

Committee: **Cycling Advisory Committee**

Organization/Sector represented: **Cyclists**

Name: **Gary Brown**

Address:

**59 Ridout Apt 35a
N6C 3W9**

Occupation: **Chemist**

Work experience: **n/a**

Education: **HBSc Biochemistry and Biotechnology U of Guelph Science Lab Technology
Diploma Fanshawe College**

Skills: **I have been an bike advocate in London for many year am the primary reason we have a CAC. I have extensive knowledge of best practice cycling infrastructure and am familiar with all of London as a cyclist. I have strong knowledge of the BMP the TMP and what successful cities are doing to increase cycling. I have extensive knowledge of DC's planning procedure and the working s of city hall. I also have connections across Ontario including Share the Road . I have a clear understanding of planning procedure and documents.**

Interest reason: **I was the driving force behind getting a CAC formed in London I could go on but my public record on cycling is well known**

Contributions: **Providing ideas from well establish cycling programs in other cities as well as an understanding of procedures in London and the BMP and TMP. Also believe that the CAC should lake a lead role in reviewing the BMP.**

Past contributions: **I am Vice president of OSCO and one of the principle organizers of Gathering on the Green. I am also a former board member of the London Cycle Link. I am heavily involved in city politics. I try and avoid sitting on committees but as I worked very hard to get a CAC in London so I am making an exception.**

Interpersonal: **I am a community leader and have been a political candidate on several occasions. I volunteer with several community groups and am several organizing committees. I clearly understand the role of advocacy compared to providing input on policy in a committee situation.**

Interview interest: **Yes**
