**Subject:** [EXTERNAL] PUBLIC CONSULTATION MEETING

Hello Anna and Josh

I live on Sunray Ave in Lambeth, I am very concerned about this proposed amendment to [REDACTED] townhomes on Sunray Ave and other similar streets in London.

We must have public input on this. Sandy Levin addressed this in a London Free Press article this weekend and I know many residents are very concerned and want to provide input. I am asking that this subject be added to the Sept 24 City meeting agenda for public consultation.

By the way, I have written you, Anna, before and only heard back from an admin assistant. I sincerely hope this matter is of utmost importance that I can hear back directly from you or Josh.

Thank you.

Kathy Marshman
