Chair and Members
City of London Planning & Environment Committee
300 Dufferin Avenue
P.O. Box 5035
London, ON N6A 4L9

Attention: Heather Lysynski, Committee Secretary

Dear Committee Members:

Re: Agenda Item #17a – Industrial Land Review

We are the planning consultants for TRY Recycling Inc. (TRY) who operate a recycling facility at 3544 Dingman Drive, which was established after a long and complex planning process.

TRY supports City efforts to ensure the availability of sufficient lands to meet its long-term needs.

However, given TRY's active General Industrial operation, and given the difficulty in establishing such uses, we would have concern with any action of Council to expand the Urban Growth Boundary for new industrial lands IF such action were to necessitate or rely upon the re-designation of the TRY lands to a non-industrial category.

Yours very truly,

ZELINKA PRIAMO LTD.

Richard Zelinka, MES, MCIP, RPP
