

To the Strategic Priorities & Policy Committee,

I am writing with concerns regarding the proposed location of a homeless hub at The Lighthouse Inn, 705 Fanshawe Park Road West. As a long-time resident of the Foxfield community, and with 3 small children, I am very concerned that having this facility in our neighbourhood will result in an unsafe environment. This is a quiet family neighbourhood situated away from the downtown core. We ask that the city reconsider the Lighthouse Inn as an appropriate location.

Thank you,
Rachelle Courtney
