Subject: [EXTERNAL] Submission to the Agenda for the 6th Meeting of the Strategic Priorities and Policy Committee

Hello:

I wish to add my submission to the Agenda for the 6th Meeting of the Strategic Priorities and Policy Committee- Item 4.6- Councillor Councillor D. Ferreira – Advocacy Request – For-Profit Addiction Treatment in Ontario.

I support his request for Council's support to call on the Province and relevant regulatory bodies to review the model of care delivery of certain addiction treatment and prescribing practices operating within Ontario, specifically within the City of London.

Thank you for your attention and consideration.

Sincerely,

MaryBeth Blokker
