and access; a special provision to permit a balcony encroachment minimum of 4.26 metres instead of the required 6.0 metres in the exterior side yard and a Bonus Zone to allow an increase in the maximum density permitted and a reduction in parking required in return for affordable dwelling units and a larger common amenity space area; and,

the Bonus Zone shall be implemented through one or more agreements to facilitate the development of stacked townhouse buildings at a maximum density of 91 units per hectare (80 units, 4 units which are affordable) instead of 60 units per hectare, a reduced parking requirement from 120 parking spaces to 91 parking spaces and provision of additional landscaped open space area/larger common amenity area, which substantively implements the Site Plan, Renderings, and Views, appended to the staff report dated August 22, 2022 as Schedule "1" to the amending by-law and provides for the following:

# 1) Provision of Affordable Housing

- i) a total of four (4) residential units will be provided for affordable housing; three, one bedroom units and one, two bedroom unit within two of the four proposed townhouse blocks with a maximum of two units in each building;
- ii) rents not exceeding 80% of the Average Market Rent (AMR) for the London Census Metropolitan Area as determined by the CMHC at the time of building occupancy;

- iv) the proponent enter into a Tenant Placement Agreement (TPA) with the City of London to align the affordable units with priority populations; and,
- v) these conditions to be secured through an agreement registered on title with associated compliance requirements and remedies;

# 2) Common Amenity Space

- i) provide for an appropriately sized and located ground level outdoor amenity space for the number of residents anticipated;
- ii) provide 8.2 m² per unit of landscaped open space in place of the City standard of 5.0 m², which represents an 11.3% increase;

- ii) ensure Stacked Townhouse Block D has regard for the corner location at Meadowlily Road North and Norlan Avenue;
- iii) screen surface parking exposed to Meadowlily Road;
- iv) increase the sidewalk width abutting parking areas to 2.1 metres;
- v) provide a minimum of 1.5 metres from property boundaries to parking areas, it being noted that the full setback may not be attainable on the north side immediately adjacent to the hydro corridor without impacting the ability to deliver the minimum parking requirements;
- vi) provide 3 metre landscaped islands every 15 parking stalls;

- vii) relocate Canada Post mailbox to more centralized location;
- viii) reduce amount of site asphalt and hardscape; and,
- ix) improve pedestrian connections to rear parking area, common amenity area and both abutting roads;

it being noted that the Planning and Environment Committee received the staff presentation with respect to these matters;

it being pointed out that the following individuals made verbal presentations at the public participation meeting held in conjunction with this matter:

- H. Froussios, Zelinka Priamo Ltd.;
- G. Mariano, 4 Meadowlily Road; and,
- P. Green:

it being further noted that the Municipal Council approves this application for the following reasons:

- the recommended amendments are consistent with the Provincial Policy Statement (PPS), 2020 which encourages the regeneration of settlement areas and land use patterns within settlement areas that provide for a range of uses and opportunities for intensification and redevelopment. The PPS directs municipalities to permit all forms of housing required to meet the needs of all residents, present and future, including affordable housing;
- the recommended amendments generally conform to the in-force Neighbourhoods policies of The London Plan, including but not limited to the use, intensity and form of future development anticipated along a Neighbourhood Street. A special policy has been recommended to allow stacked townhouses on a Neighbourhood Street in a Neighbourhoods Place Type;
- adding a special policy to allow a stacked townhouse development at a higher density is appropriate because the property has a number of favourable locational attributes for residential uses; it is large enough to accommodate the proposal, is at the intersection of two neighbourhood streets, is separated from the single family neighbourhood by an intervening hydro corridor, is across the street from open space, , and its access point is approximately 240 metres from Hamilton Road, a Civic Boulevard, and close to Highbury Avenue, an Expressway, for easy vehicle access.
- the recommended amendments generally conform to the Low Density Residential policies of the 1989 Official Plan, including but not limited to the permitted height and density of future development as a result of density bonusing under Section19.4.4;
- the recommended amendments facilitate the development of sites within the Built Area Boundary in The London Plan with an appropriate form of infill development; and,
- the recommended holding provisions ensure adequate services are provided before development occurs and recommendations to the site plan approval authority ensure the development will include all the elements which comprise a good infill development. (2022-D09)

## **Statement for Designation**

# **Description of Property**

The municipal address at 183 Ann Street is located in the North Talbot area of the City of London, on a consolidated parcel comprising multiple municipal addresses located, at the southeast intersection of Ann and St. George Streets. The two-and-a-half-storey brick residence is located on Lot 5 of the consolidated parcel.

