Chair and Members, Planning and Environment Committee  
Re: Information Report, DRAFT SOUTHWEST AREA PLAN File 0-7609

BY FAX and EMAIL

Dear Members and Your Worship, Mayor Fontana

Further to the added on your Agenda, indicating our support of the Wharncliffe Road South alignment to remain unchanged, we are clarifying that our designated land use under the Official Plan should also remain unchanged.

We refer to the Proposed Concept Plan - Land Use, at Page 13 of the Report indicating a High Density Residential proposal on the subject lands.

For clarification, we would not want any changes without clarification and consultation.

Sincerely:

Randy Collins
