300 Dufferin Ave

London, ON N6A 4L9

February 13th 2025

To members of the PEC (Planning and Environment Committee)

Today, I am writing this letter on behalf of the Argyle Business Improvement Association. As a Board and commission of the City of London, we bring together local residents and businesses for the . To accomplish this mission, we provide several yearly activations that bring together East London to celebrate as a community while simultaneously adding value to our members who do business in the neighbourhood.

The objective of this letter is to inform the committee on its support for Councillor Lewis's motion to bring forward the road rehabilitation of Dundas Street between Burdick Place and Beatrice Street to 2025.

We, who represent the businesses in Argyle, recognize the importance of not further postponing this much needed road rehabilitation for the area. As the primary investor of beautification projects for Argyle, we recognize this project's alignments with our mandate and strategic priorities of streetscape improvements. This motion elevates the poor conditions of the roads in this particular part of Argyle, which is the commercial corridor of our neighbourhood, and will benefit all businesses in the community.

If you wish to set up a direct consultation with the Argyle BIA Board staff and membership, please advise us as soon as possible.

Thank you,

Executive Director, Argyle BIA
