The Coaches Association of Ontario is an independent, non-profit, coach-led organization, founded in 2002, that strengthens development opportunities and provides resources, representation and recognition for coaches in all sports of all levels. We believe coaches' contributions should be financed and rewarded appropriately, and the Coaches Association of Ontario advocates that sports and the coaching profession continue in a culture of innovation, continual renewal and professional development.

I look forward to working with you on this years' National Coaches Week.

Thank you,
