Experience and Qualifications

If you have experience on a London Advisory Committee, please provide dates and details. (max. 250 characters):

I have not been involved with an advisory committee but I'm passionate about the environment and getting more involved with change in the city.

What do you hope to contribute or learn as part of a Community Advisory Committee? (max. 250 characters):

I hope to lend a voice that comes from a place of love for the environment and a wish to preserve it. I know that I have experience to offer but equally I will learn so much more.

How will you support the work of a Community Advisory Committee? (max. 250 characters):

I would love to support the committee in whatever ways are needed. I have some consulting and hands on experience involving the community, community gardens, one on one Horticultural Therapy sessions and more. I would love to see some of this experience support the committee.

We value the contributions of Londoners with diverse experiences and welcome applications from individuals who share our commitment. Please describe how your work, community or lived experience will enhance these efforts through Community Advisory Committee work. (max. 3000 characters):

I started my first business in Toronto at age 21. I have been a facilitator in some capacity or another for over 25 years. I have assisted in setting up, designing and facilitating in community settings. I am a trained Therapeutic Horticulture Practitioner who is passionate about what we can do to support the environment, food security, access to greenspace etc, all in the pursuit of collective mental health supports and community connection. I have been involved with Hutton House, The Patch, Pollinator Pathways and Friends of the Civic Gardens locally. As well as transforming my front lawn into a thriving food forest and support for our dwindling pollinator population. I'm an eternal optimist and I hope to use this green passion for good.

Please describe additional experience, training, or community involvement that will help you in your role as a Community Advisory Committee Member. (max. 250 characters):

I believe I went into these details in the last square but to consolidate what I was saying, I've been involved in the environment, community and volunteering for over 20 years.
