Report to Corporate Services Committee

To: Chair and Members
Corporate Services Committee

From: Anna Lisa Barbon, CPA, CGA, Deputy City Manager, Finance Supports

Subject: 2023 Debenture Issuance Update

Date: April 24, 2023

Recommendation

That, on the recommendation of the Deputy City Manager, Finance Supports, the following actions **BE TAKEN**:

- a) the issuance of serial debentures for a total of \$21,500,000 **BE APPROVED**, noting the average all-in rate is 3.881% over a 10-year term and that all debt has been placed with investors in the capital markets; and,
- b) the attached proposed by-law (Appendix A) **BE INTRODUCED** at the Municipal Council meeting on April 25, 2023 to execute the borrowing upon serial debentures in the aggregate principal amount of \$21,500,000 towards the cost of certain capital works of the Corporation of the City of London.

Executive Summary

The City typically issues debt through the capital markets using a fiscal agent for complete projects, substantially complete projects, or projects for which a significant milestone has been achieved. Civic Administration has previously received authorization to proceed with the issuance of a serial 10-year debenture in the amount of \$21,500,000 representing the 2023 issuance. The purpose of this report is to obtain approval to enact the issuance of the \$21,500,000 debenture at an average all-in rate of 3.881% in the capital markets.

Linkage to the Corporate Strategic Plan

Council's 2019 to 2023 Strategic Plan for the City of London identifies "Leading in Public Service" as a strategic area of focus. Continuing to ensure the strength and sustainability of London's finances and adhering to the City of London's limit on authorized debt are strategies to maintain London's finances in a well-planned manner to balance equity and affordability over the long term. This 2023 Debenture Issuance report ensures that the proper mechanisms are in place to fund major capital projects while supporting intergenerational equity.

2.0 Discussion and Considerations

At its session on April 4, 2023, Municipal Council authorized the Deputy City Manager, Finance Supports to proceed with the issuance of debentures to provide permanent financing for capital works in an amount not to exceed \$21,500,000.

Starting April 5, 2023, with National Bank Financial Inc. as lead fiscal agent, the Corporation of the City of London launched a serial debenture issuance for \$21,500,000 with settlement on May 1, 2023. The issuance of serial debentures is structured with coupon rates ranging from 4.65% to 3.85% from one to ten years and a **net all-in rate of 3.881%** (including fiscal agency fees) over the 10-year term. Pricing occurred April 11, 2023.

Over the past five years, the City has issued a total of approximately \$184.4 million in debentures as follows:

Issuance Date	Amount of Issuance (\$)	Term (years)	All in Rate of Borrowing*
9-May-2022	21,000,000	10	3.56%
16-April-2021	23,000,000	10	1.82%
5-Jun-2020	36,000,000	10	1.67%
2-Apr-2019	49,380,000	10	2.66%
13-Mar-2018	55,000,000	10	2.98%
Total	184,380,000		

*All-in rate includes fees

2.1 Authorizing By-Law

The attached by-law, to be introduced at Municipal Council on Tuesday, April 25, 2023, will allow the City to borrow upon serial debentures for the debenture term and amount identified above. It will also authorize the Mayor or Deputy Mayor, City Treasurer and City Clerk to execute all documents and other papers in the name of the Municipality in order to carry out the issuance of the serial debentures and settlement of the issuance on May 1, 2023. The by-law is attached as **Appendix A** along with its corresponding schedules:

- Schedule A – Listing of projects to be financed by debenture;
- Schedule B – Debenture certificate and legal opinion provided by WeirFoulds LLP; and
- Schedule C – Repayment schedule.

It should be noted that Schedule A includes the same projects and amounts already approved by Council from the previous 2023 Debenture Issuance Report (CSC March 20, 2023). A summary from National Bank, the lead fiscal agent, providing an overview of the 2023 debt issuance, is attached as **Appendix B**.

3.0 Financial Impact/Considerations

The financial impact of this debenture issuance has been included in the 2020 to 2023 Multi-Year Budget and will also be incorporated in future Multi-Year Budget submissions. The City typically issues debentures on projects that are complete, substantially complete or projects for which a significant milestone has been achieved. All projects included in the debt issuance have debt previously authorized as a capital financing source, typically through the budget process. While interest rates are higher, the principal amount to be issued is lower than budgeted for 2023. The City, through its budgeting processes and associated policies related to debt (such as the application of a portion of year-end surpluses and surplus assessment growth revenues to reducing authorized but unissued debt), is able to proactively influence the management of debt issuances and total debt levels. However, the City is a participant in the capital markets and does not directly influence market rates. The City does not attempt to “time the market” and is generally an annual issuer in the traditional spring municipal issuance window. Despite the effect of higher rates, the total debt servicing cost is

accommodated with the existing established budget for 2023 due to the lower than budgeted amount of the debt issuance.

