## Report to Community and Protective Services Committee

**To:** Chair and Members  
Community and Protective Services Committee

**From:** Cheryl Smith  
Deputy City Manager, Neighbourhood and Community-Wide Services

**Subject:** Carling Heights Optimist Community Centre and McMahan Park Engagement Results

**Date:** May 2, 2023

## Recommendation

That, on the recommendation of the Deputy City Manager of Neighbourhood and Community-Wide Services:

- a) The short-term project, multi use pad/outdoor ice rink, identified through resident engagement near the Carling Heights Optimist Community Centre Assessment Centre **BE ENDORSED**;
- b) The budget for the short-term project, multi use pad/outdoor ice rink on the current basketball court beside the community centre, **BE APPROVED** in accordance with the Sources of Financing Report attached hereto as Appendix "A"; and,
- c) Civic Administration **BE DIRECTED** to proceed with implementation of the multi use pad/outdoor ice rink, it being noted that this work will be undertaken in accordance with the Procurement of Goods and Services Policy.

## Executive Summary

As a way for the City of London to express gratitude to the Londoners who use the Carling Heights Optimist Community Centre (CHOCC) for hosting a COVID-19 Assessment Centre for over two years, Civic Administration undertook an engagement process to find out what residents would like to see as enhancements, activities, or events in and around the community centre and in McMahan Park. Residents submitted ideas, and then voted on which ideas they would like to see implemented most. Residents voted on both short-term and long-term ideas. The short-term idea that received the most votes was a multi use pad/outdoor ice rink located on the current basketball court beside the community centre, while the long-term idea that received the most votes was a spray pad in McMahan Park.

## Linkage to the Corporate Strategic Plan

Community engagement is aligned with the following strategic area of focus, as presented in the City of London Strategic Plan 2019-2023.

- Strengthening Our Community – Londoners are engaged and have a sense of belonging in their neighbourhoods and community.

## Analysis

### 1.0 Background Information

#### 1.1 Previous Reports Related to this Matter

- [Oakridge Resident Engagement Results \(March 29, 2022\)](#)

#### 1.1 Background and Purpose

At its meeting held on August 10, 2021, Municipal Council resolved that the following actions be taken with respect to the communication, dated July 6, 2021, from Councillors S. Lehman and J.

Helmer and Mayor E. Holder, related to Recognizing the Impact of Hosting COVID-19 Assessment Centres at Oakridge Arena and Carling Heights Optimist Community Centre:

- a) the Civic Administration **BE DIRECTED** to consult residents, especially those close to the COVID-19 assessment centres, about priorities for new recreational amenities or upgrades to existing recreational amenities in the general area; and,
- b) the Civic Administration **BE DIRECTED** to explore potential provincial and federal funding opportunities for recreational infrastructure and to report back with recommended new or upgraded recreational amenities in the general area of both testing centres, along with a recommended source of financing.

The purpose of this report is to:

- outline the process taken to engage residents who use Carling Heights Optimist Community Centre and McMahan Park; and,
- provide the results of the engagement, including the recommended project to implement.

## 2.0 Discussion and Considerations

### 2.1 Resident Engagement Process and Results

In response to Council's direction, a resident engagement process was launched in December 2022 after the Carling Heights Optimist Community Centre re-opened in early October of that year. The engagement promoted opportunities for residents who live in neighbourhoods near the Carling Heights Optimist Community Centre to share ideas of what they would like to see as enhancements, activities, or events as a thank you for hosting a COVID-19 Assessment Centre. The process was called "Friends of Carling Heights Optimist Community Centre Decide" and was modelled after the Neighbourhood Decision Making engagement process.

From December 2, 2022, to March 31, 2023, the Friends of Carling Heights Optimist Community Centre Decide engagement was implemented in two phases, focusing on residents within the geographical area from Huron Street to Adelaide Street North to Dundas Street to Highbury Avenue North. This boundary was developed based on Carling Heights Optimist Community Centre registered program participant information.

#### Phase I: Idea Submission

Residents were invited to share ideas for enhancements they would like to see in their neighbourhood between December 2, 2022, and January 31, 2023. Ideas were submitted through the City's engagement website which provided residents with the opportunity to engage both with Civic Administration and each other. Ideas were then vetted by City Staff for feasibility.

#### Phase II: Vote on Top Ideas

Feasible ideas were added to a survey through which Friends of Carling Heights Optimist Community Centre could vote for their top ideas. Voting options included: online, over the phone, or in person from February 16 to March 31, 2023. All residents, regardless of their age were invited to vote.

A number of promotional tactics were used to reach residents, including:

- creation and promotion of a unique engagement webpage ([getinvolved.london.ca/carling](http://getinvolved.london.ca/carling)) that acted as a central location for all updates and engagement opportunities;
- in-person engagement at Carling Heights Optimist Community Centre;
- postcards mailed to houses in Carling and surrounding neighbourhoods;
- targeted social media promotion; and,
- emails to residents and community groups.

Participants were asked to choose up to three short-term ideas and one long-term idea. This resulted in a total of 1,303 short-term votes and 467 long-term votes.

## Winning Ideas

### Short-term

Short-term ideas were defined as projects that require less resources and can likely be completed within 2 years.

The short-term idea that received the most votes was a multi use pad/outdoor ice rink on the current basketball court beside the community centre. Residents were advised that the ice rink would operate under the Neighbourhood-Managed Ice Rink Program and be dependent on community volunteers to operate.

### Long-term

Long-term ideas were defined as projects that will take longer than 2 years to complete and may be contingent on additional funding from other levels of government, securing a suitable location, construction approval processes and public engagement.

The long-term idea that received the most votes was a spray pad in McMahan Park. The Parks and Recreation Master Plan projects that five additional spray pads (for a total of 21) will be required by 2039.

For the full list of submitted ideas and how many votes they received please see [Appendix B](#).

## 3.0 Financial Impact/Considerations

The estimated cost to implement the new multi use pad/outdoor ice rink on the current basketball court beside the community centre is \$200,000. [Appendix A](#) outlines the source of financing, that subject to the approval of the recommendations in this report, will be used to establish a budget and capital project for this amount. This work will be procured in accordance with the Procurement of Goods and Services Policy, not to exceed the \$200,000 budget. This project will not result in additional operating costs because it is an existing park amenity.

