Subject: [EXTERNAL] Request for delegation status at July 18th Strategic Priorities and Policy Committee Meeting

Hello,

I'm the Education Projects Manager at Growing Chefs! Ontario and I'd like to request delegation status for our Executive Director, Andrew Fleet, to speak at the July 18th 1pm Strategic Priorities and Policy Committee Meeting at City Hall.

In light of their potential cancellation, we would like to speak on the immense value and the impacts of the City of London Capital Grants, Innovation Grants, and the Neighbourhood Decision Making projects both to the community and also to the non-profit sector of London.

Please let us know if Andrew Fleet, copied here, can speak at the meeting and if there's anything else we should know leading up to it.

Thank you,

--
