Aside from The Health Risks expressed
By those with Thyroid + Fluorosis. Leaving
Them a choice Between Drinking
Poisonous Tap water OR water from
Toxic plastic Bottles

We the voters + Taxpayers, ~~1~~ 100, 25
10 OR EVEN 1 OF US state to you the
Public servants that we do NOT wish to
Be forced to ingest this substance

It also makes me wonder if we
Have legal Recourse IF you do not
Respect our Rights.
