VISION

- City of Opportunity
- We want the City to foster liveable, mixed-use, pedestrian friendly neighbourhoods as an integral part in the focus on growth.

engagement

- “the community is the most knowledgeable expert in creating a vision for the future of any particular place” Kent, F., (2008) *special report: place making* Urban land
- The City should engage citizens in in depth interviews and surveys to understand how people use spaces and more importantly how they want to use spaces.

TERMS OF REFERENCE

- We Want:
- Accountability – we want the Official Plan Review process managed by Council and/or a committee of council.
- A process that addresses and responds to the concerns put forth in our letter and;
- A commitment from Council that the Official Plan review process will result in a new Official Plan that includes:
