

Dear Members of the Community & Protective Services Committee:

Our Committee representing Byron-Springbank Legion Branch 533, along with the support of the broader area-Legion leadership, respectfully request your support in locating a new Byron Legion Monument in Springbank Park. This has been a long-desired project for the Legion to undertake. Considerable background work has been done already, including a detailed design, site selection and donations of goods and services to get us to this point.

Our Committee has met with City Staff in Parks, as well as with Ms. Armistead in Cultural Services to ensure the public art component and location are consistent with the City's approach to use of public spaces. We have also met with Deputy Mayor Lewis—drawing on his experience with the Holy Roller restoration efforts and ongoing engagement with our Veterans community, and with Councillor Anna Hopkins as the Ward she represents would be the home of this monument. She has a long-standing relationship with the Byron Legion, and we appreciate her feedback and support of this initiative.

Our Committee will be responsible for all the fundraising for the Monument, honouring Veterans and our Fallen. Our ask of the City is permission to utilize the space in Springbank Park mutually agreed upon by the Legion members and City Staff as the appropriate location.

We have included for your consideration the 3D rendering of the proposed monument and its proposed location. We are requesting the item be a part of the "Items for Direction" of your next meeting, at which time we would appreciate being granted delegation status in order to properly respond to any questions you might have.

Thank you and warm regards,

Reverend Frank Mantz
Committee Chair