## 4.0 Next Steps

Pending Council's approval, Civic Administration will aim to add a multi use pad/outdoor ice rink on the current basketball court beside the community centre within the next two years. Civic Administration will also explore other funding opportunities including potential provincial and federal funding for the long-term project, a spray pad in McMahan Park as they become available.

## Conclusion

Carling and surrounding neighbourhood residents expressed their appreciation for the opportunity to receive an enhancement in their neighbourhood as a thank you for hosting a COVID-19 Assessment Centre. In addition, positive comments were received about the engagement process and opportunities to contribute. The idea to upgrade the multi use pad/outdoor ice rink on the current basketball court beside the community centre was well-received. The information gathered from residents about what they would like to see in their neighbourhood will be shared across Service Areas to help inform future planning.

## Report to Dearness Home Committee of Management

To: **Chair and Members  
Community and Protective Services Committee**

From: **Kevin Dickins, Deputy City Manager, Social and Health  
Development**

Subject: **2023-2024 Long-Term Care Home Service Accountability  
Agreement between the Corporation of the City of London  
(Dearness Home) and Ontario Health**

Date: **May 2, 2023**

## Recommendation

That, on the recommendation of the Deputy City Manager, Social and Health Development the attached proposed By-law (Appendix A) **BE INTRODUCED** at the at the Municipal Council meeting of May 16, 2023 to:

- a) **APPROVE** the Long Term Care Home Service Accountability Agreement for the period April 1, 2023 to March 31, 2024 attached as schedule 1 with Ontario Health: and
- b) **AUTHORIZE** the Mayor and the City Clerk to execute the agreement approved in (a) above

## Executive Summary

It was a requirement of the *Local Health System Integration Act, 2006* that a Local Health Integration Network (LHIN) have a service accountability agreement (SAA) in place with each Health Service Provider (HSP) that it funds. The SAA for the long-term care sector is called the Long-Term Care Home Service Accountability Agreement (L-SAA). On March 26, 2019, Council approved a three year L-SAA agreement with the South West LHIN for the Dearness Home for the period April 1, 2019 to March 31, 2022.

On March 17, 2021, the Honourable Christine Elliott, Deputy Premier and Minister of Health, issued a series of orders transferring the Local Health Integration Networks' (LHINs') health system planning and funding functions to Ontario Health, an agency of the Province, established under the *Connecting Care Act, 2019*. Accordingly, as of April 1, 2021, Ontario Health assumed all rights and obligations in respect of the service accountability agreements entered into by South West LHIN with the Corporation of the City of London. Aside from the assumption of these agreements by Ontario Health, all of their terms and conditions remained the same.

On March 4<sup>th</sup> 2022, Ontario Health West wrote to the Deputy City Manager, Social and Health Development to provide notice that the 2019-2022 L-SAA would be extended to March 31<sup>st</sup>, 2023. They also asked that The Corporation of the City of London accept and agree by signing and returning the Extending Letter. Subsequently, on March 22<sup>nd</sup> 2022, as allowed under Document Execution By-law A-1, the Extending letter was signed by the Deputy Mayor and the City Clerk and returned to Ontario Health.

Consistent with previous versions of the L-SAA, the 2023-2024 L-SAA sets out the terms under which Ontario Health provides funding to the City of London for the delivery of Long Term Care services at Dearness Home. It also confirms the reporting, performance, planning and health system integration obligations that the City must adhere to.

Under clause 10.3 the L-SAA agreement there is an indemnification obligation that could create a potentially unlimited liability for the City. The benefits of the Agreement outweigh the risks and the City mitigates the risks through project management and control measures, liability transfers and applicable insurance.

Although the proposed new L-SAA was released by Ontario Health on March 24, 2023 with a request that the Health Service Provider (HSP) (The City of London) return the Board-approved and signed copy of the Agreement by March 30, 2023, the L-SAA was only received by Dearness Home on April 20, 2023. Ontario Health allows for late submission of the signed L-SAA where the HSP is unable to meet the deadline, provided a statement of intent is sent to Ontario Health, confirming that the HSP intends to sign the L-SAA and the date on which the City will approve it. On April 21<sup>st</sup>, 2023 the Deputy City Manager, Social and Health Development submitted the statement of intent to sign and informed Ontario Health that the L-SAA will be presented to Community and Protective Services Committee of Council for approval at its meeting on May 2, 2023.

### **2.0 Financial Impact/Considerations**

The Long-Term Care Home Service Accountability Agreement is essential to the continuity of all long-term care funding. Total funding in relation to this agreement from April 1 – December 31, 2023 is \$13M, with future annual funding estimated at \$18M.

## **Conclusion**

To ensure continuity of funding for long-term care services, it is the recommendation of the Deputy City Manager, Social and Health Development that the Major and City Clerk be authorized by the Community and Protective Services Committee to execute the L-SAA agreement with Ontario Health for the Dearness Home for Senior Citizens for the period of April 1, 2023 to March 31, 2024.

**AND**

**The Corporation of the City of London** (the “HSP”)

**IN RESPECT OF:**

**Dearness Home for Senior Citizens** located at

**710 Southdale Road East, London, ON N6E 1R8**

**Background:**

This service accountability agreement is entered into pursuant to the *Connecting Care Act, 2019* (the “CCA”).

The HSP and the Funder are committed to working together, and with others, to achieve evolving provincial priorities including building a connected and sustainable health care system centred around the needs of patients, their families and their caregivers.

The Funder recognizes municipalities as responsible and accountable governments with respect to matters within their jurisdiction. The Funder acknowledges the unique character of municipal governments that are funded health service providers (each a “**Municipal HSP**”) under the Provincial Long-Term Care Home Service Accountability Agreement template (the “**LSAA**”), and the challenges faced by Municipal HSPs in complying with the terms of the LSAA, given the legal framework under which they operate. The Funder further recognizes and acknowledges that where a Municipal HSP faces a particular challenge in meeting its obligations under the LSAA due to its responsibilities as a municipal government or the legal framework under which it operates, it may be appropriate for the Funder to consult with the Municipal HSP and to use reasonable efforts to resolve the issue in a collaborative way that respects the municipal government while operating under the LSAA as a Municipal HSP.

In this context, the HSP and the Funder agree that the Funder will provide funding to the HSP on the terms and conditions set out in this Agreement to enable the provision of services to the health system by the HSP.

and such other principles as may be articulated in Applicable Law or Applicable Policy from time to time.

In the event that Schedule B is amended over the term of this Agreement and the Funder is able to provide the HSP with multi-year planning targets, the HSP acknowledges that these targets:
  - (1) are targets only;
  - (2) are provided solely for the purposes of planning;
  - (3) are subject to confirmation; and
  - (4) may be changed at the discretion of the Funder.

The HSP will proactively manage the risks associated with multi-year planning and the potential changes to the planning targets.

The Funder agrees that it will communicate any material changes to the planning targets as soon as reasonably possible.

- (b) **Funder Evaluation of the Pre-proposal.** Use of the pre-proposal process is not formal Notice of a proposed integration under the Enabling Legislation. Funder consent to develop the project concept outlined in a pre-proposal does not constitute approval to proceed with the project. Nor does the Funder consent to develop a project concept presume the issuance of a favourable decision, should such a decision be required by the Enabling Legislation. Following the Funder's review and evaluation, the HSP may be invited to submit a detailed proposal and a business plan for further analysis. Guidelines for the development of a detailed proposal and business case will be provided by the Funder.
- (c) Where an HSP integrates its services with those of another person and the integration relates to services funded in whole or in part by the Funder, the HSP will follow the provisions of the Enabling Legislation. - (c) The Funder may terminate the designation of the convalescent care Beds at any time by giving at least 6 months' prior Notice to the HSP. Upon receipt of any such Notice, the HSP shall, within the timeframe set out in the Notice, provide the Funder with:
  - (1) a detailed transition plan, satisfactory to the Funder acting reasonably, setting out the dates, after the end of the 6-month Notice period, on which the HSP plans to terminate the designation of each convalescent care Bed and, if required by the Notice, to revert same to a long-stay Bed; and,

- (2) a detailed explanation of the factors considered in the selection of those dates.

The designation of a convalescent care Bed will terminate, and if applicable revert to a long-stay Bed on the date, after the 6-month Notice period, on which the Resident who is occupying that convalescent care Bed at the end of the Notice period has been discharged from that Bed, unless otherwise agreed by the Funder and the HSP.

- (c) determine the steps to be taken to remedy or mitigate the impact of the Performance Factor (the "Performance Improvement Process").

**7.4 The Performance Improvement Process.**

- (a) The Performance Improvement Process will focus on the risks of non-performance and problem-solving. It may include one or more of the following actions:
  - (1) a requirement that the HSP develop and implement an improvement

- (2) plan that is acceptable to the Funder;
- (2) the conduct of a Review;
- (3) an amendment of the HSP's obligations; and
- (4) an in-year, or year end, adjustment to the Funding,

among other possible means of responding to the Performance Factor or improving performance.

- (b) Any performance improvement process begun under a prior service accountability agreement that was not completed under the prior agreement will continue under this Agreement. Any performance improvement required by a Funder under a prior service accountability agreement will be deemed to be a requirement of this Agreement until fulfilled or waived by the Funder.

**7.5 Factors Beyond the HSP's Control.** Despite the foregoing, if the Funder, acting reasonably, determines that the Performance Factor is, in whole or in part, a Factor Beyond the HSP's Control:

- (a) the Funder will collaborate with the HSP to develop and implement a mutually agreed upon joint response plan which may include an amendment of the HSP's obligations under this Agreement;
- (b) the Funder will not require the HSP to prepare an Improvement Plan; and
- (c) the failure to meet an obligation under this Agreement will not be considered a breach of this Agreement to the extent that failure is caused by a Factor Beyond the HSP's Control.

## **ARTICLE 8.0 - REPORTING, ACCOUNTING AND REVIEW**

### **8.1 Reporting.**

- (a) **Generally.** The Funder's ability to enable the health system to provide appropriate, co-ordinated, effective and efficient health services, is heavily dependent on the timely collection and analysis of accurate information. The HSP acknowledges that the timely provision of accurate information related to the HSP, its Residents and its performance of its obligations under this Agreement, is under the HSP's control.
- (b) **Specific Obligations.** The HSP:
  - (1) will provide to the Funder, or to such other entity as the Funder may direct, in the form and within the time specified by the Funder, the Reports other than personal health information as defined in the Enabling Legislation, that the Funder requires for the purposes of exercising its powers and duties under this Agreement or the Enabling Legislation or for the purposes that are prescribed under any Applicable Law;
  - (2) will comply with the applicable reporting standards and requirements in both Chapter 9 of the Ontario Healthcare Reporting Standards and the RAI MDS Tools;
  - (3) will fulfil the specific reporting requirements set out in Schedule C;
  - (4) will ensure that every Report is complete, accurate, signed on behalf

of the HSP by an authorized signing officer where required and provided in a timely manner and in a form satisfactory to the Funder; and

- (5) agrees that every Report submitted to the Funder by or on behalf of the HSP, will be deemed to have been authorized by the HSP for submission.

For certainty, nothing in this section 8.1 or in this Agreement restricts or otherwise limits the Funder's right to access or to require access to personal health information as defined in the Enabling Legislation, in accordance with Applicable Law for purposes of carrying out the Funder's statutory objects to achieve the purposes of the Enabling Legislation.

- (c) **RAI MDS.** Without limiting the foregoing, the HSP
  - (1) will conduct quarterly assessments of Residents, and all other assessments of Residents required by the RAI MDS Tools, using the RAI MDS Tools;
  - (2) will ensure that the RAI MDS Tools are used correctly to produce an accurate assessment of the HSP's Residents ("RAI MDS Data");
  - (3) will submit the RAI MDS Data to the Canadian Institute for Health Information ("CIHI") in an electronic format at least quarterly in accordance with the submission guidelines set out by CIHI; and
  - (4) acknowledges that if used incorrectly, the RAI MDS Tools can increase Funding beyond that to which the HSP would otherwise be entitled. The HSP will therefore have systems in place to regularly monitor, evaluate and where necessary correct the quality and accuracy of the RAI MDS Data.
- (d) **Quality Improvement Plan.** The HSP will submit a Quality Improvement Plan to Ontario Health that is aligned with this Agreement and supports health system priorities.
- (e) **CEO Changes.** The HSP will immediately notify the Funder if it becomes aware that the HSP's CEO will depart the organization.
- (f) **French Language Services.** If the HSP is required to provide services to the public in French under the provisions of the *FLSA*, the HSP will be required to submit a French language services report to the Funder. If the HSP is not required to provide services to the public in French under the provisions of the *FLSA*, it will be required to provide a report to the Funder that outlines how the HSP addresses the needs of its local Francophone community.
- (g) **Declaration of Compliance.** On or before March 1 of each Funding Year, the Board will issue a Compliance Declaration declaring that the HSP has complied with the terms of this Agreement. The form of the declaration is set out in Schedule E and may be amended by the Funder from time to time through the term of this Agreement.
- (h) **Financial Reductions.** Notwithstanding any other provision of this Agreement, and at the discretion of the Funder, the HSP may be subject to a financial reduction if any of the Reports are received after the due date, are incomplete, or are inaccurate where the errors or delay were not as a result of Funder actions or inaction or the actions or inactions of persons acting on behalf of the Funder. If assessed, the financial reduction will be as follows:

- (1) if received within 7 Days after the due date, incomplete or inaccurate, the financial penalty will be the greater of (1) a reduction of 0.02 percent (0.02%) of the Funding; or (2) two hundred and fifty dollars (\$250.00); and
- (2) for every full or partial week of non-compliance thereafter, the rate will be one half of the initial reduction.

## **8.2 Reviews.**

- (a) During the term of this Agreement and for 7 years after the term of this Agreement, the HSP agrees that the Funder or its authorized representatives may conduct a Review of the HSP to confirm the HSP's fulfillment of its obligations under this Agreement. For these purposes the Funder or its authorized representatives may, upon 24 hours' Notice to the HSP and during normal business hours enter the HSP's premises to:
  - (1) inspect and copy any financial records, invoices and other finance-related documents, other than personal health information as defined in the Enabling Legislation, in the possession or under the control of the HSP which relate to the Funding or otherwise to the Services; and
  - (2) inspect and copy non-financial records, other than personal health information as defined in the Enabling Legislation, in the possession or under the control of the HSP which relate to the Funding, the Services or otherwise to the performance of the HSP under this Agreement.
- (b) The cost of any Review will be borne by the HSP if the Review (1) was made necessary because the HSP did not comply with a requirement under the Act or this Agreement; or (2) indicates that the HSP has not fulfilled its obligations under this Agreement, including its obligations under Applicable Law and Applicable Policy.
- (c) To assist in respect of the rights set out in (a) above the HSP shall disclose any information requested by the Funder or its authorized representatives, and shall do so in a form requested by the Funder or its authorized representatives.
- (d) The HSP may not commence a proceeding for damages or otherwise against any person with respect to any act done or omitted to be done, any conclusion reached or report submitted that is done in good faith in respect of a Review.

## **8.3 Document Retention and Record Maintenance.** The HSP will

- (a) retain all records (as that term is defined in FIPPA) related to the HSP's performance of its obligations under this Agreement for 7 years after the termination or expiration of the term of this Agreement. The HSP's obligations under this section will survive any termination or expiry of this Agreement;
- (b) keep all financial records, invoices and other finance-related documents relating to the Funding or otherwise to the Services in a manner consistent with either generally accepted accounting principles or international financial reporting standards as advised by the HSP's auditor; and
- (c) keep all non-financial documents and records relating to the Funding or otherwise to the Services in a manner consistent with all Applicable Law.

#### 8.4 Disclosure of Information.

- (a) **FIPPA.** The HSP acknowledges that the Funder is bound by FIPPA and that any information provided to the Funder in connection with this Agreement may be subject to disclosure in accordance with FIPPA.
- (b) **Confidential Information.** The parties will treat Confidential Information as confidential and will not disclose Confidential Information except with the consent of the disclosing party or as permitted or required under FIPPA, the *Municipal Freedom of Information and Protection of Privacy Act*, the *Personal Health Information Protection Act, 2004*, the Act, court order, subpoena or other Applicable Law. Notwithstanding the foregoing, the Funder may disclose information that it collects under this Agreement in accordance with the Enabling Legislation.

**8.5. Transparency.** The HSP will post a copy of this Agreement and each Compliance Declaration submitted to the Funder during the term of this Agreement in a conspicuous and easily accessible public place at the Home and on its public website if the HSP operates a public website.

**8.6 Auditor General.** For greater certainty the Funder's rights under this article are in addition to any rights provided to the Auditor General under the *Auditor General Act* (Ontario).

- 10.2 Same.** For greater certainty and without limiting section 10.1, the Funder is not liable for how the HSP and the HSP's Personnel and Volunteers carry out the Services and is therefore not responsible to the HSP for such Services. Moreover, the Funder is not contracting with or employing any HSP's Personnel and Volunteers to carry out the terms of this Agreement. As such, it is not liable for contracting with, employing or terminating a contract with or the employment of any HSP's Personnel and Volunteers required to carry out this Agreement, nor for the withholding, collection or payment of any taxes, premiums, contributions or any other remittances due to government for the HSP's Personnel and Volunteers required by the HSP to carry out this Agreement.

## ARTICLE 11.0 – TERMINATION

### 11.1 Termination by the Funder.

- (a) **Immediate Termination.** The Funder may terminate this Agreement immediately upon giving Notice to the HSP if:

- (1) the HSP is unable to provide or has discontinued the Services in whole or in part or the HSP ceases to carry on business;

  - (4) the Home has been closed in accordance with the Act; or
  - (5) as provided for in section 4.5, the Funder does not receive the necessary funding from the Ministry.
- (b) **Termination in the Event of Financial Difficulties.** If the HSP makes an assignment, proposal, compromise, or arrangement for the benefit of creditors, or is petitioned into bankruptcy, or files for the appointment of a receiver the Funder will consult with the Director before determining whether this Agreement will be terminated. If the Funder terminates this Agreement because a person has exercised a security interest as contemplated by section 107 of the Act, the Funder would expect to enter into a service accountability agreement with the person exercising the security interest or the receiver or other agent acting on behalf of that person where the person has obtained the Director's approval under section 110 of the Act and has met all other relevant requirements of Applicable Law.
- (c) **Opportunity to Remedy Material Breach.** If an HSP breaches any material provision of this Agreement, including, but not limited to, the reporting requirements in Article 8 and the representations and warranties in Article 10 and the breach has not been satisfactorily resolved under Article 7, the Funder will give the HSP Notice of the particulars of the breach and of the period of time within which the HSP is required to remedy the breach. The Notice will advise the HSP that the Funder may terminate this Agreement:
- (1) at the end of the Notice period provided for in the Notice if the HSP fails to remedy the breach within the time specified in the Notice; or
  - (2) prior to the end of the Notice period provided for in the Notice if it becomes apparent to the Funder that the HSP cannot completely remedy the breach within that time or such further period of time as the Funder considers reasonable, or the HSP is not proceeding to remedy the breach in a way that is satisfactory to the Funder; and
- the Funder may then terminate this Agreement in accordance with the Notice.