# **Statement of Cultural Heritage Value or Interest**

The Brewer's House at 183 Ann Street, is of cultural heritage value or interest because of its physical or design values, historical or associative values, and contextual values.

# **Physical or Design Value**

The Brewer's House at 183 Ann Street (c.1893) was built by Joseph Hamilton the brewmaster at the adjacent Kent Brewery from 1887-1916. It is a rare example of a house linked to an extant brewery where the adjacent brewer's house is also intact.

The house is a representative example of a late-19th-century residence with Queen Anne style influences. The form of the house comprises an intersecting hipped roof, and a front gable end which has horizontal siding and dentilled millwork detailing. The gable ends exhibit original bargeboard wood shingling outlined with moulded vergeboards, supported by wooden end brackets and a modillion course beneath. There is a small square gable window under the eaves with a pilaster. The double front doors have a carved wood inset with two arched windows, a stained-glass transom, and are covered by a shallow overhang. Windows openings on all visible elevations have brick voussoirs. On the west elevation is a bay window with stone lug sills. The bay is topped by a flat roof and the fascia board decoratively supported by small brackets/modillions.

## **Historical or Associative Values**

The Brewer's House at 183 Ann Street has direct associations with the adjacent former Kent Brewery at 197 Ann Street and both John and Joseph Hamilton who operated the brewery from 1861-1916. John Hamilton occupied a frame structure on the property from 1862 until his death in 1887. The present brick residence on the property was built by Joseph Hamilton around 1893. Joseph Hamilton and his family continued to occupy the house until 1911. The residence functioned as the brewer's house for the brewery. The size and scale of the house shows the increased prosperity the Kent Brewery attained under Joseph Hamilton's leadership after John Hamilton's death in 1887. Between c1886 and 1916, the Kent Brewery was one of only three breweries in London, third to Labatt and Carling. Today, the former Kent Brewery (c. 1859-1881) may be one of the oldest existing brewery buildings (c.1859-1881), second only to Alexander Keith's Brewery in Halifax whose current ironstone brewery building was built in 1837.

Through its direct associations with the Kent Brewery at 197 Ann Street, the Brewer's House at 183 Ann Street contributes to an understanding of the significant brewing history in London-Middlesex. It is also linked to the culture and history of the North Talbot area and the Carling's Creek and CPR corridor standing as visible remains of the development of industries and the people who lived and worked in the area during the mid-late-19th-century and early-20th-century.

#### **Contextual Values**

The Brewer's House at 183 Ann Street is linked to the physical development of the surrounding area as a late-19th- and early-20th-century industrial and working-class neighbourhood. 183 Ann Street is characteristic of the variations in housing along Ann

Street and in the near vicinity, reflecting the diversity of people who lived in the area and worked in the major industries around Carling's Creek. Through its materiality (i.e. buff brick exterior) and early Hamilton Family ownership, the built resource at 183 Ann Street, along with the former Kent Brewery at 197 Ann Street and house at 179 Ann Street, all support the visual character of the area.

The Brewer's House at 183 Ann Street demonstrates: a) a visual link to its surroundings (specifically 197 and 179 Ann Street) through its common use of buff brick on the exteriors; b) a strong physical and functional relationship to its surroundings as the brewer's house located adjacent for the former Kent Brewery; and, c) a significant historical link to its surroundings through its direct associations with the former Kent Brewery and the Hamilton Family that owned the brewery, as well as its links to the culture, history, industries and people of the North Talbot area and the Carling's Creek and CPR corridor and to development during the mid-late-19th-century and early-20th-century.

## **Heritage Attributes**

Heritage attributes which support and contribute to the cultural heritage value or interest of the Brewer's House at 183 Ann Street include:

- Form, scale, and massing of the two-and-a-half storey Queen Anne Revival styled house
- Exterior buff brick throughout
- Two chimneys constructed of buff brick
- Shallow gabled roof profile with cross gable and two gable ends
- Brackets below roof at the principal corners
- Original bargeboard wood shingling on front and east facing gable, outlined with moulded vergeboards
- Front and east facing gables supported by wooden end brackets and a modillion course beneath
- Brick voussoirs above principle windows
- Small square window under the eaves of east facing gable including pilasters on each side of the frame detail border of small square panes
- Bay window on the west elevation topped by a flat roof and fascia board decoratively supported by small brackets/modillions
- Carved details of the original double-leafed door the principal doorway on the front façade including arched glass windows in the doors and dentil-moulded architrave above
- Rectangular stained-glass transom with coloured glass in two rectangular patterns and a diamond pattern in the centre

The detached wooden shed structure at the rear of the lot is not considered to be a heritage attribute.

