

June 26, 2014

Mayor and Members of Council
Corporate Services Committee

Dear Mayor Baechler,

On behalf of Fanshawe College, please accept this request for delegation status at the July 22, 2014 meeting of the Corporate Services Committee. Fanshawe College has an exciting opportunity to expand its footprint downtown that would see upwards of an additional 1,600 students to the current presence of 400 students at the Centre for Digital and Performance Arts on Dundas Street. We very much appreciate the support and partnership with Council to date and feel that this new opportunity will continue to make a significant difference to the renewal of the core.

We look forward to presenting our business case and answering any questions you have at the meeting.

Sincerely,

Peter Devlin
President