## 11.2 Termination of Services by the HSP.

- (a) Except as provided in section 11.2(b) and (c) below, the HSP may terminate this Agreement at any time, for any reason, upon giving the Funder at least six months' Notice.
- (b) Where the HSP intends to cease providing the Services and close the Home, the HSP will provide Notice to the Funder at the same time the HSP is required to provide Notice to the Director under the Act. The HSP will ensure that the closure plan required by the Act is acceptable to the Funder.

- (c) Where the HSP intends to cease providing the Services as a result of an intended sale or transfer of a Licence in whole or in part, the HSP will comply with section 6.3 of this Agreement.

**11.3 Consequences of Termination.**

- (a) If this Agreement is terminated pursuant to this Article, the Funder may:
  - (1) cancel all further Funding instalments;
  - (2) demand the repayment of any Funding remaining in the possession or under the control of the HSP;
  - (3) determine the HSP's reasonable costs to wind down the Services;  
and
  - (4) permit the HSP to offset the costs determined pursuant to section (3), against the amount owing pursuant to section (2).
- (b) Despite (a), if the cost determined pursuant to section 11.3(a) (3) exceeds the Funding remaining in the possession or under the control of the HSP the Funder will not provide additional monies to the HSP to wind down the Services.

**11.4 Effective Date.** Termination under this Article will take effect as set out in the Notice.

**11.5 Corrective Action.** Despite its right to terminate this Agreement pursuant to this Article, the Funder may choose not to terminate this Agreement and may take whatever corrective action it considers necessary and appropriate, including suspending Funding for such period as the Funder determines, to ensure the successful completion of the Services in accordance with the terms of this Agreement.

- 14.5 Parties Independent.** The parties are and will at all times remain independent of each other and are not and will not represent themselves to be the agent, joint venturer, partner or employee of the other. No representations will be made or acts taken by either party which could establish or imply any apparent relationship of agency, joint venture, partnership or employment and neither party will be bound in any manner whatsoever by any agreements, warranties or representations made by the other party to any other person or entity, nor with respect to any other action of the other party.

- 14.6 Funder is an Agent of the Crown.** The parties acknowledge that the Funder is an agent of the Crown and may only act as an agent of the Crown in accordance with the provisions of the Enabling Legislation. Notwithstanding anything else in this Agreement, any express or implied reference to the Funder providing an indemnity or any other form of indebtedness or contingent liability that would directly or indirectly increase the indebtedness or contingent liabilities of the Funder or of Ontario, whether at the time of execution of this Agreement or at any time during the term of this Agreement, will be void and of no legal effect.
- 14.7 Express Rights and Remedies Not Limited.** The express rights and remedies of the Funder are in addition to and will not limit any other rights and remedies available to the Funder at law or in equity. For further certainty, the Funder has not waived any provision of any applicable statute, including the Act and the Enabling Legislation, nor the right to exercise its rights under these statutes at any time.
- 14.8 No Assignment.** The HSP will not assign this Agreement or the Funding in whole or in part, directly or indirectly, without the prior written consent of the Funder which consent shall not be unreasonably withheld. No assignment or subcontract shall relieve the HSP from its obligations under this Agreement or impose any liability upon the Funder to any assignee or subcontractor. The Funder may assign this Agreement or any of its rights and obligations under this Agreement to any one or more agencies or ministries of His Majesty the King in right of Ontario and as otherwise directed by the Ministry.
- 14.9 Governing Law.** This Agreement and the rights, obligations and relations of the parties hereto will be governed by and construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein. ## Schedule B

### Additional Terms and Conditions Applicable to the Funding Model

**1.0 Background.** Ontario Health provides subsidy funding to long-term care home health service providers pursuant to a funding model set by MOH and MLTC. The current model provides estimated per diem funding that is subsequently reconciled. The current funding model is under review and may change during the Term (as defined below). As a result, and for ease of amendment during the Term, this Agreement incorporates certain terms and conditions that relate to the funding model in this Schedule B.

**2.0 Additional Definitions.** Any terms not otherwise defined in this Schedule have the same meaning attributed to them in the main body of this Agreement. The following terms have the following meanings:

**“Allowable Subsidy”** refers to Allowable Subsidy as defined in s. 1 of Reg. 200/21 under Connecting Care Act, 2019.

**“Construction Funding Subsidy”** or **“CFS”** means the funding that the MOH and MLTC agreed to provide, or to ensure the provision of, to the HSP, in an agreement for the construction, development, redevelopment, retrofitting or upgrading of beds (a **“Development Agreement”**).

**“CFS Commitments”** means

- (a) commitments of the HSP related to a Development Agreement, identified in Schedule A of the service agreement in respect of the Home in effect between the HSP and the funder and
- (b) commitments of the HSP identified in a Development Agreement in respect of beds that were developed or redeveloped and opened for occupancy (including, without limitation, any commitments set out in the HSP’s Application as defined in the Development Agreement, and any conditions agreed to in the Development Agreement in respect of any permitted variances from standard design standards.)

**“Envelope”** is a portion of the Estimated Provincial Subsidy that is designated for a specific use. There are four Envelopes in the Estimated Provincial Subsidy as follows:

- (a) the “Nursing and Personal Care” Envelope;
- (b) the “Program and Support Services” Envelope;
- (c) the “Raw Food” Envelope; and
- (d) the “Other Accommodation” Envelope.

**“Estimated Provincial Subsidy”** means the estimated provincial subsidy to be provided by Ontario Health to an HSP calculated in accordance with Applicable Law and Applicable Policy.

**“Reconciliation Report”** refers to the Reconciliation Report as referenced in s. 1 of Reg 200/21 under Connecting Care Act, 2019.

