NOTICE OF APPLICATION TO AMEND THE ZONING BY-LAW

The Municipal Council for the City of London is considering an amendment to the City's Zoning By-law for the lands shown on the attached map. The requested change is described below. We are advising you of this application to invite your comments.

APPLICANT:

Pamela Karasy

LOCATION:

356 Dundas Street - see attached map

PURPOSE AND EFFECT:

The purpose and effect of the requested Zoning By-law amendment is to provide for the redevelopment of the site for a new six storey, apartment building containing 69 one-bedroom units.

POSSIBLE AMENDMENT:

Change Zoning By-law Z.-1 from a Holding Downtown Area (h-3*DA2*D350) Zone which permits apartment buildings (to a maximum density of 350 units per hectare) to a Downtown Area Bonus (DA2*D350*B(_)) Zone to permit apartment buildings with a bonus zone which would allow for a maximum density 558 units per hectare, a maximum height of 20 metres, and a rear yard setback of 1.5 metres in return for the construction of a specified building design for new affordable housing units. The applicant, having submitted a wind impact assessment for the development, has further requested the removal of the existing holding "(h-3)" zone requiring the preparation of wind impact assessment for development over 15 metres in height. The City may also consider a Special Provision to provide for relief from the bicycle parking requirements of Zoning By-law Z.-1 for the proposed development.

PLANNING POLICIES:

Any change to the Zoning By-law must conform to the policies of the Official Plan, London's long-range planning document. These lands are currently designated as "Downtown" in the Official Plan, which permits a broad range of retail; service; office and high density residential uses (including apartment buildings).
