

Potential Changes to W12A Landfill Designated Haul Route

**Public Participation Meeting
CWC Meeting - June 2, 2015**

Purpose of Report

To seek Council's approval to expand the designated W12A Landfill haul route to maximize the benefit of the new Highway 401/Wonderland Road Interchange

. . . . by adding the Wonderland Road South and Manning Drive to the current Wellington Road South and Manning Drive haul route list

Road Construction Projects

**Wonderland Road South/Highway 401
Interchange – Fall 2015 Completion**

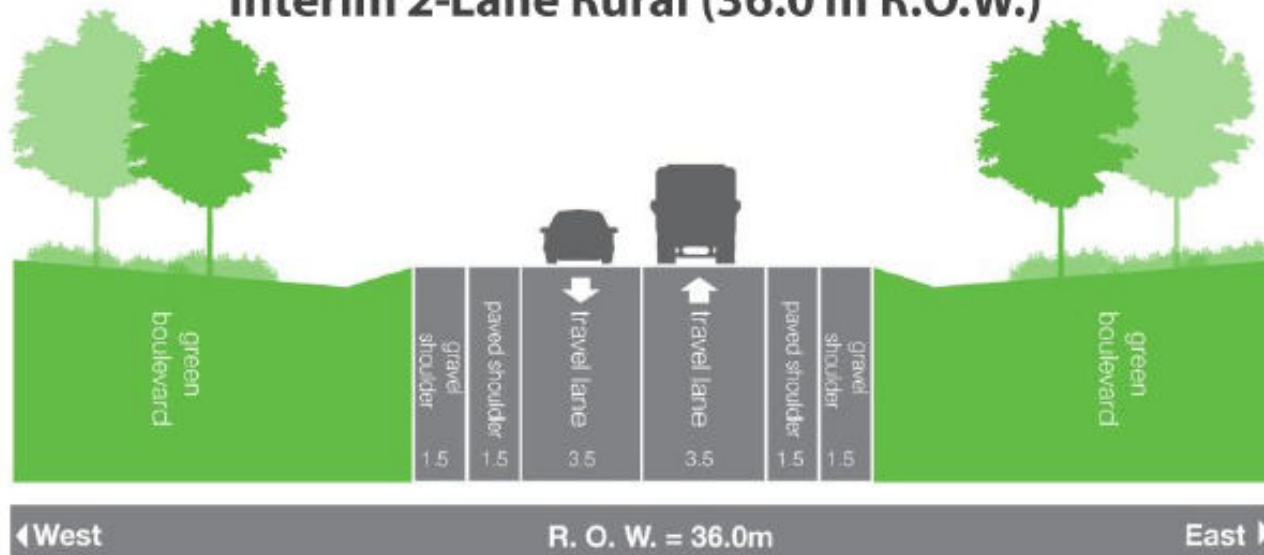

**Manning Drive Upgrade -
Summer 2015
Completion**

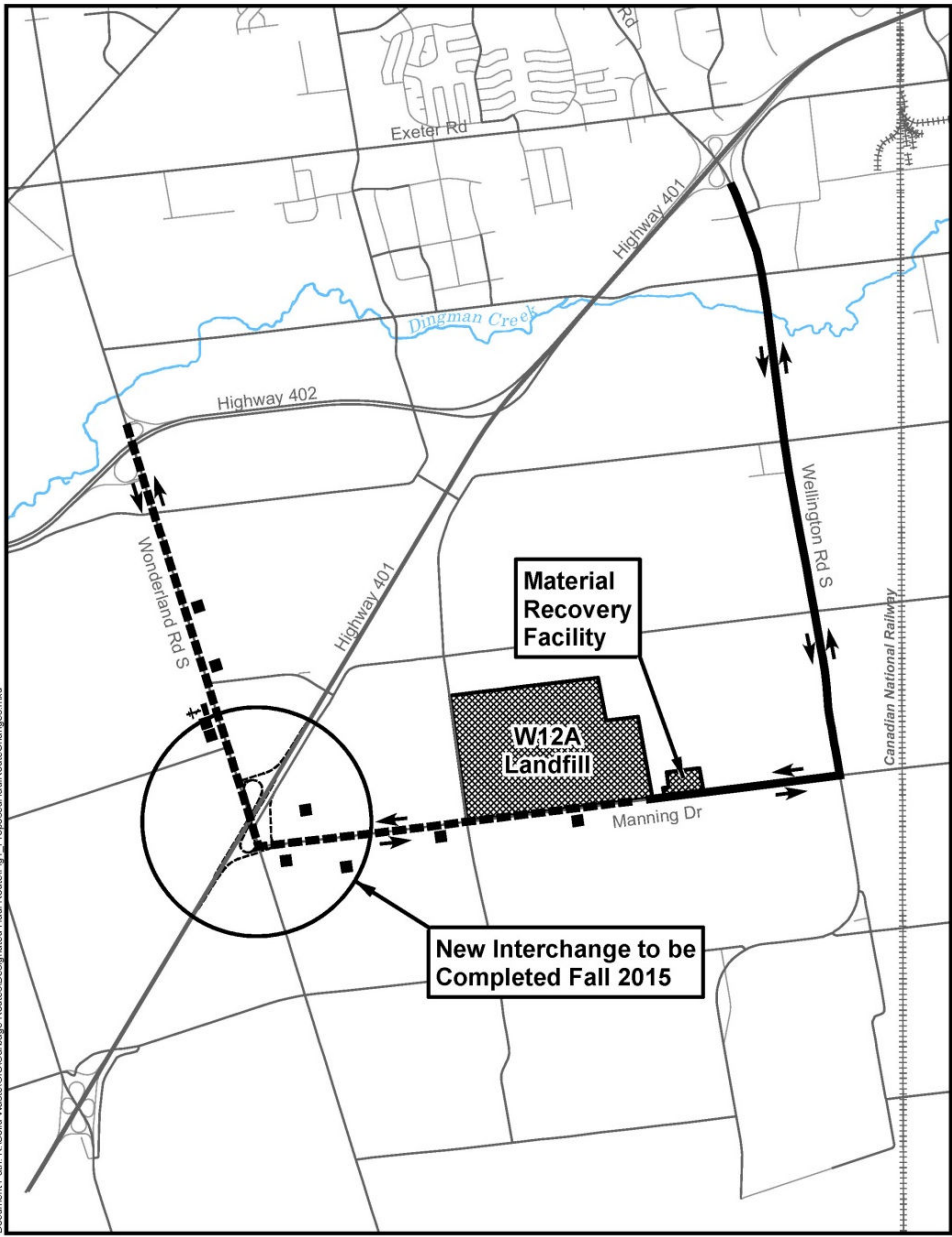

Future Road Construction Project

Interim 2-Lane Rural (36.0 m R.O.W.)

