Subject: [EXTERNAL] Public Meeting July 24, 2023

Hello, I am writing this message so that I can be registered as a participant in the upcoming public meeting concerning the HUB proposals that are currently under discussion. I left a voicemail with the city clerk's office as the direct link provided on the City of London webpage did not work, so I am sending this message via my own gmail account to ensure proper notification of my intent.

My remarks will be prepared in advance and brief.

I thank you in advance for any work that needs to be done at your end to facilitate this.

Sincerely,
John Herb
Ward 4
