Subject: Call for Board Nominations - HSC Board

The Housing Services Corporation (HSC) is a non-profit corporation focused on the long-term health of Ontario's social housing asset. We work with social housing providers and service managers to help them make the best use of their resources and manage their building portfolios more effectively. We offer programs in:

- Insurance and risk management
- Energy services
- IT solutions
- Data and asset support services
- Community and business partnerships

HSC is governed by a 15-member Board of Directors; of which eight individuals represent service managers. The HSC Board has historically reserved four of these eight positions for elected officials and four for service manager staff.

We currently have one vacancy for an elected official to represent municipal service managers outside of the Greater Toronto area.

As we are looking for someone to replace a vacated term, the term of the position ends March 31, 2015. The selected nominee would be eligible to re-nominate themselves for a further term after March 31, 2015.

Positions are open for council members in your area. Further information on the call for nominations, the requirements of the positions and how to apply can be found at:
<http://www.hscorp.ca/boardcall2013/>

Nominations are open until Thursday, October 31st and individuals are able to nominate themselves either through the website or by printing the materials and mailing them to HSC. It should be noted that under the Housing Services Act, council approval is no longer required for nominations to be submitted to the HSC Board of Directors, although your own internal processes may require such approval.

It would be greatly appreciated if you could forward this email to the City Clerk/City Manager and any other individuals that you believe would be interested in learning more about a possible role on the HSC Board of Directors.

Please contact Judy Lightbound if you have any questions or require further information (contact details below).

Thank you.