## **Statement for Designation**

# **Description of Property**

The municipal address at 197 Ann Street is located in the North Talbot area of the City of London, on a consolidated parcel comprising multiple municipal addresses located, at the southeast intersection of Ann and St. George Streets.

197 Ann Street (known as the former Kent Brewery c. 1859-1881) is located on Lot 4 and Part Lot 3 of the consolidated parcel. The brewery complex consists of 4 building parts, built at different periods and continuously adapted over time.

- 2-storey brick building (primary building) comprising some form of the original brewery with early modifications; 9m x 13m approx. with the short end fronting Ann Street.
- 1-storey brick building (old wash house) located to the west of the primary building, c.1890s; 9.88m x 20.45m approx. with short end fronting Ann Street
- 1-storey brick and clad building (south extension) located to the rear of the primary building exhibiting considerable external and internal modifications made during expansion years of the brewery; 9.49m x 21.65m approx. extending south from the primary building to the contemporary addition
- cinder block building with vinyl siding (contemporary garage) added in the late 20<sup>th</sup> century for automotive services; 10m x 11m approx. at the south end of the south extension

# **Statement of Cultural Heritage Value or Interest**

The former Kent Brewery, at 197 Ann Street, is of cultural heritage value or interest because of its physical or design values, historical or associative values, and contextual values.

## **Physical or Design Value**

The former Kent Brewery at 197 Ann Street is one of the oldest existing brewery buildings in Canada. It is an early example in the City of London (and province) of an industrial building typology and a rare example of a physically intact brewery from the mid-late-19th century. It is also a rare example of an early brewery site where the brewery building remains, and the brewer's house is also intact.

The brewery complex is representative of a mid-late 19th century vernacular, industrial commercial 'typology'. Parts of the building complex are visually discernable from the exterior, and include a primary building, old wash house, south extension, and a contemporary garage. The 2-storey 'primary building' is a simple, rectangular brick veneer building, of local buff brick, with a flat roof. The façade is relatively unadorned except for corbelled brick detailing expressed in the parapet. Many window and door openings are topped with brick voussoirs. There are several brick rounded 'Florentine' arches in the basement. The 1-storey 'old wash house' is a simple, rectangular building with a buff brick exterior. It has a similarly unadorned façade, with a flat roof sloping from the front to the rear.

Much of what is currently recognized as the former Kent Brewery is exhibited in the original primary building as well as the old wash house. Their overall profile, massing, and scale, and modest detailing appears as they did in the at the peak of the brewery's business c1905. Collectively, both buildings retain an authentic utilitarian expression of a functioning mid-late-19th- century brewery.

#### **Historical or Associative Values**

The Kent Brewery is one of the first breweries in London, and the third most significant historic brewery in the city after Carling's and Labatt's. The brewery is associated with the Hamilton brewing family, notably John Hamilton (who ran the brewery from 1861–1887), and his son, Joseph Hamilton (who ran the brewery from 1887–1917). There are also direct associations of the brewery with the adjacent Brewer's House at 183 Ann Street that was built by Joseph Hamilton around 1893 and occupied by him and his family until 1911. More broadly, the former Kent Brewery is closely tied to the culture and history of the North Talbot area and the Carling's Creek and CPR corridor. It's retention enhances our understanding and yields information on the development of industries and the people who lived and worked in the area during the mid-late-19th-century and early-20th-century.

## **Contextual Values**

Physically and functionally the Kent Brewery is strongly linked to its context specifically to the lots immediately to the west that brewer John Hamilton owned, and brewer Joseph Hamilton built for his family residence at 183 Ann Street. Through the use of local buff brick, the brewery along with the brewer's house at 183 Ann Street and cottage at 179 Ann Street, collectively support the visual character of the area.

The Kent Brewery at 197 Ann Street is tied to the physical development of the surrounding area as a late-19th- and early-20th-century industrial and working-class neighbourhood. Its longevity within the neighbourhood, and the fact that it is the last remaining industrial building in Talbot North that sited to take advantage of Carling's Creek, makes it is one of the defining buildings of the Talbot North neighbourhood.

