

# REVISED NOTICE OF COMMUNITY INFORMATION MEETING

## Official Plan Review of The London Plan and Land Needs Assessment

### YOU ARE INVITED!

The City of London will be hosting a Community Information Meeting to provide an update for the Official Plan Review and Land Needs Assessment. This notice is amended to advise that industrial land uses will be discussed in addition to the residential, institutional, and commercial land uses.

The purpose and effect of the Official Plan Review is to ensure The London Plan policies conform to Provincial Plans and Policies, and to ensure sufficient land is designated to accommodate the projected long-term growth of the city's population, employment, and housing. Staff will present the results of the Land Needs Assessment and discuss a potential Urban Growth Boundary Review to accommodate residential, institutional, commercial, and industrial land uses. It is City Staff's intent to present residential, institutional, and commercial land needs in one report to Council, with industrial land needs in a separate report. Please note, the presentation will begin shortly after the scheduled meeting start time.

Registration is not required for this event.
