Re: **Motion of Which Notice is Given – Cancellation of September 8, 2014 Civic Works  
Committee Meeting**

---

This is to advise that we would like to introduce the following motion at the Municipal Council meeting of September 2, 2014. This motion is being brought forward directly to the Municipal Council, for its consideration, in order to provide the public with timely notice.

**Motion:**

“That the Civic Works Committee meeting originally scheduled for September 8, 2014 BE CANCELLED.”

**Background:**

We have been advised that there is only one staff report, which is not time sensitive, that will be coming forward for the September 8, 2014 Civic Works Committee agenda. This is primarily due to the fact that there was a very heavy agenda for the August 25, 2014 Civic Works Committee meeting, in order to process essential matters prior to the Municipal Council finding itself in a lame duck situation. As there is another Civic Works Committee meeting in September (September 22, 2014) it would seem practical to cancel the Civic Works Committee meeting originally scheduled for September 8, 2014. We are respectfully requesting the Municipal Council’s favourable consideration of this request.
