**Subject:** 600 Sanatorium Rd demolition

Committee Secretary:

Having received the notice today on the demolition of said 'cottage' and its garage, I am very pleased with the decision to remove the edifice.....the sooner the better.

It is a blight to the landscape, is only a mediocre home to racoons, squirrels and other rodents and possesses no worthwhile historic significance that the public can't live without.

I do hope nothing obstructs the demolition process.

*Cheers,*
