Hi Lindsay,

I would like my comments included. My address is 560 Garibaldi Avenue, London, ON N5X 4K2 – I am looking to have the comments that I believe the neighborhood was not built to support the zoning change and as such the roads and neighborhood were not built to safely allow for the traffic if the zoning change is approved and the zoning should be left as is. The entrance/exits should be off Sunningdale not Garibaldi or Blackwater as again safety is a concern. There should also be a noise barrier and extended green space from what is planned with more tree's between the backyards on Garibaldi and the proposed site to account for the added noise.

Thank you,

Shane Webster
