Subject: [EXTERNAL] 1927 Richmond

Dear PEC,

I sent an earlier note on behalf of a neighbour, but I would also like to speak for myself.

I would like to strongly oppose the heritage delisting of 1927 Richmond and ask the members of the committee to view with suspicion the Stantec report that claims the house has no heritage value. This report was paid for by the applicant, meaning they inevitably came to the pre-determined and ultimately desired result.

The report is full of specious reasoning, like claiming the house is not a landmark because of a condo tower next door and that it has no architectural significance because it has been altered. These findings are obviously false.

Please include this communication in the public agenda and forward it to councillors.

Sincerely,

R. Merrison