Finally, the Kent Brewery is significant to the historical context of the area because of its direct associations with the Hamilton Family that owned the brewery, and its links to the culture, history, industries and people of the North Talbot area and the Carling's Creek and CPR corridor and its development during the mid-late-19th-century and early-20th-century.

# **Heritage Attributes**

Heritage attributes which support and contribute to the cultural heritage value or interest of the former Kent Brewery at 197 Ann Street include:

- Form, scale, massing and footprint collectively of the primary building and the old wash house
  - Exterior buff brick throughout
  - Brick voussoirs above principle windows
  - Existing window and door openings on the façade and east elevation of the primary building and façade of the old wash house;
  - Corbelled parapet detail on the primary building facade
  - Interior rounded 'Florentine' arches in the basement

The south extension and contemporary garage are not considered to be heritage attributes

# Official submission to **PUBLIC MEETING: Adult Live Entertainment Parlour Relocation**

#### By David Stambler, owner of 234 Dundas Street

My name is David Stambler and I'm the owner of 234 Dundas Street. My grandfather, Meyer Epstein, owned and ran Meyer Epstein Furs for over 50 years, then sold it to his manager, and it just closed down in 2017. I took out loans for more than half a million dollars to put in two apartments in the 2<sup>nd</sup> and 3<sup>rd</sup> floors, because I believe in London and in investing in and revitalizing the downtown core.

I firmly and categorically reject having any more adult entertainment allowed to be in the Dundas Place core, so I am firmly opposed to granting the Adult Live Entertainment Parlour Relocation.

My main complaints would be:

- Dundas Place the city has invested at least 16 million dollars so, millions of dollars were put into Dundas Place to make it a family friendly place where the road can be repurposed for street festivals and fairs and pedestrian use. Strip clubs and massage parlours are NOT family friendly.
- Part of Dundas Place and the goal of the city is to revitalize the core and redevelop it with businesses that are inclusive. Strip bars and massage parlours are NOT inclusive businesses and will not bring in quality business prospects. In fact, they will keep people away.
- Property values are dependent on location, and location is qualified by nearby businesses. Adult entertainment venues are not conducive to increased property values
  and if property values go down, taxes go down, and so the city stands to lose out in a variety of ways.
- The domino effect: Once you let these types of businesses in and gain a foothold in the area, then it will encourage other similar businesses to move in, and will depress the overall quality and value of the street life we are all trying to improve. I was told by the owner of the Adult Entertainment that he was planning on a Gay Cabaret the problem is, once the license is approved, it can be changed without permission from Gay Cabaret to female strippers, say for nights that the other strip club is closed...

- Strip bars are associated with excessive drinking and are also linked to prostitution, so you will be contributing to an eventual increase in crime as well.

I'm concerned not only for the quality of the neighbourhood being decreased but also to the feeling of personal safety by all women who would walk that street – the women who have to walk by each of these places would feel uncomfortable

The type of people that go to these places is not indicative of the type of people that the city of London is trying to attract to Dundas place

So – you have to ask yourself:

- 1. Do you want to turn Dundas Place into an adult entertainment zone?
- 2. Do they want increased prostitution in the downtown core?
- 3. Do you want to reduce your future tax base as a result of property values dropping?
- 4. Do you want to protect women (and men) from misogyny and exploitation?
- 5. Do want to make Dundas Place a safe and economically thriving place to live and work?

All the downtown businesses depend on a safe and healthy environment there, and adult entertainment puts a lot of people off, and it will push a lot of people away from actually coming to that block. There is not a single positive thing that could result from this move.

I urge you to vote against this.

## Official submission to **PUBLIC MEETING: Adult Entertainment Body-Rub Parlour Relocation**

My submission on the second motion – rough summary:

I will be submitting my presentation regarding the first proposal by email, to be also entered into the record for this motion.

I am firmly opposed to an Adult Body Rub business.

I'd also like to counter what so far has seemed to be a very effective campaign by Ambiance to pull together lawyer, owner, workers, neighbours, and friends in support of them. It seems

their main complaint has been that they are legitimate workers supporting their families legitimately... However... It's all about location, plain and simple.

Councillor Fife Millar said one of the pillars in the City's strategic plan is making a safe place for women and girls. Approving an Adult Massage Parlour will NOT do that.

Jesse Helmer – councilor – said he's **not sure what the path of causing the least harm would be.** I submit that it's clear that the path of least harm is NOT putting this into Dundas Place.

One of the workers wrote - **If this location is not approved then Ambiance will close.** It's not up to the city to guarantee a business' viability.

Panic buttons in each room? – Well, that's not the type of business we want in that location.

