None.

BACKGROUND

On June 24, 2014 Joni Baechler was appointed Mayor by the Municipal Council, and on June 25, 2014, Russell Monteith was appointed Ward 5 Councillor by the Municipal Council. These appointments have resulted in various vacancies and have also necessitated the need to assess what appointments the Mayor is able to retain while fulfilling the new obligations arising from her appointment as Mayor. An inventory of the relevant appointments has been taken and consultation has been undertaken with Mayor J. Baechler and Councillor W.R. Monteith to determine how the various appointments could be assigned with minimal disruption to the Municipal Council's business. The attached chart identifies the various relevant appointments, with the last column of the chart proposing actions to be taken to address those appointments.
