

Committee: **Advisory Committee on the Environment**

Organization/Sector represented:

Name: **Allan Tipping**

Address:

2809 Dingman Drive Lindon N6N 1G3

Occupation: **Mechanic ? Business owner**

Work experience: **I am on 2 heavy industry Public Liaison Committees Orgaworld, Harvest Bio-gas, I was very active in the Southwest area plan, Member of the Brockley/Shaver coalition , I was a member of the ZOAG (Zero Odour Advisory Group)**

Education: **I attended Sir Wilfred Laurier SS here in London, Completed MAP 40 program at Fanshaw College, I have ran my own business for the last 14 years.**

Skills: **I have served on and currently am on two major PLC committees that have been impacting our environment. During the last 10 years I have attended and spent 1000s of hours defending the people of London against ill placed industry.**

Interest reason: **I ran in this years election and believe that to be able to serve the people of London better at the next election I need more knowledge.**

Contributions: **Being a person that enjoys learning . The knowledge I have with industry and some of its impacts on the environment.**

Past contributions: **I am one of the head Organizers of the Orgaworld citizens body that attends their PLC, Part of the PLC that worked with Harvest Bio-gas and the MOE to impose one of the hardest COA on any company in Ontario (it is an example of almost perfection for the MOE)**

Interpersonal: **I work very well with others. I always hope to work to actually see a completion. I know not all people can know everything , so I enjoy sharing my knowledge to help others improve and also enjoy learning what they know**

Interview interest: **Yes**