**“Term”** means the term of this Agreement.

### **3.0 Provision of Funding.**

3.1 In each Funding Year, Ontario Health shall advise the HSP of the amount of its Estimated Provincial Subsidy. The amount of the Estimated Provincial Subsidy shall be calculated on both a monthly basis and an annual basis and will be allocated among the Envelopes and other funding streams applicable to the HSP, including the CFS.

3.2 The Estimated Provincial Subsidy shall be provided to the HSP on a monthly basis in accordance with the monthly calculation described in 3.1 and otherwise in accordance with this Agreement. Payments will be made to the HSP on or about the twenty-second (22<sup>nd</sup>) day of each month of the Term.

3.3 CFS will be provided as part of the Estimated Provincial Subsidy and in accordance with the terms of the Development Agreement and Applicable Policy. This obligation survives any expiry or termination of this Agreement.

### **4.0 Use of Funding.**

4.1 Unless otherwise provided in this Schedule B, the HSP shall use all Funding allocated for a particular Envelope only for the use or uses set out in the Applicable Policy.

4.5 In the event that a financial reduction is determined by Ontario Health, the financial reduction will be applied against the portion of the Estimated Provincial Subsidy in the "Other Accommodation" Envelope.

### **5.0 Construction Funding Subsidies.**

5.1 Subject to 5.2 and 5.3 the HSP is required to continue to fulfill all CFS Commitments, and the CFS Commitments are hereby incorporated into and deemed part of the Agreement.

5.2 The HSP is not required to continue to fulfill CFS Commitments that the MOH and MLTC has acknowledged in writing: (i) have been satisfactorily fulfilled; or (ii) are no longer required to be fulfilled; and the HSP is able to provide Ontario Health with a copy of such written acknowledgment.

5.3 Where this Agreement establishes or requires a service requirement that surpasses the service commitment set out in the CFS Commitments, the HSP is required to comply with the service requirements in this Agreement.

5.4 MOH and MLTC are responsible for monitoring the HSP's on-going compliance with the CFS Commitments. Notwithstanding the foregoing, the HSP agrees to certify its compliance with the CFS Commitments when requested to do so by Ontario Health.

### **6.0 Reconciliation.**

6.1 The HSP shall complete the Reconciliation Reports and submit them to MOH and

MLTC in accordance with Schedule C. The Reconciliation Reports shall be in such form and containing such information as required by Applicable Law and Applicable Policy or as otherwise required by Ontario Health pursuant this Agreement.

6.2 The Estimated Provincial Subsidy provided by Ontario Health under section 3.0 of this Schedule shall be reconciled by Ontario Health in accordance with Applicable Law and Applicable Policy to produce the Allowable Subsidy.

- a) that Civic Administration **BE DIRECTED** to bring London's implementation of the Housing Collaborative Initiative Project into alignment with City of London technology and project management best practices;
- b) the project Governance Group **BE REQUESTED** to approve a strategy outlining how future legislative changes will be addressed and communicated to the project governance team and back to City Council;
- c) the Governance Group **BE REQUESTED** to approve a revised set of project requirements to be used as the basis of all future project activity; and
- d) that Governance Group **BE REQUESTED** to provide quarterly updates to City Council until the completion of the project, and
- e) the following report on the Housing Collaborative Initiative for the implementation of an Integrated Housing Solution software system, **BE RECEIVED** for information.

## Executive Summary

In 2014, the City of London entered into an agreement with seven other Service Managers<sup>1</sup> to procure, develop and implement a coordinated housing system. The software is intended to simplify the data entry and access to information on housing provider performances, program funding, client demographics, asset management, subsidy allocation, operational reviews along with standardizing reporting templates to the Province. The proposed software was to be developed to manage housing waitlists, rent supplements, provide a portal for housing providers, and provide reporting tools to simplify annual reporting to the Province.

The project has a complex arrangement with the eight Service Managers with varying shares of software costs based on the total number of units as of 2011. There is also a project manager funded through the arrangement that has been working on the project since 2015 and has been retained based on knowledge of the custom application through bi-annual renewals. Additionally, London & Middlesex Community Housing plays a role as the administrator of London's contract with the consultant through a shared services agreement with the City. To date the software has been partially rolled out in two of the partner municipalities: Hamilton and the Region of Waterloo. One municipality, Regional Municipality of York, has subsequently dropped out of the consortium.

In the Spring of 2023, following a local media inquiry, Civic Administration has undertaken a review of the status of the project. Several issues have been identified and based on these findings four proposed actions have been brought forward for Committee's consideration.

<sup>1</sup> Housing Service Manager is an organization responsible for managing the delivery of social housing programs and services to low-income individuals and families in a particular geographic area.

## Linkage to the Corporate Strategic Plan

Council and staff continue to recognize the importance of actions to support housing, as reflected in the 2023-2027 - Strategic Plan for the City of London. Specifically, the efforts described in this report address the following Areas of Focus, including:

### Housing and Homelessness

Outcome 2 - London has a robust community system of health, homelessness, housing stability services, policies, procedures and by-laws in place to support individuals and families at risk of or experiencing homelessness or in precarious housing consistent with Council's recognition of the health and homelessness emergency.

Expected Result – 2.1 Decreased number of Londoners at risk of or experiencing homelessness.

#### Strategies:

c. Improve the collection, sharing, and use of data across the homeless prevention system.

e. Implement a program of continuous review of policies, procedures, and by-laws to create accountability and opportunities for balanced and compassionate solutions to homelessness.

### Well-Run City

Outcome 1 – The City of London is trusted, open, and accountable in service of the community.

Expected Results – Londoners have trust and confidence in their municipal government.

#### Strategy:

b. Increase transparency and accountability in decision making, financial expenditures, and the delivery of municipal programs and services.

## Analysis

### 1.0 Discussion and Considerations

#### 1.1 Previous Reports Related to this Matter

- CSC - Municipal Partnership for the Development of an Information System for Social Housing Administration - December 19, 2011.
- CPSC - Housing Collaborative Initiative Service Manager Consortium Agreement: Expression of Interest for the Development of an Information System for Social Housing Administration - April 22, 2013.
- CPSC - Housing Collaborative Initiative Approval of Service Manager Consortium Agreement - January 20, 2014.
- CPSC – Housing Collaborative Initiative (HCI) Update – February 18, 2015.

