RE: Roof-top Replacement (30 ton)

Dear Sir:

Pro-Tech Mechanical Services Limited is pleased to quote on the following:

1. To supply and install one (1) 30 ton roof mounted heat / cool unit (Lennox model #LGH360) complete with curb adapter, gas piping, control wiring, economizer and start-up as per manufacturer's specs.
2. To supply labour and materials to extend and re-connect main power to new roof-top complete with ESA permit.
3. To provide crane and crane work for Sunday morning lift complete with tracking to remove old unit and dispose of.

The cost to do the above would be \$ 49,500.00

Not included in above quoted price:

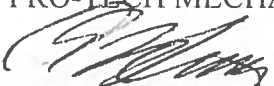

- Any permits (building or road shut down for craning)
- Any road blocks or any signage requested by city.

NOTE: HST is extra to above quoted price.
This quote is good for only 30 days.

Trusting the above meets with your every requirement, we remain

Yours truly,

PRO-TECH MECHANICAL SERVICES LIMITED

Andy Hicks
