Subject: Community Safety and Crime Prevention Advisory Committee

The Civic Works Committee (CWC) has directed staff to review reducing the speed limit at schools. We are currently preparing a report to CWC addressing this issue. I would like the Community Safety and Crime Prevention Advisory Committee's comments on this proposal which will be included in the report to CWC. The deadline to finalize the report is April 6th; therefore, I need the committee's comments within the next week. Sorry for the short deadline.

Thanks

Shane Maguire, P. Eng.
