**Subject:** [EXTERNAL] Objection regarding the current proposal for homeless hub Near WONDERLAND AND FANSHAWE INTERSECTION

Hello

I'm a resident of N6G 0M6 And i m against the proposal of Homeless hub at the Lighthouse Inn near fanshawe and wonderland .

While we are not against the proposal for creating a homeless hub in the city when the city is in need of it .

But this is not a suitable location for this project for the number of reasons

1. There is no emergency medical services available near the proposed location .. There is only walkin clinic, not urgent care .
2. Mastermind toys shop where they host workshops for kids throughout the year.
3. There is a TVCC ( Treatment facility for Vulnerable autistic children ) two doors down to this proposed site which also makes this proposal not suitable for this location .
4. There is already safety concerns going on in this community like breaking cars almost everyday.

and the list goes on .

Thank you