Furthermore, proceeds from our debt issuance will represent a cash replenishment to the City to aid in managing cash flows and maintaining its positive liquidity position as debt supported capital expenditures are first financed through general working capital until proceeds from the debenture issuance are settled.

4.0 Key Issues and Considerations

4.1. Settlement

The by-law attached as **Appendix A** is to be brought forward to April 25, 2023 Council to allow execution of all required documents so that the debenture issuance can be settled as scheduled on May 1, 2023. It is important to note that the City's debenture issuance has been placed with investors and priced within the capital markets. Effectively, the debentures have been 'sold' and the City is at the stage of executing all required steps to meet settlement requirements.

Conclusion

The City of London has been successful in placing its debt in capital markets during a volatile period. Although rates have increased since the City's last issuance in 2022, Civic Administration is not anticipating a negative budgetary impact on the City's debt servicing cost in 2023 due to the lower issuance amount in comparison to the budgeted issuance amount.

The City's 2023 debt issuance will provide the required long-term funding for the identified projects within Appendix A and aligns with the City's Debt Management Policy. This approval will provide the authorization to execute the necessary documentation to issue debentures through the capital markets and settle the issuance on May 1, 2023.

BY-LAW NO. D.-● -●

BY-LAW TO AUTHORIZE THE BORROWING UPON
INSTALMENT DEBENTURES IN THE AGGREGATE
PRINCIPAL AMOUNT OF \$21,500,000.00 TOWARDS
THE COST OF CERTAIN CAPITAL WORKS OF THE
CORPORATION OF THE CITY OF LONDON.

WHEREAS subsection 401 (1) of the *Municipal Act, 2001*, as amended (the “Act”) provides that a municipality may incur a debt for municipal purposes, whether by borrowing money or in any other way, and may issue debentures and prescribed financial instruments and enter prescribed financial agreements for or in relation to the debt;

AND WHEREAS subsection 408 (2.1) of the Act provides that a municipality may issue a debenture or other financial instrument for long-term borrowing only to provide financing for a capital work;

AND WHEREAS the Council of The Corporation of the City of London (the “City”) authorized each capital work of the City set out in Column (2) of Schedule “A” attached hereto and forming part of this By-law (“Schedule “A”) and the issue of debentures therefor in the respective principal amount specified in Column (3) of Schedule “A” (individually a “Capital Work”, collectively the “Capital Works”);

AND WHEREAS before authorizing each Capital Work and before authorizing any additional cost amount and any additional debenture authority in respect thereof, the Council of the City had its Treasurer calculate an updated limit in respect of its most recent annual debt and financial obligation limit received from the Ministry of Municipal Affairs and Housing in accordance with the applicable regulation. Prior to the Council of the City authorizing each Capital Work, each such additional cost amount and each such additional debenture authority, the Treasurer of the City determined that the estimated annual amount payable in respect of each Capital Work, each such additional cost amount and each such additional debenture authority, would not cause the City to exceed the updated limit and that the approval of each Capital Work, each such additional cost amount and each such additional debenture authority by the Ontario Land Tribunal or its predecessor pursuant to such regulation was not required;

AND WHEREAS to provide long-term financing for the Capital Works it is now deemed to be expedient to borrow money by the issue and sale of instalment debentures of the City in the aggregate principal amount of \$21,500,000.00 payable at the times and bearing interest at the rates hereinafter set forth, as agreed to by the City on April 11, 2023.