An Interim 2-lane rural cross-section incorporates increased travel lane and shoulder widths for improved safety and operations until the traffic volumes require widening to 4-lanes.

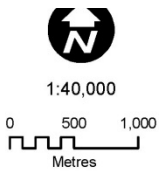

**Wonderland Road South Upgrade - Scheduled for 2017
Currently part of an Environmental Assessment**

Proposed Addition to Haul Route

Legend

-  Current Designated W12A Landfill Haul Route
-  Proposed Addition to W12A Landfill Haul Route
-  Church
-  Residential Dwelling

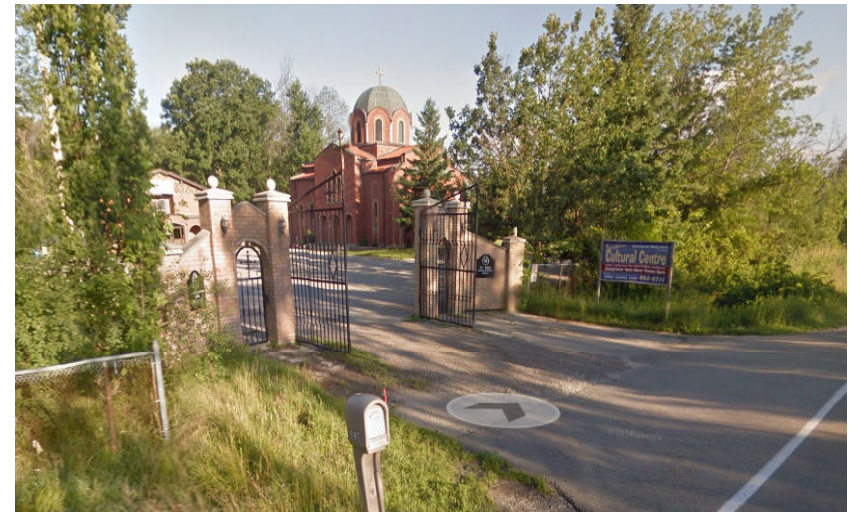

Document Path: K:\Solid Model\GIS\Garbage Routes\Designated Haul Route\Eng - Proposed\HaulRouteChanges.mxd

Key Considerations

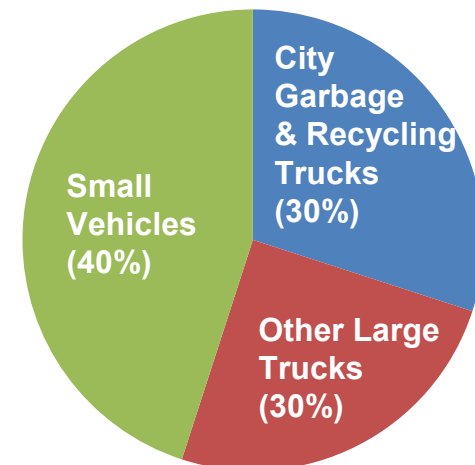

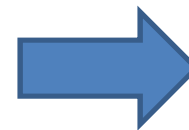

Sensitive Land Uses

- 9 homes and 1 church (but more homes and school on existing route)