No residents in the neighborhood? Single woman next door, two single men.

I repeat the same questions I posed in the first submission.

- 1. Do you want to turn Dundas Place into an adult entertainment zone?
- 2. Do they want increased prostitution in the downtown core?
- 3. Do you want to reduce your future tax base as a result of property values dropping?
- 4. Do you want to protect women (and men) from misogyny and exploitation?
- 5. Do want to make Dundas Place a safe and economically thriving place to live and work?

- 2. The demonstrated eligible construction costs include the fees to obtain a Building/Plumbing Permit for the eligible works and/or a Work Approval Permit, and efforts to coordinate inspection(s) identified in the permit, to achieve completed, Approved works that pass inspection(s) in full.

#### **Statement of Cultural Heritage Value or Interest**

The former Kent Brewery, at 197 Ann Street, is of cultural heritage value or interest because of its physical or design values, historical or associative values, and contextual values.

#### **Physical or Design Value**

The former Kent Brewery at 197 Ann Street is one of the oldest existing brewery buildings in Canada. It is an early example in the City of London (and province) of an industrial building typology and a rare example of a physically intact brewery from the mid-late-19th century. It is also a rare example of an early brewery site where the brewery building remains, and the brewer's house is also intact.

The brewery complex is representative of a mid-late 19th century vernacular, industrial commercial 'typology'. Parts of the building complex are visually discernable from the exterior, and include a primary building, old wash house, south extension, and a contemporary garage. The 2-storey 'primary building' is a simple, rectangular brick veneer building, of local buff brick, with a flat roof. The façade is relatively unadorned except for corbelled brick detailing expressed in the parapet. Many window and door openings are topped with brick voussoirs. There are several brick rounded 'Florentine' arches in the basement. The 1-storey 'old wash house' is a simple, rectangular building with a buff brick exterior. It has a similarly unadorned façade, with a flat roof sloping from the front to the rear.

Much of what is currently recognized as the former Kent Brewery is exhibited in the original primary building as well as the old wash house. Their overall profile, massing, and scale, and modest detailing appears as they did in the at the peak of the brewery's business c1905. Collectively, both buildings retain an authentic utilitarian expression of a functioning mid-late-19th- century brewery.

#### **Historical or Associative Values**

The Kent Brewery is one of the first breweries in London, and the third most significant historic brewery in the city after Carling's and Labatt's. The brewery is associated with the Hamilton brewing family, notably John Hamilton (who ran the brewery from 1861–1887), and his son, Joseph Hamilton (who ran the brewery from 1887–1917). There are also direct associations of the brewery with the adjacent Brewer's House at 183 Ann Street that was built by Joseph Hamilton around 1893 and occupied by him and his family until 1911. More broadly, the former Kent Brewery is closely tied to the culture and history of the North Talbot area and the Carling's Creek and CPR corridor. It's retention enhances our understanding and yields information on the development of industries and the people who lived and worked in the area during the mid-late-19th-century and early-20th-century.

#### **Contextual Values**

Physically and functionally the Kent Brewery is strongly linked to its context specifically to the lots immediately to the west that brewer John Hamilton owned, and brewer Joseph Hamilton built for his family residence at 183 Ann Street. Through the use of local buff brick, the brewery along with the brewer's house at 183 Ann Street and cottage at 179 Ann Street, collectively support the visual character of the area.

The Kent Brewery at 197 Ann Street is tied to the physical development of the surrounding area as a late-19th- and early-20th-century industrial and working-class neighbourhood. Its longevity within the neighbourhood, and the fact that it is the last remaining industrial building in Talbot North that sited to take advantage of Carling's Creek, makes it is one of the defining buildings of the Talbot North neighbourhood.

Finally, the Kent Brewery is significant to the historical context of the area because of its direct associations with the Hamilton Family that owned the brewery, and its links to the culture, history, industries and people of the North Talbot area and the Carling's Creek and CPR corridor and its development during the mid-late-19th-century and early-20th-century.

#### **Heritage Attributes**

Heritage attributes which support and contribute to the cultural heritage value or interest of the former Kent Brewery at 197 Ann Street include:

- Form, scale, massing and footprint collectively of the primary building and the old wash house
  - Exterior buff brick throughout
  - Brick voussoirs above principle windows
  - Existing window and door openings on the façade and east elevation of the primary building and façade of the old wash house;
  - Corbelled parapet detail on the primary building facade

The south extension and contemporary garage are not considered to be heritage attributes

### **Description of Property**

The municipal address at 183 Ann Street is located in the North Talbot area of the City of London, on a consolidated parcel comprising multiple municipal addresses located, at the southeast intersection of Ann and St. George Streets. The two-and-a-half-storey brick residence is located on Lot 5 of the consolidated parcel.