NOW THEREFORE the Council of The Corporation of the City of London hereby enacts as follows:

1. For the Capital Works, the borrowing upon the credit of the City at large of the aggregate principal amount of \$21,500,000.00 and the issue of instalment debentures therefor within the term of 10 years in denominations of \$1,000.00 and any integral multiples thereof, as hereinafter set forth, are hereby authorized.
2. The Mayor or the Deputy Mayor and the Treasurer of the City are hereby authorized to cause any number of instalment debentures in the aggregate principal amount of \$21,500,000.00, as described in section 1 above (the "Debentures"), payable in annual instalments of principal (May 1) with semi-annual instalments of interest thereon (May 1 and November 1, commencing on November 1, 2023) to be issued for such amounts of money as may be required for the Capital Works in global and definitive forms, not exceeding in total the said aggregate principal amount of \$21,500,000.00. The Debentures shall bear the City's municipal seal and the signatures of the Mayor or the Deputy Mayor and of the Treasurer of the City, all in accordance with the provisions of the Act. The Debentures are sufficiently signed if they bear the required signatures and each person signing has the authority to do so on the date he or she signs. The Debentures shall initially be issued in global fully registered form as one debenture certificate in the aggregate principal amount of \$21,500,000.00 substantially in the form of Schedule "B" attached hereto and forming part of this By-law (the "Global Debenture"). The Global Debenture shall initially be issued in the name of CDS & CO. as nominee of CDS Clearing and Depository Services Inc. ("CDS"), and shall provide for payment of principal and interest, electronically in final and irrevocable same-day funds in accordance with the applicable requirements of CDS, so long as the Global Debenture is held by CDS.
3. (1) The Debentures shall all be dated the 1st day of May, 2023, and as to both principal and interest shall be expressed and be payable in lawful money of Canada. The Debentures shall mature within the term of years set out in Column (6) of Schedule "A" and the respective amounts of interest or of principal and interest payable in each of the years during the currency of the Debentures shall be as set forth in Schedule "C" attached hereto and forming part of this By-law ("Schedule "C"). The Debentures maturing (principal payable) in the year 2024 shall bear interest at the rate of 4.65% per annum, the Debentures maturing (principal payable) in the year 2025 shall bear interest at the rate of 4.00% per annum, the Debentures maturing (principal payable) in the year 2026 shall bear interest at the rate of 3.75% per annum, the Debentures maturing

(principal payable) in the year 2027 shall bear interest at the rate of 3.65% per annum, the Debentures maturing (principal payable) in the year 2028 shall bear interest at the rate of 3.60% per annum, the Debentures maturing (principal payable) in the year 2029 shall bear interest at the rate of 3.65% per annum, the Debentures maturing (principal payable) in the year 2030 shall bear interest at the rate of 3.65% per annum, the Debentures maturing (principal payable) in the year 2031 shall bear interest at the rate of 3.70% per annum, the Debentures maturing (principal payable) in the year 2032 shall bear interest at the rate of 3.80% per annum and the Debentures maturing (principal payable) in the year 2033 shall bear interest at the rate of 3.85% per annum.

(2) Payments in respect of principal and interest on the Debentures shall be made only on a day on which banking institutions in Toronto, Ontario are not authorized or obligated by law or executive order to be closed (a "**Business Day**") and if any date for payment is not a Business Day, payment shall be made on the next following Business Day and no further interest shall be paid in respect of the delay in such payment.

4. Interest shall be payable to the date of maturity of the Debentures and on default shall be payable both before and after default and judgment. Any amounts payable by the City as interest on overdue principal or interest in respect of the Debentures shall be paid out of current revenue. Whenever it is necessary to compute any amount of interest in respect of the Debentures for a period of less than one full year, other than with respect to regular semi-annual interest payments, such interest shall be calculated on the basis of the actual number of days in the period and a year of 365 days or 366 days, if applicable.
5. In limited circumstances (as agreed to by both the City and CDS) the Global Debenture shall be exchangeable for certificated Debentures in definitive fully registered form in authorized denominations upon surrender of the Global Debenture to the Treasurer of the City provided that there is at least one definitive Debenture which matures in each of the remaining years of the currency of the Global Debenture. The definitive Debentures shall aggregate the same principal amount as the principal outstanding balance of the Global Debenture as of the record date for such exchange in accordance with the provisions of the Global Debenture, shall bear the same interest rates and maturity dates, shall bear all unmatured interest obligations and shall have the same benefits and be subject to the same terms and conditions as the Global Debenture (except insofar as they specifically relate to the Global Debenture). In issuing definitive Debentures no change shall be made in the amount which would otherwise be payable in each year under the Global Debenture. The

definitive Debentures shall be in fully registered form, payable as to principal and outstanding interest in lawful money of Canada at maturity upon presentation and surrender thereof at any specified branch in Canada of the City's bank designated in the definitive Debentures. Prior to maturity, the definitive Debentures shall be payable as to interest by cheque sent by mail to the registered addresses of the registered holders or, if authorized in writing, by electronic transfer.

