Subject: [EXTERNAL] 24 Sep Agenda

Good day,

I am concerned about decisions made to allow stacked townhouses in Old North.

While I recognize there is a housing crisis, I don't see gutting established architecturally significant century home neighborhoods as the solution. I feel like there is very little information available about what is being planned and why. It is resulting in disinformation, confusion and distrust.

I request this topic is added to the 24 September meeting agenda to allow for public consultation and information sharing.