Change in Traffic

- Increase Average Annual Daily Traffic (AADT) by 200 (trips to & from landfill)

Key Considerations

Change in Traffic (continued)

- 7% increase on Wonderland Road South
- 60% increase on Manning Dr west of W12A
- Corresponding decreases on existing routes

Estimated Annual Time Savings

- 350 hours for City vehicles
- 100 hours for private haulers
- 400 hours for small vehicles (residents)

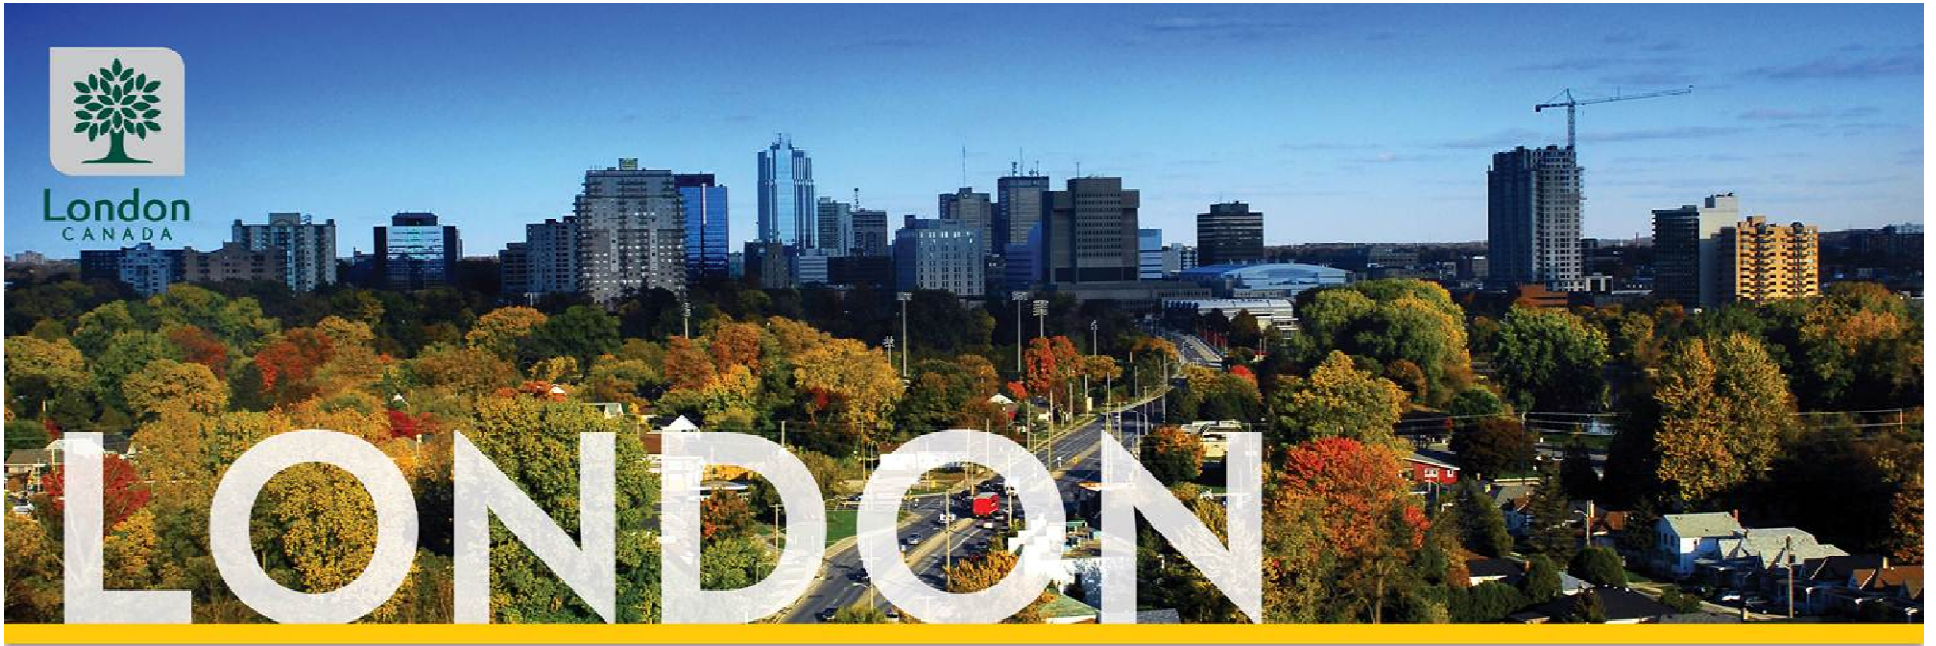

Comments/Concerns to Date

Two inquires for more information

Two concerns received

- Concerned about impact on movement of agricultural equipment
- Manning Drive Resident - Concern over safety, litter, need to increase mitigation zone