6. In each year in which a payment of an instalment of interest or of principal and interest becomes due in respect of the Debentures there shall be raised as part of the general municipal levy the amounts of interest or of principal and interest payable in each year as set out in Schedule "C" to the extent that the amounts have not been provided for by any other available source including other taxes or fees or charges imposed on persons or property by a by-law of any municipality.
7. The Debentures may contain any provision for their registration thereof authorized by any statute relating to municipal debentures in force at the time of the issue thereof.
8. The City shall maintain a registry in respect of the Debentures in which shall be recorded the names and the addresses of the registered holders and particulars of the Debentures held by them respectively and in which particulars of the cancellations, exchanges, substitutions and transfers of Debentures may be recorded and the City is authorized to use electronic, magnetic or other media for records of or related to the Debentures or for copies of them.
9. The City shall not be bound to see to the execution of any trust affecting the ownership of any Debenture or be affected by notice of any equity that may be subsisting in respect thereof. The City shall deem and treat registered holders of the Debentures, including the Global Debenture, as the absolute owners thereof for all purposes whatsoever notwithstanding any notice to the contrary and all payments to or to the order of registered holders shall be valid and effectual to discharge the liability of the City on the Debentures to the extent of the amount or amounts so paid. Where a Debenture is registered in more than one name, the principal of and interest from time to time payable on such Debenture shall be paid to or to the order of all the joint registered holders thereof, failing written instructions to the contrary from all such joint registered holders, and such payment shall constitute a valid discharge to the City. In the case of the death of one or more joint registered holders, despite the foregoing provisions of this section, the principal of and interest on any Debentures

registered in their names may be paid to the survivor or survivors of such holders and such payment shall constitute a valid discharge to the City.

10. The Debentures are transferable or exchangeable at the office of the Treasurer upon presentation for such purpose accompanied by an instrument of transfer or exchange in a form approved by the City and which form is in accordance with the prevailing Canadian transfer legislation and practices, executed by the registered holder thereof or such holder's duly authorized attorney or legal personal representative, whereupon and upon registration of such transfer or exchange and cancellation of the Debenture or Debentures presented, the Mayor and the Treasurer shall issue and deliver a new Debenture or Debentures of an equal aggregate principal amount in any authorized denomination or denominations as directed by the transferor, in the case of a transfer or as directed by the registered holder in the case of an exchange.
11. The Mayor and the Treasurer shall issue and deliver new Debentures in exchange or substitution for Debentures outstanding on the registry with the same maturity dates and of like form which have become mutilated, defaced, lost, subject to a mysterious or unexplainable disappearance, stolen, destroyed or dematerialized, provided that the applicant therefor shall have: (a) paid such costs as may have been incurred in connection therewith; (b) (in the case when a Debenture is mutilated, defaced, lost, mysteriously or unexplainably missing, stolen, destroyed or dematerialized) furnished the City with such evidence (including evidence as to the certificate number of the Debenture in question) and an indemnity in respect thereof satisfactory to the City in its discretion; and (c) surrendered to the City any mutilated or defaced Debenture in respect of which new Debentures are to be issued in substitution.
12. The Debentures issued upon any registration of transfer or exchange or in substitution for any Debentures or part thereof shall carry all the rights to interest if any, accrued and unpaid which were carried by such Debentures or part thereof and shall be so dated and shall bear the same maturity dates and, subject to the provisions of this By-law, shall be subject to the same terms and conditions as the Debentures in respect of which the transfer, exchange or substitution is effected.
13. The cost of all transfers and exchanges, including the printing of authorized denominations of the new Debentures, shall be borne by the City. When any of the Debentures are surrendered for transfer or exchange the Treasurer of the City shall: (a) in the case of an exchange, cancel and destroy the Debentures surrendered for exchange; (b) in the case of an exchange, certify the cancellation and destruction in the

registry; (c) enter in the registry particulars of the new Debenture or Debentures issued in exchange as directed by the registered holder; and (d) in the case of a transfer, enter in the registry the name of the registered holder as directed by the transferor.

