Re: Retention of Outside Consulting Services

I respectfully request that PriceWaterhouseCoopers (PwC) be engaged to review current practices and policies with respect to retaining external consulting services. The objective of this review would be to ensure that consultants are being engaged at appropriate times from a value for money perspective, and to identify opportunities to strengthen the accountability and transparency of current practices.

I will be available to address any questions that may arise as a result of this request.

Respectfully,

Matt Brown
Councillor Ward 7
