Subject: [EXTERNAL] in support of the HUBS plan

Dear Council,

I am a resident of London west, in the Springbank Drive and Wonderland area. I fully support your efforts in implementing the HUBS plan here in London. I welcome a HUB in our area when the time comes.

NIMBYism doesn't work to solve the pressing problem we have in London with the homeless. They need and deserve a place to live that is off the streets. HUBS will be an essential step in getting the homeless properly housed.

Sincerely,

Rick Odegaard,
London, ON