14. Subject to an agreement that the City may enter into to the contrary, reasonable fees may be imposed by the City for the substitution of a new Debenture or new Debentures for any of the Debentures that are mutilated, defaced, lost, mysteriously or unexplainably missing, stolen, destroyed or dematerialized and for the replacement of any of the interest cheques that are mutilated, defaced, lost, mysteriously or unexplainably missing, stolen or destroyed. When new Debentures are issued in substitution in these circumstances the City shall: (a) treat as cancelled and destroyed the Debentures in respect of which new Debentures will be issued in substitution; (b) certify the deemed cancellation and destruction in the registry; (c) enter in the registry particulars of the new Debentures issued in substitution; and (d) make a notation of any indemnities provided.
15. Except as otherwise expressly provided herein, any notice required to be given to a registered holder of one or more of the Debentures will be sufficiently given if a copy of such notice is mailed or otherwise delivered to the registered address of such registered holder.
16. (1) The Mayor or the Deputy Mayor and the Treasurer are hereby authorized to cause the Debentures to be issued and the execution of the purchase letter in respect of the Debentures, dated as at April 11, 2023, by the Treasurer (Deputy City Manager, Finance Supports and City Treasurer) is hereby ratified, confirmed and approved. One or more of the Treasurer and the City Clerk are hereby authorized to generally do all things and to execute all other documents and papers in the name of the City in order to carry out the sale of the Debentures through CDS's book entry only system and the Treasurer or the City Clerk, as the case may be, is authorized to affix the City's municipal seal to any of such documents and papers.

(2) The money received by the City from the sale of the Debentures, including any premium, and any earnings derived from the investment of that money, after providing for the expenses related to their issue, if any, shall be apportioned and applied to the Capital Works, and to no other purpose except as permitted by the Act.
17. The City reserves the right to issue additional instalment debentures of the same maturities, interest rates and terms and conditions.

18. Subject to the City's statement of investment policies and goals and the applicable legislation, the City may, if not in default under the Debentures, at any time purchase any of the Debentures in the open market or by tender or by private contract at any price and on such terms and conditions (including, without limitation, the manner by which any tender offer may be communicated or accepted and the persons to whom it may be addressed) as the City may in its discretion determine.
19. This By-law comes into force on the day it is passed.

The Global Debenture is enforceable against the Issuer subject to the special jurisdiction and powers of the Ontario Land Tribunal over defaulting municipalities under the *Municipal Affairs Act*, as amended. This opinion is subject to and incorporates all the assumptions, qualifications and limitations set out in our opinion letter delivered on the date of the Global Debenture.

HIGHLIGHTS

- This issue is the first syndicated serial bond transaction of 2023
- City's flexibility in timing resulted in a successful financing in an extremely challenging market environment
 - Dramatic interest rate moves over past 6 months have led to far less frequent, and notably brief, windows of opportunity for borrowers to access debt capital markets.
 - City's opportune timing enabled it to secure a cost of borrowing that was 60bps lower than what would have prevailed just 4 weeks earlier.
- Notwithstanding the market volatility and uncertainty, the City benefited from improving financial conditions as the situation has been gradually improving over past few weeks.
 - City secured credit spreads (vs. ONT curve) tighter than the last "Aaa" rated serial bond issuer was able to achieve
- Deal was placed with 5 different institutional investors
 - One US insurer bought a large portion of the deal

HISTORIC NEW ISSUE YIELD LEVELS FOR A TYPICAL 10-YR ONTARIO MUNICIPAL DEBENTURE

City of London

HOW THE CITY'S COST OF BORROWING IS DETERMINED:

1. The City's cost of borrowing for each tranche is calculated separately
 - a. i.e. for this serial financing, we would have made 10 separate pricing calculations - one for each of the 10 maturities
2. Four Steps
 - a. We start by determining the yield on a Gov't of Canada bond ("GoC") with a similar term to maturity
 - b. We then add the Ontario ("ONT") credit "spread" ("spread" = difference between a GoC yield and ONT yield with similar maturity)
 - c. We then add the "spread" at which the London bond would trade over the corresponding ONT to come up with the yield at which we sell this specific bond to investors
 - d. Finally, we add the dealer fees, which will give us the Net Cost of Borrowing to the City for this specific bond.
3. Example: Using the May 1, 2033 maturity

Gov't Cda 2.5% Dec 1, 2032	2.913%
+ Prov ONT credit spread (for a May 1, 2033 maturity)	0.790%
+ City of London credit spread (for a May 1, 2033 maturity)	0.170%
Yield to Investor	<hr/> 3.873%
+ Add Fees	0.092%
City's Net Cost of Borrowing	<hr/> 3.965%

4. This pricing calculation is carried out for each individual tranche (i.e. for all ten separate maturities) and the weighted aggregation of all ten costs of borrowing produces an average cost of borrowing for the entire financing - in this case 3.881%