#### **Statement of Cultural Heritage Value or Interest**

The Brewer's House at 183 Ann Street, is of cultural heritage value or interest because of its physical or design values, historical or associative values, and contextual values.

#### **Physical or Design Value**

The Brewer's House at 183 Ann Street (c.1893) was built by Joseph Hamilton the brewmaster at the adjacent Kent Brewery from 1887-1916. It is a rare example of a house linked to an extant brewery where the adjacent brewer's house is also intact.

The house is a representative example of a late-19th-century residence with Queen Anne style influences. The form of the house comprises an intersecting hipped roof, and a front gable end which has horizontal siding and dentilled millwork detailing. The gable ends exhibit original bargeboard wood shingling outlined with moulded vergeboards, supported by wooden end brackets and a modillion course beneath. There is a small square gable window under the eaves with a pilaster. The double front doors have a carved wood inset with two arched windows, a stained-glass transom, and are covered by a shallow overhang. Windows openings on all visible elevations have brick voussoirs. On the west elevation is a bay window with stone lug sills. The bay is topped by a flat roof and the fascia board decoratively supported by small brackets/modillions.

#### **Historical or Associative Values**

The Brewer's House at 183 Ann Street has direct associations with the adjacent former Kent Brewery at 197 Ann Street and both John and Joseph Hamilton who operated the brewery from 1861-1916. John Hamilton occupied a frame structure on the property from 1862 until his death in 1887. The present brick residence on the property was built by Joseph Hamilton around 1893. Joseph Hamilton and his family continued to occupy the house until 1911. The residence functioned as the brewer's house for the brewery. The size and scale of the house shows the increased prosperity the Kent Brewery attained under Joseph Hamilton's leadership after John Hamilton's death in 1887. Between c1886 and 1916, the Kent Brewery was one of only three breweries in London, third to Labatt and Carling. Today, the former Kent Brewery (c. 1859-1881) may be one of the oldest existing brewery buildings (c.1859-1881), second only to Alexander Keith's Brewery in Halifax whose current ironstone brewery building was built in 1837.

Through its direct associations with the Kent Brewery at 197 Ann Street, the Brewer's House at 183 Ann Street contributes to an understanding of the significant brewing history in London-Middlesex. It is also linked to the culture and history of the North Talbot area and the Carling's Creek and CPR corridor standing as visible remains of the development of industries and the people who lived and worked in the area during the mid-late-19th-century and early-20th-century.

#### **Contextual Values**

The Brewer's House at 183 Ann Street is linked to the physical development of the surrounding area as a late-19th- and early-20th-century industrial and working-class neighbourhood. 183 Ann Street is characteristic of the variations in housing along Ann

Street and in the near vicinity, reflecting the diversity of people who lived in the area and worked in the major industries around Carling's Creek. Through its materiality (i.e. buff brick exterior) and early Hamilton Family ownership, the built resource at 183 Ann Street, along with the former Kent Brewery at 197 Ann Street and house at 179 Ann Street, all support the visual character of the area.

The Brewer's House at 183 Ann Street demonstrates: a) a visual link to its surroundings (specifically 197 and 179 Ann Street) through its common use of buff brick on the exteriors; b) a strong physical and functional relationship to its surroundings as the brewer's house located adjacent for the former Kent Brewery; and, c) a significant historical link to its surroundings through its direct associations with the former Kent Brewery and the Hamilton Family that owned the brewery, as well as its links to the culture, history, industries and people of the North Talbot area and the Carling's Creek and CPR corridor and to development during the mid-late-19th-century and early-20th-century.

## **Heritage Attributes**

Heritage attributes which support and contribute to the cultural heritage value or interest of the Brewer's House at 183 Ann Street include:

- Form, scale, and massing of the two-and-a-half storey Queen Anne Revival styled house
- Exterior buff brick throughout
- Two chimneys constructed of buff brick
- Shallow gabled roof profile with cross gable and two gable ends

- d) Provide a functional forecourt leading to the main entrance of the proposed building.

- b) Design the tower to include a high degree of fenestration in order to add interest and break-up the massing of the building.
- c) Increase the size & scale of proposed windows and use material change, balconies and articulation to break up the facades.