#### 1.2 Background – 2011 to present

##### December 2011

As part of the Social Housing Reform Act, 2000 (Act) the new legislation required municipalities to assume responsibility for social housing programs previously administered by both the Canada Mortgage and Housing Corporation (CMHC) and the Province. At the time, there was no supporting information technology (IT) platform or

system provided to Service Managers. With the need for an information technology system, Service Managers had to develop, create, purchase IT systems or find alternative solutions in order to support their business operations.

The majority of Service Managers still use a combination of Excel, Access and Adobe PDF files to manage their information needs. The lack of a secure centralized database has exposed Service Managers and the Province to considerable risk with decentralized data, incompatibility of data formats, data integrity and weak audit trails. This non-systematic use of information reduces administrative effectiveness and capacity to manage internal and external business performance and reporting.

As the onset of the project, London was the lead municipality, and played a large role in forming a consortium of eight Service Managers, including London, Windsor, Hamilton, Waterloo, Municipality of Chatham-Kent, Region of York, Halton Region, and Ottawa. The consortium was formed under the name Housing Collaborative Initiative (HCI) to develop a custom-made Information Technology solution. A report was submitted to Council's Community Services Committee December 19, 2011, informing Council of the creation of this consortium.

**NOTE:** The City of London's Information Technology Services division has had limited involvement in this project and was not involved in project management or project governance. A significant recommendation in Section 4 of this report is to align the future project tasks associated with implementation to the City of London's technology and project management best practices.

#### **April 2013 to January 2014**

In April 2013, Municipal Council endorsed the collaboration and subsequently approved a financial contribution of up to \$200,000.

In January 2014, Council passed a By-law to approve the Consortium Agreement – Housing Collaborative Initiative and delegate authority to the Managing Director, Housing Social Services and Dearness Home or her/his designate to execute all further Agreements on behalf of the City of London with respect to the Housing Collaborative Initiative.

The Consortium Agreement outlined the obligations, rights and responsibilities of the Governance Group members and outlined the financial obligations of the Service Managers. Responsibility for ongoing maintenance and licensing was transferred to the Governance Group. The proposed software was to be developed to manage housing waitlists, rent supplements, provide a portal for housing providers, and provide reporting tools to simplify annual reporting to the Province.

#### **January 2014 to January 2017**

The City of London entered into the HCI Consortium Agreement, with Council's approval in January of 2014. The agreement set out the parameters of the HCI and included Regional Municipalities of York and Waterloo, Hamilton, Halton, Chatham-Kent, Ottawa, Windsor and London. London and Halton continue to act as co-chairs of Governance Group that review and approve all project decisions related to scope and cost of the software and implementation.

In February 2015, through a procurement process undertaken by the City of Ottawa to hire full-time project manager / project coordinator, BSA Consulting was selected and agreed on by the Governance Group of the HCI. A 2-year Information Technology Consulting Agreement was entered into and the activities include:

- Pre-implementation, project planning, prepare HCI environment, database setup, setup, data validation and UAT, testing and training.

In March 2015, following a competitive bid process for a software developer, Arcori was engaged to complete the project in partnership with the HCI. The HCI Agreement

includes conditions to guide the evaluation of the RFP by the Governance Group including guidance on how to assess the proposal, expectations for attendance at meetings. The HCI agreement also identified the of Region of Waterloo as the lead for the software procurement, which was carried out in alignment with their procurement rules for transparency and fairness.

A change order agreement was signed in 2016 to clarify the work associated with business process mapping and user stories of various facets of the original scope.

### **January 2017 to March 2023**

In 2017, the City of Ottawa, Halton and Windsor hired full-time positions to support the development of the new software.

At that time, London & Middlesex Community Housing (LMCH) was providing oversight as a technical resource partner guiding the implementation of the software. With business process expertise on the day-to-day operational activities associated with waitlists and rent supplements, having LMCH guide the consultant was advantageous to the City. The shared services agreement also gave the City the ability to use any excess capacity in the BSA Consulting's professional services to support implementation within the Housing Division. This relationship will be clarified as part of the update report to Committee in Q3.

All project activities associated with the delivery of the software for each of the partners are reviewed and approved by the Governance Group of the HCI. During the period from 2017 to 2019 the Governance Group met about once a month to discuss outputs of the software development by Arcori with the guidance of BSA. At the time, many of these meetings were in-person or through teleconference. In order to provide specific guidance to the software vendor, a series of working groups were established to help focus discussions on the Rent Supplement, Waitlist, Finance and Risk Management modules of the software.

As the different modules were made available for implementation, each member of the Consortium took the software back to their respective Housing and IT departments to work through testing, align with local business processes, etc. From there, questions are brought back to the Governance Group for discussion and agreement on how to articulate challenges or issues to the vendor (Arcori). Both Hamilton and the Region of Waterloo have implemented the software to date and are actively working with it.

With the assistance of BSA, London has begun assessing a detailed testing document with many different use cases. This document is currently under review by pertinent staff in Housing Stability Services and Municipal Housing Development to understand resourcing and scope of the work.

In May of 2022, the Regional Municipality of York left the HCI. It is unclear at this time why they chose to exit the HCI and further review will be undertaken and reported to Committee.

Further review is underway to determine the scope of activities between 2020 and 2022. There is lack of readily available project management documentation related to this period.

### **April 2023**

In April of 2023, a member of London's local media contacted the Municipal Housing Development team inquiring about the project and the overall status. This prompted the new leaders in the housing area to undertake a review on the status of the project. The preliminary findings are outlined in section 2 of this report.

## 2.0 Preliminary Review Findings and Identified Issues

The following section identifies the key issues and findings at this time, noting that Civic Administration intend to report back to Council on a more detailed project status in Q3 of 2023.

### **Issue 1: Lack of Alignment with City of London's Technology and Project Management Best Practices**

Current technology projects, that Information Technology Services is aware of and involved with, undergo a thorough review and project discovery process to scope out project deliverables and ensure an appropriate governance team and a defined project schedule. As this project is being undertaken by a consortium of municipalities, led by an independent Governance Group, the current project does not align with the City of London's current approach to execute technology projects. To ensure success with London's implementation of the Housing Collaborative Initiative, the implementation of the project needs to be aligned with current technology and project management processes.

