The subject lands are in the Rural Neighbourhoods, Environmental Review, Green Space & Agricultural Place Types in The London Plan, permitting single detached dwellings, including infill development for the Rural Neighbourhoods Place Type. The lands also permit agricultural uses, within the Farmland Place Type. The lands also permit varying permitted uses within the Green Space Place Type, depending on the natural heritage features and areas contained on the subject lands, the hazards that are present, and the presence of natural resources which are to be protected. Permitted uses in the Environmental Review Place Type will include agriculture, woodlot management, horticulture, conservation, and recreational uses
