

Dear Civic Works Committee:

I am writing a formal request today for a four way stop to be placed on Curry St at the corner of Picadilly St. It is imperative for the safety of the children and residents on the street as well as that of the students at the schools that travel Picadilly to and from school daily. Unfortunately the excessive speeds of the cars that travel this road are unsafe and it is just by sheer luck that no one has been injured. I have witnessed cars frequently travelling on Curry St at speeds in excess of 70km per hour. It is my sincerest hope that you will consider this proposal so that we can maintain safety for the children in this neighborhood. I have been walking in the park at dismissal time and watched the children leaving school. As they are children they quite often forget to look while crossing the intersection. If that were to happen at an inopportune time, I fear that the outcome will be catastrophic. I give the Civic Works Committee permission to post this email on the Public Agenda List.

Your prompt attention to this matter would be greatly appreciated.

Thank you,
Leeann VanSteensel