***Proposed Action 1:** Bring London's implementation of the project back into alignment with City of London technology and project management best practices.*

### **Issue 2: Legislative Environment Complexity**

Over the progression of the project time frame there has been a substantial amount of regulatory change. These regulatory changes have led to changes to project scope and business requirements. Even if industry project management best practices were followed this project would have required significant change requests whenever new legislation was changed. In order to manage these changes effectively, industry project management best practices will ensure that project requirements and scope are addressed appropriately and communicated to the Governance Group and back to City Council.

***Proposed Action 2:** The project Governance Group approve a strategy outlining how future legislative changes will be addressed and communicated to the Governance Group and back to City Council.*

### **Issue 3: Complexity of the Multi-Municipal HCI Software Project**

Each member of the Housing Collaborative Initiative Consortium has their own historical approach to managing housing data and their own unique internal information technology systems. Each municipality also has their own Housing Stability Plan with unique needs and targets. Working with a large group of municipalities with varying systems and priorities can be extremely challenging when creating a custom-made software product. To ensure that the project can move forward in an effective way that manages these issues and concerns it is recommended that the HCI's Governance Group revisit the original project scope and provide clear and agreed upon business requirements moving forward. These requirements would then be the basis for all future work and project management activities moving forward.

***Proposed Action 3:** Housing Collaborative Initiative Consortium Governance Group review and approve a revised set of project requirements to be used as the basis of all future project activity.*

### **Issue 4: Lack of Council Communication on the Status of the Project**

As noted in the previous sections, the last project update on this project was submitted to Council in February 2015. In order to ensure appropriate communication to Council and ensure accountability of the Housing Collaborative Initiative Consortium Governance Group regular reporting on the status of this project is essential.

**Proposed Action 4:** Require reporting of the activities of the Housing Collaborative Initiative Consortium Governance Group quarterly until the completion of the project.

### 3.0 Financial Consideration

#### Project Procurement

Based on the preliminary review to date it appears that any procurements related to this project are in alignment with the City’s procurement process and policies for the selection of software and consulting services. Below is a list of the procurements to date:

- *Original Consortium Agreement*

Section 14.4 (g) of the Procurement Policy applies to the selection of the software provider under the Council approved Consortium Agreement and subsequent public procurement process run through the Region of Waterloo.

- *Project Manager Initial Assignment*

Section 14.4 (g) of the Procurement Policy applies to the selection of the Project Manager (consultant) under the Council approved Consortium Agreement and subsequent public procurement process run through the City of Ottawa.

- *Project Manager Contract Renewals*

The contract renewals are managed through the London-Middlesex Community Housing Corporation, and although the continuation of the work aligns with the City’s Procurement Policy 14.4 (d) where the consultant has intimate knowledge of a custom software system; from a City procurement perspective LMCH’s policy would apply.

#### Project Costs to Date

Through a high-level review of the project, the following represents costs paid through the City of London associated with the project to date.

**Table 3:** Project Costs to Date

Who	Output / Task	Approx. Costs London Share	HCI Total
Arcori (Software Development)	Software procurement selected through competitive process, includes hosting fees.  Currently holding back a portion of the contract until project delivery.	\$226,000	\$1,970,224
Iron Mountain / NCC	Software related data storage service.	\$8,700	
BSA Consulting (Project Management)	Project coordination, management, and consulting fees (paid through LMCH). Other cities reimburse annually for their share.	Pre-2017 \$12,650 2017 – 2022 \$114,400	Pre-2017 \$115,000 2017 – 2022 \$520,000
<b>TOTAL</b>		<b>\$361,750</b>	<b>\$2,605,224</b>

The table above outlines a total expenditure of \$361,750 by the City of London and the total cost shared with other the HCI municipalities. A cost sharing framework was developed by the Governance Group as part of the original agreement for both the project management and software development portions of the project. Through LMCH,

London has been paying the consulting fees since 2017 with reimbursement by the other municipalities on an annual basis.

Further review is underway to confirm London's share of the total project costs and an update will be provided as part of the next project update to Committee in Q3.

#### **4.0 Next Steps and Project Timeline**

As noted in Section 3 a series of proposed actions are recommended to ensure the success of this important project.

- 1) Bring London's implementation of the Housing Collaborative Initiative Project into alignment with City of London technology and project management best practices.
- 2) Request the Governance Group approve a strategy outlining how future legislative changes will be addressed and communicated to the project governance team and back to City Council.
- 3) Request the Governance Group to approve a revised set of project requirements to be used as the basis of all future project activity.
- 4) Request the Governance Group to provide quarterly updates to City Council until the completion of the project.

Despite the challenges identified, the intended outcome of the software will add value to the administration of community and affordable housing at the City of London.

Simplifying the reporting to the Province is a big component where the information required for the Service Manager Annual Information Report can be extracted from one system as opposed to a number of different departments pulling data from a series of spreadsheets. By bringing the project into alignment with the City's various procedures and strategies, value can be added to provision of social and community housing.

The City currently has a version of the software and is undertaking preliminary assessment prior to embarking on a full testing plan. The two members of the HCI that have implemented the software, include Hamilton and the Region of Waterloo who have offered to share lessons learned on technical components of the program in support of the HCI and overall project delivery. Civic Administration will provide an update to committee in Q3 of 2023.

## **Conclusion**

In 2014, the City of London entered into the Housing Consortium Initiative with 7 other municipalities. Since that time, the project has advanced to a point where the City of London is preparing for the testing of the software with guidance of the project coordinator selected by the HCI's Governance Group.

In the Spring of 2023, following a local media inquiry, Civic Administration has undertaken a review of the status of the project. This review has identified several issues and based on these findings four proposed actions have been brought forward for committee's consideration.

- 1) Bring London's implementation of the Housing Collaborative Initiative Project into alignment with City of London technology and project management best practices.
- 2) Request the Governance Group approve a strategy outlining how future legislative changes will be addressed and communicated to the project governance team and back to City Council.
- 3) Request the Governance Group to approve a revised set of project requirements to be used as the basis of all future project activity.
- 4) Request the Governance Group to provide quarterly updates to City Council until the completion of the project.

Civic Administration are planning an update to Council in Q3 of 2023 on the progress of the HCI, software implementation and the status of the 4 actions outlined above.
