Subject: [EXTERNAL] Stacked Townhouses

Good Evening Steve

In recent weeks City mailed us information about the proposed street widening on Oxford Street, so will City be doing the same for your proposed **stacked housing in our neighborhood?**

The stacking of walk-up homes in our neighbourhood will significantly impact properties, homes, traffic and safety. CTV reported the news and neighbours are now sharing it with each other.

I'm told I have until 10 pm tonight to contact you,

Thank you for taking this into consideration.
