

Committee: **City of London Boards**

Organization/Sector represented:

Name: **Pooyan Rahimy**

Address:

**Apt 277J, Windermere Rd., London, ON, N6G2J7**

Occupation: Soil physicist and Geo-statistician

Work experience: **Summer 2000: Survey of Southern part of Tehran Province. 2003-2007: Research assistant at department of soil and water Engineering, University of Tehran.**

**Summer 2006 – July 2009: Teaching Persian to Foreigners working at NGO called Operation Mercy. January 2009–September 2009: Soil survey of Bandar Torkaman district, GIS and hydrologist specialist, Mahab Ghods Company, Tehran. 2012-2014: Instructor of Environmental geology and Hydro-geology at University of Guelph.**

Education: **2009- 2011: MS.C. Applied Earth Sciences (Geo-Hazards), Faculty of Geo-Information and Earth observation (ITC), University of Twente, Netherlands 2004-2006: MS.C. Soil Environmental Soil physics, Agriculture Faculty, University of Tehran, 2000-2004: BS.C. Soil and Water Engineering, Agriculture Faculty, University of Tehran.**

Skills: **1- Soil physics and Hydrology; 2- Geo-Statistics; 3- Application of Remote Sensing (RS) and GIS on Earth processes studies; 4- Quantitative soil micro-morphology**

Interest reason: **I care for environment and soil and water conservation and would like to do my part and at the same time to gain some more experience.**

Contributions: **field observation, decision making, and if possible or needed to do data and image analysis.**

Past contributions: **I have been a land and soil surveyor in northern territories of Iran.**

Interpersonal: **I may be able to share my knowledge in Geo-hazards and soil physics and or Geo-statistics.**

Interview interest: **No**
