

ESCLM's Job Developers Network Project - Better Together:

- **5,000 people found jobs through our agencies in the first 15 months of this Project, the majority of which are full-time and permanent.**
- **17 agencies working together to ensure a level playing field for all job seekers and employers, and a 'no wrong door' approach to employment services.**
- **Shared job postings across agencies, ensuring that employers connect with the best candidates and job seekers can access the best opportunities, via an array of agencies.**
- **Coordinated job fairs across the network to ensure the widest possible exposure of both businesses and job seekers.**
- **Full complement of employment service and supports for new companies setting up in London.**
- **Recognized provincially and nationally as a leading community coordination model.**
- **Through this unique and innovative network, we are able to leverage our agency members' shared knowledge, resources, capacity, and existing funds to better connect London job seekers and employers.**
