Hello,

I am writing in Support of the revised Sherwood Forest School Site (7 Annadale Drive) Zoning Amendment with additional modifications by Brian Turcotte, dated September 17, 2104. I am also in Support of the feedback provided by the Orchard Park Sherwood Forest Ratepayers.

I thank the City staff for their willingness to work with our neighbourhood to arrive at a solution where we can retain approximately 1/3 of the site as parkland with a development on the remaining land to be in character and quality of our existing neighbourhood. Our children are looking forward to being able to continue to play on parkland at the school.

Best regards,
