There was a brief review of the terms of reference for the subcommittee. It was agreed that the first item to deal with, was for the committee to prepare a comprehensive list of calendar dates commemorating diversity and inclusion. Attached is a list prepared by Michelle Lynn Goodfellow. The plan is to select six days each the year, over and above the noted days which are already on the Civic calendar, and have presentations to the Committee civic staff and elected officials, regarding these dates and their importance.

The Committee will also work on preparing a comprehensive explanation of human rights terms, for staff and council. This was suggested by Shawna.

The next meeting will be held on April 30 or May 1, 2015, to be advised.
